Every Style, \$3

Snappy models—proper colorings—guaranteed hats—a new one for any that goes wrong. All shapes in soft and stiff hats, here in the

New Gordons, THREE DOLLARS.

BOULDIN TO TRAIN HERE

CUBAN WONDER COMES TO MINNEAPOLIS TO PREPARE TO MEET CHARLES MOTH.

Clarence Bouldin, the "Cuban Wonder," who will meet Charles Moth of this city in a wrestling match at Union Temple March 21, will come to Minneapolis to do his training. He will make arrangements with some local gymnasium and will work with the best local experts available. Moth has been in training for some time, and will find it necessary to do only light work to be fit to meet the Cuban. The general opinion among local sports is that the match is likely to be decided by the style of the third fall. According to the articles of agreement, one bout is to be catch-as-catch-can, one Gracoco-Roman, and

the style of the third to be chosen by the man who wins his bout in the shortest time. It is generally believed that the Cuban will win the fall at catch-as-catch-can, while Moth is expected to defeat Bouldin at Gracoco-Roman, in which the local man has few superiors. Max Luttbeg, the lightweight who appeared at the Dewey theater this winter, and made such a favorable impression in his matches with local men, has been matched to meet the Cuban in St. Paul March 24. Representatives of both men met yesterday and posted \$250 each as a side bet.

MISCELLANEOUS SPORTS

The Lyndale defeated the Whittier basketball team yesterday afternoon by a score of 22 to 12. The game was played at the Lyndale gymnasium. The girls' basketball team of the Valley City, N. D., normal school lost its first game in three years Saturday, when the North Dakota university girls defeated the teachers by a score of 18 to 15. The normals still claim the championship, as the university has been defeated by several teams which have lost to the normals.

Don't Be Fat

My New Obesity Food Quickly Reduces Weight to Normal Without Dieting, Exercise, Exertion or Any Effort Whatever on Your Part, and Is Absolutely Safe.

Trial Package Sent Free to All Who Write, by Mail, Postpaid, in Plain Wrapper—Write Today.

The Above Illustration Shows the Remarkable Effects of This Wonderful Obesity Food—What It Has Done for Others It Will Do for You.

Excess fat is a disease. It is caused by imperfect assimilation of food. Nutrition which should go into muscle, sinew, bone, brain and nerve does not go there, but piles up in the form of superfluous fat, which clogs the human machinery and compresses the vital organs of the body and endangers health and life. My new Obesity Food, taken at meal time, compels perfect assimilation of the food and sends the food nutriment where it belongs. It requires no dieting or starvation process. You can eat all you want. It makes muscle, bone, sinew, nerve and brain tissue out of excess fat, and quickly reduces your weight to normal. It takes off the big stomach and relieves the compressed condition and enables the heart to act freely and the lungs to expand naturally and the kidneys and liver to perform their functions in a natural manner. No dieting, exercise or exertion is necessary. My natural, scientific Obesity Food does all the work. You will feel a hundred times better the first day you try this wonderful home food.

Mr. Arthur K. Wallace of Abingdon, who tried this treatment, says: "The effect of your food for reducing flesh is one that I can sincerely commend to 'fat' people. I weighed 302, couldn't get up a flight of stairs without blowing like a porcupine, was miserable from morn till night, and might have dropped dead any minute. I used your food diligently for seven days and was thunderstruck to find that I could breathe naturally. In fourteen days I tipped the scales at 287. In thirty days I weighed 269. In eight weeks was reduced to 212 pounds, which Dr. Jones, my physician, said was normal. I am six feet two high and of large frame, and to get down nearly 100 pounds is remarkable. Dr. Jones says you are a genius; I say you are the wonder of the age, and I heartily endorse your treatment as the best life-saving device ever invented. Am glad to write you, and will try to be of as much service to you as you have to me." Send your name and address—no money—no charge, with 25¢ in stamps to Battle Creek, Mich., and receive the trial package in plain wrapper free by return mail.

WATKINS GETS DEMONTREVILLE

FAST INFELDER IS SECURED FOR MINNEAPOLIS TEAM.

Will Probably Be Played at Third, and Fox Will Be Kept at Second—President Laxdal of the Northern League Predicts Successful Season for His Organization.

Al Demontreville, a younger brother of the famous Gene Demontreville, is the latest addition to the 1904 millers. Present Watkins last night received a telegram from Demont, accepting his terms. The new man is an all-around infielder, playing second, short or third brilliantly, and second is his favorite place. It is likely that he will be played at third, and Captain Fox kept in his old position at second. With Oyer at short, this will give Minneapolis easily the fastest infield in the association.

Demontreville made his reputation originally in the New England league. In 1902 he batted .355 in that organization, and has a batting average of .313. Last year he batted around .400 in the New England league, and after going to the St. Louis Nationals in the middle of the season, made a record of .250 in the big league. He is a left-handed hitter, and is said to be lightning fast in getting down to first.

Jack Katoll, the big Teton twirler, has been engaged to coach the Purdue university twirlers until April 1, when he will report at Champaign.

President D. J. Laxdal, of the Northern league, President J. M. Lamb of the Winnipeg club, and Mr. Kerst, traveling representative of the league, were in Minneapolis yesterday on business connected with the organization. Mr. Laxdal expressed himself as confident that the coming season would be the most successful ever enjoyed by the league.

The new clouds occasioned by the threat of Van Praagh of Duluth to withdraw and form an outlaw league have rolled away," he said, "and complete harmony prevails. I think Van Praagh now is as loyal as any owner in the league. We have a strong circuit, the clubs are all in good hands, and I expect to see faster ball here than we had last year. I am confident now that the Northern league has come to stay. The clubs are all on a sound financial basis, and we were able to arrange a schedule which gives each club about 600 miles less traveling than last year. The mileage has been equalized so that each club receives one-sixth of the total expense, and with this arrangement we arranged the schedule to serve the best interests of all the clubs, without the slightest friction."

Mr. Lamb predicted a successful season for the Winnipeg club. "We have lost nearly all our fast ball of last year," he said. "Bartles and Corbett have gone to St. Paul. Anderson and Rogers have been traded to Superior, and Duluth has signed Cameron. Nevertheless, I think Manager Egan will give us a first division team this summer. Everything looks rosy for the league as a whole."

Joe Cantillon of Milwaukee is to get Pitcher Stricklett from Comiskey. The twirler is now with the team at Marlin Springs and his game has been promising. His "spit" ball is his chief claim to baseball fame.

Several university ball players will be on the Superior Northern league team this year. Varco and Leach of the Minnesota university team have been signed by Manager Cameron for the Superior team. Leach will be behind the bat and Varco will be at short stop. The third man will be Dorman, from the crack Georgetown university team. Manager Cameron, Pitcher Freeman and outfielder Spike Anderson are all old Minnesota university men.

Pete Dowling, the well-known southpaw, will probably not pitch for the St. Louis cardinals this year. Dowling's mind is temporarily unbalanced and he has been sent to his home for a long rest.

Manager Griffith of the New York Americans announced last night that if the New York Nationals persisted in their efforts to open in Brooklyn, the American league would schedule a game on the Saturday of the week following Thanksgiving Day, and the Nationals would be fought with conflicting dates all along the line the entire season.

A communication signed "One of the Fans," criticizing the makeup of the Minneapolis team, has been received by the sporting editor of The Journal. No attention will be paid to anonymous contributions, but any of the fans who have the courage of their convictions and sign their statements, will be able to get publicity for their opinions.

BOWLING

GAMES TO-NIGHT.
Minneapolis League—Buffalo vs. Tasso at Co-operative club.
City League—St. Anthony vs. Twentieth Avenue at Twentieth Avenue.
Commercial League—Donaldson vs. Roberts; Bowers vs. Wyman-Partridge, at Co-operative club.

In the Commercial league the Minneapolis Dry Goods team took three straight from the Palace and Janney-Semple got the odd from the New Store.

Iron Davenport, \$5.25.

We will sell this iron Davenport and Bed combined. Makes a full size bed when open and a good comfortable Davenport when closed. Regular value \$9.00. One to a customer.

MAY PLAY CHICAGO TEAM

GOPHERS ARE DICKERING FOR A FOOTBALL GAME NEXT FALL WITH STAGG'S ELEVEN.

There is a possibility that Minnesota and Chicago universities will meet on the football gridiron this fall. Chicago wants to play a game in the windy city with a strong western team, Chicago's half of the proceeds to go to the Allison-Palmer memorial fund, and overtures have been made to Minnesota for a game on the Saturday of the week following Thanksgiving Day. Some of the members of the Minne-

sota board of athletic control objected to this arrangement on the ground that it would make the season too long, but it was suggested as a compromise that the game be played the Saturday immediately following Thanksgiving Day. This proposition has been made to Chicago, and it is thought that the Midway institution will accept.

Minnesota plays Iowa at Rock Island Thanksgiving Day, and the game is expected to be comparatively easy, so that the gophers will be in good trim to meet Chicago. As the Minnesota team will be so close to the windy city, moreover, two trips will not be necessary.

Emil Breitkreutz, the fast half-mile runner of the University of Wisconsin track team, is in danger of absolute disqualification for delinquencies in studies.

IN THE PRIZE RING

The date for the fight between Kid McCoy and Henry Placke, the heavyweight champion of Holland, which was first set to take place at Philadelphia on April 1, then changed to March 25, has been changed to April 5.

In a match pursuit race of a half-mile, between Jack Munro and Gus Rubin, the pugilist, at Brooklyn, Munro won in 2:40. Rubin's face showed results of his fight with Jeffries in Philadelphia Saturday night, and he will take back to the quicker city a number of other marks received in his bout with Munro, for he thumped the ice with various parts of his anatomy until the spectators feared the floor would give way underneath.

Benny Yanger and Aurelio Herrera fought a six-round draw at Chicago last night. The fight was hard and fast for the entire six rounds. Both men scored knockdowns in the third round.

Campbell defeated Fremont by a score of 200 to 160. In the opening game of the billiard tournament for the amateur city championship.
