

JOHN R. PATTERSON AND HIS DAUGHTER NAN, WHO IS ON TRIAL AS SLAYER OF CAESAR YOUNG

COMMITTEE OF CITIZENS AT WORK

Popham Retained by It to Probe New Ulm Murder—Plenty of Funds.

Special to The Journal. New Ulm, Minn., Nov. 22.—The committee to investigate the murder of Dr. L. A. Gebhard, appointed a mass meeting Saturday night, held a secret session this morning. Several witnesses were examined by George M. Popham, the attorney retained by the committee. After the session the members declared that they were entirely satisfied, but refused to say what they had reported to the public.

Detectors Ready to Quit. The Pinkerton detectives, employed by Brown county, will probably abandon the case, since a citizens' committee has been appointed to do this work. The citizens' committee, appointed at a mass meeting Saturday night, meets with much opposition in New Ulm. The making any investigation and a committee is questioned by many and some are outspoken in their condemnation.

The Other Side. On the other hand, many feel that the appointment of such a committee was a wise move. The fact that the citizens' committee is far from favorable to the Pinkerton detectives, employed by Brown county, will probably abandon the case, since a citizens' committee has been appointed to do this work.

Thousands of Women Have Kidney Trouble and Never Suspect It.

Almost every one, from personal experience, knows that the effects of any kind of severe physical strain are felt, first of all, in the small of the back—in other words, in those Vital Organs, the Kidneys. This is as true in the case of the very powerful as it is with one of less strength, and it is especially true whenever the kidneys are weak or out of order.

The Great Kidney Remedy Swamp-Root, strengthens the kidneys and through them helps all the other organs. WOMEN suffer untold misery because the nature of their disease is not always correctly understood; in many cases when doctoring, they are led to believe that womb trouble or female weakness of some sort is responsible for their ills, when in fact disordered kidneys are the chief cause of their distressing troubles.

Didn't Know I Had Kidney Trouble

I had tried so many remedies without benefit that I was about discouraged, but in a few days

after taking your wonderful Swamp-Root I began to feel better. I was out of health and run down generally; had no appetite; was dizzy and suffered with headache most of the time; did not realize that my kidneys were the cause of my trouble, but somehow they might be, and I began taking Swamp-Root, as above stated. There is such a pleasant taste to Swamp-Root, and it goes right to the spot and drives disease out of the system. It has cured me, making me stronger and better in every way, and I cheerfully recommend it to all sufferers. Gratefully yours, MRS. A. L. WALKER, 48 West Linden st. Atlanta, Ga.

Perhaps you suffer almost continually with pain in the back, bearing-down feelings, headache and utter exhaustion. Your poor health makes you nervous, irritable and at times despondent; but thousands of just such suffering or broken-down women are being restored to health and strength every day by the use of that wonderful discovery, Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

Not only does Swamp-Root bring new life and activity to the kidneys, the cause of the trouble, but by strengthening the kidneys it acts as a general tonic and food for the entire constitution.

The mild and extraordinary effect of the world-famous kidney and bladder remedy, Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. A trial will convince any one—and you may have a sample bottle sent free by mail.

In taking Dr. Kilmer's Swamp-Root you afford natural help to nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has ever been discovered. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Swamp-Root a Blessing to Women

My kidneys and bladder gave me great trouble for over two months, and I suffered untold mis-

ery. I became weak, emaciated and very much run down. I had great difficulty in retaining my urine, and was obliged to pass water very often night and day. After I had used a sample bottle of Dr. Kilmer's Swamp-Root, sent me on my request, I experienced relief and I immediately bought of my druggist two large bottles and continued taking it regularly. I am pleased to say that Swamp-Root cured me entirely. I can now stand on my feet all day without any symptoms whatever. Swamp-Root has proved a blessing to me. Gratefully yours, MRS. E. AUSTIN, 19 Nassau st. Brooklyn, N. Y.

CAPITALISTS BUY CHICAGO SUBWAY

\$50,000,000 Corporation of Big Railroad Men Take Over Enterprise System.

New York Sun Special Service. Chicago, Nov. 22.—The Chicago Subway company, with a capital stock of \$50,000,000 and composed of men who represent 90 per cent of the railroads having Chicago terminals, was organized in Trenton, N. J., yesterday. Coincident with its organization comes the announcement that the company has taken over the \$30,000,000 Illinois Tunnel company.

The vast tonnage of the railroads represented by the financiers in the Chicago Subway company will be diverted into the Illinois tunnels, which are now under every street in down-town Chicago.

The following are the "big four" in the Chicago Subway company: E. H. Harriman, James Stillman, president of the National City Bank of New York, Jacob H. Schiff, of Kuhn, Loeb & Co., New York, P. A. Valentine of Armour & Co.

On authority of President Wheeler of the Illinois Tunnel company, it can be said the gigantic deal has no connection with the local traction situation whatsoever—that it is alone a freight enterprise.

Schiff and a party of foreign financiers, under the guidance of President Wheeler of the tunnel company, went thru the great system. The foreign financiers in the party are Sir Ernest Cassel, the "Japany tube man" of London, and Robert Fleming, one of the biggest bankers in England.

It is likely they have an interest in the subway deal.

The \$50,000,000 Chicago Subway company has taken over, it is announced officially, the entire stock of the Illinois Telephone Construction company and 65.25 per cent of the stock of the \$30,000,000 Illinois Tunnel company, and stands ready to take over all the remaining stock of the tunnel company at the terms on which it acquired the two-thirds. The Illinois company will remain the home operating corporation. As a result of the deal, the vast tonnage of the Harriman-Stillman-Schiff railroads will be turned into the tunnels.

The deal guarantees the immediate use of the tunnels on a great scale and promises speedy relief for Chicago from the present congestion in terminal roads and in the down-town district.

KENTUCKY CAPTAIN ATTACKS A GENERAL

New York Sun Special Service. Lexington, Ky., Nov. 22.—Captain James B. Clay, grandson of Henry Clay, who was recently appointed brigadier general by the Confederate Veterans of Kentucky, attacked General John B. Castleman of Louisville in a hotel lobby here yesterday and tried to hit him with his walking cane.

Captain Clay claimed that General Castleman should have saluted him as an officer of superior rank. General Castleman laughed at Captain Clay's statement and made a sarcastic remark where her life will hang in the balance for many days, she still was visibly affected.

he was going abroad with his wife and might never see her again, and without him she had nothing else to live for.

Her first remark after the tragedy, another policeman swore, was: "Oh, Caesar, why did you do it—you had everything to live for." She had also declared that she and Young were lovers and that Mrs. Young had come between them and was taking him away from her.

When the doors of the tribunal were thrown open there was a wild rush to gain admittance that swept the squad of policemen and court attendants fairly off their feet. The entire main floor of the criminal courts building was a solid mass of men and women, and those who had actual business in the courtroom had to fight to get as far as the vestibule. Jurors, witnesses and lawyers were jostled and sweat about the entrance in a gale, and the crush became so serious that policemen were called in from the street to aid in obtaining order. Even with these reinforcements the task was strenuous to clear a line to the courtroom.

Women Stare at Her. In spite of Miss Patterson's request that no women whose presence was not actually necessary to the proceedings be admitted, many handsome young members of her sex managed to fight into the courtroom thru the exercise of influence with members of the district attorney's staff.

Several of Mr. Jerome's assistants brought parties of women into court and seated them in an inclosure beside the judge's bench, so that they could spy their curiosity by staring into the face of the prisoner. Many of those women were endowed with evidences of refinement. Nevertheless, they listened to the unvarnished eloquence of Mr. Rand when he dwelt on the unfortunate life of the defendant.

Thruout his opening statement to the jury Mr. Rand dwelt upon the jealousy of Caesar Young's wife as the motive for the murder by Nan Patterson of the bookmaker with whom she was infatuated.

Divorced Husband to Aid Her. Before the trial was resumed, Lewis Martin, the young man to whom Nan Patterson was married six years ago, when she was sixteen years old, visited her in the Tombs.

That his girl wife divorced him after a year of married life, and for five years their careers have driven them wide apart, the old love he once bore her has been revived in her hour of misfortune, and he swore to her that he would do everything in his power to aid her.

This meeting in the Tombs, bringing back a vivid recollection of the romantic days of her youth, was itself a trying ordeal for the young prisoner, and when she appeared at the tribunal where her life will hang in the balance for many days, she still was visibly affected.

Young Martin is employed as a clerk in a Washington hotel. He had not laid eyes on Nan for five years until he went to her cell in the city prison and swore that he would succeed her in her misfortune.

A big crowd was present in the courtroom when the trial was resumed today. Among the spectators sat Milton W. Hazelton of Oneonta, one of the men who claim to have seen Young fire the shot which caused his death.

Captain Sweeney, who was in charge of the police stationhouse at the time Miss Patterson was brought there under arrest, identified the revolver which was found in Young's pocket and which he said he subsequently turned over to Assistant District Attorney Garvin, with the three loaded cartridges and the exploded shell. Miss Patterson, he said, told him the story of the ride down town and declared that she had not seen the shooting. She denied that

ter. His hands shook so that he tore the sheet up in despair. When darkness had fallen, the proprietor saw his guest sneak covertly down the back stairs with a canvas suit case in his hand and an overcoat over his arm. He left by the kitchen door and walked in the direction of the Rock Island station. A train left for the west shortly afterward.

Eye Witness Found. An eye witness of the mysterious murder of Chauffeur John W. Bate, Jr., has been found. He is a young farmer, who lives one mile north of the place on Archer road, at which the automobile containing Bate's body was discovered. Today Hennes gave to the police a detailed account of his experiences on the night of the murder.

According to Hennes he was aroused about 11 o'clock by the "chug chug" of an automobile. At first he did not pay any attention to it, because many automobiles pass along that road. Just as the machine neared his place, however, he heard loud voices as if the occupants of the machine were quarreling. He arose from bed, drew aside the curtain of a window and looked out. About 100 feet away, passing in front of the house, he saw the outlines of an automobile. The machine seemed to be swaying from side to side, its occupants talking and one of them seemed to be standing up in the rear seat.

Suddenly the person in the rear held a revolver at arm's length and fired straight ahead. The machine continued on its way, and Hennes heard nothing more. He believed that nobody was hurt until he learned of the murder.

Mr. Fuller, who is an attorney, said that he himself was the plaintiff in the suit, but as to the nature of the proceeding or its cause, he declined to have anything to say. HARRISON MAY RUN AGAIN IN CHICAGO

New York Sun Special Service. Chicago, Nov. 22.—Altho with his customary caution, Mayor Harrison is not definitely stating whether or not he will seek another term, the impression has grown since his return that he will run again next spring.

Immediately after the tremendous republican victory at the last election, County Chairman Montgomery Secretary Lahiff gave it, with apparent authority, that the mayor would not run again.

Yesterday Mr. Harrison returned from his northern tour and said nobody had power of attorney to speak concerning his political plans. In short, he intimated that he is not out of the running yet.

LETCHER A MAN WITH A PAST

WALTHY, BUT ARRESTED FOR BEING A FIREBUG.

Once Lived in Minneapolis and Sioux City, and Father Was Register of the Land Office at Mitchell, S. D.—His Losses by Fire Always Heavily Insured.

Special to The Journal. Sioux City, Iowa, Nov. 22.—George Letcher of California, reported to be worth a quarter of a million dollars, arrested on the charge of being a firebug, being a member of a gang of Williams county, Ohio firebugs, which thrived twenty-seven years ago, was formerly a resident of Minneapolis and of Mitchell, S. D.

His father, William Letcher, was an intimate friend of President Garfield, and the latter appointed him register of the United States land office at Mitchell, S. D. A year later his oldest son, O. T. Letcher, followed him. Just before that O. T. Letcher had sold several carloads of dairy cattle, and was then robbed twenty of his men were supposed to be robbers were his brother George and a man named Crannan, who went to Mitchell with George Letcher a few months later.

Geo. Letcher is remembered here by the way he bled homesteaders in the manipulation of titles. He became an active promoter, building several blocks. He bilked a partner out of a lot and an interest in a hardware store. He even resorted to blackmail. About 1886, a fire originated in the Letcher hardware store and it was partly burned. It was found that it was heavily insured. Later Letcher removed to Minneapolis. He came back one day and the same day a house at Mitchell, in his wife's name, burned; it also was reported as heavily insured.

Mrs. George Letcher secured a divorce from him later in Minneapolis. The gang to which he is said to have belonged in Ohio burned hundreds of thousands of dollars worth of property for burglary. His wife's name is said to have been put in prison.

DEFEAT FAILS TO QUIET SOCIALISTS

Victor Berger Precipitates Fight Over Declaration Against Militia.

San Francisco, Nov. 22.—The delegates to the American Federation of Labor realized at the opening of the session today that the overwhelming defeat administered to the socialist element yesterday had not quieted them. As an aftermath of the bitter debate of Monday came the resolution introduced by Delegate Victor Berger of the International Typographical union, who asked that the convention vote in favor of abolishing the militia as it now exists. The resolution called for the substitution of the system now in vogue in Switzerland, where every man bears an arm, but each individual is permitted to keep the weapon in his own home. The advocates of the measure maintain that if the militia should be abolished, there would be no usurpation of rights upon the part of the military branch. The resolution was overwhelmingly defeated.

A measure, likewise introduced by the socialists, calling for the pensioning of all workers after they had reached the age of 60, also was defeated. The measure provided that, to be eligible to this pension, which was placed at a minimum of \$12 a month, the worker must have earned an average of not more than \$1,000 a year and have been a citizen of the United States for twenty-one years.

In the report of yesterday, it was erroneously stated that the federation had 113 to thirty-six adopted a resolution to substitute the industrial system for the system of trade autonomy now in existence in labor organizations. The resolution was really lost 113 to 36, the latter vote indicating the strength of the socialists in the convention.

WINTER'S GRIP IS ON UNITED KINGDOM

London, Nov. 22.—Keen frost and heavy snow squalls are reported from all parts of the United Kingdom. A gale raged all night long over the coasts, driving vessels to shelter and seriously disrupting the telegraph wires, especially in the north of England and in Scotland. Blinding snowstorms are causing deep drifts and rendering traffic difficult in the country districts and are necessitating a cessation of outdoor work in many of the provincial towns.

In London little snow has fallen, but a sharp fall in temperature is accentuating the distress among the poor which is already prevalent. November had been unusually mild and the sudden change is causing much misery. Wintry frosts being reported as far south as Naples.

CHARGED FALSE ARREST

Nelson, Who Sued for Damages, Loses Case at Stillwater.

Stillwater, Minn., Nov. 22.—A jury in district court found for the defendant in the case of Charles O. Nelson, who sued Henry Rottger for \$1,000 damages for alleged false arrest for cruelty to animals. The case of William London against Marcus Sherer for breach of contract went to the jury at noon and the case of A. W. Simmons against John DeGente, involving title to certain land, is now on trial.

Loggers are sending men and teams to the woods and getting in shape for the winter's campaign. The log cut on the St. Croix and its tributaries will not exceed 125,000,000 feet, the lightest known.

The authorities of the village of South Stillwater are satisfied that a firebug is at work there and will start an investigation. There have been several fires of late, all of them starting at night and on the outside of buildings.

SIX TO REMAIN IN THE CABINET

Morton and Hitchcock the Only Members Who Are in Doubt as to Future.

Washington, Nov. 22.—It was announced at the White House today that Attorney General Moody has decided to remain in President Roosevelt's new cabinet. The decision of Attorney General Moody renders it reasonably certain that the heads of six of the great executive departments of the government have been determined on by the president for the next administration.

Mr. Hay will continue at the head of the state department, Mr. Taft at the head of the war department, Mr. McCall at the head of the department of commerce and labor, Mr. Wilson at the head of the agricultural department, and Secretary of the treasury and Mr. Morton as secretary of the navy, but as to these two no definite information is obtainable.

A change is expected in the department of the interior, but Secretary Hitchcock has not yet been known publicly whether he desires to retire or not.
