

MOTHERHOOD

Actual Sterility in Women Is Very Rare—Healthy Mothers and Children Make Happy Homes.

Many women long for a child to bless their homes, but because of some debility or displacement of the female organs they are barren.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the entire female organism, curing all displacements, ulceration and inflammation.

A woman who is in good physical condition transmits to her children the blessings of a good constitution. Is not that an incentive to prepare for a healthy maternity?

If expectant mothers would fortify themselves with Lydia E. Pinkham's Vegetable Compound, which for thirty years has sustained thousands of women in this condition, there would be a great decrease in miscarriages, in suffering, and in disappointments at birth.

The following letters to Mrs. Pinkham demonstrate the power of Lydia E. Pinkham's Vegetable Compound in such cases.

Mrs. L. C. Glover, Vice-President of Milwaukee Business Women's Association, of 614 Grove Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"I was married for several years and no children blessed our home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. For months I took his medicines, trying in vain for a cure, but at last my husband became disgusted and suggested that I should try Lydia E. Pinkham's Vegetable Compound."

"I was married for five years and gave birth to two premature children. Lydia E. Pinkham's Vegetable Compound was recommended to me, and I am so glad I took it, for it changed me from a weak, nervous woman to a strong, happy and healthy one within seven months. Within two years a lovely little girl was born, which is the pride and joy of our household. Every day I bless Lydia E. Pinkham's Vegetable Compound for the light, health and happiness it brought to our home."

If any woman thinks she is sterile, or has doubts about her ability to carry a child to a mature birth, let her write to Mrs. Pinkham, Lynn, Mass., whose advice is free to all expectant or would-be mothers. She has helped thousands of women through this anxious period.

Women suffering with irregular or painful menstruation, leucorrhoea, displacement, ulceration or inflammation of the womb, that bearing down feeling or ovarian trouble, backache, bloating or nervous prostration, should remember that Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of actual cures of woman's ills, and accept no substitute.

Many Women Have Been Benefited by Mrs. Pinkham's Advice and Medicine.

REXALL "93" HAIR TONIC.

Pull a hair from your head—if it is plump and rosy it is healthy, but if it is white and shrunken it is certainly diseased—and diseased hair is the short road to a bald head. In these days when youth is a moving factor, when a man has to make his mark at thirty-five or is dubbed a "has been"—when business hours pension the man we used to call "middle aged," rather than allow their lagging influence to intrude upon the modern rush—you will certainly believe us in saying a bald head is a serious handicap. Few people can afford a bald head. Even those who can—those who are "fixed" socially, financially and matrimonially have no desire for bald heads. But whether we can afford it or not, thousands of us are bald, either partially or wholly. What caused the baldness, whether an inherited tendency, undue mental effort, sickness, dandruff or other scalp disease, makes no difference. What we want is to grow new hair.

Rexall "93" Hair Tonic is a positive cure for all hair and scalp troubles. It is not sticky nor gummy, will not thicken on the hair, does not become rancid, has no disagreeable odor. It is clean, agreeable and pleasant to take.

It is a hair dressing of the highest order, and when a purchaser considers of the risk in making such strong statements, is there any risk in giving it a trial? We want you to try on our personal recommendation one bottle of Rexall "93" Hair Tonic. We will sell it to you on the broad and liberal Rexall guarantee of a Year money back if you are in any way dissatisfied. We do this of a desire to sell our customers just the remedies that give them value for their money. All we ask is the return of the empty bottle. Price, 50c a bottle.

Rexall "93" Shampoo
A fragrant toilet preparation, that will make the scalp cleaner than any other shampoo—and keep it clean—its use in large capped jars, twenty-five cents each. Guaranteed too.

VOEGELI BROS. DRUG CO. Cor. Hennepin and Washington Aves. and Cor. Nicollet and 7th Sts.

ECZEMA A FLESH FIRE

Those afflicted with Eczema know more than can be told of the suffering imposed by this "flesh fire." It usually begins with a slight redness of the skin, which gradually spreads, followed by blisters and pustules discharging a thin, sticky fluid that dries and scales off, leaving an inflamed surface, and at times the itching and burning are almost unbearable. While any part of the body is liable to be attacked, the hands, feet, back, arms, face and legs are the parts most often afflicted. The cause of Eczema is a too acid condition of the blood. The circulation becomes loaded with fiery, acid poisons that are forced through the glands and pores of the skin which set the flesh aflame. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications; the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is cured. Cases that have persistently refused to be cured under the ordinary treatment yield to its purifying, cooling effect on the blood. Book on Skin Diseases and any advice wished, without charge.

WISCONSIN
OFFICE BUILDING FOR A CAPITOL
LATEST PROPOSAL IN HEATED CONTROVERSY AT MADISON.

Skyscraper Costing Two Millions Aggressively Urged Upon the Legislature as More Practical for Housing the Government Than a Pile of Pillars and Corridors.

Madison, Wis., April 3.—To build a modern steel frame skyscraper office building for a state capitol building following the Grecian style of monumental architecture so universal in public buildings is the proposition which is aggressively urged as a settlement of the Wisconsin capitol problem.

It is argued that for a maximum cost of \$2,000,000 steel frame building of twelve stories can be erected that will be more adequate for the practical purposes of a home for the state government than a \$3,000,000 mass of pillars and corridors and classic architecture. Announcement has just been made by the Carnegie Institution that it has awarded to the University of Wisconsin an assistantship valued at \$10,000, which will enable the studies in botany. This is the third grant that Dr. Olive has received.

German in the Schools.
State Superintendent C. P. Cary has just issued the report of a committee of nine, of which Professor E. H. Holtz is chairman, which was made at the recent meeting of the Wisconsin Teachers' association. The report considers the feasibility of extending the high school course in German, and the conclusions are:

First—That the disciplinary value of a foreign language justifies its introduction into the upper grade of the grammar school, and that it be recommended that a foreign language, preferably a modern one, be introduced into the upper two grades as soon as possible, not as a subject, but as a part of the rearrangement of the subjects now constituting the elementary and high school course, and if such as arithmetic, geography and technical grammar.

Second—That those high schools now offering but one foreign language for less than four years, extend the course in that language to a full four-year course before offering a second foreign language.

The purpose of publishing the report is to bring the subject to the attention of the state, that it may be discussed fully before the next meeting of the Wisconsin Teachers' association, which will be held in Madison, and will be taken in regard to these recommendations.

WHEAT-MIXING PLANT
Buyer Found for the Minkota Mill at Superior.

SUPERIOR, WIS.—The Minkota mill on Houghton hill in this city has been sold by the Standard Mill company to a company headed by H. W. Stone, of Chicago. The new owner said the property will be operated as a wheat-mixing plant, and that the mill will be used for grinding wheat or for a cereal mill.

Who compose the company or the price paid has not been ascertained. It is understood that the Minnesota grain union is at the back of the deal. On reliable authority it is announced that the purchasers intend to erect a new elevator building.

Several other deals have been on recently for the mill, but all have failed. The restrictions imposed by the Standard company as to the use of the mill for other than the social democrats have succeeded in having candidates for supervisor and alderman for the eighth ward put on the ballot, notwithstanding the fact that one of the men, John Neuman, was beaten in the primary for the same nomination which he has now secured through the demand of the party committee upon City Clerk H. H. Hanson, who is the alderman. The candidate for supervisor is Thomas J. Leggett.

Clark Hobe would put the names of Neuman and Leggett on the official ballot only on the advice of Carl Wilson, assistant city attorney, who gave an opinion that the committee acting within its legal powers in nominating candidates to the building committee. Neuman was beaten for the social democratic nomination by Peter Carlson, who also received the nomination. Prior to the election Carlson had not announced himself as a candidate for any nomination, but his name was written on the ballot and he secured the nomination on both tickets. When called upon to declare himself he resigned from the social democratic ticket and went on as a democrat.

C. E. Howard has bought the realty holdings of Mrs. A. J. Webster in South Superior, amounting to seven residences and ten vacant city lots. The consideration was probably about \$10,000.

LA CROSSE, WIS.—The Chronicle, which has supported Mayor Torrance in the election, has come out in favor of the election of George H. Ring (rep.). The building is owned by W. B. Carrigan, the local millionaire.

MILWAUKEE, WIS.—One hundred and twenty-five cooper employed by Milwaukee brewers struck yesterday for an increase in wages from 37 1/2 cents an hour.

INJUNCTION BLOCKS LIBRARY
Citizens of Virginia Would Take a Vote on Carnegie's Proposition.

DULUTH, MINN.—The city of Virginia will not get its Carnegie library after all. Patrick Coffey has been successful in securing a temporary injunction against the city. Mayor M. L. Fay, the library board and others, restraining their hands from carrying out the plan. The support of the proposed Carnegie library, and for the purchase of the building, which the Virginia must show cause why the temporary injunction should not be made permanent.

The trustees' proposition submitted to a vote and have filed a petition to the court to set aside the election. Members of the Brotherhood of Locomotive Engineers, who are in the city, are also in support of the proposition.

Mr. Stone delivered an address at the Y. M. C. A. for men and last evening his speech was the feature of the program. Special trains were run to Duluth over the Missabe and Duluth & Iron Range roads, States representatives from Minnesota, Wisconsin and the Dakotas.

BENSON, MINN.—The Benson Telephone company has been reorganized as a stock company under the laws of the state of Minnesota. The old lines will be removed and replaced by a cable and about one hundred miles of line will be added. The company was organized in 1898. Its brother was taken to the asylum about a week ago.

SOUTHERNER'S GOOD FORTUNE.
Sam Hoover Finds Something Better Than Gold Mines.

There is no happier man in this whole wide world today than Sam A. Hoover of Greensboro, N. C., who is receiving the congratulations of his friends upon his fortunate find of something better than gold mines or oil wells. Mr. Hoover in a letter to a friend in Minneapolis writes:

"There are many of us who are greatly distressed by nasal catarrh and entire deafness in the right ear. The labor of hawking and scraping to get my throat and nasal passages free from the 'four secretions' deposited there might be about equal to that of a six mule team with a roadscraper to get the earth from the roadside to the center."

I purchased an outfit of Hyomei and Hyomei balm, and as a result of its use my head, throat and nasal passages are all free from secretions of any sort, only as Nature designed, and my hearing in both ears is nearly as acute as it ever was."

There is no disagreeable stomach dosing in using Hyomei; just breathe it and its pure fragrance will kill the catarrhal germs in the head, throat and lungs. Hyomei balm used in connection with Hyomei will cure the worst case of catarrhal deafness.

The complete outfit costs but \$1, and extra bottles are only 50 cents. Ask Voegeli Bros. Drug company, corner Hennepin and Washington avenues and corner Seventh street and Nicollet avenue, to show you the strong guarantee under which you buy Hyomei. It costs nothing unless it cures.

RAINCOATS

NORTHWEST NECROLOGIC

CHARLES CITY, IOWA.—Alexander R. Spriggs, former county attorney of Floyd county, and for many years chairman of the republican county central committee, died this morning from blood poisoning following an operation for hemorrhoids, at Hinton, W. Va. He was once wealthy, but lost his fortune in the proposed Omaha & New Orleans railroad, which was promoted some years ago and never built.

WELCOME, MINN.—Thomas Butler, an old resident of this place, was found dead in bed by his wife. He died of heart failure. Peter Ferenich died of old age. He was 90, and came here last November from Fairbault. The funeral services were held from the Catholic church at Fairmont.

FERGUS FALLS, MINN.—Mrs. Davis Burbank, one of the first residents of this city, died last night, aged 80. Her husband, Mr. Burbank, recently celebrated their fortieth wedding anniversary. A daughter teaches in the Minneapolis schools.

GRAND FORKES, N. D.—William Lucas, aged 49, who had been a resident of this city for fifteen years, is dead of peritonitis. He is survived by his wife and four children. The funeral this afternoon was attended by the members of the Y. M. C. A.

BENSON, MINN.—Dorothy Gilman, the 4-year-old daughter of Mr. and Mrs. Ira C. Gilman, died last night of pneumonia after a brief illness.

OSCEOLA, WIS.—Mrs. John Mortimer, aged 65, a resident here, died this morning.

BUTTE, MONT.—The jury in the case of Mrs. Elizabeth Wilson, charged with the murder of Richard Fineman on June 23, 1904, brought in a verdict of manslaughter and recommended that she be sentenced to three years in the penitentiary.

A GOOD THING

MINARD'S "KING OF PAIN" FOR WOMEN
RUB IT IN.

MINNEAPOLIS, MINN.
LYMAN-ELIEL DRUG COMPANY

WELL PROTECTED Sick Headache

When your head aches, there is a storm in the nervous system, centering in the brain. This irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting. This is sick headache, and is dangerous, as frequent and prolonged attacks weaken the brain, resulting in loss of memory, inflammation, epilepsy, fits, dizziness, etc. Alay this stormy, irritated, aching condition by taking Dr. Miles' Anti-Pain Pills. They stop the pain by soothing, strengthening and relieving the tension upon the nerves—not by paralyzing them, as do most headache remedies. Dr. Miles' Anti-Pain Pills do not contain opium, morphine, chloral, cocaine or similar drugs.

"Sick headache is hereditary in my family. My father suffered a great deal, and for many years I have had spells that were so severe that I was unable to attend to my business affairs for a day or so at a time. During a very severe attack of headache, I took Dr. Miles' Anti-Pain Pills and was relieved almost immediately. Since then I take them when I feel the spell coming on again."

JOHN J. McBRILAN, Pres. S. B. Eng. Co., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, give away—FREE. For paper-covered copy, send 21 cent stamps, to cover mailing only. French cloth binding ten cents extra. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets once used they are always in favor. Their secondary effect is to keep the bowels open and regular, and to further cooperate with the case with other pills. Hence, their great popularity with sufferers from habitual constipation, piles and other ailments, stops coughing and strangling, if course. 25 cents at Druggists.

In the Spring or Winter of Life.

Every woman young or old is well protected from the blues, nervousness, backache, and the many symptoms of disease so prevalent among our women—if they will conscientiously take Dr. Pierce's Favorite Prescription, a safe and sure remedy for the weakness of women, because it contains not a particle of alcohol, digitalis or any deleterious drugs. This Dr. Pierce's guarantee with a \$500 reward. Weak women are made strong and sick women are made well by this splendid prescription which was used by Doctor Pierce in his large private practice in the specialty of women's diseases. Write him about your case, care of Dr. Pierce's Hotel and Surgical Institute, Buffalo, N. Y.

Many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality they are all only symptoms caused by some womb disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said that "a disease known is half cured, and in cases almost innumerable, after all other medicines had failed to help and doctors had said there was no cure possible, the use of Dr. Pierce's Favorite Prescription, supplemented when necessary by medical advice and counsel

THE North American "The good of the old, the Best of the new methods."

IN CONNECTION WITH THE Postal Telegraph-Cable Co. STORAGE

Babies Die with Group every winter because mothers fail to use Paracamp promptly. It cuts the danger, stops coughing and strangling, if course. 25 cents at Druggists.
