

CITY NEWS.

THE WEATHER
Minnesota—Partly cloudy with showers to-night or Saturday, fresh southeast winds.

Weather Conditions.
Clear weather is reported in most of the Mississippi and Ohio valleys in the lake region, the lower Rocky Mountain region and on the Pacific coast, and there is cloudy weather in parts of the Dakotas, Montana, the British possessions and on the middle and north Atlantic coast.

Weather Now and Then.
To-day—Maximum, 80 degrees; minimum, 49 degrees.

AROUND THE TOWN

Millard Cairns Back—Millard Cairns, son of C. S. Cairns, who won the oratorical contest at Shattuck last night, returned home to-day.

The Auto Balked—Practical jokes or thieves who took Dr. J. Frank Corbett's automobile last night had poor success operating it and left the machine squaring across the street car tracks after running it two blocks. Dr. Corbett, as attending a medical meeting in the Hotel Nicollet.

Situation is Clearing.—The building situation seems to be cleared. Subcontractors have been allowed to complete C. F. Haglin contracts, practically what the Builders and Traders' Exchange aimed at when its sympathetic strike ultimatum was effective, May 28.

Just 99 Cents Out.—August Tosko, who has been in America but three weeks, was tried and convicted in a court this morning for stealing a newspaper valued at 1 cent. He was fined \$1 this morning, and left the court saying that he did not know what the trouble was all about.

Wife Has the Money.—Investigation of the reported robbery of L. F. Will, formerly one of the proprietors of the Globe hotel, 206 Washington avenue S., has proved that there is no truth in the report. That a woman took a large roll of bills, \$450 in all, from the pocket of his coat and ran away is true, but the woman took the money directly to Mrs. Will.

Hurt by His Horse.—For a second time within a few weeks Dr. F. B. Kremer had reason this morning to wish that he had an automobile. Driving in from Minnetonka with W. N. Carroll, he stopped at the Peavey fountain to water the horse, and as he was loosening the check rein the animal wheeled, kicking him severely on the thigh. He seems to have recently recovered from injuries received in a recent experience with the same horse, the incident of to-day affected him more seriously.

For Swedish Farmers.—Another paper has been added to the long list of agricultural periodicals published in this city by the appearance of the Svenska Jordbrukaren, a farm and home paper in the Swedish language. It is neatly gotten up on good paper and liberally illustrated. Each branch of agriculture has its special department and the periodical will have the customary feature. It will appear semi-monthly on the 1st and 15th of each month.

NECROLOGICAL

MRS. LENA TEEPLE, aged 26 years, died to-day at her home, 217 Twenty-second avenue S. Funeral from Bethany church, Twentieth avenue S and Franklin, Sunday at 2:30 p. m. Interment at Layman's cemetery.

JOHN CLARK.—Funeral services for the late ex-Senator John Clark, who died in his automobile on Park street yesterday afternoon, will be held from the late residence, 2807 University avenue SE, Saturday at 2:30 p. m.

A PAVING RECEPTION

But Twenty Men Attend Out of Four Hundred Invited.

Citizens interested in the streets on which crescented wood block paving has been ordered met at the mayor's office last evening to aid him in reaching a decision regarding the Kreodone contract. Mayor Haynes received very little benefit from the meeting of the twenty men present, thirteen were willing to wait another year for the improvement, while seven expressed themselves as willing to pay the price of the Republic creosote company for its kreodone preparation. But thirteen represented only 1,269 feet of street frontage while the seven represented 2,971 feet.

The representation was a disappointment, but the attendance was even more so, for the mayor had sent out over 400 invitations.

CIRCUS LICENSE TOO HIGH

So Thinks Council Committee—Reduction of \$300 Recommended.

At a meeting of the council committee on licenses this morning, it was decided to recommend that the license for circuses be reduced from \$600 to \$300 a day. It was represented at a former meeting of the committee that Minneapolis had the highest license fee in the country. No other cities exacted more, except Denver, which placed the license at \$400. The average was below \$300.

Some years ago, when the town was much smaller, the circus license was \$1,000 per day—and still they came.

McNulty Made Chairman.

Simon McNulty was last evening complimented by seventh ward democrats, who elected him chairman of the party's ward organization. Mr. McNulty has been a hard party worker for years, but has not sought personal reward, having voluntarily resigned from the police force some weeks ago.

POLITICAL NOTES.

A Collins meeting will be held this evening at the Eight Ward Republican club hall, Lehigh street and Nicollet avenue. Jesse J. W. Collins, W. H. Grimsaw and C. A. Smith will speak. A meeting will be held at Berglund's hall Monday evening, and a sixth ward meeting will be held at Hanna hall, Fifth and Cedar, Thursday evening. Speakers at both these meetings will include C. A. Smith, F. M. Nye, George P. Wilson, Captain J. E. Osborne, Israel Bergstrom and Judge Collins.

Simon McNulty was elected chairman of the seventh ward committee, and the eighth ward committee. Other ward meetings will probably meet and organize during the coming week. A precinct committee meeting was held to elect a sixth ward chairman last evening, but many had sent in proxies instead of coming themselves, and these were declared illegal, the election was postponed.

HIT BY AN AUTO ON A DARK ROAD

MYSTERIOUS CHAUFFEUR CARRIES WALL HOME SENSELESS.

Deputy Sheriff Heard an Auto Coming Behind Him and Lost Consciousness in the Crash—Unknown Automobile Party Brought Him Home and Left Him on His Porch.

JOHN WALL, Nearly Killed by Unknown Chauffeur.

When Deputy Sheriff John Wall regained consciousness, at 9 o'clock this morning, the last thing he could remember was the crash of broken spokes and the relentless chuff, chuff, chuff of a powerful automobile.

How he got to his home at 2210 Tenth avenue S was a mystery to him. In the dark of the early morning he was driving the Calhoun boulevard near Linkwood cemetery. He was bound for Edina Mills to serve papers. Somewhere back of him was an automobile coming rapidly. He thinks it must have been a powerful machine from the sound. Suddenly there was a crash; Will's buggy was demolished and all was blank to him till he regained consciousness about 9 o'clock.

Left on His Porch.

Wall was found unconscious on his porch about 6 o'clock. His papers lay beside him. The man had two ribs broken and looked as if he had been thru a tornado. Numerous cuts and bruises were on his head and his clothes were torn.

About 10 o'clock the family heard an automobile pause for a moment near the house. Neighbors sleepily noted the big machine containing two men and two women that stopped on Tenth avenue. They saw one man alight and assist the other man to the curb. This second man stumbled and lay beside him. The man had two ribs broken and looked as if he had been thru a tornado. Numerous cuts and bruises were on his head and his clothes were torn.

So far as known this is the only case of the "chuffing" party responsible for Wall's injury. It seems probable that after running him down, the chauffeur noted his serious condition and, finding his name on his papers, looked up his address and took him home. His papers were also carefully gathered up.

REPORT ON NEW SYSTEM

Council to Hear To-night About Improved Bookkeeping Method.

Manager Bentley, for Jones, Caesar & Co., will submit a final report on the new system of bookkeeping to the council at a meeting this evening. The system has been successfully installed, and the firm's work is completed, with the exception of assisting in preparing the annual report at the end of the year.

TO NAME TWINS

Pullman Company Will Not Discriminate Between the Cities.

In the future the Pullman company will print on all sleeping car tickets to the twin cities, "Minneapolis or St. Paul." Attention of the public affairs committee of the Commercial club was called to the fact that the Pullman was the last transportation corporation to cling to the effete custom of recognizing on its tickets St. Paul only. A strong letter from Secretary W. X. Nye brought a courteous reply stating that the use of the name of only one of the twins had arisen from ancient conditions and that the company would immediately make the change.

MAKE UP A DEFICIT

Philharmonic Guarantors Will Pay About \$9,000 This Year.

The fifty-two guarantors of the Minneapolis Symphony orchestra and Philharmonic club met yesterday to assess themselves to make up the year's deficit. The conditions under which the club has given its concerts have been most unpropitious, as it was impossible to have one auditorium for the course. Yet the club has a deficit of about \$9,000. The guarantors expressed themselves as highly gratified by the work done under the direction of Emil Oberholfer and the management of thirty club members, and gladly paid the \$170 due from each.

ST. PAUL BOY KILLED

Fell Under Wheel of Wagon on Which He Was Riding.

Charles Monroe Lindberg, 750 Jessie street, St. Paul, was killed yesterday afternoon under the wheels of a wagon on which he and his friend were riding. The boy caught on to the side of the wagon and when it gave a lurch he was thrown squarely under one of the wheels, which passed over his head, killing him instantly. The driver says he did not know the boys were on the wagon.

DIDN'T SHOOT SWIMMER

No Shots Fired After Fugitive Hankins Plunged Into the River.

Frank McDonald, superintendent of the workhouse, denies the report that his guards shot at Edward Hankins while he was attempting to swim the river and escape last Wednesday.

THREE BOLLIES BRADLEY KILLED

"Thunderbolt" Smith Lays Boy Beaters Low in One, Two, Three Order.

Three lumberjacks who attempted to beat a newsboy on Washington avenue yesterday afternoon, found that the boy had a champion who was able to take his part even at great odds. The boy had some well-displaced anger, and the lumberjacks, who resented the interference and an altercation followed which ended with one of the men striking at the colored man with a heavy swing from the side-walk by a heavy swing from the negro's right arm. The lumberjack went down, the other two made a rush at the negro. A right and a left in quick succession laid the two beside their companion and before they could regain their feet a policeman was on the scene. He learned the cause of the trouble and allowed the men to believe that they had been sufficiently punished.

Wash Vest Sale, \$1, \$1.50, \$2, \$3.

Means 1/2 off. Hoff's Toggery Shop.

TO DRAW SPECIAL VENIRE

JUDGE ELLIOTT TO RETURN AND TAKE UP TRIAL OF FORMER MAYOR A. A. AMES AT ONCE.

Former Mayor A. A. Ames will be tried next Monday for the second time on the indictment charging the acceptance of a bribe from Bessie Lee. A special venire will be drawn to-morrow at the convention which will give the authorities time enough to round up a requisite number of veniremen to begin proceedings.

There has been some uncertainty as to the drawing of the venire and this led to surmises as to the probability of the trial not commencing Monday.

Both the county attorney and the district attorney are ready for the fray and both predict a victory for their side. The evidence will be practically the same as it was at both of the former trials and when a jury once secured the testimony should be all put in without any delay.

ASKS A DISMISSAL

Northern Pacific Railway Seeks to Avoid Responsibility for Bridge.

An answer was filed this morning by the Northern Pacific railway company to the order to show cause and the writ of mandamus in the case of the State of Minnesota, ex rel City of Minneapolis against the St. Paul, Minneapolis & Northern Pacific railway companies brought to compel the construction of a steel bridge over their tracks at University avenue NE.

The defendant admits the damaging of the University avenue bridge by fire and its present dangerous condition, but denies that it ever admitted any obligation to build or maintain said bridge. It denies that it is its duty to maintain the bridge and alleges that the resolution, passed by the council in September, 1903, ordering the railway companies to construct said steel bridge, is a violation of the terms of the ordinance.

PROHIBITS STATE TICKET

Will Be Shaped Up in Convention Here Next Week.

The state convention of the prohibitionists will take place at Y. M. C. A. hall, this city, June 14 and 15. Charles M. Way of Minneapolis, Charles A. Fowle of St. Paul, and T. J. Andrews of Belgrade are talked of as candidates for gubernatorial nomination. The prohibitionists declare they will nominate legislative candidates this year. Several such nominations have already been made thru-out the state. Ramsey county will hold legislative and county conventions at the close of an illustrated temperance lecture at the Union mission this evening.

SIX ASPIRE TO BENCH

Judge Andrew Holt of the municipal court this morning filed his affidavit of candidacy for the republican nomination for district judge. County Attorney F. H. Boardman said this morning that he expected to enter the race within a few days. George Conroy hopes to be re-elected county surveyor and has filed his affidavit John Ryan, democrat, this morning filed his affidavit. He is seeking to be returned as alderman from the first ward.

GANNON TO DECLINE THE VICE-PRESIDENCY

Washington, June 10.—I decline the nomination. The clerk will call the roll again for nominations for vice president.

This is the statement of what he will do at the Chicago convention, made to-day by Speaker Cannon of the House, when asked the direct question.

"What will you do is the convention nominates despite your objection?" He then made the statement quoted.

He will be the permanent chairman of the convention and in a position to act as indicated.

DAUGHTER OF MORTON DIES AFTER OPERATION

Paris, June 10.—Miss Lena Morton, daughter of Levi P. Morton of New York, died this morning from the effects of blood poisoning following an operation for appendicitis.

Miss Morton was 27 years of age and was the elder of two unmarried daughters of former Vice President Morton. She was educated here while her father was United States ambassador to France. She was a linguist highly cultured and was a general favorite. Her father and mother and her sister, the duchess of Valencia, remained at the private sanitarium in which the operation was performed until death overtook her.

GRAND VIZIER WARNED TO STOP ATROCITIES

Paris, June 10, 1:30 p. m.—Foreign Minister Delcasse has been informed from Constantinople that the British, French and Russian ambassadors there yesterday reached a joint agreement to present an energetic representation to the grand vizier to put a stop to the Armenian atrocities. It is expected that a joint representation on the subject will be submitted to-day. This action follows the official investigation confirming that a number of bloody combats have occurred, that villages have been destroyed and that people have been killed in Armenia.

LOCAL POLITICS HEARST MEN MAY BOLT CONVENTION

HARMONY PLAN FAILS—FACTORS TO FIGHT IT OUT.

Separate Slates Will Be Presented and Each Side Prepares for Bitter Contest—Charges and Counter-charges Made—Meeting Will Be Turbulent.

The democratic county convention, which will be held to-morrow at Normanna hall, promises to be turbulent and bitter. The Hearst and anti-Hearst men got together to-day, but failed to effect a compromise on leaders, and the result will be that each faction will go into the meeting with its own slate, and prepared to fight hard for success. There has developed, further, the likelihood that the Hearst men, in the event of inability to carry their points, will withdraw entirely and select delegates at a rump convention.

"We desire to name Major J. M. Bowler for chairman," said W. H. Williams, Hearst leader, to-day, "because the major is a great friend of John Lind, and we believed that his presiding would do much to bring out the harmony. I don't know who we will run for chairman now."

Edward Stevens, of the anti-slate, also refuses to say whom they shall run for chairman, but he is pretty certain, however, that each side will have a slate which will include a chairman, secretary and members of a credential committee.

The anti-Hearst men will try to oust Hearst delegates elected at "rump" caucuses on the ground that such caucuses are not held at the legally designated places. The Hearst men will reply by trying to oust anti-Hearst men who were given credentials by other than proper precinct officers.

The Hearst men claim that the anti-slate will try to run things with a high hand, and that for this purpose they requested the mayor to let them have a squad of police at the convention hall to enforce order under "anti" rulings, but that the mayor refused to let them have but one officer.

The Hearst men to-day claim a working majority of seventy-nine delegates at the convention, but the anti-slate, on the other hand, claim they are stronger to-day than yesterday and on a square deal will easily win out. The anti-slate, however, wanted to compromise things at to-day's "harmony" meeting because they knew they were "flicked."

It is not at all unlikely that as the anti-Hearst element has the county committee, and the county chairman, Elijah Barton, who will be the first presiding officer at the convention, on its side, that because of rulings in opposition to their desires the Hearst men may bolt and hold a county convention of their own, at which they will elect delegates. This will make two sets of democratic delegates from Hennepin county and cause further confusion at the convention which the two sets shall attend, each demanding recognition.

Hearst candidates for district delegates at the national convention are F. D. Arrahane and J. R. Corrigan for delegate-at-large, Swan Turblad. Anti-Hearst candidates for district delegates are E. G. Winston and Elijah Barton for delegate-at-large, John Lind.
