DAYTON'S ANNUAL SILK SALE

Tremendous Selling During The Opening Hours Indicate That This is Dayton's Greatest Annual Silk Sale Of The Northwest

Success Crowns This Great Silk Sale In No Uncertain Way. Prices Are The Lowest of the Entire Year.

Over night this sale will be reorganized. Many very attractive lots which we were unable to place on sale today will be made ready for Tuesday's selling. Enough silk is here to last many days. Assortments will change constantly as it is impossible to properly display all of our great purchases at one time.

Dependable Silks are selling in this sale at one-fifth to one-half less than actual worth. All of our superb stock of silks is reduced in price for this sale.

STEEL TRUST TO BE OWN CARRIER

Big Corporation Is Already Building Railroad and System Will Be Final Result.

New York Sun Special Service. Pittsburgh, Nov. 28.—The United States Steel corporation is to have its own railroad. Facts bearing on this matter were revealed today and seem to dispel all doubts. Not only does the trust intend to have its own line, but it has already gone to work on the system and has made arrangements for entering the field at Newcastle, and at other points in the Shenango valley, one of the biggest iron and steel districts.

Where Millions Are Made

Interesting Letter that May Mean Much to Residents of Minneapolis.

Probably there is not a reader of the Minneapolis Journal who has not heard of the fortunes made in the Beaumont oil fields. While the tales of fortunes quickly made are interesting, they are really not half as valuable to our readers as the following letter from L. K. Preston, president of the Caswell-Preston Drug company of Beaumont, one of the largest wholesale and retail houses in Texas.

Mr. Preston writes: "Enclosed you will find a letter that came to us unsolicited from J. C. Reeves, 770 Pearl street. I have known Mr. Reeves for several years. He is a reliable man and very happy over his fortune."

"About four years ago," writes Mr. Reeves, "I lost the hearing in my right ear and about three or four months ago my left ear became almost as bad. In fact, I was so bad that people had to shout at me to make me hear. I had about given up in despair all hopes of ever recovering my hearing when I saw that you recommended Hyomei. I used two bottles, and can now hear my watch tick with either ear, and my hearing is now all right. This deafness must have been caused from catarrh, for it is now cured. Hyomei certainly does what you claim for it."

Hyomei has made many cures of catarrh, and in combination with Hyomei balm, of catarrhal deafness in Minneapolis and nearby towns. Vogell Brothers, corner Hennepin and Washington avenues, and corner 7th street and Nicollet avenue, give their personal guarantee to refund the money should it not give quick relief. The complete Hyomei outfit costs but one dollar, while extra bottles can be obtained for fifty cents.

POOR BOY WINS HARVARD HONOR

Elected President of Sophomore Class in Opposition to "Society" Men.

New York Sun Special Service. Cambridge, Mass., Nov. 28.—The election of W. H. Keeling of Sioux City, Iowa, to the presidency of Harvard's sophomore class as a "poor man's candidate," and the question whether the "pop" concert in Harvard Union this winter are to be enlivened by serving beer, have provided the undergraduates a welcome change from the discussion of why the football team was so poor this year.

As to the beer. The question of serving beer is not yet settled," said President Oveson of the Union today. "but I think no beer will be served, because the concert takes place in the livingrooms of the Union, and the Union is a university building. Sweet cider, cookies and sandwiches will be served, anyway."

The undergraduates are inclined to rebel against this bill of fare. Boston is no further away on concert nights than on others, nor is the popularity of the concert likely to so depopulate Boston that the barrooms will be closed.

Cookies and cider, students asked with raised eyebrows. "We'd stand for a piece of pie and a glass of milk, but not for cookies. This isn't a kindergarten."

The election of Keeling brought out even more real feeling. He was defeated the first time by the "society" men, which means the members of the Greek-letter fraternities. An irregularity in the method of this election caused a second to be held, and this time Keeling was elected.

He is a modest young fellow, and a fierce fight which has been waged over his candidacy has not affected the size of his head. It was really one of the outcomes of resentment of accusations made several years ago and applied to Harvard's football team. At that time it was charged that because of his family name a player was given the chance to make a touchdown and failed.

Keeling's only prominence was as a freshman debater and as a candidate for the eleven this year. He came to the college with \$100, all he had in the world, and applied to the bursar for aid. He received financial aid from the Price Greenleaf fund, established for just such cases, and the bursar found him lodgings, rent of which he paid by services in supervising the house in which he lives. He works as a waiter in Randall, the students' dining hall, and receives for this work 25 cents an hour. He came to college direct from his graduation from the Sioux City high school. He had earned his own way thru working in a brickyard during the summer.

BOY HUNTERS ARE KILLED

DEAD BODY OF ALBERT WENDT FOUND IN THE CITY LIMITS OF DULUTH.

Duluth, Minn., Nov. 28.—George Wendt, aged 21, son of Albert Wendt, was killed in the woods within the corporate limits of Duluth while hunting, and it is presumed that he was mistaken for a deer. His dead body was found today by other hunters. The coroner is investigating. Wendt left on a hunting trip Wednesday. He had been dead two days when found. A bullet had pierced his stomach.

Hayward, Wis., Nov. 28.—John Hennessey, 13-year-old son of R. J. Hennessey, was fatally shot in the head by a companion of the same age named Head while hunting rabbits. Head aimed at a rabbit, and as he pulled the trigger young Hennessey jumped in front of the gun, the charge tearing a large hole in the skull.

AT FOOT OF THE RAINBOW

MACDONNELL AND PARTY TO EXPLORE THE PEACE RIVER DISTRICT FOR GOLD AND FARM LANDS.

Special to the Journal. Winnipeg, Man., Nov. 28.—J. A. Macdonnell leaves this week for the northern part of the Peace river district, where he will explore for two years, practically at the foot of the rainbow. His object is to determine the adaptability of the country for agriculture and mixed farming. His party will consist of eight men and two dozen pack horses. Particular attention will be paid to the Peace river owing to the fact that a quantity of gold has already been found in the lower reaches of this stream, being surmised that the deposits at its source are very rich. Mr. Macdonnell's party is now at Edmonton.

OFFICER DROWNS

Terrible Sufferings of Two in Pursuit of an Indian Thief.

Special to the Journal. Sprague, Man., Nov. 28.—While chasing an Indian thief, J. Hayford fell thru the ice and was drowned in sight of his companion, Constable Cook. For three days the men had experienced terrible sufferings, being lost in the bush without food or shelter. Cook, in trying to save Hayford, was also nearly drowned.

2,500 slightly damaged bed blankets to dispose of this season. Come early and get best selection. All one-third off or more. North Star Woolen Mills Co., 23 av S and 2d st, Minneapolis—one block from Milwaukee station.

SOCIALISTS PLAN A DAILY PAPER

Project in Chicago Involves Socialistic Publication on a Capitalistic Basis.

New York Sun Special Service. Chicago, Nov. 28.—Chicago socialists are to have a daily newspaper of their own. They hope to begin publishing before the spring election and, with their usual optimism, they have no doubt that they will succeed.

There is only a trifling matter of \$100,000 and 25,000 subscribers standing in the way of starting it immediately, but all that will be overcome in a short time, according to the ideas of the speakers at the meeting held yesterday afternoon. It was reported that over \$2,000 had been subscribed last week, and that, too, without any particular effort.

While the daily newspaper will advocate socialism and the co-operative movement, it will be run strictly on a capitalistic plan. In fact, the corporation will be incorporated under the laws of New Jersey, just like any ordinary trust.

The stock is to be sold at \$10 a share, but no single stockholder will be allowed to have more than one vote, no matter how many shares he may own. Fearing that the capitalists might buy up the paper, the socialists took the precaution to provide that only 49 per cent of the stock will be sold to outsiders. The socialist party or individual members of that party will control a majority of the shares.

One speaker timidly suggested that there was some inconsistency in starting a paper on a capitalistic plan, and said he believed it should be run on a co-operative basis. He was severely taken to task for speaking about consistency.

See Stockwell soon—That life insurance—The Penn Mutual, Andrus Bldg. Illinois Central Railroad World's fair service to St. Louis between Chicago and St. Louis, leaving Chicago at 8:50 a.m., 12:04 p.m., 9:27 p.m. and 11:36 p.m. Dining, Buffet, Library, Sleeping, and Free Reclining Chair cars. GOLD FIND IN ILLINOIS

Ore at Depth of 1,800 Feet Seems to Stand the Test.

New York Sun Special Service. Lewistown, Ill., Nov. 28.—Gold has been discovered four miles north of here at a depth of 1,800 feet by well-drillers. J. D. Deploy, president of the well-drilling company, took the ore to W.

W. Fox, a local jeweler, who tested it. Fox subjected the ore to the acid test. The acid completely dissolved the stone but left the bright particles intact. This, Mr. Fox says, is almost conclusive proof that the metal is gold.

The metal does not occur in large proportions in the stone, but is sparsely disseminated, as are many lead ores. The fact that iron pyrites, or "fools' gold," does not occur at such a great depth leads the discoverer to believe the ore is real gold ore.

At the Sign of the Triangle

50c to \$50

From top to toe---Hats to Hosiery--- we have everything for the well-dressed man.

Of course we have all the Right Sort of Overcoats, and they are as right in Fit as in Fashion.
