In Labor's Field.

FIXES LIABILITY OF EMPLOYERS

FEDERATION COUNCIL INDORSES EMPLOYERS' LIABILITY ACT.

Report to Be Presented to the State Convention Will Be Read Before Council Meeting Sunday, June 5—Council Has Handled \$6,000 for Striking Mill Employees.

The Federation Council met Sunday afternoon at Alexander's hall. Representatives from the Carpenter's District Council presented the proposed employers' liability act for action. It was indorsed and the federation will be asked to give it similar treatment at the approaching convention. The local Boot and Shoe Repairers' union will not be allowed to affiliate and Secretary McEwen was directed to return the fee paid in by that organization. The annual report of the secretary of the council, John Strom, was partially reviewed, showing a successful year's work. In connection with the strike fund of the mill employees, the council handled almost \$6,000, collected from state unions and turned over to the officials of the International Mill Employees' union in this city. Three hundred and fifty unions are now affiliated with the state body, with an estimated membership of 35,000. The council will hold a special meeting in St. Paul, Sunday afternoon, June 5, at Federation hall, at which

time the report to be presented to the New Ulm convention will be completed.

CONVENTION OF BAKERS

Unions of State May Get Together Late in June.

Plans are under way to hold a state convention of unions of the baking craft in Minneapolis, St. Paul and Duluth will meet in St. Paul tomorrow night in an endeavor to make all the preliminary arrangements for a grand rally of the members of the state unions in the latter part of June. Messrs. Woods, Brown, Sorenson, Parsons and Sinton will represent the local union in the conference. The union has completely recovered from the effects of the late disastrous strike, and is in good shape in every way. At the last meeting it was reported that twenty-two employers had signed the union contract for the coming year. A number of international organizers have been exerting their efforts in behalf of the union in different parts of the state, with the result that the craft is now well organized and is gaining steadily. Minneapolis and St. Paul have had their share of attention from the organizers, and the work will be continued. The members are enthusiastic over the idea of the proposed state meeting. Minneapolis may entertain the convention.

Label League Entertainment.
The Minneapolis Woman's Union Label League held its regular meeting last night at A. O. U. W. hall, with a large attendance. It was decided to give an open meeting and entertainment Wednesday evening, June 8. The entertainment will be musical and literary. Good speakers have been secured. The public is invited. Less the Sinton was elected delegate to the International Label League convention, which will be held at Niagara Falls on June 7.

MAY GO IT ALONE
Bartenders May Organize a New International Union.

Frank Hoffman, delegate from the local Bartenders' union to the international convention at Syracuse, N. Y., made a report to his union Monday evening. The convention was a great success, and the next session will be held in Kansas City, the second week in May, 1905. The international union is composed of cooks, waiters and bartenders, but the latter are talking of pulling away from the others and forming a separate union. There are several reasons why the bartenders favor "independence," not the least of which is the fact that the hotel and restaurant portion of the international union is frequently involved in strikes which are a source of expense to the bartenders, who do not resort to the strike method of winning labor con-

troversies with their employers.

A committee from the local union is engaged in raising money by subscription among the members, to go to the relief of the William Lockwood family. It is said that a handsome sum will be realized. Mr. Lockwood was a member of the Bartenders' union and was a delegate to the Trades Assembly from that union. At the time of his death, he was vice president of his union.

WILL GO ABROAD
Mitchell and Dadds Soon to Start for Europe.

President John Mitchell and William Dadds of the United Mine Workers of America will leave June 11 for Europe. President Mitchell and Secretary Dadds of district No. 5 were chosen delegates to the International Congress of Mining by the Mine Workers' convention last winter and will make an exhaustive study of labor conditions in Europe and Great Britain before returning to America.

Will Pay a Sick Benefit.
After the regular business meeting of the Team Drivers' union last Wednesday evening, a social session was held. State Organizer A. E. Walton gave an address. Business Agent Burdick of the Ice Wagon Drivers' union also spoke. Refreshments were served. The team drivers are endeavoring to secure the co-operation of the Team Owners' organization in an endeavor to better conditions, and a committee has been appointed to meet a similar committee to confer upon matters in which both unions are mutually interested. The amendment to the bylaws providing for a sick benefit was adopted.

The Early Bird.
Duluth will try to secure the 1905 convention of the State Federation of Labor, and, judging from the number of delegates being elected by the state city unions, will stand a good chance of success. At most every union is sending the full quota, and many familiar names are to be seen upon the list of those already chosen. Other places will be in the race and it is yet too early even to guess which will win. Minneapolis unionists are not opposed to Duluth.

LABOR NOTES.
Circulars printed by order of the California Federation of Labor warning workmen to stay away from California, are being received by local labor bodies.

St. Paul Ice Wagon Drivers' Union has affiliated with the State Federation of Labor. A. E. Walton was elected delegate to the New Ulm convention.

Typographical Union, No. 20, St. Paul, elected officers last week as follows: President, T. F. Thomas; vice president, C. S. Toussley; recording secretary, W. G. McCarthy; secretary-treasurer, R. C. Wilson; delegates to I. O. O. F. convention, Henry Gottlinger and M. J. O'Keefe. For president of the international union, No. 59 gave Charles E. Hawkes a majority of sixteen over James J. Leahy.

The advisory board of the St. Paul Trades Assembly is proving its worth by the manner in which it is handling matters referred to it. At the last meeting of the assembly the board re-

ported upon two disputes, making recommendations in regard to both, which were adopted.

Charles E. James, Gus Paulson, Miss Katherine Brown, W. Douglas and F. E. Hoffman will represent the St. Paul Trades Assembly in the convention of the International Union of Carpenters' Union, No. 7, elected delegates to the State Federation of Labor as follows: Philip Carlin, J. Morrison, C. O. Johnson, W. J. Green and H. G. Wehali.

John J. O'Brien and John Veight were elected to represent the Billposters' Union in the St. Paul Trades Assembly.

Typographical Union, No. 42, is arranging for an excursion and picnic to be held this summer.

The Iowa Pressmen's Union elected James H. McNally a delegate to the State Federation of Labor. The Press Assistants' Union will send G. A. Moore and O. A. Kohlsaat.

President M. E. Neary of the State Federation of Labor is at work upon his annual report.

The injunction case against the officials of the International Union of Flour and Cereal Mill Employees, brought by members of the Chicago Union to prevent a revocation of the charter of the latter union, has been dropped. The A. F. of L. has indorsed the action of the officials of the union in the matter and it is thought the last has been heard of the difficulty.

A High Compliment.
S. S. La Savioe, On Board, May 4, 1904.—To the President of the Board of Directors of the Compagnie Generale Transatlantique, Paris.—Gentlemen: The ladies and gentlemen, passengers on board La Savioe, whose names follow, beg to tender their thanks for the very excellent initiative you had when you placed on board an orchestra composed of artists as gifted as the ones we had the pleasure of hearing during our voyage, which was only too short.

They also avail themselves of this opportunity to state how every one on board did his utmost to render the trip as agreeable as possible, and they are only too happy to communicate to you their sentiments on this subject. Very truly yours,

About fifty signatures follow, among which are, the Archbishop of St. Boniface, Madame Emma Calve, Charles Lazard, John Wanamaker.

The Only Line With a World's Fair
This refers to the Minneapolis & St. Louis railroad, and means—
First—The shortest route.
Second—The most comfortable route.
Third—Two fine through trains direct to the gates of the fair.
Fourth—A saving of about three hours in time.
Fifth—You avoid the crowds at the Union depot and on the street cars.
Sixth—You save money by being landed just where you want to go.
There are many other reasons, but "a word to the wise is sufficient."
For excursion tickets, berth reservations and a complete guide to the fair, call on J. G. Rickel, city ticket agent, No. 4 Washington avenue S., Minneapolis.

Excursions for Decoration Day.
Soo Line will sell round trip tickets at reduced rates to fishing resorts along its line. Bass fishing opens May 29. Get particulars at ticket office, 119 So. Third St.
