

Provisions, Live Cattle.

THE LOW GRADES TOOK A TUMBLE

PACKING STOCK COULDN'T HOLD UP WITH TOPS DECLINING.

Creamery Extras and Eggs Ruling Steady at Week's Opening Prices—Bad Weather for General Fruit Trade, Strawberries Especially Feeling Effects of the Wet and Cold.

While values on top grades of butter have held to an unchanged range during the week, there has been an undercurrent of apprehension among large receivers that almost any feature might develop, with the chances largely favoring a decline. Minneapolis is notably the same as New York and a cent and a half out of line with natural conditions.

STOCKMEN

We will furnish by wire all leading live stock markets, free of charge, at any of our branch offices.

STEERS RUN POOR AT SO. ST. PAUL

NOT MUCH CHOICE BEEF IN THE PENS.

A Week of Good Trade in the Stocker and Feeder Division—Hogs in Narrow Price Range—Sheep Receipts Moderate and All the Good Lots in Demand at Steady Prices.

South St. Paul, May 14.—Cattle receipts here this week total about 4,000, compared with 3,000 the week before. The corresponding week last year. This week's calf receipts were about 1,400, compared with 1,357 last week and 953 the same week last year. The market on beef and butcher cattle is generally quoted by sellers a little lower than last week on all but the best grades. There have been no good lots of steady receipts and the weakness in the market has been noted principally on the medium and common killing steers and the same grades of cow stuff. Some beef weight of very good quality, but not well finished, sold on Thursday at \$4.50. Butcher and bologna bulls have been of less active and easier sale. The better grades of beef advanced a full quarter yesterday, but the common kinds show no improvement over last week's closing. Good to choice veals are better, selling at \$3.75 to \$4.00.

GENERAL PRODUCE

Official quotations of the Minneapolis Produce Exchange, 120 Exchange Bldg., Saturday, May 14.—Butter, steady. Eggs, steady. Pottery, firm. Veal, weak.
