

In Labor's Field. WILL ENGINEER FOR MACHINISTS

P. MORRISSEY BUSINESS AGENT
FOR TWIN CITY UNIONS.

He Has Had Much Experience
Handling Wage Controversies and at
Present Is Conducting the Important
Negotiations With the Great North-
ern Railway.

In the contest for the election of a
business agent to represent the twin
city machinists' union, P. Morrissey of
Lodge No. 112, St. Paul, was the suc-
cessful candidate. The race was be-
tween C. E. Burch, Thomas Van Lear
and Mr. Morrissey. No. 112 gave
Mr. Morrissey a handsome vote, he re-
ceiving 127 out of 176 votes cast, giv-
ing him a good lead. The office in
Minneapolis will be maintained and
will be the new official will divide
his time between the two cities.

The selection of Mr. Morrissey is re-
garded by members of the craft as a
good one. He is a man of wide ex-
perience in handling union affairs and
enjoys the confidence of his fellow
workmen. In the past five years he
has been a member of various com-
mittees which have handled numerous
scale controversies and other matters
connected with the railway. He is a
member of the machinists' union, and is
present one of a committee engaged in
negotiating with the Great Northern
Railway company for a settlement of a
schedule involving the whole system.
Mr. Morrissey last week was elected
president of the Great Northern dis-
trict lodge, composed of lodges on the
Great Northern system, and this in itself is
a great honor.

A compact has been formed between
the machinists of the Northern Pa-
cific and the Great Northern roads
which practically brings the workmen
of both under the jurisdiction of rep-
resentatives of the lodges on each sys-
tem met and drew up by-laws which
will govern both, and this means that
eventually both roads will be under
the direction of one district lodge
where two at present exist.

Mr. Morrissey assumed the duties of
his office today. Charles E. Burch,
former business agent, will remain at
headquarters for the next ten days,
and will assist the new official in be-
coming acquainted with the duties of
the position.

BAKERS TO CONVENE With the Confectionery Workers They Will Meet in Duluth.

Arrangements have been completed
for convention of representatives of
the various unions of Bakery and
Confectionery Workers of Minnesota.
The meeting will be held in Duluth, on
Monday, Aug. 8, and is the result of
the conference held in St. Paul by
delegates from state unions some
weeks ago. A state organization will
be perfected.

Leslie A. Sinton of the local union
has been appointed organizer for this
district. He is at present in Des
Moines, Iowa, where he will at-
tend to matters in connection with
the duties of his office.

Bakers' union, No. 222, has elected
the following officers: President, S.
Parsons; vice president, S. Sorenson;
recording secretary, D. S. Woods;
financial secretary, W. Bush; secre-
tary, W. Elliott; sergeant-at-arms,
O. Ringstead; label secretary, O. D.
Chase. The Minneapolis and St.
Paul unions will hold a joint picnic in
August.

EXCURSION ON THE FOURTH Labor People of Twin Cities Going Down the River.

The excursion and picnic to be given
on the Fourth of July under the
auspices of the joint Labor Day com-
mittee will be attended by a large
number of unionists. Charles E. Burch,
the committee chairman, provided good
music for the occasion and everything
has been done to make the outing an
enjoyable one.

The steamer C. W. Cowles and barge
Venus have been secured, which will
afford ample room for the large num-
ber expected to take the trip. The
party will leave the Minnehaha boat
landing at 9 a. m. and St. Paul at 10
a. m., going down the Mississippi to
Prescott, Wis., and thence up the St.
Croix.

PAINTERS ELECT OFFICERS M. Jorgenson Chosen President— Plans for Labor Day.

Election of officers brought out a
large attendance at the meeting of the
Painters and Decorators' union Tues-
day evening. The picnic committee
reported everything in readiness for
the outing of the members of the
union and their families to Water-
ville on Labor Day.

The following officers were elected:
President, M. Jorgenson; vice presi-
dent, J. B. Youngstrom; recording sec-
retary, S. W. Moore; financial secre-
tary, R. L. Warham; treasurer, C. J.
Axson; conductor, T. H. Heath;
warden, E. C. Allen; trustees, A. L.
Baker, F. A. Reynolds and J. Ryan;
delegates to the Builders' Trade Coun-
cil, G. B. Howley, J. W. Stokes and A.
G. Bainbridge; delegates to Painters'
District Council, S. J. Spencer, F. A.
Reynolds and J. W. Stokes.

Business Manager A. G. Bainbridge
will arrive home this evening after
two weeks at the world's fair at St.
Louis.

TO KEEP TEAMS MOVING Owners and Drivers Form Working Agreement.

Efforts on the part of committees
representing the local unions of team-
owners and teamdrivers to arrive at
a working agreement which would
govern the two bodies have proved
successful. All along both organiza-
tions have realized that a working
compact was an absolute necessity,
and the present arrangements will be
given a year's test.

The teamowners' union agrees to
recognize the Teamdrivers' union and
to employ only union men. Differ-
ences which cannot be settled other-
wise will be referred to a board of
arbitration, and strikes or lockouts
will not occur. Each agrees to work
for the interest of both.

WILL AID THE MINERS A. F. of L. Appeals to All Unions for Assistance.

The American Federation of Labor
has decided to take up the miners'
fight in Colorado, and will lend its
aid, both moral and financial, to the
Western Federation of Miners. An ap-
peal to organized labor of America,
signed by every member of the ex-
ecutive board of the A. F. of L., has

been sent out.
This would seem to indicate that
some understanding has been arrived
at between the rival organizations. It
is expected that the Colorado Citizens'
alliance, which withdrew its objec-
tions to the A. F. of L., will now place
the federation on the "unfair" list
again.

THE EXPECTED HAS HAPPENED Mergenthaler Machines Installed by the Public Printer.

Public Printer Palmer has signed a
contract for the installation of seventy
Mergenthaler typesetting machines in
the government printing office at
Washington, D. C. It is stated that
preference in employment will be
given the employees of the govern-
ment office, and the company install-
ing the machines will furnish expert
instructors for a period of two months.
The plant is to be in working order
and prepared to take care of the work
of the next session of congress. All
the machines will be of the "double

magazine" variety, and fifty-four will
have the duplex attachments.

WOULD END THE STRIKE Interested Parties Trying to Settle Paper Trouble.

Plans are under way to effect a
settlement of the strike of the paper
mill employees of the Fox river val-
ley district. Mayor Charles Schultz of
Neenah, Wis., will shortly call a meet-
ing of the mayors of several towns
interested, together with representa-
tives of the strikers and manufac-
turers, to discuss ways and means for
a settlement of the trouble. Business
is being affected by present conditions,
and a change is desired.

The Wisconsin Federation of Labor
is assisting the union men in a plan to
purchase a mill and operate it on a
co-operative plan, with union paper-
makers.

Stonemasons Elect. Officers were elected Tuesday evening by the Stonemasons' Union, as follows:

President, A. Larson; vice president, A.
Bramwell; recording secretary, A. P.
Skogberg; financial secretary, G. Brooks;
treasurer, A. Olsen; sergeant-at-arms,
P. F. Jordan; delegates to the Building
Trades Council, F. Strand, P. F. Jordan
and A. Larson; executive board, J. Habel,
A. Franklin, J. Clonan, R. Curran and E.
Strand.

phy and E. Millward. Assembly—Sam
Spurrell, Thomas McCourt, W. I. Green,
A. J. Miller and J. A. McElroy. The in-
creased duties of the office of business
agent has necessitated the appointment
of an additional agent, and John Wahlquist
was the successful candidate for the po-
sition. He will work in conjunction with
Thomas McCourt. At tonight's meeting
delegates will be elected to the interna-
tional convention to be held in Milwau-
kee, Wis., next September.

Believe in Advertising. Cigar-makers' Union No. 77 spent \$865 last month in label advertising, most of this money going into electric signs, which are placed in conspicuous positions thro- out the city and state. About \$2,000 will be expended in this work this year, the money being raised by assessing the mem- bership of the local union. The receipts of No. 77 for last month were \$337, and expenditures \$390, of which \$63 was for relief.

Another Business Agent.
Carpenters' Union No. 7 elected repre-
sentatives to the Building Trades Coun-
cil and the Trades Assembly last Friday
evening, as follows: Council—W. R. Mur-

ing officers for the ensuing term: President,
James Welch; vice president, L. A. Cornick;
recording secretary, John Flisen; financial
secretary, J. J. McHugh; treasurer, Neil John-
son; business agent, Gus Carlson.

Meat Cutters' Picnic. Teams from the Minneapolis and St. Paul Meat Cutters' Unions will play a game of baseball at Jordan, Minn., at the plein of the local union, to be held at Jordan on July 10. The meat cutters would like to see every meatshop in the city closed on the day of the picnic, and are trying to induce the proprietors to agree to suspend business operations for one day, so as to allow all workmen of the craft an opportunity to attend the annual outing of the union.

LABOR NOTES.
St. Paul Carpenters' Union elected the fol-
lowing officers for the ensuing term: President,
James Welch; vice president, L. A. Cornick;
recording secretary, John Flisen; financial
secretary, J. J. McHugh; treasurer, Neil John-
son; business agent, Gus Carlson.

Thomas R. Priest, first vice president of the
Bricklayers and Masons' International Union,
attended a meeting of the St. Paul Bricklayers'
Union last week and made an address.

Preliminary work is under way for the
formation of a metal trades council in St. Paul,
and committees from the unions interested will
co-operate with the Federation Council to ac-
complish the desired end.

Charles Butzenhart, president of the St. Paul
Cigar-makers' Union, has been chosen as dele-
gate to the convention of the Cigar-makers'
International Union at Baltimore next Sep-
tember.

Typographical Union, No. 42, is arranging for
an excursion down the Mississippi river and up
the St. Croix. The date has been set for Sunday,
Aug. 7.

Spokane, Wash., is having a labor mixup.
A short time ago the Spokane Trades Council made
an application for a charter to the American
Federation of Labor. A letter relative to the
application, from Frank Morrison, secretary of
the A. F. of L., did not bear the seal and the
document was ruled out of order by a vote of
the council, which later decided to ask the return
of the \$5 sent as a charter fee. A number of
the unions have since applied for a charter from

the A. F. of L. and will organize a new central
body.

Address from Butte, Mont., state that the
American Labor Union is on the decline. It is
said that the headquarters are to be removed to
Chicago. E. L. Miller, secretary of the Butte
Central Labor Council, says the A. L. U. owes
a \$5,000 printing bill for the publication of the
American Labor Journal.

Building Laborers' Union, No. 14, will hold an
election of officers next Wednesday evening at
Alexander's hall. A large attendance is re-
quested.

Secretary Kellington of the International Union
of Flour and Cereal Mill Employees, is engaged
in preparing the amended constitution and by-
laws for the press. No changes of importance
were made by the recent convention.

Commencing Wednesday evening, July 15,
Team Drivers' Union, No. 290, will meet in Alex-
ander's hall. E. M. Benson has been elected a
delegate to the convention of the International
Brotherhood of Teamsters, which will meet at
Toledo, Ohio, this year. E. Jackson has been
elected business agent. J. W. Farber, F. J. Col-
lins, E. Kilroy and E. Jackson are delegates to
the Trades Assembly.
