Reeves, embezzlement; William Bronson, grand larceny in the first degree; Nels Glavstad, forgery in the second degree; Carl Sather and William Moran, burglary in the second degree; Joseph Smith, grand larceny in the second degree; Charles Wallace, grand larceny in the first degree; Henry Hanson, forgery in the second degree; John Danielson, grand larceny in the second degree.

WHILE FAMILY DINED
 Thieves Plundered St. Paul Residence, Getting Rich Booty.

Thieves entered the residence of D. N. Saunders, 323 Summit avenue St. Paul, last night and looted the house of jewelry and silver valued at \$10,000. The robbers did their work while the family was at dinner and they packed their plunder so quietly that the loss was not discovered until late in the evening. Then it was seen that the entire upper floor had been ransacked.

At the present time crude rubber costs \$1.15 per pound, but it is the only rubber giving resiliency, comfort, dependability and wear.

These are the features that have caused our rubber heel to be recognized by physicians, adopted by hospitals and used by hustlers. They are a relief to the world; are a panacea to women and the greatest boon ever offered to the public. Remove jar in walking, give a silent easy tread, outwear the shoes, but like all other good things, have substitutes. Substituting means cheapening. All other makes claim to be as good as O'Sullivan's, but where they demand the same price for substitutes, it is not a reason you should demand O'Sullivan's—the only kind made of new rubber?

35 Cents at all dealers and a trifle for attaching. If dealers cannot supply, send 35 cents to O'Sullivan Rubber Co Lowell, Mass.

DEM. NOMINEES SLOW TO 'DIG UP'

THEY WOULD DRAW ON THAT "CAMPAIGN FUND."

Several of Them Believe This Much Talked of Fund Really Exists, and They Believe It Should Be Used to Reduce the Assessments of All.

There was a meeting of the Hennepin county democratic committee at county headquarters today. The meeting was called for 11 o'clock and was a good two hours in duration. It was attended by a number of those present would divulge any information as to the business transacted. It is understood, however, that "the money question" was under consideration and that it is causing trouble in democratic ranks.

Rumor for some time has had it that under the present city administration there has been accumulated a campaign fund of no small size. With several of the democratic candidates the belief was that this money was to go into the present campaign expenses. Some of the democratic nominees to whom the matter of a campaign assessment has been broached, think they should not be asked to "hand over" as long as this fund holds out, that the fund should be used for the benefit of all county and city nominees on the democratic ticket. But the guardians of the alleged fund are said to be loath to make general expenditures from it, and there comes the rub. Before the campaign is over, there is likely to be friction on this subject which may result in a split between the county committee and some of the candidates on the democratic ticket.

STATIONERS TO ORGANIZE

MINNEAPOLIS MEN GOING TO CHICAGO TO HELP FORM NATIONAL ASSOCIATION.

J. A. Schlemmer, J. S. Todd, E. J. Smith and E. R. Williams, stationers of Minneapolis, will leave Sunday evening for Chicago to attend a meeting of stationers from all parts of the country to commence in that city Monday.

The gathering is for the purpose of organizing a national association for the betterment of the mutual interests of all retail stationers. The convention will continue thru Tuesday and Wednesday. It is hoped to have local associations of stationers in every city of any size in the country affiliated in a national organization.

The national association will investigate all methods of transacting business. Manufacturers who cut into retail dealers at wholesale prices, the use of the "cut price" list, frauds perpetrated by unscrupulous concerns—especially in the way of selling text and other books thru agents in the country districts—will be ventilated and presented where possible, a system of ascertaining credits and also of preventing further inroads being made by deal-beats will be established; and whatever other general work such as may present itself will be done for such an association to accomplish.

S. S. INSTITUTE MEETS

Hennepin and Ramsey County Workers in Session.

An address by Mrs. Mary Foster Bryner of New York of the International Sunday School union was the feature of the opening session of the S. S. Institute of the city of Minneapolis and Ramsey county yesterday at the Central Park Methodist church, St. Paul. Reports were made by the secretary, Mrs. G. A. Hunt of St. Paul, and the treasurer, Mrs. H. C. Morse of Minneapolis. The president, Miss Louise A. Emery of St. Paul, gave the annual address.

The afternoon was taken up with conferences on child study led by Mrs. J. E. Hobart of Minneapolis and by Ernest Paul H. Metz of the evening song service and H. A. Campbell the devotions. The general discussion on the use of sessions in the institute's half hour was led by Dr. C. E. Lee.

TRUCE IN PHONE WAR

St. Paul Hostilities Cease Pending a Decision on the Injunction.

A truce has been declared between the Telephone Exchange city telephone company and the city of St. Paul. During the interlude, the wires along Hague avenue remain down and the service between Minneapolis and St. Paul is affected. The contention of the two parties will be presented in the Ramsey county district court Saturday, when a motion to make permanent the temporary injunction restraining the city engineer from destroying any more of the company's wires will be argued.

Fourteen of the telephone company's men were arrested Tuesday and were arraigned in police court yesterday on the charge of violating the building ordinance. Their cases were continued pending the court's decision on the injunction.

TARANTULA BIT HIM

Frank Freeman's Life Saved by Extraction of Poison.

Leaping several inches in the air, a huge tarantula fastened itself on the hand of Frank Freeman, 2203 Grand street, yesterday afternoon. He was purchasing a hundred-pound bunch of bananas from the Gamble-Robinson company on Commission Row. The poison instantly passed into the blood of the victim and attacked his entire nervous system. Mr. Freeman fell into the arms of one of the grocerymen, and an attendant killed the monster with a broom.

No time was lost in sending for a physician and the poison was immediately drawn out and restoratives administered. Last night Mr. Freeman was apparently as well as ever, and was inclined to laugh at the incident.

THREE ASK DAMAGES

Railroad Companies Defendants in U. S. District Court.

Three new cases have been added to the calendar of cases to be tried in the United States district court before Judge William Leehren, all of them damage suits against railroad companies. The aggregate sums sued for amount to \$40,125.

Andrew Sund sues the Rock Island road for \$25,000 for injuries received on March 16 thru alleged gross negligence by the company. Cornelius Haggerty filed a suit against the Milwaukee road for \$10,000, and Isaac M. Phillips seeks \$5,125 from the same company.

VOUCHER SIGNED BY A DEAD HAND

Facts of a Grisly Fraud Uncovered at Dash, N. D., by a Minneapolis Pension Examiner.

Pension vouchers, signed by a dead soldier, whose eye was held open and whose cold hand was guided across the paper holding a pen, have been detected as forgeries by H. L. Roethe, special examiner in charge of an existing and arduous search. Mr. Roethe returned from Dash, N. D., today and reported his work done. Prosecution will follow.

Some time ago Mrs. Catherine Farham sent to Minneapolis the vouchers and a sworn statement that her husband had died on Sept. 6, 1904. There would have been no suspicion if it had not been noted that the mailing date on the letter was Sept. 4. The fact that the statement bore a notarial seal complicated the case.

The fact that the man had died and had been buried there was easily proved. But those who remembered the funeral were not prepared to swear to the date. One investigating fact was learned. The soldier had died at Cartwright north of the border line in Canada. Thus the seal was valueless, altho the notary had once lived in Dash. Mr. Roethe then learned that the soldier had a daughter by his wife who lived half way to Cartwright. It was a twenty-mile drive and the hour was late. Fearing that his presence might become known he secured a team and started for the daughter's house. He arrived about 11 p.m. From the daughter it was learned that her father had died on Sept. 1.

This was enough to prove the falsity of the vouchers and make a case against the notary who had changed the date which in itself is a misdemeanor punishable by a fine of \$200. The next day Roethe pushed on to Cartwright and learned how the soldier, who lived with the family of the soldier, had decided that the soldier showed signs of life several days before he died. He put the pen in his hand and opened his eye that he might see.

Deposits made in the Farmers and Mechanics' Savings Bank on Oct. 1st, 3d and 4th will draw interest from Oct. 31 if left for three months.

SHE STARVED HERSELF

MRS. HOLT LOCKED HERSELF IN HER ROOM, REPULSED EVEN HER HUSBAND, AND FINALLY DIED.

An autopsy performed upon the body of Mrs. Jennie Holt, wife of Stephen Holt, 3422 Broadway, showed that she had died from starvation attending a severe case of melancholia. She could not force herself to eat and gradually her strength left her.

Mrs. Holt became ill several months ago and would brood over imagined wrongs. Her husband was kind to her always, but was unable to understand her trouble. About three weeks ago she locked herself in her room and declared that she did not wish to see anyone. Even her husband was an unwelcome visitor. She refused to eat and gradually wasted away until yesterday morning she was found dead in her room. The funeral will be held Saturday at 2:30 p.m. from the residence.

Change of Time on "The Milwaukee" Mankato Line.
 "The Milwaukee" evening train for Mankato will leave Minneapolis at 6:25 p.m. and arrive at Mankato at present, beginning Monday, Oct. 31.

CONSPIRACY WAS ALLEGED

Resortkeeper's Defense Did Not Stay Passing of Sentence.

For a few minutes this morning it seemed likely that a scandal would be exposed in the trial of William A. Fisher. Fisher was being tried for keeping a low resort on Third street S. Henry S. Mead, her attorney, stated that his client had been arrested by the Northern Pacific on the part of the complaining witnesses and a man who claimed to own a diamond ring that had been in the possession of the defendant. Fisher, who died April 23 at the quarantine hospital, and which the defendant refused to give up.

Mr. Mead offered to prove that the man who claimed the diamond ring had employed private detectives to get evidence against the woman for revenge, and the Fisher woman was fined \$50.

THE C. E. EXODUS

Delegates Abandon Special Train and Will Use Certificate Plan.

Transportation to Duluth for the two cities, on the occasion of the state convention of Christian Endeavorers, Sept. 30 to Oct. 3, inclusive, has been definitely settled by L. A. Gilbert of St. Paul, state transportation manager. It was at first intended to have a special train from the twin cities, but inasmuch as many of the delegates find it impossible to leave the city on Friday morning or afternoon, instead of on Friday, no special will be run. Those who wish to attend the opening session of the convention will take the Northern Pacific train leaving Minneapolis at 2 p.m. Friday from the union station. This will bring them into Duluth at 7 p.m.—in time for the supper and opening address.

Those who cannot go Friday may take any of the trains of either the Northern Pacific or the North-Western to Duluth. Blankets and many other necessities to relate. He has been in the navy more than a year and in that time has found that there is not so much romance in such a life as he used to think. He will rejoin the ship at Boston in about ten days.

THE ROMANCE GONE

Minneapolis Boy Found Something Else Aboard the Maine.

Bert W. Blenkhorn, whose parents live at 9 East Twenty-sixth street, is home on a furlough from the battleship Maine. As the man-of-war has just returned from a cruise in the Mediterranean, Blenkhorn has many interesting stories to relate. He has been in the navy more than a year and in that time has found that there is not so much romance in such a life as he used to think. He will rejoin the ship at Boston in about ten days.

THE FEAST OF BOOTHS

Jews Celebrate Ancient Festival Today and Tomorrow.

The Jewish churches of the city, orthodox and reformed, will celebrate the concluding services of the Feast of Booths today and tomorrow. The festival is a survival from the early history of the Jews and received its name from the gathering of the tribes in Jerusalem on the New Year day in such numbers that they made booths from palms and green boughs for shelter.
