Donaldson's Glass Block.

Nearly an Acre of Carpet on Second Floor.

WE HAVE JUST COMPLETED the laying of a new carpet which covers the entire enlarged second floor. This carpet contains 5,492 yards of the finest Whittall Royal Wilton, valued at \$3.00 per yard. It was woven after special design exclusively for the Glass Block and is handsome and luxurious. This immense carpet was made up in our own workrooms, special facilities being provided for the purpose, and was laid in sections of 115 to 140 yards, ten and twelve widths, each section weighing from 1,400 to 1,500 pounds. To lay this large carpet the services of twenty-one men were required and an expert to direct the work, each section being laid with the greatest care, to insure correct matching, all coming together in one complete whole, covering nearly an acre of floor space, making, when finished, one of the largest and most beautiful carpets in the world.

The Tea Rooms and Cafe, on the Fourth Floor.

ONE OF THE BEST appointed and most popular eating places in the northwest, where you can obtain a full course dinner or a light luncheon at a moderate cost. The table service and cuisine are unexcelled, and the quiet restfulness of the place is a very desirable feature. The unobtrusive but ever-ready attention of lady-like waitresses add materially to the general comfort and enjoyment.
 One of the most select places for serving teas and the many social functions which make demands upon the time of the society woman. Entertain your friends and repay your social obligations at the Tea Rooms and Cafe—avoid unnecessary worry and give added pleasure and delight to your friends.
 Our regular noon-day lunches are becoming more popular every day, and justly so, as the service is the best that can be procured, and the charges moderate.
