#### NOTICE TO CONTRACTORS

Office of County Auditor  
May 5, 1904.

Sealed bids will be received at this office until Monday, May 16, 1904, at 11 o'clock a. m., at which time the said bids will be opened by the Board of County Commissioners of Hennepin County, for the following work:

Contract No. 214, Refracting Bridge No. 2 in Town of Dayton.  
Contract No. 215, Refracting Bridge No. 3 at St. Michaels.  
Contract No. 216, Graveling on Watertown road in Town of Orono.  
Contract No. 217, Graveling on Bass Lake Road in Town of Greenwood.  
Contract No. 218, Graveling on Hanover road in Town of Coconan.  
Contract No. 219, Graveling on River road in Town of Dayton.  
Contract No. 220, Graveling on Dayton and Shakopee road in Town of Plymouth.  
Contract No. 221, Graveling on S. Watertown road in town of Independence.  
Contract No. 222, Grading on Big Hill, Superior Boulevard, in Town of Monticota.

Proposals must be made on blank forms furnished by the County Surveyor, and accompanied by a certified check payable to the order of the County Treasurer, for 5 per cent of the amount of the bid, as a guaranty for the execution of a contract if awarded.

The successful bidder must enter into a contract with the Chairman of the Board of County Commissioners, and give a surety bond in the amount of the contract, conditioned on the faithful performance of the contract.

The Board of County Commissioners reserves the right to reject any or all bids.

By order of the County Commissioner,  
**HUGH R. SCOTT,**  
County Auditor.

## CITY NEWS.

### TOWN TALK

Canvas suit cases, 24-in., full size, \$1. at Barnum's, 715 Nicollet.

Andrews Hot Water Heating systems make homes comfortable. 233 Henn. Av.

George S. Grimes has removed his law offices to 414-415 Bank of Commerce bldg.

Wanted—Bright 16-year-old boy; must have bicycle. F. H. Sanders, advertising department, Journal.

For Rent—Second floor, 53 Fourth street S. over Hoffman's. Call of O. M. Laraway & Son, Bank Commerce building.

Ell Torrance is to deliver an address at Grand Army encampment at Mason City, Iowa, Wednesday evening, June 8.

Eighteen men went swimming yesterday in Minneapolis, but none of the bathers lingered long in the chilly water.

Miss Andria Williams, 109 Thirteenth street S., had a narrow escape from death by strychnine poisoning yesterday. She had taken the poison by mistake, and but for the prompt arrival of physicians would have died from its effects.

Work was begun yesterday on a small foot bridge over Minnehaha creek just above the crest of the falls. It will be built in the same place as the old bridge which was carried out last year when the dam broke. It will be finished by next Sunday, as the work consists only of nailing together a few small timbers.

L. I. Hopkins, formerly of Grand Rapids, Mich.; John T. Kennedy and F. H. Tuffel, formerly of Green Bay, Wis., non-resident members of the Commercial club, were yesterday restricted to resident membership. The following were elected resident members: G. F. Moulton, S. E. Hume, W. D. Bessene, E. E. Spaulding, E. C. Fradette, W. F. Eddy, L. E. Doudiet and F. M. Davies; nonresident, A. E. Clark of Mankato, J. J. Jones of Bismarck, H. C. Ervin of St. Cloud, Arthur Stocks of New York and F. E. Crandall of Mankato.

### EMPLOYERS' ULTIMATUM

The Builders and Traders' Exchange met Tuesday afternoon, at which time the following address to the sheet-metal workers was drawn up:

May 3, 1904.

Mr. E. Beamesderfer, Secretary Metal Workers' Local Union, No. 40—Dear Sir: The Builders and Traders' Exchange of Minneapolis, Minn., hereby notifies you that the sheet-metal workers' lock-out of all union employees engaged in the building trades in this city will be ordered to terminate on May 10, 1904. Builders and Traders' Exchange.

By W. A. Stromme, Secretary.

It is thought that the action of the union in deciding to go back to work will avert a strike in all of the building trades of the city. Many buildings are in course of construction and a strike or lockout would prove disastrous to the city at this time.

### DON'T ACCEPT OPEN SHOP.

In speaking of the open-shop question, Philip Carlin, secretary of the Building Trades Council, said this morning: "The action taken by the sheet-metal workers and the Building Trades Council does not mean that we have accepted the open shop by any means. It only means that the open shop will result in reopening the discussion. It was discovered that a mistake has been made in this instance, and fairness demanded that the men be given the opportunity to be heard. The Building Trades Council will fight the open shop, should an attempt be made to institute it."

When asked regarding the probable attitude of the Builders and Traders' Exchange on the matter, Secretary W. A. Stromme said: "I cannot speak officially for the exchange, but I think it is fair to say that the open-shop question will not be forced. The Builders and Traders' Exchange is not joining in the open-shop proposition was not broached at the recent meeting and I do not think that it will be called up at the adjourned meeting. The open-shop proposition members might introduce it, and, I am not prepared to say what might be done. I am of the opinion, however, that the members will be content to let well enough alone."

### BEST HANDWORK.

The Palace Clothing House Laundry, Shirts, 10c; waists, 15c and up.

### WHAT BECAME OF PARKER?

Play to Be Given by the Gamma Sigma Fraternity.

"What Became of Parker," which is to be presented by the Gamma Sigma Fraternity, May 13, for the benefit of the decoration of the Holy Rosary church, is fast rounding into shape. The play promises to be an even greater success than any previous one which the fraternity has given. It is a three-act comedy, written by Louis Hageman.

Miss Blanche Scallen and Miss Alice Winter will appear in the leading female roles. "The Girl in the Blue" will be long ago. Miss Ruth Banker will appear as "Cora" and is handling her part well. The leading male parts will be taken by Messrs. Lester, Stover, Clark, Lawson and Ottenfeld, all of whom have appeared in previous productions of the fraternity.

Thomas Swift is assuming with success the responsibilities of stage manager. For the last five years Mr. Swift has appeared in numerous amateur plays and has made a very creditable showing in a number of shows at the Lyceum and the Bazaar managers. Stover, Bottenfeld and Blake have advertised the play, and report everything favorable for a packed house. Tickets at the rate of from anyone at the Holy Rosary school.

### DENNY SEWELL'S MEDAL

J. E. Bell, Trustee of the Family Fund, Approves the Idea.

John E. Bell, treasurer of the Dennis Sewell relief fund, heartily approves of Mrs. Sewell's desire to secure a Carnegie medal in recognition of her late husband's heram in giving his life to save a stranger boy.

Mr. Bell has just returned from California. He has not talked with Mrs. Sewell, but he is sure that he can help her to the desired end.

"I regard this record as one of the greatest heroisms," said Mr. Bell, referring to the many records of the relief fund. "The family is worthy the recognition."

Mr. Bell spoke approvingly of Mrs. Sewell's management of the relief fund. Although sickness in the family has been frequent and one boy requires much medical attendance, she has drawn little more than the interest on the fund.

### MONEY FOR GREEN

Former Sawmill Employee Will Profit by Disclosing Whereabouts.

Relatives of C. S. Green, formerly of Bay City, Mich., and at one time employed in sawmills here, are trying to find him. He is one of the beneficiaries of his father's will and a goodly sum of money awaits him. Green is described as being 46 years old, of dark complexion, weighing about 180 pounds.

### THE MICROSCOPE

Proves that Parasites Cause Hair Loss.

Nine-tenths of the diseases of the scalp and hair are caused by parasites. The importance of this discovery by Professor Unna of the Charité Hospital, Hamburg, Germany, cannot be overestimated. It explains why ordinary hair preparations, even of the most expensive character, fail to cure dandruff, because they do not, and they cannot, kill the dandruff germ. The only hair preparation in the world that positively destroys the dandruff parasites that burrow up the scalp into scales called scurf or dandruff is Newbath Herpicide. In addition to its destroying the dandruff germ, Herpicide is also a delightful hair dressing. Sold by leading druggists. Send the stamps for sample to the Herpicide Co., Detroit, Mich. Voegell Bros., special agents, corner Hennepin and Washington avenues, and corner Seventh street and Nicollet.

## THE CORNICEMEN RETURN TO WORK

### BUT OPEN SHOP WILL CAUSE ANOTHER WALK-OUT.

Present Strike Was Not Fully Authorized and Was Called Off in the Interests of Fairness—Employers Not Likely to Insist on Open Shop.

As a result of two meetings held last night at Alexander's hall, the strike of the cornice-makers affiliated with the sheet-metal workers was declared off this morning and the twenty-eight men who have been idle since the first of the week will probably go to work to-day.

The first meeting was that of the executive committee of the Building Trades Council. Representatives of the striking metal-workers were present. It was discovered that the strike was unauthorized and the quitting of work was in violation of the rules of the Building Trades Council. The rules provide that no trade shall quit work without the consent of the council. The cornice-workers had not asked for such permission. When their mistake was pointed out, their representatives refused to return to resident membership. The following were elected resident members: G. F. Moulton, S. E. Hume, W. D. Bessene, E. E. Spaulding, E. C. Fradette, W. F. Eddy, L. E. Doudiet and F. M. Davies; nonresident, A. E. Clark of Mankato, J. J. Jones of Bismarck, H. C. Ervin of St. Cloud, Arthur Stocks of New York and F. E. Crandall of Mankato.

### SMALLPOX IN A SCHOOL

#### DOUGLAS DISTRICT IS STIRRED UP, BUT HEALTH OFFICERS THINK DISEASE WILL NOT SPREAD.

The discovery of a case of smallpox in the family of Charles E. Brewster, 1770 Emerson avenue S., has caused some excitement in the Douglas Hill district, and particularly among parents who have children in the Douglas school. The patient is Willie Brewster, a lad of 14 and a pupil in "A" room. He had been ill several days and was sent home from school last Friday. On Tuesday an eruption appeared on his face, and the disease was diagnosed at first as chickenpox, but yesterday it was pronounced to be smallpox.

There are several younger children from the Brewster family in the Douglas school, and these were sent home yesterday. The health department took precautions to prevent a spread of the contagion.

The Health Commissioner Hall decided that it would not be necessary to close the school. Willie Brewster was isolated before the disease had reached any other children. There is no danger that his brothers or sisters could convey the contagion.

Mr. Brewster and the two older boys have been vaccinated against the disease. All have been successfully vaccinated before, but they were revaccinated, their clothing fumigated and their rooms disinfected. The health officials say that there is no danger that the house has been placed under quarantine.

While the local situation is not entirely satisfactory, Health Commissioner Hall does not consider it alarming. One or two new cases appear almost daily, but this is to be expected at this time.

Mrs. Byrum, the mother of William and Lillian Byrum, who died from the hemorrhagic type, has been stricken with smallpox. She has it in a mild form, and is recovering. Successful vaccination years ago, and her recovery is predicted. The family has been in quarantine for several weeks and the health officials are convinced that others have not contracted the disease.

## GRAND ARMY CLUB SUGGESTED HERE

### IDEA TAKES HOLD AMONG RAWLINS POST MEMBERS.

New Hall is Needed and None Can Be Found—Men Planning New Building Asked to Figure on Giving Post and Citizens' Staff Club Quarters.

John A. Rawlins Post, G. A. R., wants a building for the use of itself, of the Citizens' Staff and of the Women's club, started about six months ago among the wives and daughters of post and staff members.

Talk of a club where members could drop in for a chat, billiards or to read and lounge has been fine among post members for some time. The Grand Army men in the Rawlins post and the members of the staff are a congenial lot, many of whom belong to other clubs, but would prefer a purely post and staff club.

It has been impossible to find a suitable place. The present post hall in the Masonic Temple is not large enough. No available and suitable hall in the city can be found. As a last resort prominent men who expect to build are being approached as to the possibility of procuring club and post room.

Dr. George E. Dennis, post commander, favors the club plan. He suggests also a broader idea, that of a general Grand Army hall, or building, where all the posts could meet, and which would accommodate also the staff, Women's club and the corps.

## Special Carpet and Rug Bargains Friday

Your Credit is Good at the New England.

### Special Remnant Sale

The following list of articles will all be sold Friday at exactly HALF-PRICE.

This is a rare opportunity to purchase goods at a big bargain, just when they are needed.

- All Nile Rugs.

**New England Furniture & Carpet Co.**  
One-Price Complete House Furnishers. 5th St., 6th St. & 1st. Av. S.

### SUNDAY SCHOOLS LOSE

#### BAPTIST ASSOCIATION REPORTS SHOW A DECREASE IN ENROLLMENT AND IN CONTRIBUTIONS—THE CHURCH GROWING.

The Minneapolis Baptist association annual meeting opened to-day at the Chicago Avenue church, and will continue thru to-morrow evening. The association includes not only the city churches, but about a dozen in nearby towns. Rev. George F. Holt, clerk, presided in the absence of the moderator. The devotional exercises were conducted by Rev. J. E. Conant, pastor of the church. The sermon was preached by Rev. W. M. Withers of Bethesda church.

A nominating committee made up of Rev. E. R. Pope, W. M. Lawrence and Rev. F. R. Cooper presented the names of Rev. G. H. Gamble for moderator; Rev. G. F. Holt, clerk, and W. M. Lawrence, J. J. Wilcox of Northfield, and J. T. Barnum, trustees of the widows' and orphans' fund. The nominations were confirmed.

Luncheon was served by the women of the church. A feature of the afternoon was a talk on "The Sunday School Condition and Outlook in the Minneapolis Association," by E. Fagenstrom. Although this showed losses at every point except on baptisms, the speaker pointed out that fine gains had been made in some schools, but these had been offset by heavy losses in some of the large schools. In the laymen's hour A. F. Gale spoke on "The Layman and His Pastor," F. K. Pratt on "The Layman and His Church," R. D. Jones on "The Layman and His Business."

The association has a membership of 4,667, an increase of a little of 100 in a year, but the Sunday school enrollment of 4,264 and the average attendance of 2,858 show a slight loss; the losses in Sunday school collections and benefices were marked. The benefices of the association amount to \$17,923.54; total expenditures, \$15,923.90; there being small gains.

To-night Walter E. Painter will lead a song service; Rev. A. H. Loyd will preach a doctrinal sermon, and Rev. E. R. Pope will speak on "A Wise Investment."

### BASE BALL

#### OPENING GAME FRIDAY, MAY 6

### MINNEAPOLIS vs. TOLEDO

GAME CALLED AT 3:45 P. M.

Tickets on sale at Sherman Smith's, 235 Hennepin avenue; Van B. Clark's, Vendome Hotel; A. D. Thompson's Drug Co., Fourth and Nicollet; and First Avenue S. and Third Street.

### ALSO PROCESS RESULTS

#### ANALYSES INDICATE THAT FLOUR IS WHITENED BUT THAT NUTRITIVE PROPERTIES ARE NOT INCREASED.

After all, the Alsop process of bleaching and strengthening flour may not revolutionize the milling industry. Evidenced an epoch making discovery and shrouded in just enough mystery to make it seem good, the process made much talk for a time in milling circles. Now, however, the Northwestern Miller has had careful analyses made and in its current issue announces the results. Samples of patent and of clear flour before and after treatment were submitted to three unbiased analysts of known ability who reported various facts regarding acidity, ash, glutenin, nitrogenous compounds, etc. Results are thus summarized by the Miller:

"The Alsop process bleaches the patent flour but does not materially improve the color of the lower grades. It adds nothing whatever to the protein content nor does it reduce the carbohydrate content.

"The contention that the process increases the nutritive qualities of flour is a fallacy. It does not do so and the chemical analyses given in these reports prove this beyond question. As to the so-called improvement in color, this may be desirable in some markets where a dead stone color is demanded, but wherever the natural rich bloom is appreciated, as in the case of good flour, the application of the Alsop process would actually deteriorate the grade. The substitution of a dirty white for the rich creamy white of flour is scarcely to be considered an improvement in milling."

In the same issue the Miller announces that patents for the Alsop process have been granted in the United States this week.

### JULIUS GOLDSMITH DEAD

St. Paul Banker Passes Away after Long Illness.

Julius Goldsmith, treasurer of the State Savings bank, St. Paul, died yesterday in that city. He has been ill since evening of his wife's disease. The funeral will be held at 3:30 p. m. Friday from the home, 163 Farrington avenue. Mr. Goldsmith was born forty-seven years ago in Wisconsin. He came to St. Paul and took the position of the bank's treasurer in 1890.

### ON TIMELY TOPICS

Speakers Will Address South Siders at Riverside Chapel.

Under the auspices of the Improvement League an interesting meeting will be held to-morrow evening at Riverside chapel for the residents of that district. Dr. Mabel Ulrich of Johns Hopkins university will speak on "The Care of Small Children in Hot Weather." Dr. H. Painter, principal of the Adams school, will discuss "Making Citizens in the Public Schools." Health Commissioner P. M. Hall will trace a direct relationship between the garbage heap and the public health.

### Macnab's Hair Tonic

Hair getting thin? Stop the falling and itching and cure dandruff with

Read the guarantee on every bottle. You run no risk. Money back if you are not satisfied. Insist on having Macnab's.

### PLAIN COMMON SENSE.

When a man has ten minutes to eat a meal and 'catch the train' a lecture on how to do it is just the thing. When a woman has stood around over a hot stove preparing a meal and inhaling the fumes from boiling kettles and frying pans, a lecture telling her how she must eat this or that is not tangible. She can't eat; she's not hungry.

When visiting with a friend or relative and being obliged from policy or diplomacy to eat what is set before you, the rules of what and how much to eat become untenable. When delayed by work, business or elements of the weather till you are nearly famished and could not get a bite to eat though you pay double the price, these lectures and directions on food and its mastication become so inconsistent as to be obnoxious. It has been felt for Dr. Caldwell's (Lecturing Syrup) Pepsin to fill the long and weary gap between the food which (if you take it according to directions) you may defy the laws and disregard the warnings of lecturing philosophers about your eating.

Eat what you want if you can get it and all you want as quickly as you have to or as slowly as you wish, whether it is rare or well done, green or ripe, fat or lean, boiled, fried or baked.

Take Dr. Caldwell's Syrup Pepsin according to directions, then you will get relief and keep free from all the ills that follow the irregularities from which nearly everyone suffers and which produce indirectly nearly every disease of aliment known to suffering humanity. Do not call your ailments by too long a name. Do not enlarge on your apparent illness. Remember if you keep your stomach and bowels in order, you must feel well and keep well.

Dr. Caldwell's Syrup Pepsin does for you all this and more. Take it according to directions. You will need no further proof than your own experience, 50c and \$1.00 a bottle.

### COMFORT, CONVENIENCE and Safety at The World's Fair

#### High-Class Accommodations Right Inside the Fair Grounds, St. Louis.

The long, tiresome trips which so often proved an unpleasant feature of world's fair visits, both in Chicago and in Buffalo, have all been eliminated for visitors by the erection of The Inside Inn, situated right inside the fair grounds. This splendid hotel, which has been specially built under the supervision of the World's Fair management, with a view of affording high-class accommodations and entertainment for visitors. The rooms which number over 2,000 are large, light and beautifully furnished, many of the suites having bath attached. Fire-proofing material has been used throughout and most extraordinary precautions have been taken against fire. It is run on both the European and American plans, at rates ranging from \$1.50 to \$5.50 per day European, and from \$3.00 to \$7.00 American, including admission.

Ladies unattended and families will fully appreciate the very great convenience of thus residing right within the fair grounds where their comfort, safety and pleasure are studied in every conceivable way.

The enormous capacity of The Inside Inn assures good accommodations for all—no matter when or in what numbers they come—but those who like to feel that their accommodations are secure can make reservations now for any period desired. Address The Inside Inn, Administration Bldg., World's Fair Grounds, St. Louis, Mo.
