

PROMINENT PHYSICIANS WHO ENDORSE PE-RU-NA.

Dr. M. C. Gee of San Francisco, Says: "Pe-ru-na is of Especial Benefit to Women."

Dr. E. W. McLewin, 67 Coburg St., Ottawa, Can., writes:

Medical Examiner U. S. Pension Office Says: "I Have Often Prescribed Pe-ru-na in My Practice--I Cheerfully Recommend It."

ROBERT R. ROBERTS M. D.

Robert R. Roberts, M. D., Washington, D. C., writes: "Through my own experience as well as that of many of my friends and acquaintances who have been cured or relieved of catarrh by the use of Hartman's Peruna, I can confidently recommend it to those suffering from such disorders, and have no hesitation in prescribing it to my patients."—Robert R. Roberts.

A CONSTANTLY increasing number of physicians prescribe Peruna in their regular practice. It has proven its merits so thoroughly that even the doctors have overcome their prejudice against so-called patent medicines and recommend it to their patients. Peruna occupies a unique position in medical science. It is the only internal systemic catarrh remedy known to the medical profession to-day. Catarrh, as every one will admit, is the cause of one-half the diseases which afflict mankind. Catarrh and catarrhal diseases afflict one-half of the people of United States. Catarrh may invade any organ of the body, may destroy any function of the body. It most commonly attacks the head, nose and throat, but thousands upon thousands of cases of catarrh of the lungs, stomach, kidneys, bladder and other pelvic organs have been cured by Peruna. Peruna is able to cure catarrh wherever it may be located by its direct

action upon the mucous membranes. Catarrh means inflamed mucous membranes. Peruna acts at once to cleanse and invigorate the catarrhal condition of the mucous membrane no matter where it may occur in the body. Its action is the same on mucous lining of the nose as on the mucous lining of the bowels. It cures the catarrhal inflammation wherever it may occur. Dr. R. Robbins, Muskogee, I. T., writes: "Peruna is the best medicine I know of for cough and to strengthen a weak stomach and to give appetite. Besides prescribing it for catarrh I have ordered it for weak and debilitated people, and have not had a patient but said it helped him. It is an excellent medicine and it fills so many cases." "I have a large practice, and have a chance to prescribe your Peruna. I hope you may live long to do good to the sick and suffering." We say Peruna cures catarrh. The people say Peruna cures catarrh. Prominent men and women all over the United States from Maine to California do not hesitate to come out in public print to say that Peruna is what it is recommended to be, an internal, systemic catarrh remedy that cures catarrh wherever it may be located.

DR. M. C. GEE is one of the physicians who endorse Peruna. In a letter written from 513 Jones street, San Francisco, Cal., he says: "There is a general objection on the part of the practicing physician to advocate patent medicines. But when any one medicine cures hundreds of people, it demonstrates its own value and does not need the endorsement of the profession. "Peruna has performed so many wonderful cures in San Francisco that I am convinced that it is a valuable remedy. I have frequently advised its use for women, as I find it insures regular and painless menstruation, cures leucorrhoea and ovarian troubles, and builds up the entire system. I also consider it one of the finest catarrh remedies I know of. I heartily endorse your medicine."—M. C. Gee, M. D.

"I have had ample opportunity to observe the curative value of Peruna, especially in chronic cases of catarrh of the head, respiratory organs or the stomach. Catarrh is, as a rule, simply a prolonged cold which affects the mucous membrane lining the lungs, or any organ affected. Peruna is an effective remedy, as it acts on the vaso-motor system of nerves with benefit. It increases the tone of the blood vessels and causes them to act in their normal healthy condition. I have been much pleased with the cures that have come under my notice, and am satisfied that you have placed a remedy before the suffering which is at once valuable, reliable and destined to become very popular with the great masses of the people who have small means and want to secure a remedy which they can depend on. I therefore consider it a household remedy of superior value."—Ernest W. McLewin.

Mrs. McLewin Also Adds Her Experience with Peruna.

Mrs. Dr. E. W. McLewin, 67 Coburg St., Ottawa, Ontario, writes:

"Peruna gives quick relief in cases of protracted colds whether it settles in the head or on the lungs. I was for several years particularly susceptible to colds, sometimes my head was stopped up, affecting my hearing, causing bad breath

and frequent headache, or it would go to the lungs, causing inflammation and soreness, which caused me much suffering and anxiety.

"I never found a remedy which would break up a cold as effectively as Peruna. Within a few days I noticed a change and was usually well within a week or ten days. Three times within the last two years I have had reason to be thankful to Peruna. I now find that if I take a couple of doses when I have been exposed to inclement weather it prevents my catching cold." Mrs. Dr. McLewin.

Geo. C. Havener, M. D., of Anacostia, D. C., writes: The Peruna Medicine Co., Columbus, O.: Gentlemen—"In my practice I have had occasion to frequently prescribe your valuable medicine, and have found its use beneficial, especially in cases of catarrh."—George C. Havener, M. D.

DR. JAMES CROZIER.

James Crozier, M. D., formerly U. S. Pension Office Examiner, formerly Medical Board of Referee U. S. Pension Office, in a letter from Washington, D. C., says: "I have often prescribed Peruna in my practice for catarrhal troubles, and after giving it a fair test I can cheerfully recommend your valuable remedy for cough, colds and catarrh in its worst stages. It is also one of the best tonics I have ever prescribed."—James Crozier, M. D.

DOCTOR ENSOR. "After using your Peruna myself for a short period, and my family having used and are now using the same with good results, and upon the information of others who have been benefited by it as a cure for catarrh and an invigorating tonic, I can cheerfully recommend it to all persons requiring so effective a remedy." Dr. J. F. Ensor.

President of the Hartman Sanitarium, Columbus, Ohio.

DR. S. B. HARTMAN.

"Most Ills of Life Are Caused By Catarrh."

"Free From Catarrh No Man Need Fear Disease Germs."

Inventor of Pe-ru-na, the Greatest Catarrh Remedy.

"I do not believe in cure-alls, nor have I ever claimed that Peruna was a cure-all. Peruna cures just one disease—catarrh—but, as you well know, any organ in the body is liable to catarrh. Catarrh assumes many phases, is subject to many complications, and is consequently known by a great many different names. In claiming, however, that Peruna will cure these different conditions, I am only claiming that it will cure one disease—catarrh."—S. B. HARTMAN, M. D.

A physician of wide celebrity called upon Dr. Hartman one day and after the usual salutations had passed between them the doctor suddenly remarked: "I have called to see you, Dr. Hartman, to satisfy my mind on some points. I have always been opposed to advertised methods and considered them all more or less frauds. But I have known you so long to be a renowned physician and an honorable gentleman, that I am puzzled to know which of us is wrong."

A Duty to Advertise Peruna. "Well, it may turn out that neither of us is wrong. We both are sincere in the matter according to our understanding. I have a good medicine; I want the people to know it. I believe it would be positively wrong for me to conceal the fact. I believe it not only to be my privilege to advertise Peruna, but my duty to do so."

Dr. Hartman Does Not Believe in Cure-alls. "Neither do I believe in cure-alls, nor have I ever claimed that Peruna was a cure-all. Peruna cures just one disease—catarrh—but, as you well know, any organ in the body is liable to catarrh. Catarrh assumes many phases and is subject to many complications, and is consequently known by a great many different names. In claiming, however, that Peruna will cure these different conditions, I am only claiming that it will cure one disease—catarrh. Can you find any fault with that, doctor?"

Peruna Makes Healthy Mucous Membranes. "Well, that is exactly what I claim, and all I claim. Peruna will remove every vestige of catarrh of the mucous membrane and leave them perfectly healthy, and thus prevent the entrance of malarial germs. Of course this would lead to the cure of any case of malaria, would it not?"

Peruna Enriches the Blood and Increases the Vitality. "Well, in the first place, a great many cases of supposed rheumatism are not in reality rheumatism, but myalgia or neuralgia, which are dependent on lowered states of vitality, as before stated. Then, again, rheumatism, you know, depends upon a hyper-acidity of the blood. How do you suppose the blood becomes overloaded with lactic and uric acids, as the case may be, which produces rheumatism?"

Dr. Llewellyn Jordan is the Medical Examiner of U. S. Treasury Department, Washington, D. C. Dr. Jordan is a Graduate of Columbia College and served three years at West Point.

Dr. Llewellyn Jordan is the Medical Examiner of U. S. Treasury Department, Washington, D. C. Dr. Jordan is a Graduate of Columbia College and served three years at West Point.

The Peruna Medicine Co., Columbus, Ohio: Gentlemen: "Allow me to express my gratitude to you for the benefit derived from your wonderful remedy. One short month has brought forth a vast change and I now consider myself a well man after fifteen months of suffering. Fellow sufferers, Peruna will cure you."—Llewellyn Jordan.

Dr. Leland Williamson, Yorktown, Ark., writes: "Having used Peruna both personally and having prescribed it for my patients for many years, I thought it would not be out of place to write you a few lines of my experience with same. I have taken Peruna as a tonic and catarrh remedy, and have used it in my practice with always the same result, benefit to the patient. It tones up and strengthens the various organs of the body, heals the catarrhal mucous membranes, and is a boon

to suffering humanity. It is a fine spring tonic, and a splendid remedy to ward off the distressing effects of la grippe, a good tonic after pneumonia or malarial fever. In fact, an all around tonic and builder. It is a splendid remedy for weakly, broken-down women, and a remedy that should be used by anyone needing a good strengthening tonic and blood purifier. I can say much more, but anyone needing such a remedy, a trial will convince of its true merits."—Leland Williamson, M. D.

How do the malarial germs find their way into the system?" "They enter with the food, water and air which we consume." "Enter where, doctor?" "Why they enter through the mucous membrane, of course—of the lungs, stomach or bowels."

Heart Disease Often Due to Dyspepsia. "If you mean by heart disease, inflammation of the covering or lining of the heart (pericarditis and endocarditis) then I agree with you that Pe-ru-na will not cure heart disease. Neither will any other medicine. But you know, doctor, that there are a thousand and one functional disturbances of the heart caused by irritation of the pneumo-gastric nerve, which the people call heart disease. These disturbances of the heart are even more difficult to bear than organic disease of the heart, and Pe-ru-na will cure them simply because it cures any catarrhal affection of the digestive tract. Most of the so-called heart disease is dyspepsia at bottom, as you know."

Enthusiastic Statements Concerning Pe-ru-na. "But, of course, I am not responsible for all the statements that the people make, yet even this proposition will bear a little scrutiny before it is set aside as being wholly false. Now, doctor, tell me what you would do if you had a case of organic disease of the heart?"

"I would do all I could to equalize the circulation of the blood, sustain the vital powers, and keep up the nutrition of the patient."

"Is that all you could do for your patient?" "Yes, that is all I could do."

"Well, Pe-ru-na will do exactly that, whether a person has heart disease or not. It will regulate the circulation, it will increase the vitality and assist nutrition. According to your own statement that is all that can be done. Why not use Pe-ru-na then as well as anything else?"

"I think I will have to give up beaten to-day, but I will have to study up these questions and get some of your Pe-ru-na, so as to make a thorough test of your claims. Then I am coming to see you again, when I think I shall be able to break down some of your conclusions."

Dr. G. B. Crowe, a Physician of Prominence and a Very Influential Man in Alabama.

Washington, D. C. "Peruna is a most valuable medicine. It affords me unlimited pleasure to testify as to the merits of your remedy as a catarrh cure. I have used it as such and find it is of very great benefit when my nervous system is run down. I heartily recommend Peruna to all whose nervous systems are deranged."—G. B. Crowe.

J. W. Hamilton, M. D., Sheltonville, Ga., writes: "I have used Peruna in a great many cases of debilitated conditions of females and also in many cases of catarrh with good success and can recommend. I shall always recommend Peruna in all such cases and also as a tonic." J. W. H. Hamilton.
