Offering to Housewives the Supreme Money-Saving Opportunity of the Year

TUESDAY WE inaugurate our FIFTEENTH ANNUAL JANUARY SALE OF LINENS, COTTONS AND WHITE GOODS.

This event brings to the housewives of the Northwest unparalleled opportunities to pack the linen closet at absolutely the lowest prices quoted on dependable linens.

Twelve months ago we began scouring the linen markets with a view to bringing together the cream of the world's production at minimum cost to you. Scotland, Ireland, England and Germany have sent their best. The explanation of this store's supremacy in value-giving, lies in the fact that we go to the maker instead of buying through importers and paying their profits.

Among those who have contributed direct importations to this sale are John S. Brown & Sons, J. N. Richardson Sons & Owden, Erskine Beveridge, J. B. Locke & Potts, and others whose names are synonymous with linens of high character.

Such an opportunity to save on linens and white goods will not be repeated for a twelve month—possibly not then. So take timely warning and supply every possible need now at these unapproachable prices.

Crash Toweling

In Basement.

TOO MANY BILLS TO CURB ROADS

Diversity of Opinion as to Remedy for Rate Evils Is Likely to Block Progress.

New York Sun Special Service.
 Washington, Jan. 9.—The evils of railroad rate discriminations and the injustice of rebates to favored shippers are now being given serious consideration by members of congress. A wide difference of opinion exists as to the best means of remedying prevailing conditions. The diversity of views will probably prevent any action this session.

The bills already introduced to prevent giving rebates cover a wide range. The Cooper-Quarles bill increases the powers of the interstate commerce commission and is in line with the recom-

mendations contained in the president's last annual message. The Newlands bill provides for federal control of common carriers. The Hepburn bill carries out the suggestions of Commissioner Garfield for granting licenses or franchises to all corporations engaged in interstate commerce.

Senator Elkins is preparing a bill, based on the English law, to create an interstate commerce tribunal for the adjustment of unreasonable rates made by railroad or steamboat lines.

Look for Legislation.
 Senators Cullom, Heyburn and a few others believe there will be some legislation this session. Senator Elkins thinks it is impossible to accomplish anything definite in the brief time allowed.

The senate interstate commerce committee will consider next Friday all the bills now pending for remedying rate and rebate evils.

What Teller Favors.
 Senator Teller said:
 I am in favor of increasing the powers of the interstate commerce commission to regulate railroads. The president's recommendation meets with my approval. There is a growing disposition on the part of corporations to disregard law and a measure must be drawn which can be enforced. The people are tired of discrimination and something should be done for their relief. I do not expect to see anything done at the present session.

Senator Newlands, author of the bill providing for federal control of common carriers, said:
 There should be the most stringent legislation for the prevention of rebates and discrimination. These abuses have become almost intolerable. We are now in the midst of an era of rebates, preferences and discriminations, deliberately promoted by managers of the large railways in the interest of certain communities and of certain large corporations interested in the ownership of such railroads.

The time has come to abolish state lines as to the construction, operating and management of railroads. The public interests require this and the power to accomplish it is contained in that clause of the con-

stitution which gives congress the power to regulate interstate and foreign commerce. This power has never been fully exercised.

Author of Cooper-Quarles Bill.
 Says Representative H. A. Cooper, author of the Cooper-Quarles bill:
 Discriminating freight rates is the most important question before the people. It overshadows the tariff and all other matters. I have no sympathy with indiscriminate denunciation of railroads, but railroad favoritism to large corporations is one of the chief sources, if not the most important source, of their power.

There are business houses which purchase \$40,000 worth of postage stamps each year. Suppose the government should sell its stamps to one person at half a cent apiece and charge others 2 cents for the same stamps. There are trusts and corporations which have secured special privileges by which they are enabled to crush out competition. The greatest power they have is this discrimination in freight rates. As everybody who desires to use the mails must buy postage stamps, so must everybody who expects to engage in business use the railroads. Discrimination in freight rates is perhaps the worst outrage citizens of this country have ever been made to suffer.

The records of the day—deaths, births, marriages, hotel arrivals, railroad time tables, real estate transfers, building permits and other information of interest—will be found together with want advertisements on page 14 of this issue.

PICKLING PLANT GUTTED

Loss to Gedney Company at Onalaska Is About \$15,000.

Special to The Journal.
 La Crosse, Wis., Jan. 9.—The plant of the Gedney Pickling company at Onalaska was partly destroyed by fire last night. The fire started in the roof of a large storage house and fifteen carloads of canned goods, 500 barrels of pickles and other goods were destroyed. The walls of the building were left standing and the main factory was not burned, although several times the roof caught fire.

The La Crosse fire department was called upon for assistance. The loss is estimated at \$10,000 to \$15,000. The plant will be immediately rebuilt.
 James Carr has been recommended as postmaster at Bangor, this county, by Congressman Each. This ends a bitter four-cornered contest which has been waged for several months. Cary is the La Follette leader in the village, and the other candidates were Stalwarts.

BURLINGTON FALLS OUT

Smooth Sailing for Burkett in Nebraska Senatorial Contest.
 Special to The Journal.
 Lincoln, Neb., Jan. 9.—The Burlington railroad has called off its opposition to the senatorial aspirations of Congressman Burkett, who now has smooth sailing. The republican anti-monopolists will insist on instructing him to support the new interstate commerce act.

FLATHEAD CHIEF DYING

MICHEL, WEALTHY AND ALWAYS A FRIEND OF THE WHITES, IS THROWN FROM HIS WAGON.

Special to The Journal.
 Plains, Mont., Jan. 9.—Chief Michel of the Flathead Indians was yesterday thrown from his wagon and seriously injured. One shoulder was broken and he received internal injuries that will prove fatal. He has been unconscious since he was hurt.

Michel has been for years one of the best known of the reservation Indians. He is wealthy and much of his wealth is cash. He owns extensive herds of cattle also.
 Some time ago he came into prominence thru a daring robbery of which he was the victim. He had cached \$26,000 in a tin can at his house near Warm Springs and it was found and taken by robbers. Michel has always been friendly to the Whites and was a quiet, good Indian.

There is no one article in the line of medicines that gives so large a return for the money as a good potent strengthening plaster, such as Carter's Smart Weed and Belladonna Backache Plasters.

Your Glove Opportunity at the big Gamossi Glove Sale this week. 610 Nicollet.

NELLIE CUMMINGS DEAD

Former Leading Lady for McCulloch and Barrett Is Stricken.

San Francisco, Jan. 9.—Nellie Cummings, an old-time actress of note, died here today in poor circumstances of asthma. Miss Cummings was leading lady for John McCulloch and Lawrence Barrett at the old California theater in this city. After that time she drifted east, playing with many companies, notably those of Richard Mansfield, Frederick Warde and Edna Wallace Hopper. She had been playing brief engagements of late until her health broke down.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.
