### MINISTER'S WAR ON THE SALOONS

#### GILCHRIST HAS CAUSED THIRTY-FIVE ARRESTS.

Methodist Pastor Says He Will Keep up the Fight as Long as He Remains in Negaunee—Supporters Are Out at Night as Well as Day Gathering Evidence for Him.

#### Special to The Journal.

Negaunee, Mich., March 7.—More arrests of saloonkeepers for alleged violations of the liquor laws have been made on complaint of Rev. S. M. Gilchrist, pastor of the Methodist church, and the idea the saloonmen may have had that the minister's crusade was waning has been rudely shattered.

Mr. Gilchrist has announced that he intends to keep up his activity against the liquor men just as long as he remains in the city. In the last two years he has been the means of causing about thirty-five arrests for violations of the liquor laws, and in most cases it has cost the saloonists dearly.

### SCANDINAVIANS WANT MORE PIE

#### CLUBS TO BE ORGANIZED IN EVERY COUNTY.

One Place on the State Ticket Hardly Enough—They Ask 40 Per Cent of the Republican Vote, and Would Like to Have Heilesson of Milton Succeed White as Governor.

#### Special to The Journal.

Fargo, N. D., March 7.—The activity of the Scandinavians in organizing Scandinavian republican clubs in every county is causing some of the republican leaders a few uneasy moments. The Scandinavians have always been represented on state tickets, but they assert that they have never had the number of candidates which they are entitled to. Their feeling found expression at the last state convention, when the Scandinavian delegates met after the state had gone thru its usual routine. At a later meeting the members were pronounced in their expressions of resentment over what they termed the injustice of the party boss, and it was determined on a demand for a certain number of candidates on the next state ticket, and to accomplish their purpose the party boss and it is said, if proper recognition is not granted, the republican party in this state will receive a shaking up. Many of the Scandinavians have socialistic tendencies, and a large percentage were in favor of a state ticket if a strong slate was arranged. The republican party is so strong in this state that the leaders have run things pretty much as they please, and if there is a wholesale desertion by the Scandinavian voters it will make a big difference in the lineup.

#### DESIGNS ON GOVERNOR

##### H. T. Heilesson of Milton May Be Pushed by the Scandinavians.

GRAND RAPIDS, DAK.—Probably the most work done by any of the candidates for places on the republican ticket can be credited to Senator Martin Jacobson of Minot, who wants to nominate himself for treasurer. While there is some disaffection in his own county, he will have the united support of the Scandinavian element, and he was prominent in the organization of the Scandinavian club in his part of the state last week.

#### MISSOURI HARVEST HAND.

##### People who have never lived on a farm and witness the gastrostomy of a hungry hired man have certainly missed a sight for gods and men.

After six long hours of good, hard, hot work in the harvest-field, he gets his feet under a well-laid table and goes to enjoy the good things thereon. The manner in which he stows away the fat of the land is no delusion. Yellow-legged red chicken, green peas, new potatoes, good cornbread, hunks of fresh butter, cherry pies and numerous other wholesome and substantial articles of diet disappear one after the other in rapid and regular succession. That man is well worth all the hours of hard work he has put in to earn it and many a man who is regarded as being more fortunate than he, would pay handsomely for the hired man's capacity to enjoy such a meal. A stomach like his would be worth a fortune of any man's money, who suffers the constant and continuous pangs of dyspepsia. Such a stomach every one can have; rich and poor alike and for a price that is within the reach of all.

Stuart's Dyspepsia Tablets are the dyspeptic's certain relief throughout the regions of the earth. They act in a natural, mild but firm, determined manner and never fail to cure dyspepsia. They do the work of your stomach for you and digest your food just as your stomach used to when it was well. You can prove this by putting your food into a glass jar with one of the Tablets and sufficient water and you will see the food digested in the same time as the digestive fluids of a healthy stomach would do it. That will satisfy you.

### STRUBLE AND THOMAS IN LEAD

#### FIGHT IN ELEVENTH DISTRICT COMING TO A FOCUS.

Former Congressman Is Cutting a Wide Swath, but the Weakness of Thomas is Really Helpful to Him as Big Counties May Prefer Him to His Antagonist Because He Would Be Easier to Kill Off Two Years Hence.

#### Special to The Journal.

Sioux City, Iowa, March 7.—It is already apparent that the real contest for the republican nomination for congress in the eleventh district is almost certain to be between Congressman J. O. Thomas of Sioux Falls and former Congressman Isaac Struble of LeMars. J. O. Thomas of LeMars was eliminated last week by his home county instructing for Struble. While the probability of Struble's victory is not certain, it cannot be seen where they will obtain strength enough to combat Struble. The remarkable progress of Struble's campaign has vindicated the most sanguine predictions of his friends. After overwhelmingly defeating Sammis, he has now secured Sioux county, presumably the property of Roach, and twenty-six of the forty-three delegates that have been chosen in the Sioux county convention have been instructed for Struble. The county will go to the candidate, who carries Orange City, the county seat. The Sioux county convention has been called for March 15th.

#### CUTTING INTO HUBBARD.

Struble has also been robbing Hubbard of strength. The latter has been relying on the liberal vote of the district to offset the Thomas following in the east end. Struble is cutting a wide swath, and if he carries Sioux County, he will probably return the favor of Plymouth county's nominating an Ida man for senator and go to Struble. Cherokee, between Ida and Plymouth, is also cutting into Hubbard, in addition to Woodbury, a fighting chance in only Monona and Sac, and O'Brien. ### BURIED IN FIFTY FEET OF SNOW

#### STREET'S BODY MAY NEVER BE FOUND.

Old Montana Trapper Lost in a Slide of Snow on Mountains Near the International Boundary—Companions Saw Him Fall 3,000 Feet—Robert Scott Burned to Death at Great Falls.

#### Special to The Journal.

Helena, Mont., March 7.—Buried under fifty feet of snow where it may never be found is the body of John Street, one of the best-known trappers in the northwest. His death occurred a month ago, but his companions have just been able to bring the news to civilization. About a month ago several trappers were at Mount Cleveland, south of the international boundary, and having worked over the mountains for several weeks, were looking for new traps in which to place traps. Suddenly the snow beneath them began to slide. There was a frightful roar, and an instant later Street fell from the sight of his companions. An overhanging ledge of crusted snow on which they had been standing had fallen, dropping almost straight down to a distance of 3,000 feet. Street's companions saved themselves by running. It is probable that his body lies under the snow now, where it may never be found.
