ST. PAUL, MINN.
382 Robert Street.

FRANKLIN

Cooling an engine by water instead of air is unnatural, costly, and wrong. The greatest cost is power. Power is the life-blood of the motor-car. The heavy, cumbersome, and elaborate water-cooling system saps the life-blood. Its lesser costs are: leakage at all times, freezing and bursting in winter, delay, loss of time, loss of pleasure, cost of repairs, etc. Water-cooled people have no idea of the motorist's joy in a Franklin car with its **Four-cylinder Air-cooled Motor** We can make prompt deliveries of the **Light Car and Light Tonneau** We are glad to demonstrate the Franklin to interested people. Catalogue on request **H. H. Franklin Mfg. Co., Syracuse, N. Y., Makers** Member Association Licensed Automobile Manufacturers **E. H. MOULTON, Jr., 316 Franklin, S. Minneapolis.**

RAILROADS.

MAY BUILD TO PACIFIC COAST

STORY OF THE MILWAUKEE'S INTENTION REVIVED.

This Time It Comes From Tacoma and Is Circumstantial — Terminal Grounds and Tidelands Said to Have Been Purchased at Portland and Seattle.

New York Sun Special Service.

Tacoma, Wash., June 24.—Indications increase that the Chicago, Milwaukee & St. Paul railway is preparing to build from South Dakota to Puget Sound within two years. Agents have purchased 400 acres of terminal grounds in Tacoma tidelands. Smaller purchases of tidelands have been made at Seattle and Portland. President Cookingham of the Tacoma Eastern, would not deny yesterday that an option on his line had been given to Milwaukee road. In

March, President Earling of the St. Paul road spent two days in conference with John Bagley, manager and builder of the Tacoma Eastern. Northwest lumbermen have been urging President Earling and Chairman Miller to extend their road to the coast, pointing out that they would secure, to start with, lumber traffic of at least \$9,000 carloads annually. It is believed that the St. Paul will reach Portland over the Harriman line from the Snake river territory and will build a line from Columbia river to Puget Sound, which may be jointly used by the Milwaukee and Harriman system.

HUNTINGTON RESIGNS

Quits Vice Presidency of the S. P.—Hughtitt Succeeds Hawley. New York, June 24.—H. E. Huntington has tendered his resignation as vice president of the Southern Pacific Railroad company. So far as known no action has yet been taken on the matter. It is understood that Mr. Huntington will remain a director. The system founded by his uncle, the late Collis P. Huntington.

Marvin Hughtitt, president of the Chicago & North-Western and a director of the Union Pacific, has been chosen to succeed Edwin Hawley, whose resignation as director and member of the Southern Pacific executive committee has just been announced. This selection is considered an important development in the railroad world.

WISCONSIN WOMAN LOST.

Special to the Journal. Galena, Ill., June 24.—The sudden and mysterious disappearance of Mrs. Augusta Reinhardt of Shullsburg, Wis., has caused a description of her to be sent throughout southern Wisconsin and northern Illinois. She is the wife of a prominent Shullsburg merchant. Forty persons are searching the woods, fields and mining shafts. The water was let out of the dam, but no trace of the missing woman was found.

The World's Fair and How to Get

The Minneapolis & St. Louis Railroad has these advantages: Two trains a day. An eighteen-hour schedule. Dining Cars serving all meals. Lands you at the gates of the Fair. Reduced rate tickets. Its rates are no higher, but its service is much better than that of any other line. For a free map and guide to the Fair, or other information, call or write to J. G. Rickel, 424 Nicollet avenue, Minneapolis.
