ASTHMA CURED TO STAY CURED.

Of all diseases of the human race, Asthma is the least difficult to relieve. Of all the advertised nostrums and treatments, there are probably none that do not ease the sufferer. But to deaden none that do not ease the sufferer. But to deaden the pain is not to cure the disease. To put a snake-like enemy to sleep is a very different thing from putting it to death. Medical authorities throughout the country now agree, however, that the Whetzel system of asthma treatment affords an actual cure. Dr. L. D. Knott, Lebanon, Ky; Dr. F. E. Brown, Primghar, Iowa; Dr. J. C. Curryer, St. Paul, Minn.; Dr. M. L. Craffey, St. Louis, Mo.; Dr. C. F. Beard, So. Large quantities of Nebraska grain is this year being sent to tidewater at the gulf ports instead of the Atlantic seaboard, and since the close of naviga-tion on the Great Lakes, the saving on freight alone to European ports gives western dealers good profits.

Mrs. Haskell, Worthy Vice Templar, Independent Order Good Templars, of Silver Lake, Mass., tells of her cure by the use of Lydia E. Pinkham's Vegetable Compound.

"Dear Mrs. Pinkham: Four years ago I was nearly dead with inflammation and ulceration. I endured daily untold agony, and life was a burden to me. I had used medicines and washes internally and externally until I made up my mind that there was no relief for me. Calling at the home of a friend, I noticed a bottle of Lydia E. Pinkham's Vegetable Compound. My friend endorsed it highly and I decided to give it a trial to see if it would help me. It took patience and perseverence for I was in bad condition, and I used Lydia E. Pinkham's Vegetable Compound for nearly five months before I was cured, but what a change, from despair to happiness, from misery to the delightful exhilarating feeling health always brings. I would not change back for a thousand dollars, and your Vegetable Compound is a grand medicine.

"I wish every sick woman would try it and be convinced."—Mrs. IDA. HASKELL, Silver Lake, Mass. Worthy Vice Templar, Independent Order of

Good Templars. When a medicine has been successful in more than a million cases, is it justice to yourself to say, without trying it, "I do not believe it would help me"?

Surely you cannot wish to remain weak, and sick and discouraged, exhausted with each day's work. You have some derangement of the feminine organism, and Lydia E. Pinkham's Vegetable Compound will help you just as surely as it has others.

Mrs. Tillie Hart, of Larimore, N. D., says:

"DEAR MRS. PINKHAM: I might have been spared many months of suffering and pain if I had known of the efficacy of Lydia E. Pinkham's Vegetable Compound a few months sooner, for I tried many remedies without find-ing anything which helped me before I tried the Vegetable Compound. I dreaded the approach of the menstrual period every month, as it meant much suffering and pain. Some months the flow was very scanty and others it was profuse, but after I had used the Compound for two months I became regular and natural, and so continued until I felt perfectly well, and the parts were strengthened to perform the work without assistance and pain. I am like a different woman now, where before I did not care to live, and I am pleased to testify as to the good your Vegetable Compound has done for me." Sincerely yours, Mrs. TILLIE HART, Larimore, N.D. Be it, therefore, believed by all women

who are ill that Lydia E. Pinkham's Vegetable Compound is the medicine they should take. It has stood the test of time, and it has hundreds of thousands of cures to its credit. Women should consider it unwise to use any other medicine. Mrs. Pinkham, whose address is Lynn,

gentlemen use it because of its entire goodness. For goodness sake secure Pickwick.
