

MAPS STOLEN FROM RUSSIANS BY GIRL

Young Japanese Woman Tricks Officers at Port Arthur and Secures Important Papers.

Details of Port Arthur and Dalny Defenses and Location of Russian Forts in Manchuria and Disposition of Forces Shown in Documents—Japanese Plan of Campaign Influenced by Feat of Girl Who Flew to Peking in Garb of Coolie and Reported to Japanese Minister.

New York Sun Special Service.

New York, March 4.—From a native source there has been received here the details of the daring exploit of the young Japanese girl who succeeded in stealing Russian war maps at Port Arthur and delivering them to the Japanese authorities. The story follows:

Miss Ando Yoshi, at great risk, stole important war maps and papers from the Russians at Port Arthur and in disguise carried them thru the Russian lines to Peking, where she delivered them to the Japanese minister.

These maps, it is understood here, have influenced the Japanese general staff to a considerable extent in its plan of war, since they give detailed information concerning the measures taken to protect Port Arthur and the harbor defenses, strength of the garrisons, dimensions of the fortifications, etc.

They also show the location of forts throughout Manchuria and the disposition of the Russian forces up to the day the maps were stolen.

Then there are full details of defenses to be taken in case of a Japanese invasion and instructions concerning the mobilizing of the troops in such an event. Means of transportation and the possibility of laying railroads for the purpose are minutely outlined and the names of the regiments to be sent to the front at once and their destination are given.

Landed Four Years Ago.

Miss Ando landed at Port Arthur about four years ago. There she began selling rice cakes for a living, first to the Japanese and Chinese population and later on to the Russians. She found favor in the eyes of the officers and started to sell rice cakes in the officers' quarters.

Miss Ando, upon learning of the impending war, determined to put her freedom to make good use. Her first came some days before Port Arthur was bombarded. In going about the quarters at night, she came upon a group of officers engaged in conversation over a lot of maps and papers. She determined to secure them at all hazards and take them to Japan.

She was allowed to remain in the conference. When it broke up, all the officers were more or less drunk, and not one of them made an effort to secure the maps and papers.

Escapes with the Papers.

With the disappearance of the last Russian she hastily seized the papers and made her escape for the night.

When she reached her room in the foreign quarter of the town, she disguised herself in the dress of a coolie and started for the railway station. Once in Peking she made straight for the residence of Minister Uchida.

When she was taken before him she revealed the papers she had brought. A few minutes later when they were handed to him the minister saw at a glance the great importance of the girl's prize.

In the words of Miss Ando, "the honorable minister was much pleased with me and said the papers would be of much service. He also said for me to go to Japan before the Russians got after me, and he looked after me and put me on a ship. I am glad that I have been of some value to the nation."

Miss Ando is now in Tokio, where her parents live. She "did" great honor and received by everybody, to quote a Japanese account.

that "the American government has taken a friendly attitude toward our aims and policies in the far east."

The Novosti hails the auspicious initiative of President Roosevelt in the interest of universal peace and good relationship between Russia and the United States, saying:

"His refusal to practice unlimited authority with respect to the foreign policy of the country, Secretary Hay submitting to the will of the president."

The Bourze Gazette remarks:

"Theodore Roosevelt was the first ruler to respond to the warning cry issued many years ago by Emperor William against the yellow peril."

The St. Petersburg Zeitung asserts that the proclamation leaves no further doubt that the United States has a firm intention to observe strict neutrality, and adds:

"It bears the stamp of strong and most distinguished personality."

RUSSIA PLANS FLEET

Thirty-six Warships to Be Sent to the Far East.

New York Sun Special Service.

London, March 14.—The Standard's correspondent telegraphing from Odessa says:

"A naval man informs me that the Russian admiralty will be in a position about the end of June to send five battleships, seven cruisers and some twenty-four destroyers to the far east. This squadron will include the Oslabli, Aurora and Almaz, now in the Mediterranean. It is generally believed that the new squadron will be commanded by Vice Admiral Skrydloff."

ANGLO-FRENCH CLASH

Garrisons in Chinese City Threaten to Embroil Two Nations.

New York Sun Special Service.

New York, March 14.—Edwin H. Clough in a cable to the American, dated Tientsin, Sunday, says:

"There is a new menace in the situation in China. The French and English garrisons at Shanhaikwan threaten to embroil the two great nations. They are constantly on the verge of a serious conflict. Insults continually are bandied between the men, and personal assaults are frequent."

The Sikhs, who constitute the greater part of the British force, are drilled five hours every day and Shanhaikwan will be the British base of operations in China.

"The British troops in North China are under marching orders. A Japanese force of 10,000 men is reported to be nearing Niu-chuang. Many refugees have arrived here from Niu-chuang, from which place there is a general exodus."

REVOLT IN RUSSIA

Mob Quelled in Caucasus and Six Ring-leaders Are Hanged.

Special to The Journal.

Berlin, March 14.—The Vorwaerts reports an open revolt against Russian authority has occurred at Bakou in the Caucasus. A mob which was led by revolutionary socialists repulsed the police and forced the governor to seek refuge in the fortifications outside the town.

The mob held the upper hand until reinforcements were brought to town. Six ring-leaders were caught, summarily condemned by martial law and hanged.

THE UNIVERSITY

THEY STAY SUSPENDED

PRESIDENT NORTROP REVIEWS DEAN APPEAL'S DISCIPLINE OF THREE MINERS AND APPROVES THE ACTION.

The sentence passed by Dean M. R. Appleby of the school of mines, suspending three students for engaging in a class fight, has been sustained by President Northrop.

The committee appointed by the sophomores Saturday to carry an appeal to the president, presented its case this morning. They argued that all the members of the class had been equally engaged in the melee, and that it was not just that three should bear the whole punishment.

President Northrop decided that punishment of ringleaders in such an affair was proper, especially since where it was impossible for the reporting instructor to recognize all the men engaged. The rule against class or any other fight inside the buildings is strict and no appeal cannot be allowed to pass unpunished.

In view of mitigating circumstances, the execution of the sentence will be as lenient as possible and the men suspended will be allowed to take the examination in physics which comes in the term of their suspension.

The committee has not yet reported to the class, and it is impossible to tell with certainty what action will be taken, but it is hardly probable that the boys will go on a strike.

SOPHS WOULD BEAR BURDEN

President Northrop is to be appealed to-day by a committee from the sophomore class of the school of mines. They think the punishment for the recent class episode should fall upon the entire class and not upon three individuals who have been suspended. The class will meet to-morrow to hear the report of the conference with the president.

Excursions.

Northern Pacific Ry.

"Homeseekers"—Round trip. On sale March 15, April 5 and 19 to points in Minnesota, west of Little Falls and Aitken, all points in North Dakota, Montana and Idaho, also points in Eastern and Central Washington. One fare, plus \$2.00, for the round trip.

"Colonist"—One way. On sale daily during March and April to points in Montana, Idaho, Washington, British Columbia, Oregon and California. Call at Northern Pacific City Ticket Office, No. 19 Nicollet House Block, for full particulars.

PORTO RICO LAWS GUARD OLD GLORY

Governor Hunt Cables Result of Island's Legislative Session, Just Adjourned.

Washington, March 14.—The following cablegram has been received from Governor Hunt, dated San Juan, Porto Rico, March 12:

Legislature adjourned. Many important laws passed, among such American code civil procedure, thus completing entire American code systems; referred American judicial system law to congress; extending justice supreme court to determine all property questions between government and Catholic church; establishing bilingual system at Porto Rico; providing for new penitentiary; law to increase tax; for increasing resources of municipalities; authorizing all priests, preachers and magistrates to celebrate marriages without parents first obtained licenses; providing special study and cure parasitic anemia; establishing educational qualifications for electors; extending public school education; passed budget next fiscal year; also, by unanimous vote, introduced by Delegate Aponte, delegating right to sue to law to prevent desecration American flag.

MARCH BLIZZARD

Over Half a Foot of Snow at Milwaukee--Some Interruption of Traffic.

Milwaukee, March 14.—A severe blizzard started here about midnight and is still raging. It is reported by the weather bureau as the worst of the season. Seven inches of snow had fallen up to 10 o'clock. The prospects are good for continuing thruout the day.

Early in the day street railway service was crippled, but the snowplows soon made a passageway on all the city lines, and the service, while somewhat interrupted, is open on all lines. Suburban traffic is only partially crippled.

The storm is more severe in Milwaukee than in other parts of the state. Green Bay reports one inch and Marquette, Mich., none. Colder weather is expected to follow the storm.

La Crosse, Wis., March 14.—Six inches of snow fell here during the night, and prospects are there will be a foot before to-night.

Black River Falls, Wis., March 14.—About a foot of snow fell during the night, one of the heaviest falls of the winter.

Good Fall in Iowa.

Des Moines, Iowa, March 14.—Snow to the depth of four and one-half inches has fallen in Iowa. The temperature remains at normally high mark and there is no wind. Snow is still falling.

Blockade in Detroit.

Detroit, March 14.—A furious blizzard descended on Detroit and lower Michigan during the night and the heavy snowfall, drifted by the high east wind, is delaying traffic considerably. Street car service in this city was almost at a standstill.

BOWLERS MEET MARCH 27

Annual Session of State Association Set for That Date.

The executive committee of the State Bowling Association met yesterday at the Hotel Nicollet to discuss the schedule for the season, the magnates of the Northern Baseball league left for their homes yesterday afternoon.

It was apparent from the statements of the different representatives in the league that Duluth will have one of the largest salary lists in the organization. It is expected that the pay of the Duluth players will be close to \$2,000 monthly, while Winnipeg will hand over approximately \$1,400 each thirty days. Superior will probably be at the foot of the list and unless some additional men are obtained, will be able to keep below the \$1,000 mark.

Fort Worth's aggregation of unknown players went out on the road at Port Worth, Texas, yesterday afternoon and defeated nine of Comiskey's high salaried stars by the decisive score of 21 to 7.

TRACK ATHLETICS

The annual indoor meeting of the Greater New York Athletic club was held at Madison square last night. John Finnegan added 14 inches to his former world's record of 28 feet 4 1/2 inches, made three years ago, by throwing the fifty-pound weight from a stand a distance of 29 feet 9 1/2 inches.

It is thought at Iowa City that Iowa has a good chance to win the national title, as she will have the strongest team of stars. W. V. Young, who holds the world record for the discus-throw, made at Chicago last summer, is the captain of the team. Iowa has a bunch of material to choose from which to choose, and a goodly share of them are point winners.

Wisconsin university captured the honors at the indoor meet at Madison square last night between Wisconsin and Chicago universities.

The American shot put record was broken in Saturday night's indoor track meet, between the University of Michigan and the First regiment of Chicago by Rose, the Michigan freshman, who did it with a throw of 48 feet 2 1/2 inches.

MISCELLANEOUS SPORTS

An elaborate garage for automobiles will be built by George W. H. Madison on the corner of Hennepin and Groveland avenues. The building will cost \$12,000. A unique feature will be a turn table, which will revolve around, or swivel to marble slabs where they will stand, and will be used for the repair shop.

Young man named Keiser, 16 years old, swam a half mile in 15 minutes 29 1/2 seconds, at Sydney, N. S. W., beating the world's record.

The billiard tourney has been the championship of the city begins to-night at the Vendome parlors. Campbell and Logan play to-night.

A prospective football star by the name of Clemens will enter the team of the Miners and will try for the team next fall. Clemens is from the Superior, Wis., high school, and has a good record as a tackle. He weighs 195 pounds and is expected to make a strong fight for the team.

A scheme is on foot to arrange a billiard tournament for miners' students. A committee has been appointed to make arrangements for the contest.

Cost of Foodstuffs.

The advance in the price of foodstuffs in the past few years is shown by Dean's index number. This number is obtained by multiplying the prices of all necessities of life by the country's per capita consumption. This, on March 1, was \$13.61, as compared with \$101.06 on the same date last year, and \$97.38 six months ago. Nothing is regarded as a luxury which tends to improve one's health, and so golden rule number one. This number is regarded as one of the most useful and beneficial beverages obtainable. It is made from the finest barley malt and hops, aiding digestion and building body and nerve.

Two Daily, Transcontinental Trains.

The Northern Pacific now has excursion rates for all.

The Homeseekers' round trip tickets will be on sale March 15, April 5 and 19. The settlers' one way tickets, every Tuesday during March and April, and the colonist one way tickets on sale daily during March and April.

All important points in the west are reached by the Northern Pacific. Do not fail to call at the City Ticket Office, No. 19 Nicollet House Block, before arranging for your tickets.

HOOT WRESTLING BOUT PROMISED

MOTH AND CUBAN WONDER WILL GIVE LIVELY EXHIBITION.

Well Known Local Heavyweight Will Meet Cleveland Phenomenon on the Mat at Union Temple March 21—Both Men Working Hard for Contest.

The bout between Charley Moth of this city, and Clarence Bouldin, the "Cuban Wonder" which will take place at Union Temple, in this city, March 21, promises to be the best wrestling match seen in Minneapolis for several years. The men will wrestle for a sum of \$200 and the gate receipts. The match will be on a mat at catch-as-catch-can and one at Graeco-Roman, the man winning his bout in the shortest time to choose the style for the third bout, unless one wins both the first two falls.

Moth is recognized as one of the leading wrestlers in the country, especially in the Greco-Roman style. Both which he has had few rivals during the last few years. He was matched to meet Tom Jenkins when that wrestler was in the twin cities a few weeks ago, but the Cleveland man was unexpectedly called east, and the bout was off. Moth is confident that he can defeat the Cuban and many of his followers are willing to back the same opinion with hard cash. Moth is working steadily to get in condition, and will be at about 200 pounds when he steps upon the mat.

The Cuban has met and defeated several of the best heavyweights in the country, also, he has won weights, but 160 pounds. Last week he won a match from Jim McAuley, the crack St. Paul heavyweight, and he thinks Moth will be quite an easy one to beat. He is a freak in physical make-up. Nearly all his weight lies in his shoulders and torso, his legs being ridiculously small compared with his upper works. His head sets low down between his shoulders, and he has practically no neck. This build has proved a great advantage to him in wrestling.

As a preliminary to the Moth-Bouldin match, Gene Cole and Percy Phillips, two of the best local lightweights, will go on for a purse of \$100, winner to take all. The match will be best two in three falls, catch-as-catch-can style. The two men have gained good reputations and they are sure to put up an exhibition second only to the final event in interest.

THREE NEW MEN SIGNED

PITCHERS REAM AND CRAVEN AND OUTFIELDER LYNCH ADDED TO MINNEAPOLIS TEAM.

Three new ball players have been announced as signed by the Minneapolis management. They are J. J. Craven, a southpaw twirler from the Mississippi river, George Ream, from the South Bend, Ind., team, and Mike Lynch, who played centerfield and third base for the millers in 1902. Ream was secured from South Bend in exchange for Angus Grant.

Persian, Turkish and India Carpets—Our entire line, at 25 per cent discount.

league took three straight from the Strollers. The scores were 721-702, 757-701, 787-717.

IN THE PRIZE RING

Eddie Gardner is the first of the local lightweights to take up the challenge of Jimmy Potts to meet any man in this class. Gardner says that he will meet Potts in a match of any length for a suitable purse. The two met last summer, Gardner getting the decision on a foul in the twelfth round.

Jim Jeffords, the California heavy-weight, and Gus Rubin, the Akron giant, bore a terrific round bout at Thursday night. Rubin was knocked down twice in the first round and the last time he went to the mat he was supposed to take the count.

When he got up he was very groggy and was staggering around the ring.

All cases of weak or lame back, backache, rheumatism, will find relief by wearing one of Carter's Smart Weed and Belladonna Backache Plasters. Price 25 cents. Try them.

White Ribbon Remedy

THE MOST CRITICAL EXAMINATION

RHEUMATISM NOT A SKIN DISEASE.

It is natural to rub the spot that hurts, and when rheumatic pains are shooting through the joints and muscles and they are inflamed and sore, the sufferer is apt to turn to liniments and plasters for relief; and while such treatment may quiet the pain temporarily, no amount of rubbing or blistering can cure Rheumatism, because it is not a skin disease, but is in the blood and all through the system, and every time you are exposed to the same conditions that caused the first attack, you are going to have another, and Rheumatism will last just as long as the poison is in the blood, no matter what you apply externally. Too much acid in the blood is one cause of Rheumatism; stomach troubles, bad digestion, weak kidneys and torpid liver are other causes which bring on this painful disease, because the blood becomes tainted with the poisonous matter which these organs fail to carry out of the system. Certain secret diseases will produce Rheumatism, and of all forms this is the most stubborn and severe, for it seems to affect every bone and muscle in the body. The blood is the medium by which the poisons and acids are carried through the system, and it doesn't matter what kind of Rheumatism you have, it must be treated through the blood, or you can never get permanently rid of it. As a cure for rheumatic troubles S. S. S. has never been equalled. It doesn't inflame the stomach and ruin the digestion like Potash, Alkalies and other strong drugs, but tones up the general health, gently stimulates the sluggish organs, and at the same time antitoxins and filters out of the blood all poisonous acids and effete matter of every kind; and when S. S. S. has restored the blood to its natural condition, the painful, feverish joints and the sore and tender muscles are immediately relieved.

Our special book on Rheumatism will be mailed free to those desiring it. Our physicians will cheerfully answer all letters asking for special information or advice, for which no charge is made.

HATS OFF.

Facts About the American Indian's Healthy Hair.

The American Indian accustomed from time immemorial to go bare-headed in all kinds of weather is never troubled with falling hair or baldness. The close atmosphere caused by our "civilized" head-gear is conducive to the breeding of infinitesimal germs which dig into the scalp and thrive on the sap of the hair-root.

This true cause of baldness is of recent discovery and explains the non-success of all hair-vigors which treated baldness as a functional disorder.

Newbro's Herpicide is a direct exterminator of the germ. It destroys the cause and permits the hair to grow as nature intended.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Voegel Bros. Drug Co. is two stores, corner Hennepin and Washington avenues and corner Seventh street and Nicollet street.
