SAVS ROOSEVELT'S LIFE IS AT CRISIS

Jerome Declares President Is Loved by People, Hated by Politicians.

New York Sun Special Service. New York, Feb. 15.—There was "something" going in Little Hungary Tuesday night after President Roosevelt and his party had left. Urged by repeated calls, District Attorney Jerome made a vigorous speech in which he declared that he hated "Roosevelt, the politician," but loved "Roosevelt, the man." He incidentally called the United States senate a "rich man's club."

It generally has been my function to pour some note of discord into a gathering. I have a few things to say in referring to Theodore Roosevelt that I rather would say to his face. I have known him for twenty years. In all that time I have loved Theodore Roosevelt, the man, while I have hated Theodore Roosevelt, the statesman and politician. Every time he acted as Theodore Roosevelt, the man, the whole United States, except those who always have their ear to the ground, stood back of him.

Every man, be he democrat or republican, when Theodore Roosevelt spoke from the fullness of his heart, followed Theodore Roosevelt, and today, in the great hour of this man, at the time when he has his great fight at hand, they still will support him.

Great Trial of Career.

He stands today face to face with the greatest trial of his career. His work of destruction has gone by and he must now show what he can do in the way of construction. Those who know him know that constructive work means know how much harder it is to construct than to fight and attack. He stands today subject to the greatest test any human being in this country ever has subjected to. Whatever he, Roosevelt, the man, does, the people will stand back of him, because it was the man that spoke.

Now he approaches the hour of his trial when he stands practically alone, for I betray no secrets when I say the republican politician cares as little for Theodore Roosevelt today as the democratic politician. The politician today, whether he be republican or democrat, is a creature with his ear to the ground, and when the string is pulled he will dance.

People Love Him.

Theodore Roosevelt stands today alone, more isolated than any great president ever stood in the history of this people. The people love him. The politicians fear him.

Sometimes he has drifted away from being Theodore Roosevelt, the man, but so far he always has come back.

He stands today at the threshold of usefulness that will be unsurpassed if he meets the crucial test. I believe he will meet it. He may meet a setback from that rich man's club (the senate), many members of which are in the timber and many more would be under indictment if they got their deserts.

Up to this point in Jerome's speech his points had been received with scattering applause. When he began his attack on the United States senate, there was almost complete silence. It took some little time before the force of his oratory won back the crowd to his side. He continued:

Appeal to Plain People.

Then, if he forgets entirely the politician, but turns again to the plain people of the United States, he will find in them a support that the senate of the United States cannot give him.

I fear that in the time to come, when the president will stand practically alone, with no one around him who has his interests at heart, he will have moments of discouragement. I believe that at this moment to hear the applause with which you greet these statements.

It will not be what Theodore Roosevelt does, it will not be what Theodore Roosevelt says, but it will be what Theodore Roosevelt is, in this hour of peril and of strain that will be an inspiration for the American people, and I believe he will be true. I believe he will stand for your rights and mine. If he does ring true, he will go down into history for all time as an inspiration for young and old.

SPORTS

BOWLING

The Renegades of the Chicago Bowling League established a new world's record for a series of three games in that city last night by rolling 1,061, 1,048 and 1,046, an average of 1,061.3. The best previous accepted record was 1,069.25 of the Empires in the Chicago league two years ago. In the performance Ed Stolke was the star, rolling 319, 312 and 312, a better score than any bowler has ever made in the world. Woodbury was low man with 191. All of the men are from Milwaukee, although broken up among several clubs.

LACROSSE

The St. Paul lacrosse club expects to take the initiative in forming a lacrosse league which will take in all the teams in the western states, including the Chicago, St. Paul, Minneapolis, Duluth, Duluth and St. Paul. The need for such an organization has been felt plainly during the last two seasons. The Chicago club has several dates left open, but could not get together thru a central office. It was also decided at the annual meeting which was held last night at the Clarendon hotel, St. Paul, to send a challenge to the trustees of the Chicago international trophy at Winnipeg asking for a chance to capture the trophy. It is now held by the Shamrocks of Winnipeg.

BASKETBALL

A game well worth seeing will be the Holcomb Academy against the Cooke Institute on the institute floor tonight. While the Holcombs have been defeated by the institute before, they have a close game with M. A. C. Saturday night and are improved. There will be no charge for admission. The lineup will be as follows: Cooke Institute. Position. Holcomb. Best. Right forward. Reynolds. Left forward. H. Mitchell. Center. Corcoran. Right guard. H. Mitchell. Left guard. R. Mitchell.

CHESS

The ninth game in the international chess match between D. Janowski, chess champion of France, and P. Marshall, the American chessman, resulted yesterday in Janowski beating Marshall in sixty-two moves.

SKATING

The amateur skating tournament of the Twin City Skating club will be held at the downtown rink on Saturday night. The contests are open to all, and entry blanks may be had by applying to J. C. Jackson, Minneapolis Athletic club.

WRESTLING

John Gordon, the Minneapolis policeman, did not come near championing in form in his match with Frank Gotch last night. The Iowa man was in fine shape and took three falls from the "opper" athlete in legitimate. After his victory, Gotch told the crowd of his boxing ambitions and his desire to see the match. The match was largely attended by an enthusiastic following. Gotch will wrestle Carl Mattson at the Dewey theater tomorrow night, having agreed to throw that match to Mattson. He will also wrestle in St. Paul on Saturday night, where he will oppose James McAulley and Chief Two Feathers, the Indian champion.

ATHLETICS

Young, the South Dakota Rhodes scholarship man in the Ortel college sports, yesterday, at Oxford, won three events: The long jump, 20 feet 10 1/2 inches; the 100-yard hurdles, 20 seconds, and the high jump, 6 feet 2 inches.

AUTOMOBILING

Ann Payne has ordered a fifty-horsepower Winter. This auto will arrive in Minneapolis within a month.

Harry Pence will open an agency and garage at Fargo, N. D., where he will handle the same line of cars that he has in Minneapolis.

Steps are being taken with the board of fair managers to have one of the days set aside from the horse racing events for automobiles. The famous drivers in the world will be brought to the track in their high-powered racing machines, if the scheme goes thru.

Add Hocker.....W.A. The Victorias of St. Paul defeated the two Harbors, Minn., team last night in the first round of the championship of the northwest. The score was 4 to 3. The Victorias have practically the same lineup as they have for the past three years.

BOXING

Eddie Graney, prizefight referee, punched Thomas Garrett, editor of the Evening Post, in the street in the Frisco section of Chicago. Graney landed a hard blow on the chin, which brought Garrett to his knees. He followed this up with another stiff right, which again staggered the newspaper man. Garrett made little attempt to defend himself and did not draw his pistol.

BASEBALL

The Wisconsin state association of professional baseball clubs will meet today in Oshkosh to form a schedule. Boalt, Freepert, Janesville, Rockford, Watousa, La Crosse, Green Bay and Oshkosh will be represented. In all probability the season will begin early in May and close the middle of September. The Oshkosh club, \$5,000, has been subscribed, and two players, Alvin Dolan, catcher, and Frank Duchon, pitcher, have been signed to the team. League, have been signed.

LET HARTMAN "FEATHER YOUR NEST" An Established Fact

The ability of this store to make the lowest prices is an UNQUESTIONED FACT in the minds of the general public. This holds true with those who do substantially all their shopping here and those who compare our values with those offered elsewhere. We know that with all the strength of this great buying organization no concern—we care not whom you name—can even duplicate our values. Its a strong assertion, but we're right here demonstrating the fact every day and every hour.

Find a home with sickness and you will find a home without Ligozone. Yet the first bottle is free.

We who make Ligozone use it daily in our families to ward off germ attacks. And we serve it in every glass of drinking water to our 700 employees. We have proved that sickness rarely comes where Ligozone is used. And most troubles end quickly when the sick one begins to employ it. When you use it as we do, and as millions are doing, nine-tenths of your sickness—the little ills and the big ones—will be avoided.

Not Medicine.

The virtues of Ligozone are derived solely from gas—largely oxygen gas. No drugs, no alcohol—nothing but gas enters into it. The process of making takes fourteen days, and requires immense apparatus. Then we get one cubic inch of Ligozone for each 1,250 cubic inches of gas used. This process has, for more than twenty years, been the constant subject of scientific and chemical research.

The result is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. Yet it is not only harmless but remarkably helpful. The effects are exhilarating, vitalizing, purifying. Even a well person feels its instant benefit. The reason is that germs are vegetables; and Ligozone—like an excess of oxygen—is life to an animal but deadly to vegetable matter.

There lies the great value of Ligozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. For that reason, medicine is almost helpless in any germ disease, while Ligozone is almost certain. We proved this fact for years, through physicians and hospitals, in thousands of the most difficult cases obtainable. Then we paid \$100,000 for the American rights—the highest price ever paid for any discovery used in the cure of sickness.

Ligozone is now used by the sick of the nations in the treatment of germ diseases. In millions of homes it has done, and is doing, what medicine cannot do.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

NO THAW AT WINNIPEG

AVERAGE TEMPERATURE FOR SIX WEEKS IS 8.43 DEGREES BELOW ZERO.

Special to The Journal. Winnipeg, Man., Feb. 16.—That the mercury has seldom deigned to emerge from the bulb this winter, Winnipeggers will be ready to stake their faith on, yet it is safe to say they were not prepared for actual figures. That the average temperature at Winnipeg from Jan. 1 to Feb. 14 was below zero will not shock many, but that it was 8.43 degrees below will give satisfaction to those who have held that it has really been cold. The average or mean temperature for January was 6 degrees below but February for its two weeks has shown an average temperature of 13.8 below, a record that it has really been cold. These figures are compiled from official observations at St. Johns college by A. E. Avery of the Dominion meteorological bureau, and represents Winnipeg district.

Cold temperatures have been peculiarly February's fate so far, seven out of fourteen days seeing the mercury under 20 below, while only three days did it fail to pass 20 below. But one day in the fortnight was wholly out of the zero class and that escaped by 2 degrees, while on the other hand there were only six days that were not wholly in it. The highest temperature reached was 19.8 and the lowest 38.9 below.

CHARTER TO BE REVISED

Stillwater's Petition for a Commission Reaches the Court.

Special to The Journal. Stillwater, Minn., Feb. 16.—The petition asking Judge Williston to appoint a commission to revise the city's charter was formally presented to the court today. It bears 400 signatures and will be granted. A committee of the council will submit names from which the judge will select commissioners to do the work.

The application to the district court for a drainage ditch in western Washington county and parts of Chicago and Anoka counties has been granted and an order will soon be filed directing that the work be started. Some 2,600 acres will be reclaimed.

Members of the Atwood bowling team of this city will start for Milwaukee on Saturday night to take part in the national contests. The team will play its first games on Sunday night.

Major Armstrong, appointed to succeed W. C. Masterman as surveyor general of logs and lumber for the Stillwater district, has taken formal charge of the office and appointed F. D. Yates as deputy.

BRYAN IN MINNESOTA

Large Crowds at Northfield and Alexandria Hear Him Lecture.

Special to The Journal. Northfield, Minn., Feb. 16.—W. J. Bryan was greeted with a crowded house for his lecture on "The Value of an Ideal." Merritt Moore tendered a complimentary dinner to Mr. Bryan, having as his guests Mayor Ferguson, Presidents Kildahl of St. Olaf and Sallman of Carleton and A. K. Ware.

Alexandria, Minn., Feb. 16.—William Jennings Bryan delivered a lecture in the Congregational church here on "The Value of an Ideal." An audience of fully 500 greeted the famous Nebraskan, and gave frequent evidence of its appreciation of his remarks.

Mr. Bryan was introduced by Colonel Jenkins and among those who listened to his lecture were: Senator Ward, Clove Van Dyke, Milton Trenham, Frank M. Eddy and Dr. Du Bois of Sauk Center, and James Bennett, Jr., of St. Cloud.

FOOTBALL

Secretary Calceit of the Chicago football association has received a letter from G. A. Parker, who is managing the football club of London, Eng., asking for a game at Chicago and return to London in western cities. The Chicago men considered the game clinched and will hold a meeting at McKenzie's on Wednesday night to hear the report of the committee on grounds.

The trouble between the University of Chicago athletic officials and the managers of the University of Wisconsin team will soon be amicably settled, according to Director A. A. Stagg of the University of Chicago. Stagg refuses to indicate the terms of the promised settlement of the grand stand affair, he expressed himself as positive of the night that football game between the two institutions will be arranged soon.

As he stated positively some time ago that unless Wisconsin met Chicago's terms in the grand stand settlement there would be no Chicago-Wisconsin game next year, it would seem that Wisconsin had come to Chicago's terms. Stagg would not discuss the Michigan end of the settlement, but he inferred that if Michigan did not settle the matter, it would be taken and that Minnesota would probably be taken on instead.

BILLIARDS

Cutter of Boston last night broke the American record for a run at 15-ball billiard billiards, two shots in, in his 2,000-point match with Alexander Taylor of Chicago. His run was 107, unbroken, and his average 26.23. He beat Taylor in the third block of 400, 400 to 121.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.
