WHAT'S BECOME OF T. C. PAVILION?

No One Knows When It Will Be Completed or Dedicated.

When will the twin city pavilion at the world's fair be dedicated? No one knows.

When will the pavilion be completed? No one cares.

If any one in the twin cities knows whether or not the twin city pavilion in the model city at the world's fair in St. Louis has been completed or not, that person is hard to discover.

Mayor Haynes says that he knows nothing as to that point. President D. P. Jones of the city council has no information and Alderman F. L. Schounmaker says that he neither knows nor cares.

SOUGHT "THE BANK"

Impetuous Young Men Found Memorial Day Rather Expensive.

Minneapolis pawnbrokers are keeping secrets that 134 young men would hate to have made public. These young men were watching Memorial Day, that they might have spending money to last thru the day, and if the usual percentage of redemptions holds good, more than thirty of the watches will be returned to their owners.

DRUGGISTS MUST BE CHARY.

They Sell All Kinds of Hair Preparations and Fear to Discriminate.

Druggists sell all kinds of hair preparations, and as a rule they are wisely chary of giving preference to any particular one, but many of them have come out plainly for Newbro's Herpicide, the new treatment that absolutely kills the dandruff germ.

WHAT WOMEN WANT TO KNOW

The Lingerie Hat—Is there anything new in children's hats? I am so tired of the conventional straw, which tops every small head—Mother.

If you are tired of the conventional hat of straw in the various shapes usual provided for small children, why not invest in a lingerie hat? They are among the smartest styles and are especially dainty and becoming to the youthful wearer.

Plated silk mull or liberty silk trimmed with fine Valenciennes lace are the choicest; then there are those plated with Mechlin lace, organdy, point d'esprit and draped laces. A rosette or two of liberty satin ribbon in a delicate color of pure white, or loose chrysanthemum bows of number one black velvet ribbon, a garland of tiny button roses or a huge Aisla-tian bow of wide satin ribbon—all afford suitable trimmings. A hat of this kind will harmonize with innumerable thin frocks and may even be pressed into service with the white plume and tiara, although a hat of straw would be more appropriate. For traveling and the seashore get simple substantial hats of straw trimmed only with ribbon. Flowers become faded and bedraggled so quickly when subjected to hard wear that they are not advisable from a practical standpoint, nor suitable for such hats.

Sale of White Waists at a Third Off

Right at the moment when hot weather is demanding sheer, cool white waists we make it possible for you to provide for the summer's needs at an average saving of a THIRD.

The waists are here—fresh and new—made of sheer white lawn and Jap. silks in the most up-to-date styles with full sleeves and fancy stook collars. These prices average a THIRD below actual worth.

Clearance of Lace Curtains and Draperies

Quantities were large, so yesterday's story will bear repeating in every detail.

The motive back of these astonishing prices is to get the upholstery department in ship-shape for inventory—to have the stock at the lowest possible figure. We have gone about it in no half-hearted way. The blue pencil has made reductions of one-third to one-half of regular prices. The thrifty housewife can reap a harvest in these savings.
