

HEGGE NAMED FOR GOVERNOR

DEMOCRATIC TICKET PUT UP AT GRAND FORKS.

Republican Candidates for the Supreme Bench Are Indorsed—Primary Elections and the Initiative and Referendum Features of the Platform.

Grand Forks, N. D., July 28.—The democratic state nominating convention was held here yesterday. The greater part of the day session was taken up with an effort to elect Chairman Brynjolfsson on the ground that his conduct at the Fargo convention was irregular. The convention, after a long debate, ratified the election of the Fargo convention.

The resolutions adopted reaffirm the St. Louis platform, denounce the republican "machine," demand minority representation on all state boards, condemn republican extravagance in the state, and favor the direct primary, the initiative and referendum, national grain inspection and the widening of the powers of the interstate commerce commission.

Resolutions on the death of J. P. Blder were adopted by a standing vote. The following ticket was nominated: President—H. B. Foss, Fargo; Vice President—John Bruggen, Williams; Otto Grethen, McLean; R. B. Blomquist, Grand Forks; Congress—G. Burr, Bottineau; N. P. Rasmussen, Barnes.

Governor—M. F. Hegge, Trull. Lieutenant Governor—G. S. Frye, Stark. Secretary of State—K. E. Kelfo, Walsh. Auditor—Charles Bode, Dick. Treasurer—H. B. Foss, Fargo. Commissioner of Insurance—D. M. Holmes, Grand Forks. Attorney General—S. Scramburg, Ramsey. Superintendent of Public Instruction—C. G. Schmidt, Stutsman. Commissioner of Agriculture—R. Schmitz, Wall. Railroad Commissioners—F. Martindale, Holt; Joseph Blom, Sargent; Axel Johnson, Eddy.

The convention indorsed the republican candidates for the supreme bench, N. C. Young and Edward Engerud.

Text of the Platform.

The following resolutions were adopted: The democrats of North Dakota in convention assembled, hereby reaffirm their belief in and adherence to and support of the cardinal principles of democracy as contained in the platform of the republican party adopted at St. Louis, and we hereby pledge our loyal support to the candidates nominated thereon.

We denounce the republican party for committing the conduct of the political affairs of this state to a few bosses dominated and controlled by the corporations, who from the merchant central, republican dictate party nominations, issues and public affairs of this state. We further denounce the cowardly delegates chosen by the people in ratifying the action of such bosses.

We favor a minority representation on all public boards in this state and denounce the action of the late republican convention in doling out appointments on public boards and subordinate positions, and thereby usurping the prerogatives of the executive for corrupt and partisan purposes.

We denounce the republican party for extravagant methods of the affairs of this state, and pledge the democrats party, if placed in power, to a careful and economic administration of the affairs of the state.

We are in favor of a primary election law for the nomination of all candidates for public office and hereby pledge our party to the enactment and enforcement of such a law.

We are in favor of the initiative and referendum. We believe in equal rights for all, special privileges for none, and therefore favor the equal taxation of all property, whether private or corporate, and pledge the party to enact and enforce necessary legislation to this end.

We are in favor of the national inspection and control of all grain. We favor national legislation, giving the interstate commerce commission power to enforce its mandates, and the enactment and enforcement of laws which prevent this state as will prevent prohibitive charges and discrimination in local rates.

Whereas, in order to put the national irrigation act in operation in this state, it became necessary for private parties to advance the money to procure the services of a competent engineer.

Therefore, Be it resolved, That our members in the legislative assembly be hereby instructed to vote for the necessary appropriation to reimburse such private persons.

A resolution on the death of the late J. P. Blder of Park River was adopted by a rising vote.

DECIDES FOR EMPLOYERS

Charge of Conspiracy Brought by Strikers Falls at Vancouver.

Special to The Journal. Vancouver, B. C., July 28.—A decision of wide importance to the employers of labor was made by a special jury last night in a case brought against the Employers' Association of Vancouver. The charge was conspiracy to keep men from getting work by refusing the strikers the Vancouver engineering works employment while the company was posting the open shop rules which caused the strike.

The jury decided that no injury to the strikers was contemplated by the employers' combine, as its act was principally to assist the Vancouver engineering works in maintaining the open shop. The plaintiff was supplied with funds by the International Union of Boilermakers.

HASTINGS, MINN.—W. S. Louden of Denmar was attacked by a bull. He had two ribs fractured and received other injuries. A large benefit excursion was given for Frank Wendt from Red Wing to this city, today, on the steamer Saturn and her mate, Wendt lost both his arms in an accident.

Cholera Morbus and Bowel Complaints

RAILROADS. MILLERS HOPEFUL OF RATE CHANGES

CONFERENCE IN NEW YORK GIVES PROMISE.

President of Millers' National Federation Wires the Northwestern Miller He Believes Arguments of Minneapolis Men Have Opened New Era for Milling Industry.

Minneapolis millers are extremely hopeful that good results will follow the New York conference held Tuesday in New York between the trunk line traffic managers and representatives of the milling industry. A revision of rates which would place export wheat and flour on more nearly equal footing was sought by the millers, who were represented by Charles Espenschied of St. Louis, president of the Millers' National Federation; Secretary L. T. Jamme and Charles C. Bovey of the Washburn-Crosby company, Minneapolis. The Northwestern Miller had telegraphic reports from the milling representatives. Mr. Bovey wires:

"We are convinced this meeting has carried our cause a long way toward success. The managers now fully understand the relation between wheat and flour. We believe trunk lines really desire to help us and that they have it in their power to do what is being demonstrated the effect of our arguments. We have made a strong impression. Mr. Jamme has done good work and the meeting proves that the federation can accomplish more than individuals."

President Espenschied is even more optimistic than Mr. Bovey. He telegraphs: "Splendid work done by Jamme, backed by Bovey's able arguments, have, I believe, opened a new era for the milling business."

It remains to be seen if the action of the carriers will substantiate the hopes and expectations of the milling representatives. Mr. Bovey hopes that the traffic managers will end this long-standing contest, by firmly establishing the status of export flour on a basis equal to that of the American miller's will, at least, not discriminate in favor of his foreign competitor. If this be done, there will follow a genuine revival in the trade, not alone of flour, but of wheat as well.

IOWA ROADS' TAXES

Property Valuation Increased Nearly a Million.

Special to The Journal. Des Moines, Iowa, July 28.—Iowa railroads will pay taxes for the year 1904 on a total valuation of \$57,638,322, or an increase of \$9,472,717 over the 1903. The bulk of the increase comes on the property of the Chicago, Burlington & Quincy railroad, which will bear nearly 40 per cent of the total increase.

The Chicago, Milwaukee & St. Paul railroad and the Great Northern, 228,239, and the Chicago Great Western, \$244,000. The North-Western line shows a clear increase of \$96,000. The Burlington, Cedar Rapids & Northern, and many other systems remain as fixed in 1903. The increases are due almost entirely to new mileage.

MAY PUT ON A NIGHT TRAIN

Minnesota & International May Change Schedule.

Special to The Journal. Brainerd, Minn., July 28.—General Manager Gemmill of the Minnesota & International, accompanied by Assistant General Superintendent Kline of the Northern Pacific, went to Minneapolis today in a special train. It is understood here the trip had to do with the proposed change in the schedule, giving the people along the line a night train so that they can get to the twin cities on the regular morning train by making connections at Brainerd and Staples.

LEAVES RAILROADING

Mercantile Business Looks Good to A. J. Alocher of the Great Western.

A. J. Alocher has resigned as city passenger and ticket agent of the Great Western. He will take a vacation and then engage in mercantile business. Mr. Alocher has been in the railway business in Minneapolis for eighteen years. At first he was city passenger agent of the Wisconsin Central. He resigned and took a trip abroad. Returning, he engaged as assistant passenger agent of the Great Western. For ten years he was assistant ticket agent and for four years held the position he has now resigned. Mr. Alocher has intimate business relations with the large firms of the city through his railroad work and will be at home in any mercantile opportunity he may take.

MEET DIFFERENTIAL RATE

Eastern Roads Make Reduction of G. A. R. Rate.

The standard eastern lines have met the \$17.75 differential rate to Boston on account of the G. A. R. encampment. The rate is based on \$5 from Minneapolis to Chicago. A \$2.80 arbitrary charge by way of New York makes the rate over the Pennsylvania, which does not reach Boston on its own rails, \$28.55 from Minneapolis.

The Soo is still selling at \$25.75, but it is expected that after Aug. 1 it may issue broadside which will bring the business.

NEW TRAFFIC COMPACT

Four Northern Lines Agree on Rates to Canada.

A new joint freight tariff from Duluth to Winnipeg on shipments originating this side the line east of Michigan went into effect today on the Northern Pacific, Great Northern, Canadian Pacific and Canadian Northern. It is the result of agitation at Winnipeg, based on the assertion that increased rates on shipments from across the line had the effect of depriving Manitoba of the benefit of effective railway competition from the south.

919 KILLED THIS YEAR

Dead Statistics of the Railroads Are Issued.

Washington, July 28.—According to the accident bulletin issued by the interstate commerce commission, 79 passengers and 840 employees of railroads were killed and 1,599 passengers and 10,864 employees injured in

KIDNEY AND BLADDER TROUBLES PROMPTLY CURED.

A Sample Bottle Sent FREE by Mail.

Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in promptly curing kidney, bladder and uric acid troubles, rheumatism and pain in the back. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes the unpleasant necessity of being compelled to get often during the day and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is not recommended for everything, but if you have kidney, liver, bladder or uric acid trouble you will find it just the remedy you need. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle of this great kidney remedy, Swamp-Root, and a book that tells all about it and its great cures, both sent absolutely free by mail. Address: Dr. Kilmer & Co., Binghamton, N. Y. When writing, be sure to mention that you read this generous offer in The Minneapolis Journal. Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

accidents on railroads in the United States during the quarter ended March 31, 1904.

This is a decrease of eight killed as compared with the corresponding quarter last year. The amount of damage to railroads and property by accidents during the quarter was \$2,256,447.

The bulletin says that the increased use of the airbrake, diminishing the necessity for employees on top of trains, has made a reduction of 32 per cent in the number of persons falling off cars.

A New G. N. Cutout. The Great Northern road will put surveyors in the field to lay out a twenty-five mile cutout in the main line near Kallispell. It will give a reduced grade, as well as a shorter line. Leaving the road near Cut Bank, the new line will follow up the Two Medicine creek to its headwaters.

See Extends Service. Fergus Falls, Minn., July 28.—Regular train service was extended from Otter Tail to Detroit, on the Soo railway, this week, and the new line will be put after. It is understood the service will not be extended beyond Detroit until the grade is completed across the White Earth reservation.

WORTHY OF S. HOLMES

Interesting Turn in Trial of Holdup Men at Vancouver.

Special to The Journal. Vancouver, B. C., July 28.—The trial of two men who, at the point of revolver held up a hock of bookmakers coming from the races and secured \$7,000, is under progress, and took a startling Sherlock Holmes' turn today.

Billy Quinn, the principal victim, says he caused the arrest of McDonald because when McDonald subsequently was operating a gambling machine in his saloon he was convinced that his white hand with blue veins, which dropped the nickel in the slot, was the same hand that held a gun to his head.

Quinn was subjected to a severe test by the police. A long piece of canvas was arranged, and there were twelve holes and six men stood behind the canvas and put their hands thru the holes. Quinn was brought in to identify the hand that held him up, and went straight to the left hand of McDonald and touched it.

Boys or Girls? St. Louis, July 28.—One of the interesting features in the Agricultural Building at the World's Fair, St. Louis, is the guessing contest at the Mellin's Food booth. Among the hundreds of baby pictures in this booth, there are twenty pictures of boys and girls. The difficulty is to know which is a boy and which is a girl. Thousands are guessing and are trying to get the \$250 offered by the Mellin's Food Company for the one who correctly guesses the boys and girls in the pictures.

There are two very handsome oil paintings in the exhibit from the Paris Salon and some marble statues, but the guessing contest is the popular attraction.
