

She Prayed For Death

Remarkable Experience of Mrs. Hezekiah Buckthorn, a Kansas Woman.

WONDERFUL EFFECT OF THE NEW DISCOVERY, CHRYSTAL TONIC, IN SUSTAINING AND PRESERVING LIFE.

It is a Prolonged Liquid Food that Rebuilds and Restores All the Tissues of the Body and Thus Arrests and Prevents the Process of Natural Decay Incident to Old Age—By Means of Its Marvelous Properties Life Can Be Prolonged Indefinitely.

Mrs. Hezekiah Buckthorn, for many years a leader in the religious and social life of the metropolis of the Jayhawk state, but who has for the past 22 years been a confirmed invalid, suffering from nervous and female disorders, has established her friends and acquaintances by a complete and marvelous recovery. Let her tell her own story.

MRS. HEZEKIAH BUCKTHORN.

"Now that I am restored to health and no longer a sufferer from those torturing ailments peculiar to women, I don't mind stating that years ago I became so worried and discouraged that I prayed to God to release me from my suffering. He certainly answered my prayer, but not in the way I anticipated.

"One day my husband brought me a bottle of Crystall Tonic, but I had closed myself with so many useless medicines that I would not try it until he almost made me do it.

"In half an hour I felt better, and that night I had the first unbroken sleep for more than twenty years. That first bottle set me on my feet again and within two weeks I was able to go to church for the first time in sixteen years. I am now completely cured. My appetite is normal, I sleep well and I never felt better in my life. God answered my prayer with Crystall Tonic.

One single dose of Crystall Tonic will make you feel better. Within fifteen minutes after you have taken it you will feel new life in your blood, the nerves will tingle and your rich life, and all the feeling of melancholy and depression will pass away.

Continuing to use it, your digestion will improve, you will be able to sleep sound, dreamless sleep that rests and refreshes every atom of your being.

Work that has been impossible will be easily within your reach—brain and body will cooperate naturally to produce the best.

Crystall Tonic cures rheumatism, constipation, consumption, torpid liver, kidney trouble, Bright's disease, heart disease, neuritis, nervous exhaustion, male and female weakness, blood, headache, backache, dizziness, sleeplessness, dyspepsia, general debility, tired brain and any run-down condition of the system.

Crystall Tonic is not a combination of dangerous drugs. It is a prolonged liquid food that rebuilds and restores all the tissues of the body and thus arrests and prevents the process of natural decay, incident to old age. By means of its marvelous properties life can be prolonged indefinitely.

It gives sound, refreshing sleep, aids digestion, cures constipation and biliousness and drives impurities from the blood.

It ought to be in every family all the time—a good food for young as old, because it prevents and cures disease.

Don't take our word for what Crystall Tonic will do for you. Try it today. If, after using it, you are not delighted with the result, write the company at Marshall and they will refund your money. What could be finer? Get Crystall Tonic from your druggist at \$1.00 a bottle, or direct from the Crystall Tonic Co., Marshall, Mich., prepaid, on receipt of price.

MONTANA IS PROSPEROUS

Gallatin Valley Crops Show What Irrigation Will Do.

Prosperity everywhere is what W. L. Hathaway, district passenger agent of the Rock Island, found in Montana. Hard times are unknown in that country. Fine crops in the Gallatin valley show what Montana could do if federal irrigation ditches were introduced.

Mr. Hathaway met Pat Mullin and P. A. Heinze. He believes that Mr. Heinze is fighting not only for himself, but also for the workingman. He has a strong hold on the working class.

"More persons are going to the world's fair from Montana in proportion to the population than from anywhere in the United States," said Mr. Hathaway today.

World's Fair Excursion

Low rates over Minneapolis & St. Louis Railroad—2 regular trains with fine equipment, run direct to the gates of the fair in 18 hours. Tickets at 424 Nicollet avenue, Minneapolis.

"Auto," "Pike," "Dillon" and "Harvard" styles have met with great favor. Price 50c to \$3.00.

The Plymouth Sole agents Knox Hats Minneapolis. St. Paul.

STELLA TRACEY, THE CLEVER LITTLE LADY.

WHO WILL ENTERTAIN THE ORPHANS IN THE FIRST OF A JOURNAL CHARITY SERIES.

Miss Stella Tracey of "The Royal Chef" company, the musical organization that comes to the Metropolitan Sunday night, has volunteered her services to The Journal in its first entertainment for the little inmates of the Catholic orphan asylum and the Washburn home. She has always been interested in charitable matters. Miss Tracey was born in Australia, but her parents were American. While en route to this country the steamer on which she had taken passage stopped at Samoa. One of her fellow passengers, a missionary among the native Samoans, became acquainted with Miss Tracey and asked her if she would appear at the missionhouse and entertain the natives with some songs while the steamer laid over. She willingly agreed. It required but half an hour to get information to a large number of his charges, and she had been taught, in a commodious frame structure, almost filled with brown-skinned natives squatted picturesquely on the floor waiting to hear music "from the white bird's throat who lived in the world."

Residents of other lands are spoken of by the Samoans as "from the world." After giving a few songs, the entertainer thought it would be a novelty to dance for them. This interested them greatly, and when she had finished and been applauded in native fashion by a series of grunts—one of the boldest inquired if this dancing was a natural or acquired faculty. When informed that she had been taught, he proposed that if she would wait for the next steamer, due in twenty days, and teach him to dance, he would give her a fine pair of shoes. She accepted, and would have dearly loved to acquire that shawl, a magnificent affair which required thousands of the little yellow birds' wings. Still, twenty days on that island was an awful price to pay.

Before coming to America, Miss Tracey was the "headliner" of the child opera stars in Australia, where there are many juvenile organizations presenting operas. Having reached the top of the ladder there, she came to the United States, where, under the management of the late manager, she volunteered on night for a benefit in aid of an indigent actor. Her sweet voice and clever imitations of actresses of note attracted the attention of Sam S. Shubert, who signed her for five years and placed her with the "Chinese Honeymoon" company. This season she is one of the features with "The Royal Chef" company, which, and it is expected that she will star at the head of an operatic organization that Mr. Shubert is to send out next season.

SAVES STAMP LICKING

New Postal Plan Will Be Appreciated by Circular Users.

The postoffice was today notified that the merchants of Minneapolis would be permitted, upon request, to use the privileges of the new postal laws and regulations providing for the sending of identical pieces of mail of the third and fourth class of not less than 2,000 pieces, without affixing stamps. This does not mean that the postage will not have to be paid in full and that the mail will go by bulk weight, but that the department is seeking to lighten the burden of having to affix stamps on individual pieces of mail when immense quantities of mail are sent consisting of identical pieces. The postage will have to be paid fully at the required rate for each piece.

To secure this privilege, a special wrapper will have to be used. In the upper left-hand corner the name of the sender and the postage is to be printed. In the upper right-hand corner the class, the amount paid and the words "Paid in Money and the permit number are to be printed.

These special laws apply only to the sending of mail in the United States and possessions.

A Great Street Fair.

The business men of Anoka are making great preparations for their street fair, to be given Thursday, Friday and Saturday of this week. One of the great attractions at the fair will be the show of the C. I. Cash Carnival company of St. Paul. The managers of the company are planning to put on their entertainment in lavish form and will have 6 paid and 6 free shows. In celebration of the fair the streets and shop windows are being festively decorated and Anoka will be a generous host. Among the special features at the fair and of the carnival will be a balloon ascension; darkey quartets; two brass bands; a first-class ball game and numerous other attractions which will go towards entertaining the visitors.

The most interesting part of the fair program is to be the contest of Townships for the prize offered by the business men of Anoka for the best exhibit of vegetables and garden truck grown in the different townships of Anoka.

Friday afternoon exciting races will be held at the Driving Park and the ball game will be played.

Only \$32.90 to California. Save \$15.00 by going via the Minneapolis & St. Louis before October 15th.

Through tourist cars every Wednesday and Thursday. For reservations and tickets, call on J. G. Rickel, City Ticket Agent, 424 Nicollet Ave.

A woman who is weak, nervous and sleepless, and who has cold hands and feet, cannot feel and act like a well person. Carter's Iron Pills equalize the circulation, remove nervousness and give strength and rest.

WANTS VOTERS TO SAY

ALDERMAN F. L. SCHOONMAKER WOULD PUT FILTER PLANT PROPOSITION ON CITY BALLOT.

Alderman Frank L. Schoonmaker has started a movement for the submission to the vote of the people of a proposition to issue bonds to the amount of \$1,000,000 for the filter plant at the reservoir, recommended by the pure water commission. The motion was made at the meeting of the waterworks committee yesterday and was approved by that body. It will come before the council next Friday evening, and will then be fully discussed. It is not believed that the proposition will be opposed by any of the aldermen.

LADIES' WATCHES Beautiful enameled and gold inlaid American watches, fully guaranteed, were \$16.50, Thur \$11.85

DONALDSON'S GLASS BLOCK

Clearance Sale of Furniture Continues. 4th Floor Clearance Sale of Crockery Continues.

Golden Oak Dining Room Chairs. Thursday we offer Golden Oak Dining Room Chairs, worth \$1.25, for 75c

Thousands of bargains in both departments that have to be seen to be appreciated. Do not miss seeing the bargain tables of China and Crockery on the main floor or the Furniture displayed in windows and the individual pieces scattered throughout the first floor. We have priced them regardless of even manufacturers' cost.

The estimated cost of the filter plant is \$1,270,000. The waterworks department is expected to make up the difference between the bond issue and cost of the plant out of its revenues, which will be able to give material help in financing the enterprise.

Active work will be done by the Improvement league in promoting public sentiment in favor of the filter plant proposed by the pure water commission. In particular are the voters to be urged to sustain the proposition to authorize the city council to issue bonds to the amount of \$1,000,000, and every member of the league is pledged to take an active part in the educational campaign which is to be carried on from now until election day.

CAN USE INSURANCE Settlement for Old Main Will Be Used on New Structure. The insurance carried on the main building at the state university will go into the state treasury as a separate fund, to be used by the board of control on the new building that is to replace it. Members of the board of control say that the money could be used at once on repairs, but it would be poor policy to start with such a small sum. A large modern building is needed, and plans cannot be made for it until the money has been appropriated by the legislature.

Passengers to New York, Boston, New England and all eastern points will find it to their advantage to ascertain rates applying over the Nickel Plate Road and its eastern connections. Three daily trains, on which there is no excess fare charged. One special feature of the service is meals in dining cars, on American club plan. Pay for what you get, but in no case over 35c to \$1 per meal; also service a la carte and mid-day luncheon, 50c. Folders, rates and all information cheerfully furnished by applying to John Y. Calahan, General Agent, Chicago, Ill., room 208, 113 Adams street, Chicago depot, La Salle and Van Buren streets.
