OLD PEOPLE Their Pains and Ailments - Any taint of the blood quickly shows itself with old people, and troubles, which a younger, more vigorous constitution holds in check, take possession of those of advanced years. A mole, wart or pimple often begins to inflame and fester, terminating in a sore that refuses to heal. Wandering pains of a rheumatic character are almost constant, the joints get stiff and the muscles sore, while sleeplessness and nervousness make life a burden. The natural activity of the body is not so great in old age and all the organs get dull and sluggish, failing to carry out the waste matters and poisons accumulating in the system and they are taken up and absorbed by the blood, rendering it weak and unable to properly nourish the system. There is no reason why old age should not be as healthy as youth if the blood is kept pure and strong. S. S. S. is purely vegetable and is the safest and best blood purifier and tonic for old people, because it is gentle, but at the same time thorough in its action, purifying the blood of all poisons and foreign matter, strengthening it and toning up the entire system by its fine tonic effect. Almost from the first dose the appetite increases, the general health begins to improve and the pains and ailments pass away. THE SWIFT SPECIFIC CO., ATLANTA, GA.
