William Robb, colored, was arraigned in the police court today on a charge of conducting a gambling-house at 217 Second Street S. He pleaded not guilty and his case was continued until tomorrow.

The late Charles A. Pillsbury said in advice to young men and women: Commence depositing your money in a first-class savings bank. It is the foundation stone of success. The Hennepin County Savings Bank will take good care of your deposits.

Henry L. Little and others have joined in a protest to the park board against the condition of Kenwood and Lake Harriet boulevards. These fine driveways, it is said, have been covered with loose sand, and, according to the petitioners, they are almost impassable for pleasure vehicles.

The thirty-third annual convention of the Catholic Total Abstinence society of the archdiocese of St. Paul will be held tonight and tomorrow night in St. Anthony of Padua church, 188 Hennepin Avenue, Second Street NE, Minneapolis. Several prominent speakers have been invited and an elaborate program will be carried out.

The board of directors of the Twin City Telephone company has this day declared a semiannual dividend at the rate of 5 per cent on the common stock of the company, payable July 1, 1904, to the stockholders of record at the close of business on June 30, 1904. The transfer books will close at 12 o'clock June 25 and remain closed until July 1, 1904.

The biennial meeting of the Swedish-American Republican club will be held tomorrow evening at the senate chamber of the capitol in St. Paul for the election of officers and the discussion of political questions. A large attendance from all parts of the state is expected. P. H. Stoberg of Harris is the president, and C. G. Schul of St. Peter is the secretary.

The board of directors of the Tri-State Telephone and Telegraph company has this day declared a semiannual dividend at the rate of 5 per cent on the common stock of the company, payable July 1, 1904, to the stockholders of record at the close of business on June 30, 1904. The transfer books will close at 12 o'clock June 25 and remain closed until July 1, 1904.

H. M. Carpenter is the author of a communication sent to the county commissioners yesterday requesting the removal of certain Twin City Telephone company poles in front of Mr. Carpenter's place at Minnetonka Mills. The reason for this request is a claim that the present location of the telephone poles will interfere with the building of the proposed trolley line to Minnetonka. The board has taken no action.

The various companies of the Minneapolis battalion of the Minnesota national guard are passing under inspection. Major C. T. Spear of St. Paul will inspect Company B tonight at the time of the regular drill and will inspect Company I tomorrow night. Major Frank Rowley of Minneapolis inspected Company F last Friday night. Company A was to have been inspected last night, but owing to the primaries the inspection is postponed until July 11.

MINNESOTA LEADS ALL COMPETITORS

EDUCATIONAL BUILDING EXHIBIT IS GENERALLY PRAISED.

Miss Emma Roberts Says that Teachers of the Country Linger Long at the Minnesota Booth at the World's Fair Building—The Exhibit.

Miss Emma Roberts, who has just returned from the St. Louis Exposition, says that the Minnesota Educational building can say without any egotism whatever that the Minnesota exhibit is easily the very best. Not only is the work in many cases superior order, but the booth, under the careful planning of Miss Susanne B. Sirwell, with its open front and simple coloring, attracts the visitor as he enters by the main entrance, just opposite. Every bit of work in the booth is either framed or in cases and in this respect the Minnesota exhibit is unique. The wall space, instead of being papered from the top to the bottom with drawings and pastel primary work is arranged with selected bits of work and photographs.

Particularly in the industrial work, Miss Roberts says, the Minnesota exhibit surpasses others. The work throughout is careful and well done, while in the exhibitions of some other states there are baskets which will not stand up and rugs thru which one can easily stick a finger. The furniture used in the booth is entirely the work of the manual training pupils in the twin city high schools. The exhibit is generally favorable comments. The large rugs composed of the smaller ones made by pupils are exhibited only in one or two of the booths and are not generally admired. The color work and the other exhibits do not lead one to be ashamed of Minnesota. The exhibit is invariably the remarks appearing in the column opposite the visitors' names on the registry book are "A No. 1," "Excellent," "Best yet," "The Best of New York," formerly of Minneapolis, says the work shows a vast improvement over that shown when he was here. Miss Roberts was interested at the work she saw and has gained many new ideas. Tomorrow she will leave for Washington, New York and Boston to examine the work there before going to Chicago, where she will teach during the summer.

DR. BURTON TO LECTURE

Study Scheme for Second Week of Summer School.

Dr. Richard Burton, who needs no introduction to a Minneapolis audience, will give a course of five lectures upon the "Modern Novel" at the work she saw and has gained many new ideas. Tomorrow she will leave for Washington, New York and Boston to examine the work there before going to Chicago, where she will teach during the summer.

The annual excursion to Taylors Falls and the Dalles of St. Croix will be given Saturday. This is an ever-appealing look forward to by the teachers, and a large crowd always attends. The rate made is so low that a large crowd is sure to go this year. Outsiders are welcome as well as members of the school.

WESTERN UNION GIVES UP Dismisses Appeal in Litigation Under the Somerville Law.

By a stipulation filed in the supreme court yesterday the appeal of the defendant from a Hennepin county decision in favor of the state in the case of the State of Minnesota against the Western Union Telegraph company was dismissed. The case was brought by the state to compel the telegraph company to comply with the state law regulating the taxation and the method of conducting foreign corporations doing business in Minnesota.

Two Colored Men Charged With Smoking the Drug. Leslie Clayton and Harry Wright, colored, arrested last night in a raid on an opium joint at 258 Sixth Avenue S. were charged with smoking the drug. They pleaded not guilty and their cases were continued until tomorrow.

When arrested, both men were lying unconscious on a bed with opium outfits by their side. The doors of the place were covered with heavy carpet to prevent the odor of the drug from escaping. The police have suspected the place for some time, and last night they decided on the raid.

GLORIOUS 4TH IS DREADED BY SICK

CELEBRATION CAUSES SUFFERING IN HOSPITAL DISTRICT.

The Three Large Hospitals Are in a Populous Section and the National Holiday Is a Severe Strain on Scores of Suffering Patients.

It is absolutely dangerous—not merely annoying—it is a wanton menace to the sick—that is the universal opinion of the hospitals in regard to the danger to the patients in the wards from the noise of the annual celebration, almost insane by the continuous explosions. There are many children in the neighborhood and during the whole day calls to the police were unending to have not only the nerves of the patients but also their lives. Little redress was possible and the police were able to lend no assistance. Paper caps were exploding in the box all around the hospital under the car wheels.

At Asbury hospital, right across the street from the Fair, the manager, said today that there was more than could be expected that the hospitals should be required to put up with the deadly noise, and then like the good Samaritans, to shut and rescue the people who are inconsiderate agents of the disaster. Nevertheless everything will be done for those who suffer in celebrating the holiday. Fourth of July, the celebrator becomes the patient, ideas of a good time at the expense of other people will take on a different hue.

OTHERS GET BENEFIT W. E. Marchant Had to Leave Before His Plans Matured.

W. E. Marchant builded better than he knew when to the city last fall he organized a gas engine company on paper with headquarters in this city. He advertised extensively through the United States and Canada, and now a large company, in whose care his own gas engine, has received the harvest of the advertising and filling the orders.

Marchant, who has had a meteoric career, came to the city last fall and obtained an opportunity to solicit business for a local gas engine company on commission. His accounts were irregular, and a large percentage of the orders he turned in, it is said, were fictitious. He conceived the idea of organizing a company of his own to job in gas engine engines. He had office stationery printed and advertised in the city.

Before he could reap the benefit of his scheme he was called to account on his irregular dealings with his employer. He gave up the job and returned to his "wild cat" company continued to come to the office of his employer.

HE WAS ACCOMMODATING Charles Eastman Unwittingly Ended a Two Weeks' Pursuit.

Charles Eastman walked into a trap this morning when he entered the police court detention-room to consult his son, Ruben, who was charged with drunkenness. A short conversation the old man asked to be let out. Another door was opened for him, and he found himself in the courtroom, facing a charge of petty larceny in the amount of \$100.00.

PROMOTION FOR A LOCAL PRIEST

REV. J. M. CLEARY'S ELEVATION TO EPISCOPACY ANNOUNCED.

No Official Notification Has as Yet Been Given, but Dispatches Say He Is to Be Bishop of Helena, in the Older Diocese of Montana.

Altho the deliberations of the propaganda at Rome are supposed to be veiled in absolute secrecy until the proper official makes official announcement, sufficiently accurate news has reached America to make it appear that Rev. James M. Cleary of St. Charles' church, Minneapolis, has been chosen bishop of the reorganized Helena diocese. Father Cleary has had no notice as yet of his possible elevation to the episcopacy.

Washington dispatches announce that the apostolic delegate has had a brief from Rome of the order erecting the diocese of Great Falls, Mont., and appointing Rev. Father Lenihan, priest of the archdiocese at Dubuque, first bishop of the new see. This action creates two bishoprics in Montana, the see of Helena, previously having had jurisdiction over the whole state. The counties of Cascade, Chouteau, Flathead, Teton, Fergus, Valley, Yellowstone, Dawson, Custer, Park, Rosebud, Sweet Grass and part of Meagher county will be embraced in the new diocese, and the rest of the state will be the diocese of Helena. The appointment of Father Cleary has not been officially announced, and Rev. Father Day, in charge of the Helena diocese, since the death of Bishop Brondeur, has not been informed of the subdivision and appointments.

Digestion isn't a mere chemical process alone. The walls of the stomach move against one another and grind, or "churn," the food. "FORCE" is already half digested and well milled. It gives these over-tried twentieth-century stomachs of ours a fair show.

There is a certain crisp, appetizing, delicious taste to the flakes of "FORCE" which creates a sensation you long to repeat. That delicious taste is a sure sign that you are eating something which is going to do you good.
