MAY MEET AT CAPITOL

Pioneers' Association Discussing Change—Approaching Meeting.

A movement is on foot among some of the members of the Minnesota Territorial Pioneers' association to change the annual meeting place from the state fair grounds to the statehouse. It is urged that on account of the cold and wet weather, many old and infirm members are afraid to go to the fair grounds so early in the season. This will be passed upon at a meeting of the executive committee to be held at the Merchants' hotel, St. Paul, next Tuesday at 2 p. m. The Woman's club will hold its meeting on the same day at the state capitol. The list of the dead so far is given as follows: 1900, 25; 1901, 32; 1902, 43, and 1903, 36. The membership of the association is composed of those who came to Minnesota on or before May 11, 1858, the day the state was admitted to the union.

Getz of New York, the director in the home-talent musical comedy; Leon M. Palechek, the musical director; and George Best, the instructor. The affair was in recognition of the success of the participants in the entertainment given early this week at the Lyceum theatre for the benefit of the charity fund of the lodge. The little girl who did the fancy march across the stage in the ensemble and several of the younger chorus girls were the only ones absent from the dance and banquet.

LAND IN CANADA IS GOING FAST

HOMESTEADS WON'T LONG BE AVAILABLE, SAYS KNAPPEN.

Secretary of Western Canada Immigration Association Returns from Trip Thru the Provinces and Says There Will Be 750,000 Americans in British Colony Within Ten Years.

"The craze for a new country is absolutely irresistible once it gets a good hold on people," said Theodore M. Knappen, secretary of the Western Canada Immigration association, who has just returned from an extended absence in Canada. "Western Canada, as well as the United States has had a very late spring. The Canadian government, the railways and the land companies, appreciating this fact, expect themselves to hold back the movement of settlers until the weather became more settled. These efforts almost as many people went to western Canada in March as in April, 1903, and the movement during April has been even larger than the corresponding months of the previous year. As April 1 there were 500 carloads of settlers' effects scattered along the Soo line between Minneapolis and Regina, and owing to the unreasonable weather many of the owners of these goods have suffered many hardships.

The heavy snows and rains of the last month, however, have been hailed with delight by the farmers of western Canada, for they regard them as the forerunner of an immense wheat crop this year. The snows that followed a severe winter in which the frosts penetrated to an unusual depth. It is the prevailing opinion in western Canada that the colder the winter and the deeper the frost goes into the ground the better the crops are likely to be the following season, because the frost gradually kills any weeds that grow, insures abundant moisture for the roots of the grain. It may seem strange to one who notes the vast expanse of western Canada, that means that about 8,000 square miles, but it is a fact that before long there will not be any desirable government land in western Canada; by desirable, I mean possessing the necessary qualities of soil, moisture and climate, and within easy hauling distance of railways. Last year 21,000 persons took homesteads in western Canada; that means that about 8,000 square miles passed from the public domain to private ownership.

"When you allow for railway land grants, the lands of the Hudson's Bay company, and the school lands you will see that even in the great stretches of western Canada less than half the territory available for settlement belonged to the government before the present rush began. At the rate of 8,000 square miles a year it will not be long before the government will have disposed of all the government land within an area of 200,000 square miles. Moreover, the indications are that the land will go even faster than that, for the value of the land is rising so rapidly in western Canada and why millions of acres are being bought by actual settlers. The value of the American who goes into western Canada to live, buys as much land as he can and then takes a homestead besides.

"At the present rate of influx there will be 750,000 Americans in western Canada within ten years. They are the class of settlers who are possible in that country and are highly prized by the Canadians; their thrift, industry, experience and good management, combined with the fertility of the soil, will make the most of their richer agricultural populations in the world."

ARMY OFFICERS, GUESTS

COMMERCIAL CLUB ENTERTAINS IN HONOR OF COL. WILLIAMS OF FORT SNELLING AND HIS STAFF.

Infantry blue, artillery red and cavalry yellow mingled with the conventional black last night at the Commercial club's complimentary dinner in honor of Colonel Charles A. Williams, Twenty-first infantry, new commandant at Fort Snelling, and his officers.

An even ninety-nine sat down to the tables with "Colonel" Williams. The army guests from Fort Snelling and the department of Dakota had come over in the special car of Thomas Lowry of the Twin City Rapid Transit company. They were met by Henry Deutsch, chairman of the public entertainment committee, H. R. Yerxa of the committee and E. J. Westlake, secretary of the club. In the reception-rooms a member of the club was assigned to escort each guest to the banquet-room. At the right of Conway McMillan, toastmaster, sat Colonel Williams; at the left Lieutenant-Colonel A. Gardner. With John Leslie, president of the club, were Brigadier-General C. C. Carr, commanding the department of Dakota, and Major G. L. Scott, Tenth cavalry, acting Indian agent at the Leech Lake reservation. Grace was said by Rev. Fr. J. M. Cleary.

Flashes of wit and a lot of good common sense marked the toast responses. Not a dry speech was given and the trend of the whole program was the development of fellowship between the denizens of the stronghold at Snelling and the citizens of Minneapolis. Between each speech a graphophone gave a peculiarly apt introduction to the next. E. J. Westlake, the wag of the club, answered the name "Toasts," and in a strong vein of humor set the pace for the rest. The program:

"Welcome to Minneapolis," J. C. Haynes, mayor; "The Commercial Club," John Leslie, president; "Response," Colonel Charles A. Williams; "Lives of Famous Men," Henry Deutsch; "Minneapolis," Wallace G. Nye, secretary public affairs committee; "The Soldier—An Opinion From Minneapolis," Rev. Fr. J. M. Cleary; "Leap Year in a Bachelor Army Officer's Life," Captain W. M. Morrow, post adjutant, and "The Sunniest Man in the American Army."

The army guests were: Colonel Williams, Lieutenant Colonel C. Gardner, Major E. B. Frick, H. A. Leach, hauser, G. L. Scott, G. H. Morgan; Captains, W. M. Morrow, A. L. Parmeter, Thomas Ridgway, R. H. Van Deman, C. E. Hampton, G. A. Skinner, C. Stacey, Lieutenants J. M. Love, Jr., T. L. Brewer, M. M. Weeks, G. S. Tiffany, L. C. Bennett, L. T. Bolson, C. McLaughlin, E. S. Sayer, Jr., A. J. Lindsay, J. F. Ware, A. H. Biant, G. C. Mullen, E. H. Smith, B. F. Ristine, H. N. Preston, M. Lanza and Chaplain J. Osseward. From headquarters, Brigadier General C. C. Carr, Colonel James N. Allison, Colonel G. W. Adair, Major Rogers.

WHOLE FAMILY WEPT IN COURT

Charles Norby's Trial for Beating His Boy Brings Many Tears.

Christ Norby broke down and cried like a child in police court this morning when his son Charles was compelled to bare his back and show the marks caused by the father's whipping. Norby admits that he had allowed his temper to get the better of him, but affirmed that he loved the boy and had not punished him before in six years. Charles told the court that this was so.

The whole trouble according to Norby was caused by the interference of the whole family when he started to punish Charles for running away from school. This made him more determined and he whipped the boy harder than necessary in spite of the opposition. His arrest for cruelty was caused by the Humane society, but Judge Holt thought that a warning would have been sufficient under the circumstances and discharged Norby as he had stayed in the lock-up all night. By this time Charles and the entire family were sobbing, all anxious for a reconciliation which was effected before they left the court house.
