THE WEATHER

Forecast. Minnesota—Possibly snow flurries tonight and Tuesday; warmer Tuesday and in west portion tonight; variable winds. Wisconsin—Partly cloudy tonight, with colder in east portion; Tuesday possibly snow flurries; brisk northerly winds, becoming variable Tuesday. Upper Michigan—Fairly cloudy tonight and Tuesday, with snow flurries near Lake Superior; colder in west portion tonight; variable winds. Iowa—Partly cloudy tonight and Tuesday; possibly snow flurries, with slightly warmer in eastern portions; variable winds. North Dakota—Snow flurries and warmer tonight; Tuesday partly cloudy; southerly winds, becoming variable. South Dakota—Fair, but for the last few warmer tonight, with snow flurries in east portion; Tuesday probably fair; southerly winds, becoming variable. Montana—Generally fair tonight and Tuesday; fresh westerly winds.

WEATHER CONDITIONS.

Snow has fallen during the past twenty-four hours in the lake region, Minnesota and thence southward into the Ohio valley and western North Carolina, and snow was still falling this morning at points on Lake Michigan, in southeastern Minnesota, eastern Iowa, eastern Michigan, along the Ohio river and at Asheville, N. C. Rain has fallen since yesterday morning in the Pacific coast region. It is much colder than it was yesterday morning in Minnesota and the eastern part of the Dakotas and Manitoba, with this morning's temperatures below zero in the northern half of Minnesota, in Manitoba and eastern North Dakota. The temperatures are rising in Montana and the local northward.

AROUND THE TOWN

Mrs. Nickell Appointed.—Mrs. John H. Nickell has been appointed by Colonel Charles W. Johnson as a member of the "extra help" staff in the county treasurer's office.

Ege Joins Dreger's Staff.—Sheriff Dreger has selected Benj. A. Ege as his bookkeeper. Ege has held the position in the county treasurer's office and previous to that time was for several years employed in the sheriff's office.

Governor Van Sant to Attend.—There will be an open meeting of the Oliver Young men's club at the Oliver Presbyterian church tomorrow evening. Governor R. Van Sant will speak on "The Young Man's Opportunities." O. T. Morris, M. L. McIntyre and John Ravenscraft will sing.

Harry Belden Robbed.—Burglars entered the residence of H. I. Belden, 1508 Portland avenue, in the family's absence last evening and stole several articles of jewelry. Only the room occupied by Mr. Belden showed any evidence of ransacking, and it is thought that the thieves must have entered thru a second story window.

Raid on "Wildy's."—Burglars broke down the back door of H. L. Wildy's cigar and confectionery shop, 321 Fourteenth avenue SE, Saturday night, securing about \$80 in cash and stock. Mr. Wildy, who is a student at the university, opened the shop at the beginning of the school year and since that time it has been looted three times, over \$100 having been taken.

A Roosevelt's Night.—The Roosevelt club will attend the Orpheum theater in a body tonight in honor of D. K. Stevens, director of the opera to the requirements of the club in January. Mr. Stevens, who is the author of many lyrics and popular compositions of different orders, has composed "The Roosevelt Club" in honor of the club. The march has been arranged for and will be played by the Orpheum orchestra this evening, and the club will attend the theater in a body in honor of their director. Mr. Stevens, R. A. Barnett, author of the opera, which the club will produce this year, will be present.

NECROLOGICAL

MRS. ENGIE OLSON.—Funeral from residence, 408 Twenty-second avenue S, at 2 p.m. Tuesday; interment at Layman's cemetery.

GARD OF THANKS

We wish to express our sincere thanks to our friends and neighbors for their sympathy and kind assistance during our sad bereavement. Henry T. Kersten, Erwin H. Kersten.

PAID TREE BOUNTY

Bonville County Received Greatest Single Share of Cash. The state auditor has distributed \$19,835.62 to 2,737 residents of the state who have lived up to the requirements of the tree bounty law. The number of acres of trees planted by these recipients is 7,934. The amount paid is \$2.50 an acre. Bonville county receives \$2,275, which is the largest amount distributed in any one county.

DUSENBURY WAS GOOD COLLECTOR

THROUGHS FIND HE HAD THEIR STOLEN PROPERTY.

Police Superintendent Conroy's Office Resembles a Pawn Shop, all of the Goods Having Been Taken from Dusenbury's Rooms on Hennepin Avenue—Is He the Window Smasher?

Police Superintendent Conroy's office was crowded this morning by business men in all branches of trade, endeavoring to identify the stolen property found in the room of John Dusenbury, an ex-convict, who was arrested last night on the charge of robbing stores and business houses. The visits of recent victims of burglars resulted in the identification of many of the articles. Among the goods were toilet articles taken from Washburn's drug store, the furniture and Lake street, and similar articles from Gault & Lincoln's drug store, across the corner from Washburn's, and from Truitt & Griffin's store in Kenwood. Cutlery and small hardware articles were claimed as those stolen from Jones & Sawyer, near Hennepin and Lake street. Also and other small articles were claimed by Holman & Gerdes of the Sunnyside grocery.

There is yet more than \$1,000 worth of articles not claimed, and all persons who have been robbed during the past month have been asked to come to headquarters. The police think that Dusenbury is the elusive window smasher. The St. Paul police are working on the case today, as there is a strong suspicion that the man has been working there also. A coat stolen from the Pantorium, was pawned there by Dusenbury several pieces of jewelry valued in all at more than \$500.

Dusenbury was seen Friday night while he was making an attempt to break into the Pantorium on Eleventh street. Since that time he has been in the third time a few weeks ago, Detectives Helin, Hanson and Johnson have taken turns watching the place at night. While Johnson was on watch Friday night, he heard the rear door being pried open with a jimmy. He sprang out, but the wily Dusenbury got away. Johnson, however, roused him squarely in the face, and when he saw him again on Washington avenue S, he promptly locked him up.

The goods for which the young man cannot account are valued at more than \$1,600, and the police are confident that he is the right man.

Hoff's Laundry Free \$3.50 Shoe Offer 50 pair \$3.50 Shoe Offer given away to Laundry Customers. Bundle numbered 488, week ending Dec. 10th, will receive the second pair. Save laundry slip. One pair given each week for 50 weeks.

Winner first prize, Slip No. 513. E. W. Carlock, Nat'l Bank Commerce. Minneapolis next fall, under the leadership of Rev. Wilbur Chapman of Washington. The only disappointment lies in the fact that the pressing calls of Mr. Chapman will not permit him to come before that time.

Dr. Chapman has already been consulted and has expressed his desire to come. A committee was appointed to consider the matter and to report. The Northwestern Bible school has already arranged to have Dr. A. C. Dixon here next fall and it is probable that the two plans will be combined.

The who made arrangements will be a part of a wonderful evangelistic movement that began last year in Pittsburgh, which resulted in more than 6,000 accessions to church membership is that city.

PLANS FOR MONSTER EVANGELICAL CRUSADE

A movement was set on foot this morning at the union meeting of the ministers, which will probably result in a monster evangelical movement in Minneapolis next fall, under the leadership of Rev. Wilbur Chapman of Washington. The only disappointment lies in the fact that the pressing calls of Mr. Chapman will not permit him to come before that time.

Dr. Chapman has already been consulted and has expressed his desire to come. A committee was appointed to consider the matter and to report. The Northwestern Bible school has already arranged to have Dr. A. C. Dixon here next fall and it is probable that the two plans will be combined.

AN INTELLECTUAL HORSE. A trained horse, the Princess Trixie, is featured at the Unique theater this week, and its owner, W. H. Barnes, claims his pet can perform the same feats as those by which Von Osten's horse, Hans, has entangled certain learned German professors in a heated argument. Mr. Barnes says he never will spell words, do sums of arithmetic, and select colors in response to questions from people in the audience whom she cannot see.

THE WHIZ BOATS SOON TO BE OUT

MINNETONKA ICE FLEET IS NOW BEING OVERHAULED.

The Big Lake Is Not Yet Entirely Frozen, but the Ice Is Forming Fast and Sailors Will Be Ready—The Calhoun Fleet Expected to Break Records.

Iceboat enthusiasm rose with a leap yesterday when the temperature fell 22 degrees, and today preparations are going merrily on for the coming season. The boats are being overhauled and it is probable that there will be first-class boats at Lake Minnetonka. At present Carson's bay out is frozen over, but ice is forming all the time on the big lake. "Everything points to a most successful year," said Theodore Wetmore, one of the founders of the old Minnetonka ice yacht club, today. "Of course we will miss the clubhouse, but arrangements have been made with Sid Woodward and we will have a comfortable house to warm up in. In another year there is a possibility that the clubhouse will be rebuilt. We can tell better after this season."

At Lake Calhoun there are the same preparations going on. All that is wanted now is zero weather. The yachts have been put in readiness to be shoved on the ice at any moment. "We are going to put everybody else to shame this winter," said Charles H. Wallis this morning. "You may talk about Hudson river ice-yachting. It won't be in it with Calhoun. There will be more boats than ever and there never was as much enthusiasm."

PREPARING FOR CENSUS

SECRETARY OF STATE HAS CHARGE OF WORK OF COUNTING GOPIHER NOSES NEXT YEAR.

A state census is to be taken in 1905. This will be in accordance with section 3, article 24, of the state constitution, which provided for a census in 1855 "and every tenth year thereafter," and under provisions of the state census law of 1895. The secretary of state is in charge of the work. The enumeration in 1895 commenced June 1, and was completed by July 31. The appointment of clerks, stenographers, enumerators, etc., was made by the secretary of state.

The old law makes the boundaries of enumeration districts along township or ward lines, and provides that no district shall contain more than two townships or wards, except in unorganized districts where the superintendent of census arbitrarily fixes the lines. The appropriation for the last state census (1895) was \$45,000. It seems certain that at the coming session of the legislature some special legislation will be enacted in regard to the 1905 census, considerably increasing the appropriation over what it was in 1895, but in the main following the 1895 law provisions.

MINISTERS INTERESTED

INDORSE THE WORK AND PLANS OF THE ANTI-SALOON LEAGUE—DR. BAKER'S ADDRESS.

The Anti-saloon league and its platform was indorsed this morning at the meeting of ministers. The resolutions emphasized that the league is the agent of the church and not a substitute for it and can do nothing unless church people are in it and back of it. The work was pronounced legitimate for the church and deserving cordial support as a practical effort to mass the moral forces for the accomplishment of tangible results.

The plan of working for a county option bill was specially commended. The meeting was addressed by Dr. P. A. Baker, national superintendent of the league, who succeeded in stirring up a warm interest among the ministers present. Arrangements were made for a mass meeting on Sunday afternoon, which will probably be held in one of the theaters.

By request Dr. Baker spoke in detail of the political methods of the league as these are often misunderstood. They are based on independent voting and the speaker pronounced the independent voter the savior of the republic. After the recent exhibition of independent voting in Minnesota, Dr. Baker expressed the belief that the field was promising here for league work.

The methods of the league are to secure the election of men favorable to temperance measures, regardless of party. In Ohio, Dr. Baker said, it took five years to prepare the way for effective political work, but then it began to tell and local, township and district option have come so fast that the politicians are said to be beseeching the league not to go too fast.

SMOKE CRUSADE STARTED TODAY

FIREMAN FOR GENERAL ELECTRIC COMPANY IN COURT.

"The More Smoke and Whistles a Town Has the More Prosperous It Is," Says General Manager Robertson of the Electric Company—Case the First to Be Brought.

Permitting a chimney in his charge to emit clouds of dense, black smoke, contrary to the city ordinance, is the charge against a fireman of the Minneapolis General Electric company, was arraigned in police court this morning. He pleaded not guilty and the case will be on Thursday at 9 a.m. The complaint was made by H. F. Newhall, secretary of the Minneapolis Real Estate board. "The arrest of Mr. Mather is the beginning of the crusade against violators of the smoke ordinance to be made by the real estate board. For some time the board has been in consultation with the city attorney in regard to enforcing the ordinance. The city attorney stated that nothing could be done by that office other than the issuing of warrants for specific violators of the ordinance."

"The Minneapolis General Electric company was selected as one of the most flagrant violators of the ordinance and am abundantly able to make ample provisions to avoid it," said Mr. Newhall. "The chimney is known to emit dense clouds of smoke almost every day. 'People don't seem to realize that the more smoke and whistles a town has the more prosperous it is,' said Alexander M. Robertson, general manager of the General Electric company, this morning.

"As a matter of fact we use all the modern smoke-preventing devices and smokeless coal. The city ordinance is the precautions we can, but as we only fire up between 3 and 6:30 p.m., I must say that the smoke does not pour out any more soot than a half a dozen other chimneys in town. As far as holding the stoker responsible, it is absurd. Our fireman gets a higher salary probably than most of the men in the city, and way to judge the ability of a stoker is to see how many pounds of steam he can get from a given quantity of water with the least amount of fuel."

Richard Mather, the fireman, smiled this morning when he heard that he was ordered to appear at the police court. He declared that he cut off the smoke way to cut off the power.

HAS STEADFAST FAITH IN HER SWEETHEART

With a love only strengthened by her fiancé's arrest on the charge of forgery, Miss Kate Mankato will follow William H. Bessler to Eau Claire, Wis., where the young man was taken yesterday by Sheriff McMillan. Dr. Mankato is a Minneapolis woman who married when she was a child and who has lived with her husband in Mankato, where he was to be married when the officers of the law interrupted him. He says that he will fix the date of the wedding in a few days and he and his Mankato love will "jive happily ever afterwards."

ALIVE TO SITUATION

Twin City Manufacturers to Discuss a State Fair Demonstration. Manufacturers will move for a better showing in the building set apart for them on the state fair grounds. Tonight the members of the Manufacturers' Association will entertain a few invited guests at the club and will go over the matter with them. The guests will be St. Paul manufacturers, who are as vitally interested as the local men.

For the last state fair the management opened a fine new brick building dedicated to the fair. As soon as the fair closed a great discontent was manifested over the meager showing made by the manufacturing interests. It has transpired that if the prospects for the next year are not better the building will be put to other uses and the manufacturers and their products will be relegated to some out-of-the-way corner. The snub of the fair is being met and they will inaugurate tonight, by discussing the prospect thoroughly, a movement to make good their opportunities by a showing unparalleled in state fair records.

WHY DID SHE DIE?

Death of Hilda Rosen at Private Hospital Causes Investigation. Coroner U. G. Williams will make a thorough investigation into the death of Hilda Rosen of Two Harbors, Minn., who came to Minneapolis four days ago for treatment at a private hospital and who died there yesterday.

The death certificates filed in the city health department this morning attributed her death to cataplexy and neurasthenia. Dr. P. M. Hall was surprised that such diseases should cause death and called for investigation. The grand jury will consider the case tomorrow.

The body which was to have been shipped to Two Harbors this morning for burial has been held at an undertaking establishment pending the results of the investigation.

Sheridan's First Ride.

A story recently told by a veteran of the Civil War shows that the poem commemorating Sheridan's Ride overlooked his first ride. One quiet day in the dead of winter, Sheridan decided to have a sleigh ride. Some runners were found but no horse. An old bathtub was found and the blacksmiths set to work to make a sleigh of it. When finished, the general started for his "first ride," and a mighty danger to the sleigh was considered. It finally broke down, spilling the occupants in the snow. You are always safe in choosing golden grain belt beer, for it is just as good as any other satisfying, healthful brew that should be in every home.

NO WORD YET FROM AMES JURY

Disagreement Is Now Expected in Ames' Case—Jurors Will Be Discharged Tonight.

For the fourth time twelve men have been unable to agree upon the guilt or innocence of former Mayor A. A. Ames. Such, at least, is the only conclusion to be drawn from the silence of the jurors, who have been locked up since 5 o'clock Saturday afternoon. Judge C. B. Elliott will keep the jury out until this evening, and then if they have arrived at no verdict, he will discharge them.

MOSLOWITZ CASE CALLED

Self Defense Will Be Urged by the Slayer of Janowitz. After months of delay and numerous continuances Thomas Moslowitz will be brought to trial before Judge A. M. Harrison this afternoon. Moslowitz is accused of manslaughter in the first degree, it being alleged that he killed his brother-in-law, Andrew Janowitz. The defendant's plea will be self defense. It was thought that the case would be dropped on account of the disappearance of the state's chief witness. It has been decided however to proceed to trial with him. Victor Welsh is the defendant's counsel.

GETS LIGHT SENTENCE

Sing Will Spend Ninety Days in the Workhouse. R. Sing, the Chinaman convicted in connection with the late chop suey house scandal, was sentenced by Judge C. B. Elliott this morning to ninety days in the county workhouse. Sing was acquitted and the other accused orientals will be freed as soon as the county attorney gets around to move nolle in their cases.

Verdict for Plaintiff.

A verdict of \$87,827.23 has been returned by a jury in the case of Carlton Graves against Frederick W. Bonness. The plaintiff claimed the defendant failed to give up the terms of the contract relative to the disposal of logs.

SWEEPS GET BUSY

Access of Industry by Janitors at City and County Building. An astonishing activity has been displayed by the janitors at the city and county building, since it was given out that the new commission intended that every one of them would be obliged to earn his wages or retire. This is said to be particularly true of some on the county side.

While the building commission is nominally in control of the city hall and courthouse, the members do not expect to take active charge until after the first of the year, unless some emergency should arise. Each side is under the supervision of a custodian, whose term of office does not expire until the end of the year and these will be permitted to remain in authority until that time.

Another reason for not assuming control over the building is the fact that two members, Mayor J. C. Haynes and Fred E. Barney, retire from office and the commission on the first of the year, and have no desire to post themselves on the duties of the building when it will be of no use to them.

LIGHT INFANTRY SURVIVORS

They Will Celebrate Silvery Anniversary of Organization Tonight. The twenty-fifth anniversary of the Minneapolis Light Infantry will be celebrated tonight at the banquet of the surviving members. It was the first military company mustered into the state service and is now Company A, First regiment, M. N. G. The members who will be present are: Capt. J. H. Harrison, Fred Dean, E. W. Goddard, Charles A. Montgomery, Joseph T. Mannix, Joseph G. Rogers, Edward A. Bromley and Cavour Langdon.

FRUIT JOBBERS TO ENTERTAIN.

The Northwestern Fruit Jobbers' association, the members being the fruit jobbers of Minneapolis and St. Paul, held a banquet at the Ryan hotel, St. Paul, Saturday evening. It was decided to give a banquet and entertainment for the traveling men of the association Feb. 11, at St. Paul. The annual election of officers will be held at that date.

HELP MAKE TOO LATE.

After lying unconscious all night beside the Wisconsin Central tracks at North St. Paul, where a freight train had thrown him into a ditch, Swan Carlson, a laborer, aged 45, died this morning just as medical aid was being summoned. Carlson had been in Chicago. They left at midnight.

LETTERS WIN EARL AND SNUB A DUKE

Miss Daisy, Betrothed to Suffolk, Shuts Doors on the Manchesters. New York Sun Special Service. Chicago, Dec. 12.—The Duke and Duchess of Manchester were snubbed yesterday by Mrs. Colin Campbell, the recently married daughter of Mr. and Mrs. Levi Z. Leiter. The snub consisted in a refusal of Mrs. Campbell and Mrs. Leiter to see the Manchesters when they called on them at their home at Rush and Ontario streets.

A few hours later Mrs. Leiter announced the engagement of her youngest daughter, Miss Daisy, to the Earl of Suffolk and Berkshire. They became engaged only Saturday, Mrs. Leiter declared, and will be married at Washington in a week. Both are at present in New York at a quiet hotel. After the wedding they will go to England and pass quietly the honeymoon on the earl's vast estate.

The snub of the Manchesters seemed in every way to be premeditated by the Leiters and the Campbells and followed what has been a most cool reception given the dual visitors during their stay in Chicago. They left at midnight for Ludington, Mich.

They have been entertained by no one. No dinners, no receptions, no teas have been given in their honor. All their time has been passed in shopping, at the theater or in the private car of Mr. Zimmerman, the father of the duchess, which occupied an obscure corner of the Grand Central station, and which for two nights has had no steam turned on to keep it warm.

LANSBORO, MINN.—Merchants are complaining of poor trade. The pleasant weather serves to keep the farmers at home and the winter clothing trade is not up to previous seasons.

WHITEWOOD, S. D.—Flouring is still in progress in the valley and winter wheat well advanced. Old timers in the hills predict an unusually open winter.
