## Opportunities Seldom Yours

DURING the time required to repair and rebuild our store we are offering such very unusual price inducements on fresh, clean, new merchandise that it behooves every economically inclined man, woman and child to anticipate future requirements and prepare for them now.

All fixtures to be remodeled. As the work progresses we are forced to reduce stocks to the lowest point. The most effective method is to make such tremendous price reductions

that you will realize you cannot afford to pass them by. Thruout this great establishment you will find all classes of merchandise at lower prices than at any previous sale. This is not from choice — the conditions confronting us makes it absolutely necessary

to reduce stocks quickly.

### SPORTING SPINDRIFT

John L. Sullivan has just been made the subject of another benefit. This is a harp of one string which has been played industriously by the bluesy John for a number of years. After each benefit "Jawn" has obviously promised to break away from the coaching breaker and the jolting "jigger-o-rye, but as soon as the cash has been realized "Jawn" has generally been blowing private on the alcohol sea. Sullivan, in his palmy days, made thousands and "blew thousands with a thoughtless abandon. He has been helped by the public on numerous occasions and small amounts have been given him. It appears about high time to relegate Jawn to the rear.

Magnate Watkins is nonplussed over selecting a color for the stockings and suit trimmings of the Timberjacks of 1905. He has appealed to the public for assistance and has received the following responses:  
Rev. G. L. Morrill—Red.  
Thomas Gleason—Blue.  
Major Jones—White.  
Colonel Flanagan—Black.  
Colonel Lee—Red, white and blue forever.  
Dr. Hall—Smoke black.  
Dick Fitch—Suburban.  
Ching La Foo—Ochre.  
Philippine Force—Pink.  
Personally we prefer long green.

George Thebeau is out today with a long statement, in which he tells why Ed Grillo "is impossible" as president of the American association. Thebeau "winked" at Grillo's last year or is thought to own two of the clubs in the association and the fans are heartily tired of the "winked" ball. Kansas City is bitter against Thebeau and if Arthur Irwin wants to show the people of the city that he is not merely a figurehead for Thebeau he can do it in no better way than by trying to get Grillo elected for clean baseball. He has suppressed rowdism and umpire baiting. If he is elected he will mean a step backward and turning over the association to those who would run it merely for profit and in the end would have more competition in the line of sport than ever before and if it is to continue as the American name there must be a continuation of the clean baseball team. The day has passed for rowdies and tough baseball teams. The National League, stands for putting baseball on a higher plane. His defeat at the hands of Thebeau would be a disaster to the American association.

Roy Woolley of the Tazmo team rolled record scores of the season last night at the Co-opera. The tally for the Tazmo team was 241 in the league match and is in line for two first prizes. After rolling 214 in the first game he came around with a 226 and made a high score of 260. This not only gave him high score for the season, but also set a high average record of 241-3.

### BASKETBALL

A close game was played last night at the Lyndale Congregational church between the Lyndale and Grand teams. The Lyndale team won the contest, which was exciting from start to finish, by the score of 28 to 21. The line-up was as follows:

	Lyndale.	Grand.
E. Nelson	.....	.....
J. Roche	.....	.....
J. Scholoy	.....	.....
George McCracken	.....	.....
J. Scholoy	.....	.....
The Lyndale team will play the East Side High team on next Wednesday evening.		

The Lund basketball team was defeated in a fast and exciting game last night by the Lyndale by the score of 28 to 21. Although the Lyndale team was out of control, they played a fast game and, except for one spurt which the Lyndale made in the first half, would have won the game. Friday night the Lyndale will play the Drummond hall team. Any team from the state wishing to meet with the Lyndale should address H. Reynolds, 2612 Lyndale avenue S.

This evening the Central high school basketball team will play at the Lyndale in the latter's floor. The teams will line up as follows:

	Central High.	Lyndale.
Best forward	.....	.....
Best center	.....	.....
Best guard	.....	.....

The game will be open to the public and no admission will be charged. Game called at 8 o'clock. After the game delegates from the various twin city teams will meet to determine the matter of affiliation with the A. A. U.

### GOLF

The Meadowbrook golfers of Winona have just organized for the coming season by electing officers, and are planning for a good season's play. The state tournament, which was held there last year, will go to Winona. The officers chosen are: President, A. B. Tommas; vice president, J. W. Hoop; treasurer, William Mahl; secretary, C. P. Craig.

### ATHLETES MAY RECEIVE CASH

#### Queer Ruling Promulgated by the New Northwest Association of Colleges.

Special to The Journal.  
Sioux City, Iowa, Jan. 18.—That the Iowa and South Dakota colleges represented in the formation of the Northwest association at Yankton Tuesday locked horns with the "big nine" in determining the ability of athletes to be paid. The colleges at Yankton, Morningside, Vermillion, Dickinson, and Dakota, have decided that college athletes could play athletics for hire in summer and not be excluded from the college class.  
It is provided only that they shall not play with leagues. This rule is in direct contradiction of that of the "big nine" which prohibits playing for hire. The colleges at the Yankton meeting held the students should be allowed to earn money in summer to offset their expenses. It was also voted that an athlete shall not be allowed to play more than five years with any school.

### BASEBALL

John J. McCloskey, formerly manager of the San Francisco team of the Pacific National League, reached Butte, Mont., this morning and announced that a sixteen league would be organized, including Butte and the franchise of the northwest, permission having been received from J. H. Farrell, president of the national board of league. The franchise, however, is now owned by Walter Wilton, formerly manager of the Minneapolis club and other Minnesota persons will be purchased.

It is almost certain that the New York American league club will lose the services of John Gangel, the first baseman, but who played second base for a time. The Butte franchise, now owned by Walter Wilton, formerly manager of the Minneapolis club and other Minnesota persons will be purchased.

At a meeting held by the baseball team of the Lake City High school, arrangements were made with the following schools for games during the coming season: Red Wing, Hastings, Wabasha, Durand, Pepin and Plainville.

Chicago, Jan. 19.—When the American association magnates meet in Chicago next week a new deal will be handed out. Those now in control will be relegated to the rear, which includes J. Ed Grillo, the present head of the organization. "Joe" O'Brien of Milwaukee will be president of the new combine unless Owner Lennon of St. Paul should kick over the traces at the last minute. It is supposed that Grillo will still be a chance for the present incumbent.

George Thebeau, the leader of the new combination, was in Chicago last night, and in so many words admitted that Grillo was an "in-possessible" candidate. Thebeau is supposed to control five votes.  
"I have nothing against Grillo personally," said Thebeau, "but he has not been the man the American association needs. There have been stories to the effect that I will not vote for Grillo because of certain acts of his against me personally last summer, but there is nothing in that. Grillo simply has no money and 'quack' himself with many of the owners, and hence it seems as if some new man would be elected."  
"Personally, I am placed in a peculiar position. When Grillo was elected last year I got votes from some of the owners and the understanding that should there be a change this year would give myself to vote for their man. Now I understand Mr. Haveron has brought out Joe O'Brien, and if he is put forward as candidate, unless the owners will have to vote for him. There does not seem to be any chance for Grillo. He is a popular man with a certain class of people, but he has done many things which were not for the good of the American association."  
Thomas Hickey of St. Paul could have the office in a jiffy if he could be persuaded to take it, but he will not do so, he says.

Those who know Grillo best regret his retirement, as it is considered that has given the American association a splendid administration.

### AUTOMOBILING

The keenest sort of rivalry is developing over next week's automobile races between Ormond and Dayton, neither asking favors of the other. The racing interests are seeking to concentrate the racing crowd at Ormond, where the race idea started, while Dayton is the headquarters of the automobile association declared Dayton the official headquarters.  
H. M. Flieger arrived at Ormond last night, and the war will soon be merrier. There is every indication that the car owned by President Edward M. Stieglitz, of the Florida State Automobile association, of which such great things were expected, is out of the race for good. The Pittsburgh millionaire had the machine out this morning, when the cylinders were found to be cracked, and it is not likely that they can be replaced in time for the contest. H. L. Bowden today made an unofficial title in 87 seconds in his 120-horsepower eight-cylinder car.

### SKATING

Skating enthusiasts of Minneapolis are to have speed contests skated to those held at Chicago last Sunday. At a meeting held at the Minneapolis Athletic club last night it was decided to ask the street railway company to give a helping hand to the project and if the promoters meet with success in their venture, the races will be all amateur events and will be sanctioned by the Western Skating association. The championships of the northwest and the twin cities would be decided.

### THE KENNEL

"Flood" the champion Russian deerhound, holding the world record for the highest and longest jump, has been operated upon in a Chicago dog hospital. One of the animal's legs, which had been broken by a kick of a horse, has been amputated. Within a few days the dog will be shipped back in good health to its owner, J. S. Wolting, of Paul.

### HOCKEY

The Central alumni team meets the Lakeshore team at Lake Harriet tonight. As this is one of the championship games, a hot contest is expected. Play begins at 8:30 o'clock.
