The request is made because Nelson fears that Lindahl will commit suicide. He is greatly depressed over his arrest and disgrace and is said to have written a letter to his wife in which he spoke of killing himself.

## WORKHOUSE CAN BE MADE TO PAY

### PLANS FOR BRICK AND FLOWER-POT PLANTS.

Much of the Labor of Convicts Goes to Waste Under Present Conditions—Greenhouse Would Find a Ready Market for Its Flowers—Action Probable Next Tuesday.

Plans to make the Minneapolis workhouse self-supporting and even a paying investment for the city are being considered by the board of charities and corrections. Its members have looked over the ground with a view to establishing a plant for making pressed brick and earthen flower-pots and for a larger greenhouse. Under present conditions much of the labor available at "the works" goes to waste.

Brick experts say the clay on the grounds is excellent. The brick could be sold to the city for sewer construction and there has been a shortage in flower-pots for six years.

The income from the present greenhouse is about \$3,000 a year. As more than one-third of the supply of flowers for Minneapolis is shipped in, the demand would be practically unlimited.

The income from the present greenhouse is about \$3,000 a year. As more than one-third of the supply of flowers for Minneapolis is shipped in, the demand would be practically unlimited.

The board of tax levy will probably be asked to make an appropriation for these improvements. If both are put in, only one or two men would have to be added to the guard force. There is already an experienced gardener and two men to oversee the clay moulding would probably be necessary.

Action will probably be taken at the meeting next Tuesday.

### ESTIMATES WERE HIGH

#### PITTSBURG FILTER CONTRACT LET AT FIGURES WHICH PROVE WATER COMMISSION WAS CONSERVATIVE.

The Engineering Record reports the letting of the contract for the building of the Pittsburgh filter and filter for the T. A. Gillespie contract, let for \$1,276,000. The figures show that the estimates made for the pure water commission for Minneapolis were sufficiently high to insure the construction of a sand filter for this city for considerably less than the amount named by the commission, namely \$1,276,000.

The Pittsburgh contract calls for a filtration system covering 48 acres against 13.3 acres for Minneapolis. It also calls for a clear water basin holding 45,000,000 gallons against a 20,000,000 gallon basin for this city. The estimates made by the commission for the sedimentation basin, which Minneapolis already has, will cost in Pittsburgh \$2,720,000 against an estimate of \$1,250,000 here.

Some of the details of the bid show that the Minneapolis estimate was on the safe side. For example while the Pittsburgh contract calls for only 27 cents a yard for general excavation, the estimate here is 50 cents. Concrete in Pittsburgh is to cost from \$5.25 to \$6.75, while here the estimate was \$8 a yard. The Pittsburgh figures would seem ample to bear out the statements that have been made by all the members of the pure water commission, that the work in Minneapolis could be done under the estimates reported to the council.

**CHAMPIONS ACTIVE**

Hamline's Baseball Team to Be Coached by Spike Anderson.

Hamline won the pennant in the college league last year and will endeavor to keep the trophy this season. "Spike" Anderson, who coached last season, already has his men in hand. Captain Houck, last year's pitcher, will again lead the team, assisted by Reed, Packard and Williams. Boyer and Nelson will do the mask alternately. Bases will be distributed among Williams, Gilbert, Randall, Elmy and Puty. Meacham, Donaldson, Miracle, Smith and Collet will collect the liners in outfield.

The team's schedule is as follows: April 22—Hamline at Macalester. April 26—Shattuck at Hamline. April 29—Hamline at St. Thomas. May 1—Carleton at Hamline. May 5—Macalester at Hamline. May 6—St. Olaf at Hamline. May 10—Hamline at Carleton. May 14—Hamline at St. Olaf. May 17—St. Thomas at Hamline. May 27—Hamline at Shattuck.

**HAS ONYX WALLS**

New Ballroom at Hampshire Arms Fit for a Palace—Improvements Amounting to \$150,000 Added to Popular Apartment House.

Some splendid improvements have just been finished at the popular apartment house, Hampshire Arms, Fourth avenue S. and Ninth street. The magnitude and importance of these improvements can be realized somewhat from the amount of expenditures, which amounted to \$150,000. About thirty acres of floor space have been added. The suites are from one to eight rooms, with electric light, gas, bath, etc.

The new ballroom is finished in mahogany and the walls are of onyx.

Another feature is the large court, 150x150. Landscape gardeners are working on this now and it is being made into a handsome private park. All the water for Hampshire Arms is furnished from a new artesian well. Several private diningrooms, an ordinary, smoking room, ladies waiting room, have been added and splendidly furnished.

### ONE MINUTE TALKS

"Sometimes it seems that advertising is being wasted; that there is no possible way that it will turn out profitably," writes Charles Austin Bates, the well-known advertising expert. "But if the advertiser will keep right on, he will find clear business channels opening, and in the end will make a safe landing in the harbor of success. A little advertising may be unprofitable, when a great deal would pay handsomely. Short-time advertising seldom pays. That is the reason that ads in the many ephemeral 'schemes' that come to every business man are never profitable. It is continuous, consistent, courageous, intelligent advertising in the best newspapers that always and infallibly brings good returns. It's the man who gets scared and quits who loses his money."

## MANY TEAMS COMING FOR STATE BOWLING TOURNAMENT

LEADERS IN THE STATE BOWLING ASSOCIATION. Rear Row—Left to Right, Bromley, St. Paul; Richard Huntsman, second vice president, St. Paul; Mr. Dietz, Stillwater; Frank Doris, director, St. Paul. Middle Row—W. C. Fust, director, Minneapolis; Harry N. Fowler, president, Minneapolis; P. J. Arratt, first vice president, Stillwater; W. A. Ryberg, treasurer, Minneapolis. Sitting—T. A. Onness, secretary, and W. A. Ryberg, treasurer, Minneapolis. —Photo by Lee Brothers, Minneapolis.

With thirty-five standard teams, 98 double and 134 individual bowlers entered for the state bowling tournament, which opens in this city Monday evening, the committee on arrangements can boast that it will be the biggest bowling event ever provided in Minnesota.

In the number of entries and the value of the prizes the tournament will surpass all its predecessors, and as interest in bowling is still as general as it has been for the past four seasons, the attendance should tax the capacity of the Co-operative alleys where the contests will be held. The alleys have been planned and placed in first-class condition.

### FLOWER OF ROMANCE GROWS NEAR GALLOWES

A delicate flower of romance has been growing in the shadow of the gallows over in the Ramsey county jail. With a perfect faith in Orin Kallderwit's innocence of the murder of Freddie King, Marie Culbert of St. Paul has visited the prisoner, taken him sweetmeats and exchanged letters with an ever-increasing love until yesterday she said: "If Olie is found guilty I believe I shall kill myself."

Miss Culbert knew the accused long before his arrest. When he was taken to St. Paul she visited him in jail and believed him when he told her he was not guilty. The young woman says that this is no time to desert the prisoner, and, to be as near as possible to him, she secured a position in the Capitol restaurant, across from the jail. At first Kallderwit was allowed the freedom of the corridors and from there sent messages across to his sweetheart. This was stopped and now short visits on Tuesdays and Fridays and letters have to suffice.

### FOUR ARE HELD

T. M. Roberts Employees Await Action of Grand Jury.

Henry Roberts, Mike Brown, Fred A. Blix and Louis Larson, four of the employees of the T. M. Roberts Supply company arrested for grand larceny, have been held to the grand jury by Judge E. F. Waite. Their attorneys tried to prove that they were not technically guilty, but the court held that there was proof of a conspiracy to defraud. The amount of their bail was not changed.

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills; they will please you.

### MACALESTER BASEBALL

Good Team in the Making for This Season.

Baseball prospects at Macalester are growing brighter. Captain Nutt has a string of about twenty men. R. W. Hoy, last year's pitcher, will be in the box again, as will also Joseph Chadderton and Clyde Chapin. O. Hoy and Lucas Brinks are candidates for outfield, while the second bag will probably be held down by either Wilcox or Peck. Johnson is the only candidate for shortstop. Spanton and Shimian will endeavor to hand the third bag and an entirely new corner and Wallace will probably resume their old positions in the outfield.

The team's schedule for the coming season is as follows: April 19—Shattuck at Macalester. April 24—St. Olaf at Macalester. April 28—Carleton at Carleton. May 5—Hamline at Macalester. May 10—St. Olaf at St. Olaf. May 15—Carleton at Macalester. May 19—Macalester at Shattuck. May 24—Hamline at Hamline. May 31—St. Thomas at Macalester.
