MANHUNTERS TO TAKE THE FIELD

\$4,500 OFFERED FOR CORPSE OF MORRISON'S ASSASSIN.

Stepmother of the Dead Man Will Pay \$2,500 of This Reward and Cash Is Also Offered for Evidence—Central Wyoming Wildly Stirred Over a Recent Foul Crime.

Special to The Journal. Butte, Mont., June 9.—Mrs. Lucy L. Moore, stepmother of Lincoln Morrison, the young sheepman who was shot from ambush on the night of May 28, on Alkali gulch, in the Big Horn county, Wyo., a short distance south of the Montana line, offers a reward of \$2,500 for the assassin.

In addition to these rewards, the Luther C. Morrison estate will pay \$1,000 for the dead body of the assassin, and the Wool Growers' association of central Wyoming will offer \$1,000 for the corpse.

It is said that several famous manhunters will take the field at once, and armed with evidence that will be given them by persons who have already run down some startling clues, hope to run the midnight rider to earth.

Young Morrison is dying at the home of Mrs. Moore in Casper.

The shooting of Morrison occurred near the scene of the murder of Ben Minnick, who was shot down while in camp on Thunder mountain, a year ago last February. Central Wyoming is greatly stirred up over the foul crime, and if the assassin is caught he will be summarily dealt with.

A unique spectacle was witnessed in Butte this week, when James Talbot, the veteran banker, had the bodies of six of his relatives exhumed and shipped to Columbia Falls, Mont., where they will be reinterred. Talbot recently moved to Columbia Falls.

WABEKA, MINN.—Mrs. Eilata Spillane died this morning. She was born in New York state and had lived in this county thirty-seven years. She is survived by eight children, her husband and several grandchildren. The funeral services will be held to-morrow.

FRAZEE, MINN.—Several large catches of black and rock bass and pike have been made in Graham and Wymer lakes. Visitors from Graham and Wymer lakes. Visitors from Graham and Wymer lakes.

ALBERT LEE, MINN.—George Harris, negro, and John Wyle, a white man, are in jail charged with assaulting and robbing Peter Hendrickson, a Finn.

NEWS OF THE NORTHWEST

MINNESOTA

HE FASTED A WEEK; THEN BROKE A RECORD

Carpenter's Exploit a Nine-Day Wonder for the Town of Moravia in Iowa.

T. E. CARPENTER.

Special to The Journal. Eldora, Iowa, June 9.—Nothing has occurred in Moravia, Iowa, to create so much talk and discussion as the recent fasting, as the result of a wager, of T. E. Carpenter for one week and then doing the phenomenal stunt of running off the edition of the Moravia Reporter. A short time ago Mr. Carpenter called at the newspaper office while the publisher was running off his paper and stated he would like to try to run the press just for exercise. He had seen the old style presses but had never run one of them, but soon had accomplished the task which the newspaper man had said to do for him.

Later Mr. Carpenter said that for the wager he could fast for a week and then pull of the entire edition in two hours and fifteen minutes—the best time ever made in the Moravia office being three hours and a half. The challenge was accepted. News of the fast soon spread over the little town and during the week it was the principal subject of discussion. Carpenter commenced running off the edition on the following Thursday after having successfully carried out the fasting part. He started the press promptly at 8:30 a. m. and was thru at 10:45. He put the papers on the press and took them to the composing room, except the inkling, which was done by the "devil" of the establishment.

Mr. Carpenter is a photographer and an athlete and has a reputation as a bicyclist rider. He enjoys riding better than taking a five-mile run before breakfast or to swing a 75 or 100-pound dumbbell. Only a short time ago he showed his ability as a fast walker by making the round from Moravia to Eldora, a distance of two miles, in three and one-half hours. He is 24 and weighed at the beginning of his fast 183 pounds and at its close 144 pounds, sustaining a loss of nineteen pounds.

PROUD OF PAUL M. YOUNG

Successful Rhodes Scholarship Candidate a University Graduate at 18.

VERMILION, S. D.—One of the greatest triumphs that has come to the university of South Dakota in recent years is the success of Paul M. Young in capturing the first Rhodes scholarship to be presented to a South Dakota candidate. Young is strictly a university product having entered the institution in 1897, graduating from this city's high school. He was admitted with honors from the Commercial college, winning for himself the distinction of being the youngest graduate ever sent out from the university, his age being 18 at that time.

He is the eldest son of Professor and Mrs. C. M. Young of this city. He has always taken a prominent part. He was business manager of the first junior annual, the '98 Copy, and last year was manager of baseball football and track athletics. His work at Oxford begins next October and continues three years.

C. D. PATTERSON.

"I am happy to say that my rupture of over twenty-eight years' standing is completely cured. I also suffered untold misery from indigestion, but to-day am cured and never felt better in my life. I attribute my cure to a most wonderful invention. C. D. Patterson (Deputy Sheriff), 212 W. 5th st., Duluth, Minn."

Peter D. Coyne, Graceville, Minn.; Samuel Jones, Wellcome, Minn.; J. D. Stansard, Nellville, Wis.; H. H. Jaquith, Beaver Dam, Wis.; Herman Schuster, Neillville, Wis., and thousands of others throughout the world, will testify that the Electrus is a positive cure. Old men, who have been ruptured for years and years, are cured by a surprising remedy. Send your name and address to the Electrus Co., 1238 Wood building, Syracuse, N. Y., for a free trial of this wonderful appliance that cures all kinds of hernia, ruptures, etc. Just send your name and address as above and you can have a free trial without cost, security or any charges what ever.

YOU GET QUICK—CERTAIN STRENGTH

From the Celebrated Nerve Vitalizer and Tonic Paine's Celery Compound It Gives Almost Instant Effect.

JOHN H. KLOTZBUHER. Paine's Celery Compound Gave Him Strength and Health When He Was Almost a Wreck.

THE FATHER'S LETTER

"This is to thank Paine's Celery Compound for the good it has done. Our daughter Katie quickly got well again by taking your medicine. She was very sick and tired and not strong enough to go to school any more. She got thinner every day. We nursed her all night many a time. Our next door neighbor sent us Paine's Celery Compound for her; in two days she was better so she could be with us. We kept right on improving, and now she is so well you would not think she had been sick. Mr. and Mrs. John J. Klotzbuher, Chadwick St., Philadelphia.

THE DAUGHTER'S LETTER

"My father sent you a letter to tell how I was cured after I was so weak and poorly had to leave school. I was thankful to Paine's Celery Compound. Now we are grateful still more, for we cured our father by the same good medicine. He is a blacksmith and a very large man. He is six feet one inch tall. He was small, thin and weak when he was young. Before I began to get well he began to get sick without knowing it. He got so poorly that his face was as thin as paper. He had a cough of his head and trouble with his stomach. He would be sick in bed for the first time in his life. Now, I thought, Paine's Celery Compound would do him good. It cured him very soon. He is strong and healthy, more than he was before. It is all the benefit of Paine's Celery Compound."—Katie Klotzbuher.

"I will sign, also, thanking Paine's Celery Compound for the good it has done. I am strong and well for us."—Mrs. J. J. Klotzbuher, Chadwick St., Philadelphia.

ORE MOVEMENT IMPROVING

Northern Range Towns Feel that the Worst is Over.

TWO HARBORS, MINN.—This week marked improvement is being felt at many of the range towns treated by the iron range. The Duluth & Iron Range is delivering ore to the docks here at the rate of 5,000 tons a day, and is prepared to increase the volume at a moment's notice. The Mable ore is delivering some ore at its docks here Duluth, and the operating companies everything in hand to begin a heavy movement in twenty-four hours. The Great Northern is moving some ore to its many bay docks at Superior, and is also prepared to rush things at short notice. There is a feeling that the mine strike will soon be a thing of the past. There is just so much to be done during the season of navigation, and the benefits to be derived, at least, will be just as great if the business is crowded into five months instead of seven.

MORMON CHURCH CONFERENCE

Sixty Utah Elders at La Crosse for Opening Meeting.

LA CROSSE, WIS.—An important conference of Mormons will be held in this city, opening to-morrow evening at 8 o'clock. Mr. F. Edwards, Parkersburg and J. H. Lloyd of Charles City, with the convention lasted but twenty minutes. The officers and enlisted men will be allowed the pay of their grade while here, together with transportation, quarters and subsistence.

SCOURING YOUR SCALP.

Will Remove the Loose Dandruff Scales, but It Won't Cure Dandruff.

If your hair is brittle and thinning, you have dandruff. The mere scouring of the scalp of the loose scales won't cure dandruff, because dandruff is nothing but scales of scalp being thrown up by a pestiferous little germ in burrowing its way to the root of the hair, where it saps the vitality, causing falling hair and, in time, baldness. Now, you can't stop dandruff nor falling hair, nor prevent baldness, unless you destroy that germ; and the only preparation that can do it is the new scientific discovery, Neubre's Herpicide. In fact, no other hair preparation claims to kill the dandruff germ—all of them will clean the scalp, soak the water will do that, but only Neubre's Herpicide gets at the root of the trouble and kills the dandruff germ. Sold by leading druggists. Send 10c in stamps or sample to The Herpicide Co., Detroit, Mich.
