

MURDER BRAND ON COLORADO MINERS

Gen. Bell Says Unionist Leaders Aided and Abetted Dynamiters in Crime.

Cripple Creek, Col., June 13.—General Bell has given out a statement concerning his action in deporting strikers. He attributes the recent troubles growing out of the miners' strike and the strike itself to the socialist element in the Western Federation of Miners, who, he says, captured the organization two years ago.

After a conference between representatives of various local unions and of the mine owners and the citizens' alliance, at which good feeling was shown on both sides, the employers agreed to make a frank statement of their attitude toward all organized labor. A committee is preparing a draft of the statement which will be submitted to the central committee for approval before it is made public tomorrow.

The walking delegate and the boycott also will be declared against in decisive terms. A list of Grievance Assembly as now constituted, employers say, must be abandoned. On the other hand, the employers of labor will decline to accept any demands against any lowering of the existing scale of wages and hours.

About 125 men are in the bullpen at present. The list of those who were deported has not been definitely announced and will not be until the train is well out of the district. It is understood, however, that the men will be taken either to New Mexico or Utah.

Lieutenant Cole and a squad have been scouting in the neighborhood of Gunnville to the west of the mine, but not captured by the military after the fight last Wednesday. Soldiers who have returned say they were shot at from ambush but were unable to locate the persons who fired the shots.

HEARST FAILS TO CARRY STATE

Continued from First Page. tional convention. R. C. Saunders was recommended for member of the state central committee. The convention endorsed Alex Thompson as anti-Hearst leader, as a delegate to the national convention. The Hearst sympathizers bolted and elected a full delegation, headed by Nat Campbell.

Wesaca.—No instructions. James Guigan, who is a recognized Hearst leader, and who is on the committee to select delegates and endorsed for committee.

Kandiyohi.—Patrick Lawler endorsed for committee. Delegates favor Parker.

Itasca.—Delegates all favor Hearst. Bedford.—Delegates divided in preference. Move—convention will be held next Monday. No Hearst sentiment.

Becker.—No democratic organization and no convention called. Winona.—Delegates are instructed, but practically all anti-Hearst. Desires unrestricted delegates to St. Louis, and most of the delegation is ready to support him in the alternative. Instructed to favor Hearst.

Frank A. Day backed for district delegate. Pillsbury.—Delegates instructed, but said to favor Hearst.

Millie Lacs.—No convention held. Nobles.—Delegates instructed, but mostly for Hearst.

Beaton.—Delegation instructed but mostly for Hearst.

PILOTS AWAIT GOMPERS

Conference With Federation President to Be Held Soon. Cleveland, June 13.—The advisory board of the Masters and Pilots' association expect President Gompers of the American Federation of Labor to-morrow next day for a conference. The meeting will also, it is said, be attended by Captain McGregor of the International Pilots' association.

No vessels belonging to the Lake Carriers cleared from this port to-day. Several boats, however, heretofore reported as having cleared to-day remained at the breakwater, evidently waiting to secure a full complement of officers.

800 RUSSIANS DIE IN A JAP AMBUSH

Continued from First Page.

Vladivostok, which they reached at 8 o'clock yesterday morning. A telegram from St. Petersburg states that the Russians have evacuated Liao-yang and that General Kuropatkin has removed his headquarters from Liao-yang to Mukden, indicating that the army he commands is retreating northward. But a dispatch from Niu-chuang dated 7 p. m. to-day states that nothing new had occurred there.

RUSSIAN GUNS POINT LANDWARD

Less Than 30,000 in Czar's Forces in Port Arthur. Niu-chuang, June 13, 6 a. m.—A Chinaman who was smuggled by the Japanese into Port Arthur to act as a spy, escaped on the seventh day ago, was arrested at Niu-chuang last night. He told a correspondent of the Associated Press that the Russians were working a large force of men into Port Arthur, and that the work will be completed in a fortnight.

Four cruisers under Golden Hill (at the entrance of Port Arthur) have their guns pointed landward to assist in repulsing a land attack. The channel is being mined, and Admiral Togo's blockade is effective.

The spy estimates the total strength of the Russian forces, including the sailors, at less than 30,000 men. There are two armored trains, a vehicle and there is food sufficient for two months. All the Chinese foodstuff has been seized by the authorities.

The Russian army at Port Arthur are gloomy, the hoping that General Kuropatkin will send an army south to assist the garrison of Port Arthur. Admiral Togo is stopping many active boats at Peking in the southern part near Port Arthur. Forty-two junks from Chi-fu have been sent to Tung-chou-fu.

The Chinese guilds are petitioning Lieutenant General Stoessel, commander of the Russian military forces at Port Arthur, to permit their members to be moving their goods and property to Chi-feng-tai, the richest Chinaman in Port Arthur, is grinding wheat brought from Seattle in a French ship which is lying at anchor.

An enormous amount of damage was done to the new town by the Japanese shells. The Russo-Chinese bank is totally destroyed. The Chinese who have just arrived here from Chi-fu say that the Japanese stationed there have reloaded all of their provisions and ammunition for transportation with the intention apparently of moving their headquarters down the peninsula. The Japanese fleet, they also say, is cruising daily between Taitienwan and Kin-chau.

JAPANESE LOSE HEAVILY

Flanking Movement Repulsed with Loss of Two Battalions. Hai-cheng, Manchuria, June 13.—A flanking movement of the Japanese around the Russian left from Feng-huang-cheng June 12 was repulsed with the loss of two whole battalions.

A large Japanese force moved out in the morning along the Feng-huang-cheng and Hai-cheng road. The Russians had a force of 1,500 men in ravine thirty miles southeast of Hai-cheng. The Japanese were preceded by two battalions, who walked into the Russian ambush. They tried to outflank the Russian artillery fire at close range and were wiped out, only one or two escaping.

The main Japanese force, which was greatly superior to the Russian force, tried to outflank the Russians, who drew off without losing a man. The Japanese closing in, found the ravine vacant, save for their own dead.

There are three battalions in each Japanese infantry regiment, except the bodyguard regiments, which have two each. A Japanese regiment ordinarily consists of seven battalions, 1,540 subofficers and 1,440 privates—1,664 men in all. Therefore it is probable that in the two battalions reported wiped out, there were at least 1,100 men.

PORT ARTHUR'S FALL JUNE 20

Japs Send Newspaper Men Forward to Witness Capture. New York Sun Special Service. Tokyo, June 13.—True to his promise that they should sail in the second week of June to observe the operations incident to the fall of Port Arthur, General Fukushima, Saturday night, gave a dinner in honor of ten newspaper correspondents and twelve military attaches of foreign powers, and yesterday started them for the front from the Yokota naval station on the Siberian railway steamer Manchuria, captured by the Japanese in the first week of the war. In his special message to Fukushima said: "You are to be the guests of the navy in a visit to the naval seats. It is extremely probable that you will visit Taitienwan today and the army headquarters on the Liao-tung peninsula north of Port Arthur. The foreign correspondents, I hope, will arrive at Port Arthur in time to be of benefit to their newspapers. The gentlemen who are now to be guests of the navy no doubt will be able to do justice to the news that will soon be within their province to report."

In private conversation General Fukushima promised that the foreign correspondents would arrive at Port Arthur before the Japanese on Monday. "You will be a day or two ahead of time," said Fukushima, "unless the Russian fleet should capture you."

FEARS FOR CORRESPONDENT

Indianapolis Man Either in Port Arthur or a Prisoner. Indianapolis, Ind., June 13.—A cable from Chi-fu to-day announces that fears are entertained for the safety of Hector Fisher, the Indianapolis news staff war correspondent, who left there recently to make his third attempt to enter Port Arthur. He was last seen Friday by Stanton, a forty-five mile south of the Chicago News, with whom he had arranged to communicate his movements. He was then leaving the Manchuria, a steamer bound for Port Arthur. It is believed he has effected an entrance into Port Arthur or has been captured or drowned. Secretary of War Taft, the Russian government have been notified.

JAPS WIN OUTPOST FIGHTS

Small Skirmishes the Only Break in Monotony for Kuroki. Kuroki's Headquarters in the Field, June 12, via Fu-san, Korea.—According to information here the only hostilities now occurring at the front are daily encounters between outposts resulting in the loss of a man or two every day.

A few Russian prisoners are being brought into Japanese headquarters, but no Japanese are being captured.

TAMMANY WILL SUPPORT PARKER

Continued from First Page. love feast, but many at this time look for a hard fight at St. Louis. —W. W. Jermans.

FOES OF PARKER MEET TO-DAY

Factions Will Attempt to Pick a Democratic Winner. New York Sun Special Service. New York, June 13.—The factions in the democratic party opposed to the nomination of Judge Parker assemble this city to-day to decide on a course of action. They have made a canvass of the situation, with the purpose of bringing about a boom for Mayor McClellan, but it is now privately acknowledged that this is a failure. They have now concluded that Grover Cleveland is the only man who can defeat Parker.

The claim is made that the requisite one-third had been assured. A recognized spokesman of Tammany Hall, stipulating that his name should not be used, said: "Parker is beaten. He may have a lead in the race, but the men who are opposing him have clinched and copper-riveted a third of the delegates who will never consent to his nomination. The Hearst and Bryan votes, with the Gorman strength and a few scattering votes absolutely opposed to Parker will do the trick."

A third of the delegates can be counted upon absolutely to oppose Parker. "The fight is absolutely unchanged from Tammany's standpoint. We are for the fight beyond the two weeks ago, opposed to Parker, because of Hill, and prepared to go to St. Louis and tell the delegates that Parker cannot carry this state. Agents of this combination expect to control the sixty-eight votes of Pennsylvania and the Gorman strength, including Maryland, West Virginia, the District of Columbia, Virginia, Ohio, Thomas F. Ryan, Ohio, thru John R. McLean, and the strength of William R. Hearst as well as that of J. Bryan. Agents of this combination will make representations to the delegates at St. Louis that Grover Cleveland is the only man who can carry New York, New Jersey, Connecticut and Indiana."

THREE CONCERNED IN ILLINOIS

Hearst, Harrison and Hopkins Forces Battle for Control. Springfield, Ill., June 13.—The question of whether or not the Illinois del. district for the government of the national convention will be instructed for William R. Hearst depends largely upon the outcome of a three-cornered fight for the right to control the party organization in the state convention which meets to-morrow.

The angles to the struggle are made up of the adherents of John P. Hopkings, who is the existing party machine; the followers of Mayor Harrison, and those who favor William R. Hearst for president. Mr. Hearst has long been a strong battler for Hearst, but they are striving at the same time to regain their lost power.

The Harrison men are for an endorsement in Congress of William R. Hearst for president and that brings them up against the Hearst people. They are personally opposed to Hopkings and his control of the state committee, which leaves no opportunity for a contest against Hearst in that direction.

The Hopkings people object to Harrison for the same reason that he opposes them. He will get nothing out of them. They can keep him out of office. Hopkings desires to retain control of the state committee so ardently desired by the Hearst campaign managers and the fight in this direction is becoming exciting.

The first struggle will come to-night when the state committee meets. Its members claim the right to elect a temporary chairman, and Frank J. Quinn of Peoria is the man talked of at present.

The Hearst people claim the right to name the chairman and desire Congressman Rainey for the place. Harrison may combine with Hearst against Hopkings for the control of the organization of the party.

The struggle for party control has become so keen that the nomination of state officers has become a secondary matter and nearly at present is paying much attention to the seekers for office.

SOLUTION IN BADGER PUZZLE

Eastern Republicans Would Seat Both Sets of Delegates or Neither. From The Journal Bureau, Colorado Building, Washington. Washington, June 13.—Eastern republican opinion is leaning strongly towards the idea that the national committee, which meets in Chicago Wednesday to arrange the temporary roll call of the national convention, should proceed in the Wisconsin contest very carefully.

Many leaders here think the committee should either seat both sets of delegates-at-large from Wisconsin, or neither. For the committee to undertake to pass upon the merits of the contest would be to imperil the state for Roosevelt and stir up the factional strife anew. Chairman Payne, it is understood, regards this proposed solution as a safe plan. —W. W. Jermans.

Philadelphia, June 13.—Charles Binder broke his neck sliding to the home plate in a baseball game Saturday, but the physicians at Jefferson hospital are in hopes of saving his life. Altho Binder has remained unconscious ever since the accident, the results of the operation performed by the doctors, who reset the dislocated bones and dressed the injured spinal column, were satisfactory.

The federation can well feel proud of its work in the field of organization. I can remember when there were but four carry on the work of organization. The value of an understanding between employer and employee has been recognized by many earnest, thinking and influential men on both sides of this question. This federation should encourage it at all times.

Mr. McEwen recommended that a referendum vote be taken for the purpose of securing the carrying of the union's relation to increasing the per capita tax from 1 to 2 cents a month.

Mr. McEwen of Duluth, secretary of the state federation, reported in which he discussed various phases of the labor movement. He said in part: Sixteen years ago there were about seventy unions in the State Federation of Labor. To-day there are 260, or an increase of almost 400 per cent. There are fully one hundred unions in the state that have not joined. We believe that in time these can be reached, and that the federation will some day be to the state what a trade assembly is to a city.

Mr. McEwen recommended that a referendum vote be taken for the purpose of securing the carrying of the union's relation to increasing the per capita tax from 1 to 2 cents a month.
