

CONTROL HINGES ON THE CONTESTS

Conservative Estimate in Wisconsin Is That Governor Is Not Out of the Woods.

Special to The Journal.

Milwaukee, Wis., May 13.—A clash of dangerous intensity in the republican state convention next Wednesday is unavoidable.

The ultra "halfbreeds" claim 570 votes for La Follette, and 428 for the combined opposition, including in the La Follette aggregate the contesting votes of Dodge, East, Oconto and Pepin, aggregating fifty-two votes.

A conservative resume of the vote, with a leaning against the administration, is as follows: Anti-La Follette votes elected, 515, or 18 less than a majority.

To-morrow the battle at the caucuses will end with the settlement of the completion of sixty-three votes, of which La Follette captured all but thirteen two years ago.

The report sent out from Madison yesterday that Governor La Follette had issued an order providing that Company G of the state militia should be present to preserve order at the state convention today, is denied at the governor's office.

LA FOLLETTE AGAIN Chynoweth, His Manager, Says the Governor Will Be Renominated.

Special to The Journal.

Madison, Wis., May 13.—H. W. Chynoweth, Governor La Follette's chief adviser and political manager, said today that the governor would be renominated next Wednesday without any question, and that his majority in the convention would be from 40 to 100.

The managers of the Baensch and Cook candidates, however, declare they are confident of defeating the governor and say the opposition will have a majority of 50 in the convention.

Unbiased observers believe that the contest will be close and that the result will depend upon how the contests come out. There will be about one hundred contested delegates, and the state central committee, which is controlled by the governor, will probably seat the LaFollette contestants in the temporary organization.

As these contested delegates, except those from the particular precincts under consideration, will vote upon the contests, it is believed the LaFollette forces will control.

If the state central committee gives each of the contesting delegations half a vote apiece, as has sometimes been the custom, the opposition to the governor will be in the deliberations. It is not likely that the committee will do that.

The La Follette forces now claim 570 of the 1,062 delegates to the convention. The opposition claims 512. The result of the caucuses yesterday was a disappointment to the opposition. It is expected to get at least thirty-four delegates, while it secured only eleven.

The opposition managers, however, are apparently hopeful and declare that the governor will not be renominated. They expect to control the convention committee on resolutions and thus secure a "conservative" platform.

It is not believed the governor will stand for this. If he controls the convention, and the opposition has the congressmen, candidates, which virtually name the committee on resolutions, it is believed that he will appeal to the convention to override the recommendations of district caucuses and name a resolutions committee in harmony with his views.

The first fight in the convention will be on the resolutions committee. It is not believed that the governor would accept a renomination on a platform framed by the opposition.

BRITISH PRIMATE COMING HERE

London, May 13.—Dr. Randall Davidson, archbishop of Canterbury and primate of all England, hopes to visit the United States in September. He will be the first primate of England to set foot on American soil.

WHAT DO YOU WEAR RUBBER HEELS FOR?

For the spring, the elastic step of youth?

For comfort, refinement, silence or economy?

There are different kinds of heels for different kinds of reasons. These are but one rubber heel that cushions the feet and really benefits mankind, like nature did before men made shoes.

OSULLIVAN'S SAFETY CUSHION HEEL

There are many others—imitations made of Reclaimed Rubber, that is, rubber that has been used before in old boots and shoes, has been chemically treated and used over again; it is lifeless, fragile, dead. It costs 11c a pound. They won't wear, nor have they the spring. When you order rubber heels, specify O'Sullivan's and get heels made of Dollars-a-pound Rubber. That describes O'Sullivan's! All dealers, 50c attached.

DAYTON'S SATURDAY SALES

TWIN CITIES WILL SEE LIBERTY BELL IN JUNE

From The Journal Bureau, Colorado Building, Washington, May 13.—Philadelphia is trying to find out how the Liberty bell can be taken to St. Louis so that the greatest number of people may see it.

It has been about determined that the outward trip will be thru the northern part of the Louisiana purchase and thru cities where the historic bell has not yet been seen.

The start from Philadelphia will be made about June 6 and St. Louis will be reached five days later. This will mean that the stop of the bell in any one place will be exceedingly brief, not exceeding a few hours.

After the exposition the bell will be shown thru the states forming the lower portion of the Louisiana purchase.

—W. W. Jermaine.

SOCIALISM SHOWS ITS HEAD

Prolonged Wrangle in Labor Federation Meeting at Marshalltown.

Marshalltown, Iowa, May 13.—To-day's session of the state labor convention was marked by a political struggle between the socialist and antisocialist factions, and the fight will be carried into the election of officers.

The fight against Hearst waged by Harrison in Cook county was made in order to enable him to secure the national leadership.

A HEARST SPLIT Rump Convention Does Business in the District of Columbia.

Washington, May 13.—The democratic convention of the District of Columbia elected the following uninstructed delegates to St. Louis: James L. Norris, Edwin B. Hay, J. Fred Kelly, W. Cranch McIntyre, John F. Monahan and John G. Campbell.

The platform demands economy in public expenditures and home rule for the district. James L. Norris was chosen member of the national democratic committee. Senator Gorman's name was loudly cheered.

The twenty-one Hearst delegates, after a fight led by Harry W. Sherman, president of the Central Labor union, defeated and elected six delegates instructed for Hearst. They adopted a platform declaring for antitrust legislation and condemning the republicans.

Miles for President. Topeka, Kan., May 13.—David Overmeyer, a delegate at large to the democratic national convention, has announced that he would make every effort to have the Kansas delegation support General Miles for the democratic nomination for president.

Kansas democrats have chosen an uninstructed delegation, but Hearst claims half of the number. Overmeyer has been looked upon as a Hearst man.

Hitt for Vice President. Springfield, Ill., May 13.—Speaker Cannon having receded from his purpose to land an Illinois endorsement for Senator Fairbanks for vice president, it is now regarded as a foregone conclusion that Congressman Robert Hitt of the thirteenth congressional district will receive the endorsement of his home state.

MAYOR HARRISON OUT OF NATIONAL POLITICS

Chicago, May 13.—The Inter Ocean says: Admitting that he controls less than one-sixth of the delegates to the democratic state convention, Mayor Harrison announced that he had abandoned his attempt to become a factor in state and national politics.

The mayor said he had practically decided not to take part in the deliberations of the democratic state convention.

"How many delegates have you got to Springfield?" was asked of the mayor.

"Only about 200," was the reply. "This is equivalent to a frank admission of defeat."

The fight against Hearst waged by Harrison in Cook county was made in order to enable him to secure the national leadership.

COMMISSIONER SUEED

Prudential Company Moves Against a Wisconsin State Officer.

Milwaukee, Wis., May 13.—Suit was begun in the superior court of Milwaukee county to-day against Zeno M. Host, state insurance commissioner, by the Prudential insurance company of America for the recovery of alleged fees, aggregating \$21,000, said to have been illegally charged by the commissioner for examining the affairs of the insurance company.

FIRE DEPARTMENT'S WORK

ANNUAL REPORT OF CHIEF ENGINEER IS ISSUED—CASUALTY LIST LARGE—TOTAL LOSSES SMALL.

The annual report of the chief engineer of the fire department was issued to-day, and shows that in 1903 the department answered 1,098 alarms, the apparatus traveling 11,331 blocks and laying 627,250 feet of hose. The total fire losses for the year were \$466,500.66.

While the property loss was much less than for the previous year, the number of fatalities was greater. This increase was due, principally, to the North Star Oil company explosion, April 23, in which several persons lost their lives.

The list of fatalities follows: W. H. Davis, C. H. Durbin, Jacob Domm, Miss Caroline A. Record, S. W. Mitchell, Harold C. Colburn, Miss Ella M. Rounly, David Dacy, John Spotsnake and Joseph La Ford, all instantly killed in the explosion.

At the same time Walter E. Scott was fatally burned and died at the hospital three days later. Martin Munson, 813 Sixth avenue S, was fatally burned at his home, June 25, and died two days later.

Robert Jackson was burned to death at 28 Dupont avenue N, August 12. William Young, colored, was burned to death at 1001 W. Nicollet street S, and Vincent Polacek, 2010 Second street N, died Dec. 11, of burns received at his home two days earlier.

During the year there were four deaths in the department as follows: John Henry Lee, died January 12; John Patrick Noonan, killed June 2; Thomas M. Ryan, died December 12, and James Murphy died December 14.

FIRE IN BOX FACTORY

Third in Two Weeks—Owners' Suspicions Are Aroused.

Fire on the third floor of the Coffin box factory on Nicollet avenue early this morning caused a loss of \$2,000. The origin of the fire is unknown, but the loss is fully covered by insurance.

The fire was discovered shortly before 7 o'clock among banana crates. An alarm was turned in immediately, but by the time the fire department had reached the scene the fire had spread. A second alarm brought additional apparatus and after an hour's hard work the flames were brought under control.

Members of the firm suspect that the fire was of incendiary origin. It was the third in the factory within two weeks.

MEETS HERE NEXT YEAR

Grand Chapter of the Order of the Eastern Star.

The next meeting of the grand chapter of the Order of the Eastern Star will be held in Minneapolis next May. The chapter closed its session yesterday in St. Paul and Mrs. Carrie MacCauley, the retiring grand matron installed the following officers:

Mrs. Elizabeth Thomas, Minneapolis, worthy grand matron; H. L. Merrill, Hutchinson, worthy grand patron; Mrs. Evelyn Yould, St. Paul, associate grand matron; William M. James, Breckenridge, associate grand patron; Mrs. Mary C. Taylor, Minneapolis, grand secretary; Mrs. Sarah Melham, Minneapolis, grand treasurer; Mrs. Mary T. Molyneux, Winnebago City, grand conductress; Mrs. Love A. Briley, Crookston, associate grand conductress; Rev. Henry Noble, grand chaplain; Martha Ross, grand marshal; Nettie Merritt, grand organist; Lydia Schlegel, grand adah; Edith Simonson, grand Ruth; Ella Bondy, grand Esther; Gertrude McFarlane, grand Martha; Mary Le Barr, grand Electa; Ella Bowers, grand warden; Robert Ehrenberg, grand sentinel.

A CATHOLIC PRIEST'S SAD END. Galveston, Texas, May 13.—Rev. Michael Fitzpatrick was installed several years ago at Nada as Catholic priest. Cultured and kind, he was worshiped by his people. Among these was a young maiden. A few months ago the priest realized that he was infatuated with his charge. She precipitated the affair by secretly confessing her love. Father Fitzpatrick felt that it would be dishonorable to leave the church. This worked upon his mind, so he ended all by cutting his throat and shooting himself.
