

# NEWS OF THE NORTHWEST

**MICHIGAN**  
**DRIVES BOOMING; MILLS RESUME**  
MARKED ACTIVITY OF LUMBER PURSUITS IN PENINSULA.

Streams Are High and All Manufacturing Points Will Soon Be Supplied—Lumber Shipments Are Good and Sawing Plants Are Starting for Long Runs.

Special to The Journal.  
Catumet, Mich., May 24.—The drives are coming along nicely and mills are resuming operations in all parts of the peninsula. The streams are high and there will soon be plenty of logs at all manufacturing points.

One of the largest timber deals has been made at Ontonagon. The Ontonagon Lumber and Cedar company has bought 20,000,000 feet of pine logs from the Diamond Match company. The logs are in the Ontonagon river and were cut last winter. The Diamond company will finish the drives. The timber will be manufactured at the new plant of the Ontonagon company. This marks the end of the operations of the match company in Michigan forests.

The shingle and the mill of the C. H. Worcester company at Munising is in operation. After closing down last year supposedly for all time, the Donovan & O'Connor mill at Menominee will open shortly for a full season's run. It will cut a large amount of pine and mixed timber for the Sawyer-Goodman company of Marinette, Wis.

The Mason Lumber company has started its plant at Gladwin. A large stock of logs is on hand and 100 men are employed. Lower Michigan lumbermen who own 40,000,000 feet of hardwood timber near Manistique contemplate erecting a hardwood sawmill at that place. They have secured options on other large hardwood timber tracts near by.

The first crew of drivers to finish in the Menominee country has arrived from Pembine, where it completed work for the Hamilton & Merriman company on the Pemine. The drive contained 15,000,000 feet. The drive of Warren & Spies on the Sturgeon, in charge of A. P. Farrell, has passed through the dam at Foster City. It contains 7,000,000 feet and will arrive at the mouth of the Menominee river in thirty-five days. Hebard & Son's sawmill at Pequaming has started for the season. It is certain that the Nestor estate will operate its mill at Baraga this summer. The mill of the Jerry Madden Shingle company at Rapid River started up a few days ago with a full crew at its own wages.

Lumber shipments have been lively. The steambarge S. M. Stephenson has taken a cargo from Cedar River for the Hines Lumber company of Chicago. The schooner Alice cleared from the same port with a cargo of hemlock for Milwaukee men. The schooner W. O. Goodman left Cedar River with a cargo of cedar ties for Chicago. The tug Neille brought 2,000 cedar poles and ties from N. M. DeHaas' camp, Skaneateles, to the Worcester Lumber company, Chassell. Crawford & Sons of Cedar River shipped a cargo of lumber to Menominee and Spies on the Sea Foam. It was unloaded there and transferred to cars for eastern shipment over the Ann Arbor road. The steamer Earth and battery of the Wisconsin took on lumber at the Hines docks at Menominee for eastern shipment. The steam barge Ashland passed through the locks at Milwaukee on the Wisconsin river. The five vessels are lumber carriers and were bound for Ashland, where they were to take on cargoes.

The Badger Cedar and Lumber company of Koss placed its new plant in commission this week. The N. Ludington company's new mill on the Menominee river will be ready for service by June 5.

**TAXPAYERS REBEL**  
Appeal to Be Taken from Decreased Assessment on the Tilden.

BESSEMER, MICH.—The valuation of the Tilden mine was today lowered by the city equalization board from \$250,000 to \$225,000. Three years ago this mine stood at \$1,500,000, but has been gradually reduced. Taxpayers are disgusted at the action of the board, as it means taxes will be higher than last year, when they were \$4 on every \$100 assessed. The general manager of the steel trust, in insisting upon the reduction, stated that the Tilden was practically exhausted and would close down in a few months. Other taxpayers will appeal to the state tax commission.

A new sawmill is to be built on the D. S. & A. R. L., where it crosses Black river, about three miles southeast of the town of O. Blanchard and associates, of Ohio, are heavy land owners in that section, and have decided to cut their timber and dispose of the land to settlers.

ONTONAGON, MICH.—What is believed to be the most modern and complete sawmill in the upper peninsula is that of the Ontonagon Lumber and Cedar company, which has just gone into commission. It is equipped with two band saws and a thirty-four-inch gang, and has innumerable contrivances for handling logs and lumber economically and expeditiously.

HALSTEAD, MICH.—J. F. Buehler & Co.'s sawmill and lumber-yard were destroyed by fire. Loss \$50,000, with no insurance.

**CRAWFORD'S OLD PLACE**  
Several Candidates for the C. & N.-W. Attorneyship in S. D.

MILLER, S. D.—Colonel John H. King of Huron is authority for the statement that Governor Herrell's Attorney General Hall, Major Stewart and Judge Gaffey have each applied for the position of attorney in this state of the North-Western railway, the place created by Cos. I. Crawford.

Thomas Hook, aged 71, who ran away from his adopted parents several weeks ago, cannot be found. He took a shotgun and it is feared his Alcey has shot himself.

J. C. McNeil, a farmer, was knocked down by lightning, but soon rallied. His buildings were struck at the same time.

**WISCONSIN**  
**FACTIONS AFTER THEIR EVIDENCE**

STALWARTS AND HALFBREEDS PREPARE FOR NATIONAL

Prestige of Senator Spooner and Other National Figures on the Bolting Side Expected to Carry Them Thru—Third-Termers Not Dismayed by the Prospects, However.

Special to The Journal.

Madison, Wis., May 24.—Theodore W. Goldin of Janesville, chairman of the anti-La Follette organization; Attorney M. B. Roseberry of Wausau, who has been endorsed by the organization for national committee man from Wisconsin, and several other leaders of that faction of the party, arrived here last night and this morning to prepare the evidence in their case so that they will be ready to present it to the national committee at Chicago next week. It is expected that the state supreme court earlier. The evidence is intended to prove that the state central committee arbitrarily unseated delegates in order to give the governor control.

The La Follette men also are busily engaged in collecting and arranging their evidence to refute the contention of the opposition. Both sides seem to be eager for an early decision. It is generally thought here that the opposition delegates-at-large to the national convention, headed by Senator John C. Spooner, will have an advantage in point of prestige and favorable acquaintance before the national committee, and it is freshly predicted that they will be seated. The La Follette men, however, do not by any means concede the point.

Major Charles G. Woodward of the United States regular army, who made the federal inspection of the Wisconsin national guard, has reported to the war department. Adjutant General C. R. Boardman of the Wisconsin guard has just received a summary of the report from the national guard.

Major Woodward says that "as it stands to-day the Wisconsin national guard is an efficient organization to be relied upon for an emergency, and capable of taking the field, fully equipped for any service, within twenty-four hours after receiving the order to do so."

Regarding the work of Major Charles R. Williams, quartermaster and acting ordnance officer in charge of the quartermaster's depot and the state military reservation at Camp Douglas, Major Woodward says: "The excellent condition in which all paper and book work was found and the care and attention given to the storage, arrangement and preservation of the surplus property in the storehouses reflect great credit on the officer who is in charge and who has installed the system under which the work is done."

**ALMOST A PANIC**  
Steamer Lion, With an Excursion Party, in a Tight Place.

LA CROSSE, WIS.—While the steamer Lion was making her return trip to this city from Winona on a large excursion party, she was caught in a severe storm, and a panic was spread among the passengers. Captain Wilcox ordered all the people from the barge upon the boat, and then started for the shore in the meantime the waves dashed over the deck. Several women fainted, but no one was injured.

The Pastors' union has decided to have another annual outing next month, in which a baseball team will be organized. A committee composed of Rev. Messrs. Henry F. V. J. K. Fowler and George H. Timmings has been appointed to make the necessary arrangements. Last year the La Crosse pastors played a game with the Milwaukee team, and the opposition team this year has not been decided upon.

The prohibition convention the following delegates were elected from La Crosse county to the state convention at Madison, July 17 and 18: E. M. Ousaka; Rev. W. W. Moore; La Crosse; Thomas Shimlana; La Crosse; E. J. Bidwell; H. G. Wille; Onalaska; E. C. Farnham; Farmington; J. F. Jones; Bangor; J. W. Moore; W. H. Hittner; Iowa; Onalaska.

The fifth annual convention of the La Crosse County Woman's Christian Temperance union will be held in this city May 26 and 27.

**BIG HOLE IN JAIL WALL**  
Prisoners Worked a Week for Their Freedom Before Discovered.

SUPERIOR, WIS.—Two attempts have been made to escape from the workhouse of Douglas county, at Rockmont, a few miles below the city. The first was made by the entire thirteen prisoners. The ringleaders promised to bring this about by cutting a big hole thru the brick wall, being able to get behind a door and start this work out of sight of the guards. They had been working at the place a week when they were discovered by Keeper Johnson, who found they had the hole almost finished.

Yesterday four men were caught trying to saw bars off the window. They had a table and a piece of soap and had one bar cut. The ringleaders were put in the dungeon.

It is expected that the deal for the lease of the Porton, Kimball & Barber mill will be completed in a few days.

**RACINE, WIS.**—Captain Thomas I. Porter of the United States secret service, arrested Dr. William Adkin, of this city, on a charge of counterfeiting.

**SALEM, S. D.**—The following will be graduated from the public school on Friday evening: Julia M. Werner, Bettram D. Bell, W. H. Barabart, John Butler, Walter Crowhurst, Walter Barabart, Mabel S. Kogale and Delilah Osterberg. An important feature will be an address by State Superintendent Nash. The baccalaureate sermon was preached by Rev. David Oster of Parker, on Thursday evening last in honor of the new class.

**HUMBOLDT, IOWA.**—While plowing, the young sons of S. Rogers and the 8-year-old son of Otto Wolsinger, aged 12, were called to the effects of poisoning. Several doctors were called but time was lost and the boys died. One of the boys had stopped beating. To-day the boys are buried. The cause of their sickness has not been determined.

**DES MOINES, IOWA.**—Three women, each claiming to be the legal wife of Contractor Dubois, who died in 1898, have mutually agreed upon a division of the estate valued at \$1,000. Mrs. Dubois No. 1 was living with Dubois at the time of his death. Mrs. Dubois No. 2 comes from New Orleans, and Mrs. Dubois No. 3 from Denver.

**IOWA FALLS, IOWA.**—Charles E. Pickett of Waterloo will deliver the Memorial Day address in this city. The park commission has employed a landscape artist and work will be commenced on the coming week.

**DUBUQUE, IOWA.**—The Dubuque Shippers' association, recently organized for the purpose of preventing dealers from raising rates, has elected Rev. B. Martin of St. Paul to take charge of its affairs at a salary of \$3,000 a year.

**MASON CITY, IOWA.**—Ninety head of cattle were killed in a week's time by severe cold and they had removed a rail from the track, and it was not noticed until too late for the engineer to stop the train. He was badly injured.

**TWENTY-FIVE YEARS OLD**  
Grand Forks Presbyterian Church Celebrates Its Anniversary.

GRAND FORKS, N. D.—On Sunday and Monday the First Presbyterian church celebrated the twenty-fifth anniversary of its birth. The services on Sunday morning were planned with a view to giving proper emphasis to the fact, there being special musical exercises and an address on the history of the church by R. M. Crothers. Last night supper was served in the new dining room of the church to over 300 members and guests, and at the close the company adjourned to the auditorium, where toasts were in order. D. McDonald, the oldest elder of the church, presided. Rev. J. K. Burdette of Episcopal church spoke on "The City Pastors," and remarks were made by Rev. E. C. Conroy, first Dr. Brown, Mrs. Prouty, D. W. Lake, President Merrill of the university, Professor Brannon and Rev. F. Hay.

**IOWA**  
**MERCHANT POLICE ROBS A STORE**

A SCHEME TO DRUM UP NEW BUSINESS.

Cedar Rapids Grocer Could Not See the Point and Lodged the Culprit in Jail, Where He Tried to Kill Himself—Robbing Reported to the Proprietor by the Officer-Thief.

Special to The Journal.

Cedar Rapids, Iowa, May 24.—Joseph Nickville, a member of the merchant police force, tried to convince a grocer that his name ought to be on the list of patrons of the merchant police by breaking into the store, robbing the till and then reporting the robbery to the proprietor. He was arrested and then tried to commit suicide by beating his head on the cement floor of his cell. He will recover.

The opinion of General Mullan that a member of the city council may do city work that comes to him in the ordinary course of trade without violating sections 24 and 25 of the code, is questioned here for the reason that section 23 of the special charter of the city of Cedar Rapids says:

"No member of the city council shall be eligible to any office within the gift of the council, during the term for which he is elected; nor shall he be interested, directly or indirectly, in the profit of any contract, or job of work, or service to be performed for the city."

The language of the code is not so far-reaching as this section of the special charter of this city and the opinion of the attorney general is that the code only prohibits conclusion from entering into contracts for work done for the city. This may be true as regards other cities in the state, but it is questioned here.

**MAC LEAN REITERATES**  
Regents Have Never Broached the Subject of His Resignation.

IOWA CITY, IOWA.—President MacLean continues to take the attacks made on him in the Iowa press in a calm manner. He declines today to speak at any length on the subject, simply saying that the whole affair had been threshed over too often to require further discussion. He said, however: "It is totally untrue that the regents have broached the subject of my resignation, or that I have in any fashion offered to resign. I have never resigned to Governor Cummins, but I have resigned to the regents. My resignation from the post of state geologist has nothing to do with my work in the university. I simply resigned to get more time to devote to my private business during vacation. My resignation was connected with the university thirty years ago."

Dr. Samuel C. Smith, state geologist, who sent his resignation to Governor Cummins last week, said: "My resignation from the post of state geologist has nothing to do with my work in the university. I simply resigned to get more time to devote to my private business during vacation. My resignation was connected with the university thirty years ago."

**MUCH STOCK KILLED**  
Wreckers Derrail a Fast Freight on Milwaukee Road Near Spencer.

SPENCER, IOWA.—A serious railway accident occurred on the Milwaukee road about nine miles west of this city. A fast freight train bound for stock train was derailed and eleven men were killed. The train was derailed by a wrecking train which was derailed by a wrecking train. It is thought that some miscreant unbolting two of the rails for the purpose of wrecking the train. This was indicated by finding the bolts in the joints of the rails.

Spencer is preparing for a carnival, commencing June 18. An elaborate program has been prepared. Among the attractions are the electric theater, glass blowing, and a variety of other amusements. The high school commencement exercises are in progress. The baccalaureate sermon was delivered by Rev. J. H. Conroy of the Congregational church. On Wednesday night the high school commencement exercises were held on Friday night commencement exercises were held on Friday night.

**LIVE STOCK ARISTOCRATS**  
Two Loaned Iowa State College by Patrons in the East.

AMES, IOWA.—The Iowa state college has recently received some additions in fine stock. The gifts include a pair of prize-winning Jersey and Thoroughbred Perfection. The former is a rare young pedigree stallion of international fame, bred and owned by McKay Brothers of Janesville, Wis., and loaned to the college free of charge as a memorial to the great work being done for the live stock industry of the country. Thoroughbred Perfection is a beautiful Hereford calf, bred by the great Perfection, champion over all Hereford sires of America.

The strange disappearance of Martin Sorenson, formerly a butcher in this city, has caused alarm. He left Ames the first of June for Denver. He remained there but three days and returned to Ames the next day. He was found at three or four days' travel back to Ames. Since that time no word has come from him.

**EAGLE GROVE, IOWA.**—John McGee has been ordered under arrest with keeping a gambling house and running a tipple. McGee was arrested by the division of the proceeds of the previous year. McGee was arrested by a train for Fort Dodge, but was arrested there and brought back.

**HUMBOLDT, IOWA.**—While plowing, the young sons of S. Rogers and the 8-year-old son of Otto Wolsinger, aged 12, were called to the effects of poisoning. Several doctors were called but time was lost and the boys died. One of the boys had stopped beating. To-day the boys are buried. The cause of their sickness has not been determined.

**DES MOINES, IOWA.**—Three women, each claiming to be the legal wife of Contractor Dubois, who died in 1898, have mutually agreed upon a division of the estate valued at \$1,000. Mrs. Dubois No. 1 was living with Dubois at the time of his death. Mrs. Dubois No. 2 comes from New Orleans, and Mrs. Dubois No. 3 from Denver.

**MONTANA**  
**STATE FIGHTS LABOR'S BATTLE**

COAL MINING COMPANY'S SUPERINTENDENT ARRESTED.

Unions Proclaim a Signal Victory in the Apprehension of Pettigrew by Order of the Attorney General—Merits of the Dispute Before President John Mitchell.

Special to The Journal.

Butte, Mont., May 24.—Attorney General James Donovon has caused the arrest at Red Lodge, Mont., of Robert Pettigrew, general superintendent of the Northwest-ern Improvement company, on a charge of violating the code. This arrest had not been engaged by any member of the company. Pettigrew was released on a \$500 bond and his hearing set for June 1. The outcome will be watched with the greatest interest by the unions of the northwest and the arrest of Pettigrew at the instigation of the attorney general of the state is regarded as a signal victory for them. The merits of the dispute are before President John Mitchell of the United Mine Workers of America.

The arrest of Pettigrew is the outcome of the trouble which caused the recent strike of 600 miners in the mines here. The Northwest-ern Improvement company operates all of the coal mines of the state. Its principal offices being at Tacoma and St. Paul.

Dr. Samuel C. Smith, state geologist, who sent his resignation to Governor Cummins last week, said: "My resignation from the post of state geologist has nothing to do with my work in the university. I simply resigned to get more time to devote to my private business during vacation. My resignation was connected with the university thirty years ago."

**MINNESOTA**
