MICHIGAN TAX INQUIRY PUT UNDER WAY

MARQUETTE WOULD MAKE MINNESOTA COMPANIES PAY.

Assets of a Million Said to Be Controlled by Concerns Which Transact Business in the North Star State and Maintain Head Offices in the Upper Peninsula City.

Special to The Journal. Marquette, Mich., May 27.—An investigation has been started by city officials as a result of which it is hoped to place several companies, which apparently confine their operations to Minnesota, on the assessment rolls.

The concerns in question are the Lake Superior company, the Swan River Logging company, the West Missabe Land company, the Wright Land company, the Davis Land company, the Northern Employers' Investment company, the Wells Land company and the Stone Land company. All are limited partnerships and it has recently developed have had their head offices in Marquette over a year. They carry on no business here beyond the details of the annual organization. Together they control goodly assets, said to be over \$1,000,000, and it is determined the exact amount of these and what proportion are taxable in Marquette that the present inquiry has been instituted.

Should the companies not comply with requests for the information desired, they will be put on the roll for amounts considered fair and taxes levied.

BESSEMER'S VALUATION

Net Reduction of \$114,000—Citizens to Appeal from Board's Action.

BESSEMER, MICH.—After a long and stormy session the board of equalization adjourned this morning. The several miles of the city stand equalized as follows, being a net reduction of \$114,000 from last year: Eldon, \$27,000; Palms, \$27,250; Colby, \$35,000; West Colby, \$40,000; Ford's Post, \$6,000; Vienna, \$8,000; Electric Light company, \$18,000; total, \$407,250.

FOUR GENERATIONS OF OLD N. Y. FAMILY MEET AT GRAFTON, N. D.

—Photo by Ball & Fryklund, Grafton, N. D.

A notable reunion took place at Grafton, N. D., at the home of W. R. de Puy, when representatives of four generations gathered in honor of the visit of the host's mother, Mrs. W. H. de Puy of New York city. Altogether, her physical strength and vigor are remarkable, and with her mental faculties unimpaired she has promise of a goodly number of years.

Her husband, who died in 1901, at the advanced age of 80, was an eminent lawyer, editor and author. Her son, W. R. de Puy, representing the second

generation in the above illustration, is a lawyer of Grafton, and is 59. His son, H. C. de Puy, representing the third generation, is 35, and is also an attorney of ability, located at Minot, N. D., of which city he is the mayor. His infant son, William, represents the fourth generation.

The de Puy's come of old French Huguenot stock, their ancestors having settled in New York in October, 1662. There they continued to reside in unbroken succession for 250 years, when, in 1892, W. R. de Puy and his son, H. C., moved to North Dakota.

NEW MINING PROJECT

Warren Peak Mines Company Organized by Black Hills Men.

HILL CITY, S. D.—The Warren Peak Mines company has been organized for the purpose of developing 100 acres in the Bear Lodge district. The officers elected are: Engineer, Rockwell; president, George W. Beck; vice president and treasurer, C. G. Calkins; secretary, J. W. Calkins; manager, Charles H. Tibbitt; and Edith McDonald, constitute the board of directors.

Outcroppings of several veins of copper, silver and the assays run about \$10 a ton in gold. The little town of Warren Peak, where the mine has been started. The ore runs high, much of it going better than \$20 a ton. The tallings are being stored in a large pile, and it is stated that a new shaft was recently put down which has been completed and is being used for the purpose of building a large mill.

Professor F. H. Long of Chicago has arrived from the east with some capitalists, who have an option on the Bullion mine at Keystone. The workings have been explored and it is stated that a new shaft will be concentrated on the electric-cyanide plant at Mystic and it is planned to use the ore from the Bullion mine to the mill at Mystic and treat it by the new process.

A. D. Arundell of Minneapolis has a large force of men working at the Lena mine. This was worked for a time by W. H. Russell and associates of Minneapolis, who lost the vein when it dipped out of the shaft. The new prospectors have found the vein and it carries high-grade ore.

MONTANA PLOT TO EXTORT, SAYS WHITFORD

FORMER BUTTE MAYOR'S SUIT IS SENSATIONAL.

He Leaves for Los Angeles to Prosecute Miss Driscoll, Declaring There Is No Baby in the Case and that the Woman Is Aided by Two Other Blackmalls.

Special to The Journal.

Butte, Mont., May 27.—Dr. O. B. Whitford left for Los Angeles yesterday afternoon, where he will push the prosecution of Miss Bessie Driscoll, whom he had arrested for an attempt to wring \$50,000 blackmail money from him. Whitford declares his determination to fight the case to the end, averring that he has been the victim of one of the most diabolical plots ever hatched. He says he has had several Pinkerton detectives shadowing the Driscoll woman for some time, and they have been unable to find any trace of the baby which figures in the case. He declares its existence is a myth, and he charges a well-known woman and man with being implicated with Miss Driscoll in an attempt to bleed him.

Before leaving Whitford acknowledged that he had given the girl \$5,000 in installments to keep her quiet. Instead of \$3,000 as first reported, he says he was induced to give her this amount for fear the shock of her allegations would prove fatal to his wife, who at the time was critically ill.

Miss Driscoll made her first demands shortly after Whitford had completed the sale of some mining property in this city to the Pittsburg Montana company for half a million dollars. When the woman demanded \$15,000 after giving him a receipt in full for all claims, and threatening to come to Butte and give the baby to the doctor's wife, then committing suicide and leaving a note explaining all, Whitford concluded it was time for him to act, and he asked the Los Angeles authorities to arrest her.

The case has caused a sensation in this city. Dr. Whitford was once mayor of Butte, and no physician in the northwest occupies a more exalted position than he. The woman's hearing is set for next Tuesday.

IRONWOOD, MICH.—At the republican senatorial convention for the 32d district, Senator Charles Smith of Houghton county was nominated for the fourth time without a dissenting vote to succeed himself.

IOWA REMAINS SOLD TO A COLLEGE

IOWA MAN'S BODY FOUND AFTER A LONG SEARCH.

Papers in McDole's Pockets Gave His Name and Address, but No Effort Was Made to Apprise His Relatives—St. Louis Hospital Authorities May Be Sued for Damages.

Special to The Journal.

Cedar Rapids, Iowa, May 27.—E. J. McDole of this city, formerly a well-known passenger and ticket agent for the Burlington, Cedar Rapids & Northern, and lately a land agent, died at St. Louis under strange circumstances, and his wife has just returned from that city after some heart-breaking experiences out of which may grow a suit for damages against one of the St. Louis hospitals. Falling to receive a letter from her husband at the usual time, she made inquiries and instructed her son-in-law to search the hospitals. Eventually he found trace of the remains and tracked them to a medical college, to which the hospital authorities had sold them. They were recovered only after death.

In Mr. McDole's pockets were papers giving not only the name and address of the firm by which he was employed, but also his home address in Cedar Rapids. The trial of young Dague Thompson of Ames, charged with the attempted murder of his sweetheart, Pearl Jones, by shooting her with a penknife, is the most sensational that has been held in the district court of this county for years.

In the cross-examination this morning, Miss Jones made many sensational admissions regarding her relations with the young man. Some of her letters to him were also read. The courtroom was packed.

APPLY TO CARNEGIE

Des Moines District Methodists Ask for \$25,000 for Hospital Fund.

DES MOINES, IOWA.—The Des Moines district conference of the Methodist Episcopal church has addressed an appeal to Andrew Carnegie for \$25,000 to be used in the erection of a new \$250,000 hospital in this city. The new building is a proposed addition to an already flourishing institution. The conference proposes to raise the balance of \$20,000 if Mr. Carnegie can be induced to subscribe \$25,000.

Governor Cummins has pardoned W. H. Coleman, a folk county criminal, because his wife is dying and he is a father of five children. Coleman was serving a six-month sentence for burglary.

Adjutant General M. H. Byers has located two new national guard companies in Iowa. Ames, Iowa, company, has been organized by the Ames, Iowa, company, and is to be organized at Glenwood, mustered out of the Fifty-fifth regiment, Rock Rapids, Iowa, and other organizations in the Fifty-fifth regiment.

Frank Bradley of Des Moines has been appointed factory inspector. The appointment is made by the state labor commissioner, and there were fifty applicants. It is made under the new law giving preference to old soldiers equal with equal qualifications. Bradley has a long record of military service.

CHARLES CITY, IOWA.—The Lutheran celebrated the twenty-fifth anniversary of the pastorate of Rev. E. Caselman with a banquet, at the Hotel Hamilton, here, last evening. Rev. Mr. Fuchs of New Hampton, Rev. Mr. Helman of Chicago, Rev. Mr. Granting of Ames, and Rev. Mr. Caselman, for 1900 was presented by Rev. Mr. Caselman.

DUBUQUE, IOWA.—Donald Henderson, nephew of former Speaker Henderson, died from a gunshot wound received while hunting near San Diego, Cal.

SOUTH DAKOTA A WISCONSIN COLONY

Township in Stanley County Named for the County of La Fayette.

PIERRE, S. D.—George K. Mills, one of the leaders of a Wisconsin colony, near Hayes, Stanley county, was in this city yesterday. He has returned to Wisconsin, to bring back his family and other members of the colony. He says the ground has been organized into a township, giving it the name of the old home county in Wisconsin. The Wisconsin colony, which is now settling in the township, are Peter Baker, chairman; Richard Newman, clerk; George K. Mills, treasurer.

The supreme court today has granted John Francis Sheehan of Ipswich on a certificate from the Wisconsin colony. The secretary of state's office reports a rush of applicants for notarial commissions coming from the southern part of the state, especially from the sections near the Rosebud country. Residents there are applying for commissions as residents of other states, who say they expect to go to the Wisconsin colony.

The secretary of state has commissioned Dr. H. R. Gunderson of Belle as assistant surgeon of the National Guard. He has also appointed James R. Carson of Custer as game warden of Custer county.

The new settlers in the country west of the Missouri are organizing school townships all over the territory, and are concentrating on building houses to accommodate their children. This will mean an increase, one of the things which the large cattle owners will be glad to see, as long as possible, and which will in itself mean a new era in the history of the territory. Settlers, wire fences and school taxes are changing the country west of the river.

ELY LAKE LAND DISPUTE

1,200 Acres, Once Reported as "Water," Returned by Last Survey.

TWO HARBORS, MINN.—Another chapter in the celebrated Ely Lake land dispute, which has been in the courts twelve years, has just been written. E. J. Favoco, who is employed by the land department, has finished a resurvey. He has found that 1,200 acres, which were reported as "water" under the survey of Howe, made many years ago, have been added to the tract by the great surge of water which occurred in 1887. The land commissioner at Washington and it is considered that the land is now in the hands of the state. It is asserted that some of the township lines have been changed in a manner which is likely to lead to a hard-fought controversy to make objection, and argument will be made before the department officials.

The lands in dispute are valuable, not only for timber, but because of evidence of pay dirt in goodly quantities. Settlers have acquired them and have won out in their contention before the United States supreme court, and as soon as the land department finally approves their resurvey they will be entitled to prove up.

AUSTIN'S MEMORIAL

F. M. Wilson of Red Wing to Deliver the Oration.

AUSTIN, MINN.—Arrangements are completed for the observance of Memorial Day by McIntire post, G. A. R. and citizens generally. The exercises will be held in the city park. Red Wing and Lincoln's Gettysburg address will be read and in the afternoon the graves of all Red Wing soldiers who died in the war will be visited. The memorial Sunday sermon will be preached in the Congregational church next Sunday afternoon. A meeting of the farmers of this part of the county will be held at Red Wing Wednesday afternoon to consider the matter of closer organization.

The rates of Tuesday and Wednesday brought joy to the farmers. The hay crop is well assured and small grain is coming forward satisfactorily. Corn is coming up nicely. John H. French has been elected county commissioner in the fourth district to complete the unexpired term of P. O'Malley, deceased.

MINNESOTA LOW PRICES FOR STANDARD ORE

MINES CLOSED DOWN WHEN THEY HEARD THE NEWS.

\$2.85 a Ton Only for Cleveland Delivery—Other Mesabi Properties, However, Begin Hoisting—Delay in Shipments Felt at Eveleth and Particularly on the Menominee Range.

Special to The Journal. Duluth, Minn., May 27.—Some sales of standard ore, valued at \$2 million and 640 phos, have been made this week for \$2.85, Cleveland delivery. On receipt of this information, well-authenticated, an additional 100,000 tons of ore were hoisted, and more would if it were possible.

The Oliver Iron Mining company has resumed construction on its great ore crushing plant at Escanaba. It is scarcely possible that this plant, which differs in magnitude and many other points from any now in existence, will be running by the end of this year. It is designed to crush hard ores from both the Menominee and Marquette ranges for the United States Steel corporation.

Hoisting begins at several Mesabi properties, in spite of the unsettled state of the controversy between the lake carriers and their captains. Among the mines to start up have been the new Yates of M. A. Hanna, A. Co., near the village of Buhl, in section 21-58-19. This mine has been under development all winter and is prepared for extensive shipment.

It is reported that the state of Minnesota and the state of Iowa have agreed to pay a royalty to the state school fund, Kinney mine of the Republic Iron and steel company, has resumed hoisting ore from its peeling pit, in preparation for a considerable shipment. This mine was a serious disappointment to its operators last year, but it is hoped that by more careful work a better product will be secured hereafter.

Higgins mine, operated by the Oliver Iron Mining company, has just passed its minimum output of 100,000 tons of pure ore. It is to be moved from the mine in the course of a stripping contract now under way. Pitt Iron Mining company has reopened the Hill mine at the end of the Mesabi. Enormous stock piles are on surface at the mines at Eveleth, which cannot be moved until navigation is well under way.

Lack of Shipping. On the Menominee range the delay in shipments has worked havoc. All the large properties are letting out men, as they can mine but little more before closing their operations. The smaller properties have reduced forces. At Traders, which started up for the season last week, they have not more than 100 men. They were obliged to close for lack of shipping facilities. Mansfield is closed down tight. Loretto, reported closed, is still running with 175 men employed.

Champion mine, which has just passed its minimum output of 100,000 tons of pure ore, has been an important mine of the Marquette district, and has now more ore in sight than at any previous time in its history. It is hardly probable that the mine will resume this year. It is stocked ore in quantity, and there is no special demand just now.

BOY SAVES A LIFE

Fifteen-Year-Old Duluth Lad Eligible to Share of Hero Fund.

DULUTH, MINN.—Freeman H. Randall, a 15-year-old schoolboy, dived fifteen feet from a bridge and saved the life of a companion, Charles Hundy. The latter fell from the bridge and Randall observed that he was stunned by the fall and was sure to drown unless assisted. Without waiting to remove even his coat, Randall plunged in and helped Hundy out.

After floating about the bay for two weeks, the body of Axel Leonard, a bartender, was fished out of a ship last night. He was discharged from his employment on account of drink, and began buying and selling notes and mortgages. Approximately \$20 in gold-edged notes were found in his pockets. His death was accidental.

CARSON JURY DISAGREED

Noteworthy Trial for Arson in District Court at Olvina.

OLVINA, MINN.—In the case of the state against Hugh Carson, charged with arson in the first degree for the burning of the Roseville roller mill at Fairfax, Minn., on the morning of Feb. 4 last, the jury, after being out for eight hours, disagreed, there being seven for acquittal and five for conviction.

County Attorney Frank Murray, as assisted by A. V. Bieks of Fairfax, and Albert H. Hall of Minneapolis, the attorneys for the state, were A. L. Young of Gibson, Minn., and Frank Nye of Minneapolis. The trial lasted over a week and over fifty witnesses were subpoenaed.

DETROIT, MINN.—The bill of the Lake Park case was robbed of \$55. The burglars forced open the skylight—Memorial day will be observed here. The funeral program will be carried out in the afternoon the feature will be an oration by F. H. Peterson of Moorhead. Moral services will be conducted by Rev. Mr. McKee at the M. E. church Sunday morning.

KABSON, MINN.—Funeral services were held at the M. E. church this afternoon over the remains of little Emma Board, who died at St. Mary's hospital, Rochester, on Tuesday. these two women speak for more than half a million other women cured by the skill of Dr. Pierce and by the use of his "Favorite Prescription." There is no alcohol in "Favorite Prescription," neither has it any opium or other narcotic.

"Two years ago I began to gradually lose my health," writes Mrs. Nellie D. Shattuck, Vice-President Bathed Society, 6 Gardner Street, Worcester, Mass. "Became nervous, lost my appetite, and it seemed impossible to obtain a good night's rest. I became emaciated, hollow-eyed, and suffered with frequent heart palpitation. Complexion was bad and 'muddy' looking and I had a heavy, greasy coating on my tongue. My head lost its charm; did not care to live, without health is simply a living death. Dr. Pierce's Favorite Prescription changed all this. It came as a blessing into my home; I felt better in a short time after starting to use it, and within a month I was like another woman. New life, health and vigor returned and my husband fell in love with me all over again, and a new light and happiness came into my life. Your medicine did all this for me, and it is certainly worthy of praise."

"I was a great sufferer for six years and doctored all the time with a number of physicians but did not receive any benefit," writes Mrs. Geo. Sogden, 641 Bond Street, Saginaw (South), Michigan. "I had given up all hope of ever getting better, thought I would write to you. When I received your letter telling me what to do I commenced to take your 'Favorite Prescription' and follow your advice. I have taken ten bottles in all, also five vials of the 'Pleasant Pellets.' Am now regular after having missed two years and suffered with pain in the head and back. I was so nervous, could not eat or sleep. Now I can thank you for my recovery."

YOUNG MARRIED PEOPLE should read the "Common Sense Medical Adviser." Send to Dr. R. V. Pierce, Buffalo, N. Y., or one-cent stamps, for the book in paper, or 31 stamps for a cloth-bound copy.

Backed up by over a third of a century of remarkable and uniform cures, a record as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

WHEN LOVE INVITES The woman follows the man of her choice though the path leads out of Eden into a world untrod and untried. What is her reward? Many a time when her world is broken by the burdens she has borne for the man's sake, her reward is to see him turn from her to seek rosiere cheeks and brighter eyes. It is man's nature to crave beauty in the wife as in the maid. And what checks with health's carriage, and woman is there, who would not be happy to keep her maiden bloom when motherhood has crowned her wisely happiness? Some women seem to have found this secret of perpetual youth.

"Age cannot wither them." They have learned that fairness of face and form depend upon the health, and that the general health depends upon the local womanly health. They establish regularity of the periods. They dry the disagreeable drains which draw the luster from the eyes and the vermilion from the lips as well as sap the body's strength. They quench the internal fires of inflammation in which the very elements of beauty are consumed. They heal the ulcer which gnaws into the very life. They walk the world as wonders—women exempt from the sacrifice to love. How have they done this? By the use of Dr. Pierce's Favorite Prescription, which makes weak women strong and sick women well. It matters not how weak the woman is, or how sick she is, "Favorite Prescription" will cure the womanly ills that vex her; will round out the sunken curves of her form, put light in her eyes, that her cheeks with health's carriage, and make her a glad and happy woman. Hundreds of thousands of women testify to the truth of these statements. Let every aging woman read the two testimonials given below and remember that

We guarantee that Dr. Pierce's Favorite Prescription does not contain alcohol, opium, or any harmful drug. It is a pure compound of medicinal plants scientifically combined. Persons making false statements concerning its ingredients will be prosecuted.
