Names chosen to be considered, if the same name is submitted by different persons the first one received by us will have the preference.
 Write for full particulars. **Name Contest, SHAROOD SHOE CO.**

HARRIET CONCERT SEASON IS NEAR

NOVEL FEATURES ARRANGED BY NEW BAND'S DIRECTOR.

Band Has Been Rehearsing Faithfully—Its Repertory Is a Very Attractive One—Handsome New Uniforms in Blue and Gold Are Being Made.

The opening of the Lake Harriet concert season will take place about the middle of June and will be an event of much more than ordinary importance. The beautiful new pavilion at the lake which has already been put to use with the opening, has been entirely completed. The roof is a dome and has been arranged as a roof garden for the accommodation of those who desire to hear the band concerts. Over the entrance of the pavilion rises a rotunda, which is to be used by the band. It is patterned after the Greek temple of Vesta.

The original idea which is to furnish the music at Harriet for six weeks will consist of fifty trained musicians, including the best men in Minneapolis. It is intended to employ soloists from the finest musical organizations in the country. The band will be known as the Minneapolis Park band and will be under the direction of Emil Oberhofer, whose orchestral work in Minneapolis has been of such marked excellence.

Rehearsals will be in progress for several weeks at the armory, which was placed at the disposal of the band by F. T. Corriston. A splendid spirit of devotion is manifested by the men and it is confidently expected that out of this beginning will develop one of the best bands in the United States.

Band to Be in Uniform.

A local house is now making the uniforms for the band. They are of dark blue and will have the members wear the new regulation officer's cap and will make a fine appearance.

Mr. Oberhofer, whose wide experience in this line of work has fitted him for the leadership, has already provided for the season's music and the band will start in with a magnificent program, including the most recent operatic selections such as "La Tosca" and "Il Pagliaccio" and such favorites as "Lucia", "Aida", "The Bohemians" and "Gottterdammerung." There will be popular selections from light operas and musical comedies such as "Robinson Crusoe", "Babette", "Wings and Wines", "The Tenderfoot" and such old favorites as "The Mascolet", "Olivette", "Chimes of Normandy" and "The Bohemians." The latest marches, waltzes and polkas by Sousa, Hall, De Koven and Victor Herbert will also be included in the band's repertory.

New Feature in Band Music.

A most interesting innovation will be instrumental arrangements of three of the greatest and most popular of "Billie" and the "Stabat Mater." These have been so arranged that the different instruments will take the solo, duet, and trio parts. The entire band will play the accompaniments and the various choruses. This will be a feature that has never before been attempted. Mr. Oberhofer recently having obtained the music from London.

Another interesting item in connection with the concert is the fact that there will be two or three Parsifal evenings. Certain nights will also be devoted to Wagner and others to selections from the "Bohemians" and the Italian composers.

This is the first time the board of park commissioners has ever undertaken to erect a band stand in a Minneapolis park, and it is also strongly desired that the feature shall be self-sustaining or as nearly so as possible.

Opening Excelsior Casino

Saturday, June 4th. Trains leave Minneapolis at 10:15 a. m. and 1:45, 5:10, 6:15 p. m.; returning leave Excelsior at 11:40 p. m. for those who desire to attend the hop.

TO KILL OUTWORMS

The State Entomologist issues a Most Timely Circular.

F. L. Washburn, the state entomologist, has issued a timely circular pointing out the successful methods of exterminating outworms in a very good collar. Before putting on the collar, care should be taken to ascertain whether any worms are close to the plant.

By taking two or three spoonfuls of Paris green in one gallon of water, a very good poison may be obtained. To apply this poison take bundles of clover and dip them in the water, place them in the vicinity where the plants are most likely to be attacked. The poison is slow to act and therefore results must not be expected immediately.

AN UNPOPULAR TOPIC

Significant Absence of Entries in Bryan Competition This Year.

There wasn't any Bryan essay this year and the Nebraska statesman is \$25 to the good. Several years ago Mr. Bryan hung up the annual prize to be competed for annually by the water, place them in the vicinity where the plants are most likely to be attacked. The poison is slow to act and therefore results must not be expected immediately.

CHILD DRANK ACID

Two-Year-Old Boy Killed by Carbolic Acid.

The 2-year-old son of George H. Landry, 455 Adams street NE, died yesterday morning as the result of drinking a large quantity of carbolic acid the night before. The baby found his way into a closet where the medicine was kept and drank the acid out of curiosity. His mother heard his screams and summoned medical attendance immediately.

GAMBLING HOUSE CLOSED

Police Tired of Trouble With Archie Watkins' Place.

Police Superintendent Conroy last night gave orders to close the gambling house at 217 Second street S, where a shooting incident occurred Thursday night. Tracey the colored man who was shot by his friend, Marshall, is not seriously injured, but the police think they have had enough trouble with the place. The house has been conducted by Archie Watkins.

220.50 to New York and Return.

Visa the Minneapolis & St. Louis railroad. Tickets on sale June 1 to 4, with limit for return June 13. For particulars call on J. G. Rickel, City Ticket Agent, No. 1 Washington av S, Minneapolis, Minn.

THEY CURE THE WHOOPS

FUMES FROM PURIFYING MATERIAL AT GAS HOUSE GIVE RELIEF TO MANY WHOOPING COUGH SUFFERERS.

Who'd ever think of the gas house as a "whooping cough sanatorium." Yet to a large degree it is. It has afforded relief and even cures to many unfortunate whooping youngsters. In purifying the gas, tons of a mixture of sawdust, iron filings and other material are used. The gas is passed thru and over this mixture, which absorbs the undesirable elements. And when this purifier becomes saturated, it is dumped out of the purifying boxes onto cement floors to become cleansed of the sulphur and gases it contains that it may be used again.

It is the fumes from this sawdust mixture which works the whooping cough cures. Children afflicted are allowed to play in the large purifying room and to breathe the air which is saturated with the fumes arising from the purifier on the floor. The odor is not at all unpleasant to most people, having a penetrating, cutting, and yet a cleansing smell. It seems to get right at the seat of the whooping cough trouble, kills the disease germs, and loosens the mucus in the throat. The "medicine" is sometimes so severe in its action as to cause the little patients to vomit, but relief is always the result. Children enjoy digging in the soft sawdust, and this releases more of the imprisoned fumes which are so beneficial.

The whooping cough sufferers taken to the gas house are not the children alone of the poorer classes, but in greater part those of wealthy parents; children who go in carriages and are looked after while there by white-aproned, white-capped nurses. The gas house is not an establishment supposed to be open for free access to the public. It is owned by a private corporation. But officials of the gas company, when requested, are always glad to issue permits to allow children to be admitted.

The witness hesitated, looked at his friends for assistance and finally shook his head, saying, "no sir."

"You are not attached to the principles of our constitution?" repeated the court.

"Do you know what the constitution is?"

"Well, then, how can you tell whether you are attached to the principles of it?"

"I don't know."

The young man was sent away with instructions to study up and return when better informed. Other applicants struggle thru these hard ones only to be undone by other questions.

Owing to the approach of election the number of naturalizations is fast increasing. Men of every nationality eligible to citizenship are being rounded up. The average number per day is now about ten.

For the part of the oath relating to the constitution and the applicant's desire to forswear allegiance to his mother country every man is called upon to swear that he is not a naturalized citizen, that he is not a hereditary title; believes in organized government; has not assisted pauper or insane immigrants into the country; and that he is not a polygamist or has violated none of the laws of the country.

Casino at Excelsior. Opening hop Saturday, June 4. Members of Danz orchestra will furnish music.

DEATH OF W. A. VAIL
 Assistant Manager of N. W. Telephone Dies of Pneumonia.
 William A. Vail, who came to Minneapolis a year ago to act as assistant manager of the Northwestern Telephone Exchange company, died early last evening at his home in the Swinford flats. He had been suffering for several days with pneumonia, but his condition was not considered alarming.

Mr. Vail was 45 years old and is survived by a widow and two daughters. He was a member of Getsemane Episcopal church.

FREMONTERS WILL DINE

"OLD ORIGINAL" REPUBLICANS PLAN TO CELEBRATE THE FIFTIETH ANNIVERSARY OF PARTY'S ORGANIZATION.

Republicans who cast their first republican vote for John C. Fremont are planning to celebrate July 6, the fiftieth anniversary of the organization of the party. It is the purpose now to have a banquet at which will be speakers of note and ability. E. Downer, one of the original republicans, is active in getting the plan started, and within a few days expects to have things moving at such a rate as to assure a large attendance of the Fremonters in this vicinity.

About five years ago a gathering of Fremonters was held and nearly 150 were present. It is thought that nearly that many can be gotten out for the coming meeting.

Don't pay 90 cents for Lake and Rall Minnetonka excursion, as the Wayzata and Excelsior Boat Line has reduced the fare to 25 cents for tour of the Lake, meeting morning and noon trains of all roads. Buy your tickets on the boats.
