

HEAD SOLID SORE

Awful Suffering of Baby and Sleepless Nights of Mother.

CURED BY CUTICURA

Skin Fair as a Lily with no Scar to Recall Awful Sore Writes Mother.

"I therewith write out in full the beginning and end of that terrible disease eczema," says Mrs. Wm. Ryer, Elk River, Minn., "which caused my babe untold suffering and myself many sleepless nights. My babe was born seemingly a fair, healthy child, but when she was three weeks old a swelling appeared on the back of her head, and in course of time broke. It did not heal but grew worse, and the sore spread from the size of a dime to that of a dollar. I used all kinds of remedies that I could think of, but nothing seemed to help; in fact, it grew worse. Her hair fell out where the sore was, and I feared it would never grow again. It continued until my aged father came on a visit, and when he saw the baby he told me to get Cuticura Soap and Ointment right away.

"To please him I did so, and to my surprise by their use the sore began to heal over, the hair grew over it, and to-day she has a nice head of hair, her skin is as fair as a lily, and she has no scar left to recall that awful sore, and it is over eight months and no sign of its returning."

CURE PERMANENT

"Your letter of the 10th inst. received, asking in regard to the cure of my baby some six years ago. Well, the disease has never returned to her head which at that time was a solid sore on top and under the back."

LOCAL MEN MAY GET INTO GAME

NEW GRAIN RATES FROM IOWA FAVOR CHICAGO. The General Policy Heretofore Has Been to Await a Readjustment, but the Latest Rates May Cause Minneapolis Grain Interests to Take More Active Part in the Fight.

Whether the announcement of a 13-cent rate on grain from Iowa points to Chicago, by the Burlington and the North-Western, will draw Minneapolis into the great struggle now on in the west, is the question of the hour on 'change. To date it has been a war between the gulf and the Atlantic coast, with all the wealth and influence of Chicago on the side of the eastern seaboard. Minneapolis has looked on with equanimity, feeling sure that only good can result finally. The eastern lines have torn at the throats of the gulf lines. Rates have been slashed right and left. The worse conditions became, the greater the probability of a settlement, in which Minneapolis could not fail of consideration, and wherein local grievances might be remedied.

Today, however, the North-Western 12-cent rate becomes effective, while the Burlington goes in next Tuesday, and these rates will drain into Chicago a country naturally tributary to Minneapolis. Already the effect is being felt. Local houses doing business through the city find that they are being backed for the lower rates into Chicago. There is little Minneapolis can do to remedy this. The Chicago war must be fought out to a finish, and when the settlement comes Minneapolis will endeavor to get into it equally.

The Minneapolis Chamber of Commerce is not represented at the conference held in New York, at the behest of the New York Produce Exchange. The committee having the meeting in charge looked upon Minneapolis as lying outside the zone of trouble and hence no invitation was sent a representative was received here.

The policy here is to hold aloof, and maintain a strictly neutral attitude, but the new rates, affecting territory tributary to Minneapolis have changed sentiment somewhat and while hope for a speedy settlement is paramount, it is conceded that if conditions continue to grow worse, Minneapolis may have to force her way into the fight to protect herself.

CERTIFICATE GONE; COUPLE IS ABASHED

After a three weeks' courtship in a St. Paul boarding house, Mary Bergen, 46 years old, and Frank Butchell, 60, were married in Justice Hall yesterday. As there were only a few minutes to catch the Great Northern train to Bismarck, the bride grasped the marriage certificate and the happy couple jumped into a cab.

"Have you got the certificate?" asked the bride as they landed at the Union station. "No; haven't you?" cried the groom. "It's lost! We are not married!" shrieked the bride. "What will people say!" responded the anxious husband.

After a hurried consultation they rushed back to the courthouse and secured a duplicate. A divorce from a marriage license will please forward it to Mr. and Mrs. Frank Butchell, Bismarck, N. D.

WANT TO ENTER THIS CITY

Promoters of Minneapolis-Mankato Trolley Will Ask Franchise. E. J. Phelps and F. E. Kenaston, who propose to construct a trolley line from Minneapolis to Mankato, will ask the city council of Hopkins this evening for a franchise to enter that town. The ordinance giving the franchise has been prepared and is being circulated among the councilmen. The trolley was to have come before the council last evening, but had to be postponed because the promoters of the line could not get to Hopkins.

If this franchise is obtained they will then have Minneapolis and St. Louis Park to deal with, and it is expected that notice will be given the Minneapolis council tomorrow night that an ordinance granting the line permission to enter Minneapolis will be introduced at the following meeting.

A rumor that Messrs. Phelps and Kenaston are in combination with J. L. Kiechill of the Minnesota Power and Trolley company is denied by Mr. Phelps.

ROOSEVELT CLUB GETS FINE PLACE AT CAPITAL

Washington, Feb. 9.—Frank C. Estler, secretary of the Roosevelt club in Minneapolis, started for home this afternoon after spending a week here arranging for accommodations for the club during inauguration week. He has secured a fine place at the Barton hotel, which is a half block from Pennsylvania avenue, on Fifteenth street, two blocks from the White House, a central location. The club will have an entire floor of this hotel and meals will be eaten at the Hotel Oxford, which is in the same block. The contract includes accommodations for 150 persons and will provide for the members of the club and their wives and such outside people as they may care to invite.

The plan is to have these headquarters of the Minneapolis headquarters during the inauguration week. This is a better arrangement in every way than has been made for the St. Paul Roosevelt club, which has a private home remote from the center of town.

GOFF IS AFTER A MAN WHO SQUINTS

If you squint, be careful of Emmett Goff may get you. Goff is on the municipal police detail and is spreading his net for a man whose eyes are not wide open. A man with such a peculiarity of physiognomy is charged with larceny and Goff has the warrant. Goff won't let a squint go until he has caught a man looking out from a slanted aperture near Voegeli's drug store. The victim proved to be a policeman in plain clothes. Several other citizens in plain clothes were questioned cautiously. Some explained their identity frankly; others became very angry because of the big man's impertinence and threatened to fight. Goff's time has been wasted and he has slept in full of bad dreams, in which scores of men more hideous than Quasimodo danced around his bed. He has abandoned hope of serving the warrant.

AGAINST THE VERTICAL

Opposition to the System of Penmanship to Have a Hearing. At the next meeting of the board of education the several systems of teaching penmanship will be brought up for discussion. Since the vertical system was adopted several years ago, admirers of other systems have fought it, and have made attempts to have the board rule that vertical writing should not be taught exclusively. They argue that under that system pupils have no individuality in their writing. Some of the members are not in favor of the vertical system.

GEE LEE FORTUNATE

Continues to Enjoy America Because Trial Is Postponed. Gee Lee, charged by the immigration authorities with being in this country without a Chinese certificate, will appear before United States Commissioner H. A. Abbott Saturday at 10 p. m. for the first time. As Gee Lee, the first Chinaman ever to secure bond in the northwest, is out under heavy bond, the continued postponements promise to give him a long residence in the country, whether he is deported or not.

APPLICANTS ARE EARLY

They're Hot After Places to Be Filled Next August. Governor Johnson is already being worried by applications for places on the state board of grain appeals, which holds over until Aug. 1, and delegations are calling in behalf of candidates. Prominent Democrats from Stearns county called yesterday in behalf of Michael Lobo, a farmer living near St. Joseph. The governor told them that he would not take up these appointments until after the adjournment of the legislature.

"BUBBLE" SHOW HERE

Commercial Club's Investigation May Bring One Next Year. Interest aroused by the New York and Chicago automobile show would be shown in Minneapolis next fall would be a success. Minneapolis is considered one of the automobile centers of the country and the large manufacturers have signified their willingness to help in the scheme.

Wallace G. Nye left yesterday for Chicago and will make a full report of the feasibility of the idea and will in the meantime be necessary. If practicable, the show will be held in the Auditorium.

COUNCIL LOOKING INTO THE FUTURE

WANTS GRADE CROSSING PLANS THAT WILL LAST. Committee Decides That It Will Be Better to Have General Plans, Applicable to All Roads, Than to Make Individual Corrections Now—City Engineer Given Instructions.

The council committee on grade crossings yesterday afternoon virtually decided to have general plans of raising or lowering all the railroad tracks in Minneapolis, which can be followed out for years to come. The committee does not believe it expedient to provide for each crossing separately, and upon the recommendation of City Engineer Rinker the plans submitted by the Milwaukee road for abolishing the crossing on Washington avenue SE was rejected as a more general and effective plan discussed.

The Milwaukee's plans provided for raising the tracks four feet. This would necessitate the lowering of the street about ten feet, making the subway about the same as the one at Eighth avenue S and Washington. Such a plan, according to Mr. Rinker, is unfair to the city and property owners affected. The railroads, he said, should be raised at least ten feet as the city, according to the supreme court, has the right of way.

S. J. Horn, general manager of the Northern Pacific, was present and spoke in favor of some general plan that could be followed for all time. Mr. Rinker said that such a plan could be carefully worked out and that the city should not begin work on the grade crossings until the committee favored the general plan they did not all favor the raising of the railroad tracks. The committee was unanimously agreed to have Mr. Rinker prepare general plans for abolishing all grade crossings in the northwest Minneapolis, and those of the Great Northern in Northeast Minneapolis. The specifications are to provide for either raising the tracks and lowering the streets or vice versa as the council shall decide later.

Also this is but a preliminary step in abolishing the evil, it will take several months to make the plans and the city engineer is to report his progress to the committee frequently. The general plan is intended to apply to all lines entering the city.

REAL ESTATE BOARD ACTS

Names a Committee to Co-operate with Other Bodies. The Minneapolis Real Estate board has joined the movement against grade crossings. Upon motion of W. Y. Chute, in the meeting yesterday at the Hotel Nicolet, the board expressed its opposition to the grade crossings and appointed a committee to wear with delegations from other civic bodies before the city council to ask for their abolition.

The board endorsed the recommendation of the legislative committee in 1900 to abolish the grade crossings, an embodiment of the Massachusetts law. It provides that mortgages shall be deducted from the assessed valuation of property and for the assessment of the mortgage separately. But in no case can the mortgage be assessed for more than the value of the property.

The board approved the scheme to change the course of Bassett's creek and the plan for the formation of a state immigration commission. A committee consisting of Lester Elwood, J. U. Barnes and R. D. Cone was appointed to appear before the council to assist W. B. Boardman in an effort to secure the vacation of the alley between Washington avenue N and Third street for the Great Northern tracks.

The water question will be discussed at the next meeting of the board, which will be held in about ten days. A suggestion to have city accounts examined by a bank examiner at regular intervals was discussed and approved. A bill to this effect will probably be recommended at the next meeting.

THE SMALLPOX REPORT.

Smallpox cases reported to the state board of health for the week ending Feb. 7 numbered thirty-one, of which eight were from Todd county and eight from Pine River, Cass county. Minneapolis and Duluth each reported two cases.

WHAT THE MINISTER SAYS

Is Most Convincing. "I thought I would write you what Pyramid Pile Cure has done for me. I had a most aggravated case of bleeding piles; indeed, I dreaded when I had to go to stool. One fifty cent box cured me. I feel like a new man. I have recommended it to others as being the most wonderful remedy known. It is, indeed, a great blessing to suffering humanity. Do not substitute, and remember for all it is worth, and I hope it may do good." Rev. W. E. Carr, 355 No. Holbrook St., Danville, Va.

Clergymen (like all professional men who lead sedentary lives) are especially addicted to piles, in various forms, and are continually on the lookout for a remedy which will give relief, with little or no idea of obtaining a cure.

Recognizing this fact, Rev. Mr. Carr consents to the use of his name in order that other sufferers may know there is a cure called Pyramid Pile Cure, which is sold by druggists everywhere for the low price of fifty cents a package, and which will bring about for everyone afflicted with piles, the same beneficial results as in his own case. Be careful to get no substitutes, and remember that there is no remedy "just as good."

A little book describing the causes and cure of piles is published by Pyramid Drug Co., Marshall, Mich., and will be sent free for the asking. All sufferers are advised to write for it, as it contains valuable information on the subject of piles.
