

MARTIAL LAW IN CRIPPLE CREEK

Gen. Bell Posts Governor's Proclamation—Factions Quiet Down.

STRIKING MINERS TIRE OF STRUGGLE

Deposed Sheriff Makes Trouble Over Inquest of Explosion's Victims.

Cripple Creek, Col., June 8.—Teller county is once more under martial law and the military is in supreme command.

General Bell is in command and will be assisted by Colonel Edward Verdeckberg. Two companies of infantry are on duty.

Declaration of military rule has already had a salutary effect. All factions in the county are tired of the long-drawn-out controversy and are planning a settlement.

A dispute has arisen over the inquest over the bodies of the victims of the independence explosion.

MARTIAL LAW IS DECLARED

Non-Union Miners Marked for Murder in Suspected Plot.

Victor, Col., June 8.—Martial law was declared in the Cripple Creek district early today by the posting of acting Governor Hagott's proclamation.

General Bell has assumed command of the military and control of the district, and has called a council of the officers of the local military companies.

Two heavy ropes knotted with a noose for hanging were lying on a table in the room where the Cripple Creek District Mine Owners' association held a heated discussion late last night.

The members were greatly incensed by the discovery of what they regard as evidence of a plot to assassinate the members of the association.

This evidence was a bundle of forty marked photographs found by Lieutenant Keegan in the union hall.

The photographs were of groups of men employed in various mines.

On the back were written the names of the persons named.

On other photographs, similarly arranged, it is asserted there are crossed out the names of some of the men who have disappeared and whose whereabouts are unknown.

James Cochran was arrested and taken into the mine owners' headquarters for hearing.

Three more Victor city officials have been forced to resign.

Justice of the Peace J. D. Thomas and Aldermen J. W. Murphy and J. J. Tobin.

Frank J. Bangs, leading attorney of the Western Federation of Miners here, has been warned to leave the district.

About two hundred union members and sympathizers have been arrested.

The dragnet is still out and the "house cleaning" as the authorities term their proceedings continues.

In addition to the unearthing of about thirty group photographs of non-union workmen at various mines which were concealed in a heap of rubbish in the Victor union office, it is alleged that in the office of the Altman union were found electrical fuses and batteries to produce explosions.

Talk of lynching or violence has subsided, though the man who exploded the infernal machine at Independence should be captured if he is not doubtfully whether any military force could protect him from the fury of friends of the murdered men.

The man who killed Roxie McGee at the mass meeting here Monday has been positively identified by an eye witness of the shooting, and also he

MASKED MEN ROB COLORADO TRAIN

Express Car Dynamited, Brakeman Shot, and Escape Effected by Bandits.

Denver, Col., June 8.—A Denver & Rio Grande passenger train west-bound from Denver was held up by five masked men three miles west of Parachute, a small fruit station between Grand Junction and Glenwood Springs.

One sealed package containing specie was taken from the express car, which was dynamited and badly wrecked, but the robbers were compelled to escape to the mountains before they could gather up the valuables in the car.

The iron combination safe was the only one in the car. The robbers showed they were conversant with conditions on the road, for they did not order the messenger to open the safe, which can only be opened in Denver and in Salt Lake City.

A stick of dynamite was placed against the lock of the safe. Brakeman Shoenberger, who had been ordered to remain with the passenger coaches, ran up the track carrying a lantern. One of the robbers shot and wounded his leg.

When the robbers saw that the train crew were coming they fled to the mountains. One of them, as he jumped from the express car, grabbed a sealed bag blown out of the safe. This is the only plunder which was taken.

GRAND FORKS HOTEL FIRE

Guests of the Daotah in a Flight—Loss is but \$1,000.

Grand Forks, N. D., June 8.—A fire, which started in the kitchen, did \$1,000 or more damage to Hotel Daotah at 4 o'clock this morning and gave several hundred guests a terrible fright.

The fire department did excellent work and, with the standpipes in the building, soon had the fire controlled. Business at the hotel will not be delayed.

NEW GRAFT CHARGE AGAINST BEAVERS

Former Postal Official Must Furnish Additional Bail of \$10,000.

New York, June 8.—When George W. Beavers, formerly superintendent of the division of salaries and allowances of the postoffice department, appeared in the United States circuit court in Brooklyn today, he was served with a new warrant on a Washington indictment charging him with entering into a deal for the purchase of book typewriters and with receiving money for his influence in putting thru a contract for the machines.

On this warrant Beavers was taken before United States Commissioner Benedict, who required an additional \$10,000 bail, but was given until next Monday to furnish the bond.

The federal authorities hope to secure the transfer of Beavers to Washington for his first trial. Counsel for Beavers were to have been heard today on motions to quash the indictments based on the cash register deal and for a bill of particulars, but the new warrant deferred this hearing.

PRISONER BEGS SHERIFF TO GIVE HIM TO MOB

Carroll, Ill., June 8.—A mob surrounded the home of John Robinson at Maunie early today, clamoring for his life. Sheriff Conroy and thirty-six armed deputies were keeping back the riotous crowd.

It was thought the mob would not succeed in its mission, as the officers were determined to do their duty; but Robinson, who has lost both eyes, begs the sheriff to let the mob have his will.

Robinson, who killed his wife and brother-in-law and then attempted to take his own life on Monday, has sufficiently recovered to discuss the crime. He shows no emotion and only says: "People don't kill one another for nothing."

GRANTS KIDNAPPER ALL HIS DEMANDS

Moorish Ruler Moves to Secure Freedom of Perdicaris and Varley, Captives.

Tangier, Morocco, June 8.—The sultan's letter in reply to the diplomatic representations made in regard to the kidnapping of Messrs. Perdicaris and Varley arrived here this afternoon.

It is said by a person in the sultan's confidence that the sultan has given orders to grant all of the conditions demanded by Raisuli, the bandit leader, in order to expedite the release of the captives.

The sultan, in his letter, appoints Herid El Barrada to be governor of Tangier, which step was included among Raisuli's demands.

Barrada was a member of the council of Mohammed El Torres, the representative of the sultan here and formerly was governor of Massagan.

The authorities here assert that the raid made yesterday by armed Anjara tribesmen on the home of an Englishman here, during which the obtained several rifles was only a common robbery and had no political significance.

Rear Admirals Jewell and Chadwick visited the British battleship Prince of Wales today and received the customary salutes.

WARSHIPS WILL GO TO TURKEY

American Guns Which Frowned on Tangier Will Look on Sultan.

Washington, June 8.—Orders have been called to Rear-Admiral Barker to hold his battleship fleet at Lisbon until June 16 and then, if no further instructions are received, to sail for Piraeus, Greece, the port of Athens.

It was diplomatically announced that this was the original itinerary of Admiral Barker, but it is known that he is being held so that he may be sent to Tangier in the event of a release of Perdicaris and Varley.

The battleships are to be sent to Piraeus so they will be within easy reach of Turkey, where the next naval demonstration is to be made. They will wait at Piraeus until they are joined by the cruiser squadrons now at Tangier, and the combined fleet then will proceed to Turkey to demand the settlement of American claims.

A special dispatch from Tangier says: "If Brigand Raisuli has learned that the authorities propose to break faith with him after he has released his captives, Perdicaris and Varley, further danger will be incurred, as he has ample means of learning the news. Reports of his condition appear to be conjectural, but it is said Perdicaris is still suffering from illness."

CZAR ASSERTS AUTHORITY

Refuses Naval Party's Request to Order Kuropatkin South.

London, June 8.—The Daily News correspondent at St. Petersburg wires: "On the highest authority I learn that the attempt of Admiral Alexeeff and the naval party to induce the czar to order General Kuropatkin to march to the relief of Port Arthur has definitely failed. What has happened is that the czar has definitely asserted his supreme authority. At a special council of war to consider the matter it was voted by a narrow majority that Kuropatkin should be ordered to advance south. The czar, exercising his imperial prerogative, confined himself to 'requesting' the commanding chief to essay the attempt if he thought it practicable. Kuropatkin replied that the thing was impossible at present. When this reply became known every
