Refused—A Touch of High Life.

Special to The Journal.

Janesville, Wis., Nov. 15.—After spending \$1,000 in ostentatious manner in the saloons of Janesville, a young man, who said his name was Kirk and that he was from Chicago, left for the twin cities last night.

Kirk went into a saloon on Milwaukee street in the afternoon and, ordering a drink, presented the bartender with \$50. He declined to accept any change and ordered drinks for everyone in the house.

A newsguy appeared and the spender bought a Chicago paper, giving the lad a \$10 bill.

Then he sent for an orange and paid \$5 for it.

## STEEL COMPANY LOSES

Squatters Will Hold Island by Right  
of Adverse Possession.

MILWAUKEE, WIS.—The right of over one hundred families, involving nearly 600 persons, to occupy the land which they and their predecessors obtained from Jacob Mize on Jones island in this city twenty years ago, was confirmed in a decision handed down today by the Wisconsin supreme court in the case of Xaver Jeka against the Illinois Steel company.

The Illinois Steel company held the title to the property. Jeka claimed the title to his property by adverse possession, on the ground that he and his predecessors had lived there continuously for twenty years, having obtained his title from Jacob Mize, once owner of almost the entire island. The property occupied by the settlers on the island is said to be valued at approximately \$200,000.

### IOWA CENTRAL MEN MAY STRIKE

BRAKEMEN'S SCHEDULE IS FAR  
FROM SATISFACTORY.

Newman of Cleveland, Appearing for  
the Brotherhood, Is on the Ground  
and the Situation Is Admitted to Be  
Critical—All Employees, Including  
Conductors, May Be Called Out.

Special to The Journal.

Marshalltown, Iowa, Nov. 15.—A strike of the brotherhood of Railway Trainmen on the Iowa Central road is a possibility of the near future, unless the committee of the brakemen which is now holding conferences with General Superintendent Severer arrives at an amicable agreement as to a wage schedule.

The men have been working on a schedule which expired June 1, and say they have been unable to secure a satisfactory new agreement. While the brakemen are the only ones who are not working on a satisfactory schedule, it is probable all trainmen, including conductors, will be called out if an agreement is not reached.

The men assert they are receiving from \$9 to 40 cents less a hundred miles than is paid on other roads, and intimate that they will not continue to work without a satisfactory agreement. Fourth Grand Master Newman of Cleveland is on the ground and it is admitted the situation is critical.

The Cavel hardware store, at Melbourne, this county, was robbed last night, the safe being blown and a small amount of money taken. A quantity of goods, including revolvers and some clothing, was carried away.

Catholics of Iowa are worried because so few of their priests are willing to forsake the world, do the monk's cloak and enter the monastery at New Mollary in Dubuque county, and there settle down to the daily routine of Trappists.

The few monks who are left are getting old, no new recruits have been received for many years and the place, it is feared, will soon go to ruin.

Abbot Alberic, the head of the monastery, is in Rome, where he has been endeavoring to have some of the monks from abroad come to the Iowa place of refuge. They will not do so, as they hesitate about venturing into the new world.

IOWA CITY, IOWA.—The Southeastern Iowa Horticultural society opened its thirty-fifth annual convention in Iowa City today. The address of welcome was delivered by F. T. ### BELLE OF BUTTE OUTWITS MAMA

GETS A TROUSSEAU AND THE MAN  
OF HER CHOICE.

Miss Walker Sanctions Preparations for  
Her Marriage to a Millionaire Club-  
man of Spokane, but Jilts Him at the  
Last Moment for Young Hero of Her  
School Days.

Special to The Journal.

Butte, Mont., Nov. 15.—Society circles in this city are agog over the action of pretty 18-year-old Belle Walker, one of the best-known belles of Butte's social swirl, in jilting Clyde M. Graves, a well-known millionaire clubman of Spokane, two weeks before the day planned for their wedding, and yesterday morning marrying Glen Harrington, son of Fayette Harrington, a prominent banker of Butte.

Harrington had been Miss Walker's lover since her childhood, and, altho Mrs. Walker opposed the union, it was understood that the two were engaged. The first surprise came when the announcement was made at a swell dinner party given at the Walker home that the daughter was to marry the Spokane clubman, whom Miss Walker met while visiting at the home of Judge Cullen in Spokane.

An elaborate trousseau was prepared and Mr. Graves visited his fiancée a week ago to perfect final arrangements for the wedding. It is in his dismay he found that Miss Walker had changed her mind and returned to the hero of the romance of her school days.

Gossips declare Mrs. Walker's opposition to the marriage of her daughter to Harrington and her refusal to procure a trousseau prompted the girl to resort to a subterfuge by becoming engaged to the Spokane clubman to secure the necessary clothing for the wedding with Harrington.

Mr. and Mrs. Harrington have left on a trip to New York and abroad.

Albert Redmond, who tore up the track of the Columbia Falls cutoff two months ago, in an effort to dissuade the Great Northern railroad from crossing his land without his consent, and caused a disastrous wreck in which several persons were severely injured, was convicted in the district court of malicious mischief and given two years in the penitentiary at Deer Lodge.

### FIRE STARTED TO HIDE A MURDER

SKULL OF HENDRICH FOUND TO  
HAVE BEEN CRUSHED.

He Had Hoarded His Savings and Is  
Believed to Have Been Attacked in  
His Sleep by Robbers—Citizens of  
Tabor Thought He Perished in Fire  
Which Destroyed His Home.

Special to The Journal.

Yankton, S. D., Nov. 15.—Facts which have come to light since the fire at Tabor on Saturday morning point conclusively to a murder. The body of Frank Hendrich, who was supposed to have been burned to death, shows marks of violence which indicate that he was killed while sleeping and the building set on fire to hide the crime.

When the body was taken from the ruins it was noticed that while the arms and legs were burned to a crisp, yet a portion of the head and shoulders was only slightly burned. The skull was crushed, showing violence which could not have been exerted save by human agency.

Hendrich was known to be a sober man, and one who saved his money. He was reported to have had several hundred dollars in a trunk in his room at the time of the fire. Robbery is thought to be the motive for the crime, with murder and arson to hide the traces.
