

Constipated 66 Years.

Saved by Iron-Ox in a Short Time. One of the most extraordinary cases on record is that of J. W. Cottom of Winchester, Ind., who, after 66 years of suffering from chronic constipation, and its attendant ill effects, writes as follows: "I am using Iron-Ox Tablets, and have been astonished at the results. I am almost 66 years of age,

and have been constantly constipated since I was 30 years old, compelled to take medicine to move my bowels. After using Iron-Ox a short time, I have daily evacuations—J. W. Cottom, Winchester, Ind." Iron-Ox Tablets relieve constipation by stimulating the stomach and bowels to natural action. They tone up the entire digestive system, causing perfect digestion, perfect assimilation, and a natural flow of fluids. This purgative and cathartic cannot do. By curing indigestion and constipation, and causing normal action of the liver and kidneys, Iron-Ox Tablets purge the blood of impurities which produce disgusting skin eruptions and disease. Besides this, they contain in convenient form the active principle of nerve and brain food, so that they are unequalled system builders. Remember, Iron-Ox Tablets are not purgative or cathartic in their effect; they are tonic-laxatives; they cure by building up the entire system. They grow increasingly effective with continued use. Purgatives are cathartics; they only temporarily relieve by violent and injurious action—they do far more harm than good—and soon lose their effect. Fifty Iron-Ox Tablets in an attractive aluminum pocket-case, 25 cents at drugists, or postpaid, on receipt of price. The Iron-Ox Remedy Co., Detroit, Mich. Larkin-Blair Drug Co., Minneapolis, Northwestern Distributors.

CLASS TOURNEY TO-NIGHT

GIRLS' BASKET-BALL TEAM WELL BATTLE FOR CHAMPIONSHIP OF THE UNIVERSITY.

The girls' basket-ball tournament which will be held in the university gymnasium to-night to determine the class championship has aroused the keenest interest among the classes. Already the hall is gay with the red and white of the seniors, the orange and black of the sophomores and the green and white adopted by the freshmen. The men of the various classes have taken this part of the contest in charge and each class is trying to outdo the rest in decorations and rooting. The Glee and Mandolin clubs will be present to add a note of melody to the noise of the footers. In the preliminaries the teams will play alternate halves of fifteen minutes each, two teams resting while the other two play. It will take ninety minutes of play to determine the championship. The line-up of the teams follows: Seniors—Higginbotham, center; Fleming and McCurdy, forwards; Johnson (captain) and Wier, guards. Juniors—Harding, center; Cox and Gordon, forwards; Frank (captain) and Boyce, guards. Sophomores—Dunn (captain), center; Van Bergen and Rosenfeld, forwards; Beverly and Newkirk or Stocking, guards. Freshmen—Bogart, center; Schuyler (captain) and J. Barnes, forwards; Hoffman and Schaller, guards. Empire, Murnin.

All four teams have varsity players on their line-up and the other players have been chosen from the regular basket-ball squad. The seniors have been given a certain number of invitations to distribute among her friends and none but those who present these invitations will be admitted to the armory. The North Dakota Agricultural college basket-ball team forfeited a game to the Minnesota basket-ball team, taking offense at a decision of the referee. When the game stopped the score was 23 in favor of the North Dakota. Many charges of rough play were made against the visitors. Three more games will be played by the Minnesota basket-ball team at Wisconsin or Iowa will play at the university next week. The sophomores meet the West Side Y. M. C. A. of Chicago, March 19, and Wheaton College of Illinois, March 20.

The Ram's Horn team of Minneapolis beat Company C basket-ball team at Hare on a score of 24 to 21. Special varsity men, including Harris, Tuck and Deering played on the Ram's Horn team. In a close and interesting game the Lyndale Avenue Congregational church girls' basket-ball team defeated the Edmund hall girls by a score of 20 to 18. The Y. M. C. A. intermediate basket-ball team defeated the St. Paul intermediates by a score of 31 to 16, at the St. Paul association rooms.

MUNROE HAS ADVANTAGE

MINER OUTPOINTS TOM SHARKEY IN SIX-ROUND BATTLE IN QUAKER CITY.

Philadelphia, Feb. 29.—Jack Munroe outpointed Tom Sharkey in their six-round bout at the Second regiment armory in this city Saturday night. Munroe stepped from the ring with a mark, while both of Sharkey's eyes were badly swollen from vicious right and left swings. In the first round, Sharkey had an advantage over Munroe. After this, the battle was almost wholly in Munroe's favor. When Munroe began to land the sailor's stomach, Sharkey became wild and nearly all of his heads went around Munroe's neck. In the sixth round Munroe had his antagonist in trouble and again in the sixth round Sharkey was in great distress. The blows which Munroe landed on Sharkey's stomach went straight from the shoulder and were hard enough to knock out almost any fighter. The opinion seems to be that Jeffrey will now be called upon to defend the championship against Munroe. Tom Sharkey returned to New York from Philadelphia with blood in his eye—the left optic—which is somewhat discolored from the severe contact with the mitt of Jack Munroe. "Twas me own fault," said the sailor's last night to a reporter, "that I did not put the miner into the bottom of the pit long before the six rounds were over. I trained too long and was over-confident of my own self. Will you say that I have \$5,000 to bet on meself and will sign articles to-morrow to fight Munroe under the same conditions, 75 and 25, for six or fifty rounds if he thinks he can go that distance with me?" "Having fought both Jeffrey and Munroe, what do you think of their respective merits as pugilists?" "No comparison at all," emphatically declared the sailor. "I will say for Munroe that he is a good strong young fellow. But he is slow—very slow. He is game, however. Why that first punch of mine that put him down raised a lump on his jaw, that won't wash off. It brought me back to New York to show it, he was so proud of it. That blow would have put an ox out of business and he is about the only man I have met that came back after one to see if there were any more left."

Charles L. Brown, "Sailor Brown," is out with a challenge to Tom Sharkey. Brown and Sharkey are old rivals and met in Frisco when they were in the navy together. Brown was the champion of the old navy and Sharkey champion of the new.

Aurelio Herrera and Benny Yanger will fight at the American Athletic club in Chicago, March 7, and will weigh 130 pounds at the ringside.

MARTIN TO KANSAS CITY

MINNEAPOLIS BOY SIGNS TO PITCH WITH THE COWBOY TEAM THIS SUMMER.

Dave Martin, the Minneapolis boy, who twirled for the Crookston baseball team in the Northern league last summer, has signed to pitch for Kansas City in the American association this season. Martin fairly laid up the bush-league last year, pitching forty-three games, winning thirty-two, losing ten and tying one. One of his best achievements was shutting out the champion Winnipeg team without a run or a hit. He is certain to make good in the bigger league. Martin pitched for Minneapolis the latter part of 1902, and started the season last year with Kansas City.

Captain Fox, who is in charge of the Purdue university baseball team, thinks he has discovered a new phenomenon in the person of a pitcher. President Watkins has forwarded a contract, and the new man's name will be made known as soon as he has signed. C. A. Lindgren has been engaged to take charge of the Minneapolis baseball grounds this season.

Arrangements practically were completed at Duluth Saturday for the formation of a new baseball league to be composed of Duluth, Calumet, Oshkosh, Appleton, Eau Claire, Superior, Hancock-Houghton and Green Bay. Vice President of the Duluth team, who makes the announcement, states that Duluth will at once pull out of the Northern league and the new organization will open the season about May 15.

Among the persons most interested in the major league business, there promises to be a very busy week. President Ben R. Johnson of the American league arrived in New York last night and today will convene the annual schedule meeting of the organization.

The annual schedule meeting at New York of the National league will begin here twenty-four hours later.

Yale university has decided to do without professional coaches for her baseball team this year.

"Spike" Anderson, formerly a star ball player at the university and at present a member of the Winnipeg team of the Northern league, has secured to coach the Hamline baseball team.

BANQUET TO SOUTH HIGH

MEMBERS OF CHAMPION FOOT-BALL TEAM ARE GUESTS OF HONOR AT A BANQUET.

Captain and Mrs. George McGregor entertained the members of the South Side high school 1903 football team at a complimentary banquet Saturday night at their home, 4323 Elliot avenue. Among the guests were Dr. H. L. Williams, coach of the university team, and Glmore Doble, assistant coach at the varsity and coach of the South high school team. The rooms were handsomely decorated with orange and black, the South high colors, and with maroon and gold.

Dr. Williams spoke upon the relations of high school to university athletics. Coach Doble urged the need of more spirit and enthusiasm in high school athletics. Captain Castor of Central high complimented South high upon winning the championship, and announced that he would be in charge of the 1904 South high team spout of athletics at that school, and W. I. Nolan gave several humorous recitations. Music was furnished during the evening by Miss Mabel McGregor and Rydell, and Don McGregor and George Orness. The dinner was served by Misses Jessie Peterson, Mabel McGregor and Sara Riendeit.

NOT A NATIVE

Though First Brought to Jamestown, It Has Spread Throughout the Land.

Once upon a time the name of Jamestown must have been very sharply defined. Within the memory of many people now living James was pronounced "Jeems," in fact, we believe that that was the accepted pronunciation of our Virginia forefathers. But "Jim" must have been the diminutive of Jeems as well as James; at least we judge so, because what is popularly known as "the Jimson weed" really is the Jamestown weed. The Jimson weed, however, is not a native plant, but probably came to us from South America or Asia. It is a question how it got to Jamestown, but we believe it is conceded that it is not indigenous to Virginia. If it was deliberately and purposely imported it must have been because of its medicinal value, and while this weed is now recognized as having some medicinal value, it may not have had that reputation "then" with Europeans. The Chinese, however, use it to some extent medicinally and may have done so for time immemorial, that country being given to the acceptance of new ideas or new remedies. The average American, however, would not take kindly to the use of a medicine derived from a plant of which so little is known by pharmacologists of this country, and all their stomachs with nauseous medicines and suffer greatly as a consequence. But they would look about them for something practical and thoroughly reliable as Walthers' Peptonized Port. If you feel all out of sorts, as a rule you can attribute the cause of your trouble to your stomach or bowels. What you need probably is some good tonic to tone up your system and put your stomach in good working condition, which will result from the use of Walthers' Peptonized Port, which comes in two sized bottles, 50 cents and \$1.25 and is on sale at Voegell's two Minneapolis stores, Washington avenue and Hennepin, and Nicollet and Seventh streets.

Henry J. Hooper, of Dartmouth's famous football center, died at Haver, N. H., yesterday, following an attack of appendicitis, for which an operation was performed on Thursday last.

Arrangements are being made for a series of international billiard matches to be played in St. Louis during the world's fair. George Schaefer has received a letter from Jake Schaefer, now in Paris, in which the wizard promises to take part in the contests.

In consequence of the difficulty experienced by automobile authorities in obtaining a suitable course in England for the English eliminating trials for the international auto race, the lieutenant governor of the Isle of Man, Lord Raglan, has been approached with the suggestion that they should take place in that island.

Word is received of the marriage on Saturday at Deland, Fla., of Miss Ruth Underhill, the golf player, to Harold F. White of Brooklyn. Miss Underhill won the women's golf championship of America on Oct. 13, 1899.

William V. Thompson, general manager of the bowling department of the Brunswick-Balke Colton company in the west and one of the best bowlers in America, will star the east with Mrs. Gertrude Hill of Chicago, who claims the woman championship of America.

INDOOR ATHLETIC MEET

About thirty of the best athletes of the Minneapolis high schools and the Y. M. C. A. will compete in an indoor meet at the Y. M. C. A. gymnasium March 26. Six men from each school will compete in each of the five events scheduled. The men who finish with the largest number of points to his credit will receive a gold medal. Bronze medals will be awarded all men who earn 55 per cent of the points made by the winners in each event. The events probably will be a twenty-five yard dash, running high and broad jump, a shot put and a quarter-mile potato race. Another meeting will be held Tuesday afternoon at the association rooms to complete arrangements. Representatives of all high schools in the city will attend.
