Cured of Rupture

The Crolius Aluminum Truss fits like a glove, retains any rupture with perfect ease and comfort to the wearer, is light in weight, and outwears any other. It is recommended by all physicians. If you live at a distance, write Mr. Crolius and he will fit you at home. Call or write Crolius Truss Co., 639, 640 Andrus building, Minneapolis, Minn. Hours 8 to 12, 2 to 5, Sundays, 12 to 1.

Mr. P. M. Crolius, No. 639-640 Andrus Building. Dear Sir: Your

A Dollar's Worth Free To Any Rheumatic Sufferer

I ask no deposit—no reference—no security. There is nothing to risk—nothing to promise—nothing to pay, either now or later. Any rheumatic sufferer who does not know my remedy may have a full dollar's worth free of charge. I willingly make this liberal offer because I know that Dr. Shoop's Rheumatic Remedy has been sold upon **ALWAYS** by being the utmost relief that medicine can. Years before I discovered this remedy, I suffered the nature of Rheumatism. My rheumatism is really

Crystallized Poison!

Your blood is always full of poison—the poison you eat and drink and breathe into your system. It is the purpose of the blood to absorb and carry off this very poison. And the kidneys, which are the blood filters, are expected to cleanse the blood and get back into the system. But when the kidneys fail, the blood gets full of poison that they cannot absorb it all. This is the stage of Rheumatism. The poison accumulates and crystallizes. The crystals look like little grains of sugar or fine white sand. The blood carries them and they increase in size. Then, when it gets carried no longer, it deposits them in a joint—a bone—anywhere. The springs in your leg—the dull ache in your arm in a rainy day—these are the outward signs of the unseen crystals. And the twisted limbs and unpeppable anguish of the sufferer who has Rheumatism neglected, can do.

Rheumatism includes lumbago, sciatica, neuralgia, gout—for all these are the results of rheumatic poison in the blood. The purpose of this poison is to remove the poison. But this is not enough. The formation of the poison must be stopped, so that nature may have a chance to dissolve and eliminate the crystals which have already formed. Unless this is done there can be no cure—no permanent relief.

I searched the whole earth for a specific for Rheumatism—something that if any physician could feel safe in prescribing—something that could count on not only occasionally, but **ALWAYS**. For the ravages of Rheumatism are everywhere and genuine relief is rare.

Mild cases are sometimes cured by a single package. On sale at 40,000 drug stores.

Dr. Shoop's Rheumatic Remedy

Don't expect to get the brightest boy in Minneapolis by advertising "Boy Wanted." The boy has his future before him, and it matters a great deal in what direction he starts. If you want a boy who cares about his work, attract him by telling the opportunities you offer. Tell him what he will have to do and what it will lead to.

FAMOUS CURBSTONE QUARTET OF THE RED RIVER VALLEY

Special to The Journal. Crookston, Minn., March 22.—Perhaps no vocal musical organization in the Red River valley has attained as much prominence because of the quality of its melody as that enjoyed by the Curbstone quartet of this city, organized over a year ago. The quartet has been a feature of all of the social affairs of the city and nearby towns, and has been the lion of the hour from a musical and social standpoint. The members of the organization, as shown above from left to right, are W. B. Krause, A. C. Brownell, Lee C. Bradford and Joseph Wesell.

WHEN ED BROMLEY PLAYED COLOR BEARER

The appearance at the Orpheum this week of Frank G. Campbell in support of Winona Shannon discovers the fact—to the present generation—that Ed Bromley, the veteran photographer, was once an actor, and in the line of his temporary profession, once committed an offense at the old Academy of Music.

The piece produced was of the then popular war drama school, entitled "The Union Scout," and with three exceptions its cast was composed of local amateurs. Prominent in this cast of amateurs were the famous Minneapolis Zouaves, subsequent Mayor A. A. Ames, captain; Fred Ames in the role of a Dutch comedian, and Ed Bromley as chief color-bearer and heroic lieutenant.

Professional backing was secured from the John Murray stock company which, after two seasons of pioneer stock work at the old Palace opera-house, went out of business after the winter of 1879-80. Mr. Campbell was engaged to write and stage "The Union Scout," while Fred Bryton, leading man with the Murray company, and William Lloyd, playing heavies, were also enlisted.

"Altho I was a young man, doing juveniles with the Murray company at that time, I remember the affair well," said Mr. Campbell today. "For an amateur show it wasn't so bad. I remember, also, that there was a spirit of jest abroad in the audience when Ed Bromley, who wasn't a bad actor by a long ways, did his stunts."

"As the color-bearer he was wounded and died on the bridge in the last act, as all war drama heroes should. After the first performance a friend out in front sent him a note, which read: 'You're great, Ed! That death scene was immense—but you should have died in the first act.'"

"On the second night, when the wounded color-bearer lay on the battlefield crying 'Water, water! God's sake, water!'" said Mr. Campbell, "a person in the balcony shouted: 'What do you think of that? Ed Bromley callin' for water!'"

SCHOOL MERGER GAINING GROUND

MOVEMENT A SUCCESS WHERE TRIED IN NORTH DAKOTA.

System of Transportation Works Smoothly and Expenses Are Lessened and Advantages Increased—School Board of Crystal Contracts to Educate Children of Other Districts.

Special to The Journal. Grafton, N. D., March 22.—The question of school consolidation seems to be agitating all of North Dakota. The success of consolidated township in Logan, Iowa, in Petersburg and Lakota has set the residents of other districts to thinking. Recently a delegation of Crystal township, consisting of County Superintendent B. E. Groom of Langdon, Alexander Ronney of Leona township, Donald McLaughlin of Harvey, William Hew of Avoca, Robert Robertson of Hope and E. McDermott of Onamook, visited the consolidated school in Crystal township to investigate the methods and make a comparison of the expenses between the consolidated and district plans. The members of the committee expressed themselves as greatly surprised with the school itself and the transportation idea.

Ninety pupils are enrolled in the two rooms. The visitors found that this number of pupils had been carried safely and promptly all winter from their homes to the school and then home again. It was an interesting sight for the members of the committee to see the arrival of the five buses with their loads of children, and to see how quickly they were started for home in the evening. The committee will meet at a meeting of school officers to be held at Langdon in June.

Around Crystal the innovation meets with favorable reception on every hand. On Saturday the school board of Crystal contracted with the board of education at West Point to transport and educate its pupils in the public school at Crystal, and a meeting to be held there on Friday will doubtless make similar plans with Hartford on Sunday and with the school boards of Stafford and Porter districts.

Up to this time pupils from outside districts to the Crystal school have been charged a tuition fee of \$1 a month, while the actual cost to the taxpayers of the town was \$2.50 a month. On the other hand, the pupils in the country districts educating their children in the town school have paid, besides tuition, taxes in their own district and board and room rent in town at about \$3 a week. Under the new plan better advantages are offered to all the pupils of the district and expenses are lessened to the patrons of the schools and the Crystal school will be getting its just tuition fee.

An educational rally will be held Saturday evening in the opera-house at Crystal, under the subject, "Consolidation the Salvation of the Rural School Problem." will be discussed by the town superintendent, W. L. Stockwell of Grafton, and F. M. Sheraton, county superintendent of Pembina county.

Some excitement was created on the platform of the Great Northern station when the train stopped to leave for Grafton, N. D., when he saw his betrothed, Miss Margaret McLaughlin, a passenger on the train, bound for Crystal in company with a young dentist of that place. As a result of the weighty blows given by the railway arm of William Rogers, the lover, the young dentist will have to apply some of his skill in crowning broken teeth and removing the black discolorations from his eye.

NEW YORK MEN CONTROL Holy Terror and Keystone Mines Will Be Worked Again.

HOT SPRINGS, N. D.—The Holy Terror and Keystone properties are to be opened again and worked on an extensive scale. The properties have been in the hands of a new company, composed chiefly of Boston and New York capitalists.

R. S. Johnson of the Gertie Tin Mining & Milling company at Hill City is settling with the Gertie mine. He has been receiving financial assistance from local men. He proposes to start the workings and begin the reclamation of the mine to agricultural use.

MONUMENT FOR SOLDIERS

Relief Corps of Aberdeen Has Raised \$1,500 for a Memorial.

ABERDEEN, S. D.—The Woman's Relief Corps, which has been working for over a year to secure funds with which to erect a monument to the veterans of the civil war, has at last succeeded in its efforts and announced that the monument will be unveiled on May 30 at the square devoted to the memory of the soldier dead in the cemetery. The monument costs \$1,500, and is a very beautiful piece of work.

The Aberdeen Daily News has installed the Scripps-McClas afternoon telegraph service. The records of the day—deaths, births, marriages, hotel arrivals, railroad time tables, real-estate transfers, building permits and other information of interest—will be found, together with want advertisements, on page 10 of this issue.

Leading Real Estate Dealers

Will use The Journal's real estate pages extensively next Saturday. There will be some bargains offered that should occupy the attention of every man with money to place in an investment or a home.

An Opportunity of a Lifetime.

Minneapolis real estate is the best kind of an investment. Values will appreciate greatly during the next few years. There will be some interesting facts in The Journal's real estate pages Saturday.
