## O'Sullivan Heel for?

Why do they pay the big price for the rubber direct from the trees if old, ground-up boots and shoes that cost eleven cents a pound would fill the bill?

Old rags are cheap, but the mission of the rubber heel is to help humanity, not to rob them. You can help humanity with new live rubber on their heels, but you cheat them with rubbish.

11 per pound rubber goes into O'SULLIVAN'S. Nothing else. All dealers. 60 cents attached.

If your dealer can't supply, send 35c for sample to O'SULLIVAN RUBBER CO., Lowell, Mass.

### Get My Book, if Sick.

Don't Send a Penny.

Just wait a minute. See what I can do. Let me take the risk. Let me prove up first what Dr. Shoop's Restorative can do. The Restorative will get you feeling better, and if you don't feel it, I will refund you the money. For a whole month you can use it without the slightest risk. I will tell you of a drug that you will find in six bottles of Dr. Shoop's Restorative a month on trial.

I will absolutely stand all the cost if it fails. If you say, "It did not help me," that ends it as far as I am concerned. Do you understand me? I am telling it as plainly as clearly as I can. I am not deceiving you, absolutely and without doubt that this offer is made on honor. Have the prescription that cures. My only problem is to convince you that Dr. Shoop's Restorative will cure—is an uncommon remedy. A common remedy could not stand a test like this. It would bankrupt the physician making the offer. And I am succeeding everywhere and here is the secret of my success. I found invariably that where there was a weakness, the vital nerves were weak. Where there was a lack of vitality the vital nerves lacked power. Where weak organs were found, it was the vitality of the vital organs' nerves. This is the inviolable truth.

This was a revelation. Then my real success began. Then I combined ingredients that would strengthen the vitality of these nerves. That prescription I called a Restorative. It is known the world over now as Dr. Shoop's Restorative. Thousands are accepting my offer and only one in each forty writes me that my remedy failed. That is a record. I do not get well and these are difficult cases, too. And the fortyth has nothing to pay. That is a record. I am proud of it. I am proud to say that when a chance like this is open. If well, you should tell others who are sick. If not, you should tell a sick friend that you are sick because he does not get my offer. Tell him. Get my book for him. Do your duty. You may be sick yourself, sometime. Sick people need help. They appreciate sympathy and aid. Tell me of your sick friend. Let me cure him. Let me show his gratitude to both of us. Your reward will be his gratitude. Send for the book now. Do not delay.

Simply state Book 1 on Dyspepsia, Book 2 on the Heart, Book 3 on the Kidneys, Book 4 on Women, Book 5 for Men (sealed), Book 6 on Rheumatism.

Mild cases, not chronic, are often cured with one or two bottles. At druggists.

Invest your money where you get the best results. If you invest in Journal "Want Ads" you will find they pay big dividends.

### LEFTY DAVIS HAS RETURNED

HAS NOT SETTLED HIS PLANS FOR THE SEASON.

Has Had an Offer from the Giants, but Is Holding Out for More Money—Would Like to Play in Minneapolis if the Salary Offered Was Large Enough.

Alphonse (Lefty) Davis, the clever left fielder who has been claimed by the Columbus club and who has offers from several other major and minor league clubs, arrived yesterday from Hot Springs, where he has been taking the kinks out of his muscles and otherwise getting in shape for the coming season. Davis spent seven weeks at the springs and his appearance would indicate that the great fielder did not overlook anything there in the shape of fresh air and exercise.

Until he gets something more definite, that is, word that a salary of right proportions is awaiting him, "Lefty" will remain in Minneapolis, and will assist his old friend, Perry Werden, getting the Fargo team lined up for the race in the Northern league. Of course, Davis will not overlook himself, and will put in some hard work awaiting further news from Columbus, Toledo and the New York National league clubs.

Davis denies that Columbus has any claim on him, and declares that unless President Bryce offers him more money he will ignore the Columbus club altogether. Speaking of his position in the matter yesterday, Davis said:

"Columbus has me on its claim list, but that does not go with me. I am free to go where I wish, and will certainly pay no attention to any small-salaried proposition."

"Herman Loner has made me a nice offer to play for him at Toledo; in fact, the terms of this club are the most favorable I have yet received. But I believe I'm still good enough for the big league, and if there is a possibility of my hitching on with some club in the major organizations, I shall certainly do so."

"Manager McGraw of the giants has sent me a nice letter and is anxious to have me sign with New York. I would like to play with better than with the giants, but the salary question again bobs up in this case. I can't see my way out of it. I have told McGraw terms and I have told him so. I am still negotiating with the New Yorks, however, and am in hopes of receiving more favorable news from there in a few days. In the meantime I will help Perry Werden develop his Fargo youngsters, and will myself get all the practice I need to condition myself for the season."

Davis said he would be glad to play in Minneapolis if satisfactory financial arrangements could be made. He hinted that he has come to regard this city as his home.

Jack Zalusky, whom Toledo offered the munificent salary of \$175 a month, a come-down of \$175 from the salary he received while with New York last season, has been notified by President Strobel that he can have \$185 if he will sign a contract, but Jack cannot see anything in Strobel's latest offer, and he is still numbered among those who have rebelled against the mud hen management. Zalusky says he has been offered better money by an independent club in Pennsylvania, and will join this team if Strobel can't do better by him. He has received the forty-day certificate from President Grillo of the American association, to which he says he will pay no attention.

"I desire to inform you of a resolution passed at a recent meeting of the American association, compelling every club to fine any player who fails to report for duty at the specified time \$100."

"Believing that there was a possibility of you not being familiar with this fact, I thought it only fair to notify you, knowing that you have as yet not signed for the coming season."

Billy Phyle, the Minneapolis baseball player, who was suspended by the Southern league last fall for making charges that he had been thrown to the Memphis club in order that the latter might win the pennant in the Southern league, may be reinstated by Phyle's left for Chicago last night in answer to a telegram from President Strobel of the Toledo team club, and both were to have met this afternoon at the city club. But for several weeks the matter had been almost at a standstill, and it was not until yesterday that the movement was revived. It is understood that Strobel's plan is to put the matter before the national board, pushing the case himself, and in the event of the board's ruling in favor of Phyle, Phyle "cuts out" some of his wild habits, the mud hens will have one of the best hitting infielders in the association.

Manager Mike Kelly of the St. Paul baseball team says he has nearly all his players lined up for the season and he expects to be in the fight again this year. Kelly said yesterday that Ferguson had not signed a contract, but the salary dispute has been practically settled, and the great pitcher will be seen in a St. Paul uniform again this season. Kelly is confident that his young pitchers from the Northern league will make good, and he says that with Ferguson and Chech, his twirling staff will be as good as any in the league. Kelly says that he looked for the millers to be strictly in the hunt this summer.

Charles Cole, first base, Henry Scharnweber, shortstop, Dick Brown, utility, and Will Hanrahan, center field, are the last year's players who will be in the Grand Forks ball team this season. An even half dozen pitchers will report, among the number being a Massachusetts man who is expected to be a little faster than any man who has yet operated in the Northern league. Morton and Chech, a battery who played in the Grand Forks last season, will play at Grand Forks and Clint Martin and P. G. Nagel have been signed for field positions. Martin comes from the three-I league and Nagel played last year at Seattle.

Manager Cooper is of the opinion that his team will be the equal of any in the circuit, and some surprises are in store for the fans when the full list of players is announced. It is freely predicted that Winnipeg will have no year in the pennant this season, as Duluth and several other clubs are considered fully as strong as any team that Winnipeg has ever put forward.

E. C. Alleman has decided to put the old Kenosha, Wis., baseball team in the field again, and has engaged a

### GROWDS HEAR DAMROSCH

BIG HOUSES IN THE EAST LISTEN TO HIS PRESENTATION OF "PARSIFAL" IN CONCERT FORM.

The tale of the box office is the gauge whereby all entertainments, musical or otherwise, must be judged. No matter how important or artistic it may be, the financial side of the venture is the one that ultimately decides whether it shall stand or fall. Despite the immense expense involved in carrying the sixty acts, which comprise the New York Symphony orchestra, and a large company of singers, from place to place, the giving of "Parsifal" in concert form by Walter Damrosch has been a marked financial success. The concerts, even in New York city—where the opera itself has been heard—completely filled the hall and every seat was occupied by an intensely attentive audience, so great was the interest in everything appertaining to "Parsifal."

In the various cities of New England this experience was more than duplicated. It was the first opportunity to hear the beauties of the "Parsifal" music in anything like adequate form. In many instances houses were entirely sold out days before the day set for the concert, and urgent requests were made that concerts be repeated. This, however, has of course been impossible. In the larger towns and cities of the east, the "Parsifal" music was so adequately presented by the orchestra and the soloists, accom-

panied by Mr. Damrosch's interesting explanatory remarks, that the New England experiences were frequently duplicated and in every instance the capacity of the different auditoriums has been taxed.

From the number of inquiries being received, and the interest which has already been evinced in the Damrosch production, it is evident that the experiences of the east will be duplicated in Minneapolis early next month.
