'RUNAWAY MATCH' WON BY MILLERS

MUDHENS PICKED AND TRRESSED AT NICOLLET PARK.

Watkins' Men Had On Their Betting Garments and Attempted to Kill Sign Painters on Back Fences with Batted Balls—Toledo's Field Play Assisted the Victory.

Watkins' millers rose up and smote Toledo hip and thigh at Nicollet park yesterday afternoon. Cristall was in the box for the visitors and for three innings pitched fair ball. The balloon then went up and he was taken out. Lundblom was substituted, but he could not stop the proceedings. Cristall was not pounded hard but was wild. Lundblom was peeted almost at will.

Manager Long attempted to tell Umpire "Bug" Holliday all about a decision. He persisted in his information bureau tactics until the old-time big leaguer chased the manager out of the game and into the stand. Toledo's play was ragged thru out, the infield standing around and allowing high popups to drop in the center of admiring fielders, and some dirty throwers. The play of the charley horse variety. Coulter led Minneapolis with three hits, every member of the team gaining a smite at the leather. McNichols' An-der slaughter is scheduled for 3:45 o'clock this afternoon. Much is expected to do the pitching for Minneapolis.

LESLABY IS CHAMPION

FENCING CONTEST AT COOKE ACADEMY ENDED IN AN UNSATISFACTORY MANNER—ANOTHER GO PROBABLE.

By the narrow margin of one point Jules Leslabay won the provincial fencing championship of the northwest from Arthur Seeger of Chicago at the Cooke Institute last night. The match was a close one, but Leslabay's fencing that he was not given fair treatment. The finish was not satisfactory from all points of view as Seeger, thinking the match was over, turned his back and Leslabay scored the winning point. Considerable feeling was worked up over the men's slouching, to leave no question whatever as to who is champion.

July 20 lovers of the foil were present to witness the match. The affair was in the nature of a benefit for Professor A. B. Mallet of Minneapolis, who has returned from the field relinquishing the title of champion of the northwest.

Seeger's foil play was punctuated with sarcastic remarks as he appeared to think that he was getting the worst of the contest. He entered several strong protests during the progress of the match but so far as could be seen Referee D'Annovele was impartial in his decisions.

Previous to the match a Y. M. C. A. team was defeated by Leslabay's fencing. The match was followed by a fencing exhibition by Miss Sweet of St. Paul and Mr. Mallet. A double sextet of men and girls gave a series of drills and exercises. They were pupils of Professor Rothfus of St. Paul.

Opinion is divided as to the outcome of the match, but it is not unlikely that another match will be arranged between the men.

OLDFIELD HAS VIEWS. Thinks America Should Be Represented in International Auto Race.

New York, May 10.—Barney Oldfield arrived in New York yesterday and his protest was added to many others from those who desire to see an American auto in the international cup race may lead the racing committee of the Automobile Club of America to reconsider another test of the cars tried at Cleveland.

Oldfield said that the Cleveland test was unfair and hasty. The course was of only three and a half miles and the conditions of taking on water, gasoline and picking up the committee were far more severe than would be encountered in a race. He added that Americans would make a mistake if they were not represented in the international contest.

Curry has brought a string of sixteen horses to the track, including Dry Monopole, 2:08; Little Sphinx, 2:16 1/4; and Major, 2:13 1/4. He says that Prince Alert is in good condition and will need but little work to put him in mid-season shape.
