MYSTERIOUS SIGN BY MUTE TO MUTE

Little, Lost Girl Finds a Friend in a Sister in Affliction.

Oakland, Sept. 2.—Inez Cowles, a 12-year-old deaf and dumb girl from Red Bluff, was lost on the streets last night, and when met by Sergeant of Police Clark was in a pitiable state of nervousness caused by fear and inability to communicate with the human beings who hurried by her. The big policeman presented to the frightened child a friendly face and she was unable to communicate her thoughts to him, she walked by his side toward the police station.

As the policeman and lost girl passed Seventh and Webster streets a troupe of three or four young girls met them. Without warning, and swift as a deer, the lost child darted forward and appealingly grasped the arm of one of the girls, Celina Baccus, who resides at 753 Webster street. It developed later that the one sought out by the lost child was a deaf mute. The girls were absolute strangers.

Sergeant Clark says there were no motions exchanged. He is unable to say by what instinct or psychological action the one afflicted girl knew instantly of the other girl's affliction.

Miss Baccus took the little stranger home with her. It seems that the Cowles girl was looking for a cousin by the name of Lilli Bionks, who is supposed to reside at 320 Oakland avenue. This morning the lost girl was conducted to the deaf, dumb and blind institute, where she is to attend school during the coming session.

GUARANTEED CURE FOR FITS

A new method of home treatment for epileptic fits, originated by famous Washington scientist, with all the government laboratories at his hand, has been discovered. Elixir Kosine is recommended for only one disease, epilepsy or fits. It is so un-failing in curing this dread trouble that its discoverer has instructed the local agents in this city, Yongeli Bros. Drug Co., corner Hennepin and Washington avenues, and corner of Seventh street and Nicollet avenue, to sell it under their absolute guarantee to refund the money if it fails, and he will pay them for the remedy himself. When used according to directions, it can no more fail to cure epilepsy than can the sun fail to rise, but this guarantee is made to inspire perfect confidence.

Both sexes, young or old, who have any symptoms of epileptic fits, any nervous twitchings or tremblings, should use Elixir Kosine at once, the only guaranteed cure. Price, \$1.50. Mail orders filled.

For sale by the Elixir Kosine Co., Washington, D. C., or by Yongeli Bros. Drug Co., corner Hennepin and Washington avenues, and corner of Seventh street and Nicollet avenue.

RADICALS LOSE IN WISCONSIN

Peck Nominated by Democrats on a Platform Denouncing Primary Elections.

Governor—George W. Peck, Milwaukee.
Lieutenant Governor—Dr. H. A. Lathrop, Marshfield.
Secretary of State—James P. Nolan, Manitowish.
Treasurer—Andrew Jensen, Edgerton.
Attorney General—William F. Wolfe, La Crosse.
Railroad Commissioner—Edward L. Harton, Marshfield.
Insurance Commissioner—Henry F. Lutzer, Sturgeon Bay.
Chairman State Central Committee—A. P. Warden, Waukesha.

Oshkosh, Wis., Sept. 2.—The foregoing is the democratic state ticket. The nomination of George W. Peck at Milwaukee was chosen as the standard bearer of the democrats of Wisconsin by acclamation and amid great enthusiasm.

The platform cordially approves the principles declared by the last national democratic convention at St. Louis, and the nomination of Henry C. Parker as president and Arthur P. Davis for vice president. It favors the creation of a commission to regulate all public service commissions and to a law compelling railway companies to sell mileage books at a flat rate of 2 cents a mile. The primary election law passed by the last legislature is strongly opposed and the state administration is roundly scored.

Two minority reports, one favoring the principle of primary election and the other declaring for an elective rate commission with power to control were turned down, the vote by which the majority report passed being 40 1/2 to 17 1/2. The contest was carried on by the big men of the convention, and in the discussions bitter feeling and acrimony were manifested.

On the one side, led by ex-Senator Vilas, the conservative elements were calling for the adoption of the majority report of the committee on resolutions. What has been termed the radical element on the other side, led by A. P. Warden of Waukesha, and conducted a fight that indicated a greater showing of strength than was demonstrated when the votes were counted. In the debate upon the primary election planks, advocated by the two sides, the factional division and dissension became apparent.

Dr. H. A. Lathrop of Marshfield was chosen for the second place on the ticket, defeating Burt Williams of Ashland by a vote of 322 to 328.

In the hot contest for state chairman, A. P. Warden of Waukesha won out over J. E. Jones of Portage by a vote of 377 to 200 1/2. The convention then at 11:30 last night adjourned.

BROKEN BRITON AND BRIDE BREAK

Nathalie Schenck's Eyes Opened to Real Status of Husband.

New York, Sept. 2.—Society for some time has been discussing the affairs of Captain and Mrs. Glen Collins, the latter a daughter of Mrs. Spotwood D. Schenck. In fact, since their marriage, which took place last spring in California, stories have been in circulation that the union was unfortunate and that the former light-hearted Nathalie Schenck was far from being happy, and instead of marrying in this city, shortly after their return from the Pacific coast, and are now in Europe. Mrs. Collins, it is said, sailed from New York, accompanied by her uncle, Matthew Morgan, and her husband left New York for Europe a few days later. Mrs. Collins has joined her mother on the continent, and Mrs. Schenck, who has been declared a bankrupt by law, is reported to be at Monte Carlo.

Society has again been discussing the story told a short time ago by an Englishman during a visit to Mr. and Mrs. Reginald Vanderbilt at Newport, endeavored to borrow \$100,000 from Mr. Vanderbilt, and, being unable to do so, boldly asked for \$50,000 as a present. It is understood this would be borrower was Captain Collins.

CLAIMS WATERS UNDER THE EARTH

Los Angeles Files Suit to Stop Diversion of Subterranean Streams.

Los Angeles, Cal., Sept. 2.—City Attorney Mathews has filed the complaint in the injunction suit the city is bringing against the ranchers of the San Joaquin valley to prohibit them from using the water flowing in underground streams or in any manner percolating from the Los Angeles river. The suit is one of the biggest ever filed here. It affects over 25,000 acres of land in the valley and sixty pumping plants are involved. The names of 164 defendants have been given in the complaint.

The complaint does not attempt to prohibit residents of the valley from using whatever water they may require for domestic purposes or for the watering of live stock. These privileges are conceded. The city is fighting to prevent the use of the waters of the river for large irrigating enterprises.

The complaint sets forth that the defendants claim adversely to plaintiff an interest in the paramount right to the waters of the river and that the defendants threaten during the irrigating season, from May 1 to Nov. 1 of each year and at other times they desire, to divert the water by means of pumps and wells.

It is the belief of plaintiff that if the defendants are allowed to do these things that a large amount of water would never get back into the stream.

JUST TO SEE CARS BREAK UP.

New York Sun Special Service.
Chicago, Sept. 2.—"Just to see the cars break up" is the motive imputed by 11-year-old Helen Schultz to her playmate, Freddie Mueller, 10 years old, for turning a switch and wrecking a freight train on the Chicago & North-Western railway. Each child accuses the other of having turned the switch, and warrants charging both with malicious mischief have been sworn out.

If there was ever a specific for any one complaint, then Carter's Little Liver Pills are a specific for sick headache, and every woman should know this. Only one pill a dose. Try them.

SPURNS CRIME-TAINTED MONEY.
Baltimore, Sept. 2.—Because a taint rests on the money willed to Mrs. Maud Ballington Booth by "Doc" Bliss, a confirmed criminal, now dying in the Baltimore city jail, the bequest will undoubtedly be refused. Bliss, alias John B. King, admits that the amount, about \$100, is the proceeds of crime, and Alexander Skelly, Mrs. Booth's representative, said that if such were the case she would not accept the money.
