THE NEED OF PHYSICAL CULTURE

Dr. L. J. Cooke of This City, a Distinguished Authority on Physical Culture,

SPEAKS OF ITS NEED AND RESULTS.

The Business and Professional Men in Minneapolis Who Actually Require This Work to Avert Sickness and Keep the System in Shape.

THE REAL KEY TO HEALTH.

"Starting at the point," said Dr. L. J. Cooke, "that people who are on their feet, up and around, do not need drugs of any kind, it is plain then that for all such who may feel 'out of sorts,' lacking, or even ill, the system must be something, a happy medium, that will give the desired results.

"And there is. For the overworked brain, that has so long drawn on the vital forces of the system, exhausting the nerve power, deranging the stomach, retarding organic action, suspending circulation and disorganizing the whole system, reducing it to a weak, vitiated condition, with soft, flabby muscles, hollow chest, stoop shoulders, pale and bloodless, weak heart, nervous, listless and nervous, sleep disturbed, no appetite, with loss of energy—a general run-down condition—there is a natural panacea.

"It is physical culture, roundly it. The real key to health.

"It does more than all the drugs and patent remedies and similar agents together can do. It searches the system as nothing else can do; it reaches the seat, removes the cause and rights the wrongs through and by the forces of nature and builds up the whole system, rounds it out, makes the muscles firm and hard, carriage erect and step elastic—making one feel like a new person.

"And this is done at no expense to any organ of the body or any part of it. The forces of the whole system are aroused and the material there found is dealt with in a natural way, recuperation, the building anew, with symmetry that lends vigor and beauty."

Dr. Cooke is physical director, University of Minnesota, and director of his own private institute, sixth floor, Kasota building. The large number of business and professional men in Minneapolis who have taken this work and those who are now taking it, know of its gratifying results. This is why a course in the work is sought after without solicitation, and it accounts for the present large and constantly growing membership of his institute.

COAL CHEAP.

Buying coal cheap is only possible by buying the best grade possible. By buying the best grades you will have more heat, less waste, than from inferior grades. There is only one best grade, that is the

Celebrated Lehigh Valley.

It is superior to any other grade of coal. It gives more satisfaction, consequently is cheaper than inferior grades at the same price. Place your order early.

SOFT COAL.

Especially for domestic purposes, we handle Youghiogheny, Hocking Lump, West Virginia Domestic Splint, Pocahontas Smokeless, Lump, Egg and Mine Run.

Prompt deliveries and correct weight. Wholesale and Retail. Telephone orders given same careful attention as personal call. Phone N. W. Main 71. T. C. 50.

ENGLISH IN THE WORK OF CHURCH

More General Use of Common Tongue Urged by Hauge Conference Speakers.

Special to The Journal.
Red Wing, Minn., June 4.—Rev. L. Harrisville, of Chicago, delivered an instructive address to-day before the Hauge conference. He pointed out the need of English work among the people of the synod. There are 11,000,000 Lutherans in the United States. They are scattered in English and the gospel should be preached to them in English that they may not be absorbed by other denominations. While missionaries are sent abroad thousands are lost to the church at home.

REV. C. J. EASTVOLD,
Jewell, Iowa, vice president of the synod, home, said the speaker. The synod should take care of its children and counteract materialistic tendencies. Mr. Harrisville contended that every minister sent out should be able to preach in English. Rev. O. K. Eittrich, of Creston, Ill., spoke on the future of Red Wing seminary, outlining the work it should accomplish. He urged the raising of an endowment fund. Professor N. J. Lohre, principal of Jewell College, Jewell, Iowa, presented some interesting facts from the past history of the seminary. The session this forenoon was largely taken up with committee reports. His experiments were in forcing green pod and wax beans on a commercial scale. He was successful and obtained much new information on the subject. The time came when he thinks when the growing of beans in hot-houses will be a paying industry. A crop will mature in six weeks and sell for 20 cents at wholesale during the winter months.

FRANCE AND SPAIN AGREE

Treaty Regarding Morocco Said to Be Ready for Signature.

Paris, June 4.—The Madrid correspondent of the Petit Parisien affirms that he has obtained from a Spanish statesman the lines of a treaty which soon will be signed between France and Spain, as follows: The signatory governments do not purpose to change the political status in Morocco, but to divide the respective spheres of influence in accordance with the terms of the Anglo-French entente. Spain adheres to the Anglo-French agreement especially in regard to the thirty-year period of free trade and the prohibition against the erection of fortifications. France recognizes Spain's right to maintain a garrison in northern Morocco from the left bank of the Moulouya river to the right bank of the Sebou river, extending inland to the lesser Atlas range and to the right bank of the Kouss river. Details of the boundary shall be settled later. Tangier, Arzila and Larache shall remain free ports.

LASSA GENERAL SLAIN

British in Tibet Capture Two Guns in Battle.

Simsa, British India, June 4.—The British expedition into Tibet has captured two four-pounders from the enemy and a Lassa general is reported to have been killed. The Tibetans have refused to forward to Lassa the letter from Colonel Younghusband, the political agent, with the expedition, fixing the latest date on which the British are prepared to meet and negotiate with the Amban and Tibetan delegates at Gyang-tse before advancing on Lassa.

MINTO'S HIGH SCHOOL CLASS.

Special to The Journal.
Minto, N. D., June 4.—The commencement exercises of the high school were held yesterday afternoon and evening. The graduates were Jay Smith, first honors; Mary McCarin, second honors; Amy Evans, third honors; Mary Kilne, Will O. Woods and John Sprafka. President Merfield of the state university delivered an address on "The Ideal Scholar." President Phelps of the city school board presented the diplomas. The entire faculty is retained for another year except Miss Minto, who has accepted a position at Fort Snelling. Miss Alice Wilson died at Fort Snelling yesterday after an operation for appendicitis.

A man's wife should always be the same, especially for her husband but if she is weak and nervous, and uses Carter's Little Iron Pills, she cannot account for the present large and constantly growing membership of his institute.

HURON GRADUATES SIXTEEN.

Huron, S. D., June 4.—Commencement exercises for the high school took place last evening. Winnifred Boughton was salutatorian and Laura Thompson valedictorian. The class numbered sixteen. Diplomas were presented by A. E. Taylor, president of the board of education. Miss Olive Clark of the department of science and Miss Kathryn French, principal of the high school, have resigned; Professor R. M. McElion of Huron college succeeds Miss French, and Miss Margaret Young of Cornell, N. Y., succeeds Miss Clark.

The Minneapolis & St. Louis railroad will run special excursion trains June 13 and June 27 to the World's Fair for \$13.00 round trip, tickets good for seven days; \$19.20 for fifteen-day tickets, good in sleepers. Through coaches, chair cars and dining-car service. The only road direct to the World's Fair. For further information, call on J. G. Rickel, ticket office, corner Washington and Hennepin, after June 6, 424 Nicollet avenue.

A woman who is weak, nervous and sleepless and who has cold hands and feet, cannot feel and act like a well person. Carter's Little Iron Pills equalize the circulation, remove nervousness and give strength and rest.

This is the Day of the Bass and the best of them are found in the lakes along the SOO LINE. Low rates for fishing are in effect. Mail and service for all the fishing grounds.

Home-seekers' Rates.
The Rock Island system will sell on June 7th and 8th 21st Homeseekers' tickets for one fare plus \$2.00 to points in the West and Southwest. For further information, inquire or address, Office 323 Nicollet Ave., Minneapolis, Minn. A. L. Steece, City Pass Agent; W. L. Hathaway, Dist. Pass Agent.

Carey's Cement Roofing, the only roofing that grows better with age. Both phones 376. See W. S. Nott Company.

HE WISHES HIS WIFE HAD LIVED

Patrick Hennessey, Grown Suddenly Rich, Thinks First of Helpmeet.

Special to The Journal.
New York, June 4.—WANTED—Personal information of Patrick J. Hennessey, who was in the British war department until 1871, and then went to New York and was known as Patrick J. Hennessey, an estate of \$250,000 left by an uncle in London, 27 Leadenhall st., London, E. C.

The above notice appeared in a New York paper and it is said that many Hennesseys sit up straight for a second or two, but the real Patrick J. Hennessey, living quietly with his motherless children at 32 South Third street, Williamsburg, did not see it at all and got up in the morning as usual to go to his tedious work in the Havemeyer Sugar Refinery at South Street, Brooklyn, and Kent avenue, Brooklyn, for which he received \$2 a day.

Hears the News at Work.

Fifty-six years old, growing gray and sad with the weight of misfortunes and hard work, he lost his faithful wife who, after years of patient toil and love for him and the two children, died two months ago never dreaming that the family was near great good luck.

Hennessey was at work at his bench, where for thirteen years he has been a welder's checker in the refinery, when a friend came into the factory and asked him if he read the papers.

"No, I have no money to waste in papers," he said. "They never brought me anything."

"But look at this please. Who is this man?"

Hennessey read the personal and turned up at Stuyvesant High school the bench he read it through again.

"That's me," he said. "I was in the British war department. I was in the custom house at the time. I had an old uncle in Australia who was rich. I have lost all trace of him. I believe I must be his only relative."

"I Wish My Wife Had Lived."

Then his eyes filled with tears as he said: "Oh, I wish my little wife had lived to hear this."

MINER ROBBED OF \$550

Little Hope of Recovering the Money or Making Arrests.

Special to The Journal.
Liveston, Mont., June 4.—Barth Yerville, a miner at Jardine, reported at the sheriff's office that he had been robbed of several hundred dollars. Yerville has been standing only ten feet away from the influence of liquor, he visited a resort in the "Band Lands" district; that he remembers little of what occurred while he was there.

The first ballot for vice president resulted in no choice. Rev. J. N. Sandven, of Roland, Iowa, received forty-eight votes; Professor M. E. Hanson, 17; Rev. O. S. Meland, Red Wing, 15; Rev. G. O. Vick, Beresford, S. D., 31; remaining votes being scattered. On the fifth ballot, Rev. C. C. Coulter, of Kenyon, Minn., was elected, receiving 101 votes of the 145 cast.

Rev. J. N. Sandven and Rev. I. L. Lassesson, of Kasson, Minn., were elected members of the board of directors for Red Wing seminary, and I. Anderson, of Mayville, N. D., member of the board of trustees. A ballot for third member was without result.

Rev. M. Norstad, of Minneapolis, and Rev. A. J. Quello, of Chicago, were elected members of the committee on English work in the synod.

Dedication Finale.

The conference continued the dedication services of the new seminary building and the twenty-fifth anniversary celebration during the afternoon and evening yesterday.

Rev. A. A. Mortved, of Newark, Ill., delivered an address and Professor M. G. Hanson, principal of the seminary, read a historical sketch of it, written by N. N. Romning of Minneapolis.

Professor H. H. Berglund delivered an able address, calling attention to the many sacrifices made by members of the synod before such a fine structure could be reared.

In the evening the seminary chapel was filled to overflowing, in spite of the dreaching rain. The English address of the evening was delivered by Rev. J. N. Walsted of Eureka, Kan.

MINNETONKA SUNDAY TRAINS.

Beginning Sunday, June 5, the Great Northern railway's Sunday morning trains will leave Minneapolis at 9:35 a. m. and 9:45 a. m. Other Sunday trains leave at 8 a. m., 8:10 p. m., 8:25 p. m. For further information call on city ticket agent, 300 Nicollet av., Minneapolis.

Homeseeekers' Rates.
The Rock Island system will sell on June 7th and 8th 21st Homeseekers' tickets for one fare plus \$2.00 to points in the West and Southwest. For further information, inquire or address, Office 323 Nicollet Ave., Minneapolis, Minn. A. L. Steece, City Pass Agent; W. L. Hathaway, Dist. Pass Agent.

TWO DEATHS AT HASTINGS.
Special to The Journal.
Hastings, Minn., June 4.—Patrick Carr died suddenly from heart trouble, aged 62. He is survived by a wife, also a daughter, Miss Mayme R. Carroll. L. L. Parsons, one of Hastings' earliest citizens, died yesterday after a brief illness, at the advanced age of 88.

HOW TWO BEAUTIFUL WOMEN ESCAPED READ CATARRH BY USE OF PE-RU-NA

Catarrh Robs Women of Health and Beauty. Pe-ru-na Makes Women Healthy and Beautiful.

MISS LYDIA HERZIGER, Grand Recorder of American Daughters of Independence, writes from Neenah, Wis., as follows:

"I have used Peruna now for four years, each spring and fall, and it keeps me perfectly well and strong. I am able to continue working and do not have to take a three months' rest, as I used to do every year. This is a great comfort to me, as I was not able to afford such a long rest. I find that it is a great preventive for colds and coughs and soon rid's the system of all disease and is an admirable medicine. I can honestly endorse it."—Miss Lydia Herziger.

Thousands of Women Cured by Peruna of Anoying Catarrh.

Dr. Hartman has probably done more than any other physician toward popularizing a means of escape from the facial deformities, such as watery eyes, twisted nose, offensive breath, dry, cracked lips, due to the ravaging effects of catarrh.

He has made chronic catarrh a lifelong study. His remedy, popularly known as Peruna, is the most famous remedy for catarrh in existence.

Probably there is not a man or woman, boy or girl, within the bounds of the United States that has not heard of Peruna. By far the largest majority have used it.

The multitude of people that have been cured of chronic catarrh by using Peruna can never be known.

Many a girl has regained her faded beauty, many a matron has lengthened the days of her comely appearance by using Peruna.

Peruna produces clean mucous membranes, the basis of facial symmetry and a perfect complexion.

The women have not been slow to discover that a course of Peruna will do more toward restoring youthful beauty than all the devices known to science.

While it is true that Peruna cures catarrh wherever located, yet it is advisable for every one to use Peruna as a preventive and not wait until catarrh has fastened itself in some part of the system.

Peruna acts quickly and beneficially on the inflamed mucous membranes lining the different organs of the body. Thus it will cure catarrh wherever located.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Miss Ellen Crawley, 241 S Madison Avenue, La Grange, Ill., writes:
"For years I have been a sufferer with catarrh of the throat and larynx. I got hoarse on the slightest provocation, and my voice became weak and tired very easily. I could not talk for any length of time, and it was very annoying. I was very much discouraged, as nothing seemed to help me until a friend persuaded me to give Peruna a trial. I did not have much confidence in it, as everything else had failed me, but I tried it just to please my friend. My delight, therefore, may be imagined when I began to improve at once, and I have kept on improving until my voice is strong and I am never hoarse now. Peruna has done a great deal for me."—Miss Ellen Crawley.

MISS ELLEN CRAWLEY

SILVER BOW MEN ARE INDICTED

Proceedings Said to Be Part of a Scheme to Discredit the Amalgamated.

Special to The Journal.
Butte, Mont., June 4.—The sensational cases wherein W. D. Clark, a county commissioner, and Daniel Brown, assessor, together with several other county officials, are charged by the Silver Bow county grand jury with malfeasance in office, came up in Judge E. W. Harney's court to-day.

The hearing was characterized by several sensational incidents. One of the grand jurors by threatening his life in case he (the commissioner) was indicted. County Treasurer Maher was accused by Attorney Kelley of attempting to intimidate one of the witnesses for the defense, Miss Lottie Smith. This official was not brought before the court on the accusation, but Judge Harney generally cautioned all persons not to attempt to interfere with any of the witnesses.

A strong effort was made in behalf of Attorney Clark to secure a change of trial from Judge Harney's court. The chief ground upon which a change of venue was asked was that Harney would be summoned as a witness and that if he retained jurisdiction he would be called upon to pass upon the merits of his own testimony and to decide what weight and credence should be placed upon that testimony. Judge Harney denied the motion for a change of venue.

The grand jury three weeks ago returned over twenty indictments directed against county officials. The officials indicted belong to the anti-Heine faction, and it is said the proceedings are a part of a political scheme to discredit the Amalgamated in the approaching fall election.

RATE OF A MILE A DAY.

Special to The Journal.
La Crosse, Wis., June 4.—The Tri-State Telephone and Telegraph company of Minneapolis is making rapid progress on its new line from the twin cities to La Crosse. The line is being built at the rate of one mile a day. The crew is between Lake City and Winona, connections having been made at Lake City a week ago.

MARRIAGE MAY REFORM HIM.

Special to The Journal.
Salem, S. D., June 4.—Samuel Jorgenson and Miss Sophia Holstrom were married at Montrose, Jorgenson secured his license on Feb. 10 and was to have been married then, but the bride balked at the altar because he presented himself for the ceremony while under the influence of liquor.
