DEMOCRATS AGAIN CARRY ST. LOUIS

Mayor Wells Re-elected, but His Increased Indebtedness Proposition Is Defeated.

St. Louis, April 5.—Complete election returns give Rolla Wells, democratic candidate for re-election to the mayoralty, a plurality of 1,425 votes over John A. Talty, republican. The total vote for mayor stands: Rolla Wells, democrat, 42,367; John A. Talty, republican, 42,942; William M. Brandt, socialist, 7,164; Lee Meriwether, independent public ownership, 2,936. Grand total, 97,369 votes.

Never before in the history of St. Louis had a mayoralty election been fought so stubbornly. Until complete returns from the last ward had been received, the issue was in doubt, and the official canvass of the returns may yet change the complexion of the result.

The proposition to increase the bonded indebtedness of the city by \$9,000,000 for the purpose of making public improvements, which was strongly indorsed by Mayor Wells and his party, was overwhelmingly defeated. Two amendments to the city charter were also defeated by large majorities.

The new house of delegates, elected yesterday, will be composed of nineteen democrats and nine republicans. In the hold-over councilmen and the republicans one. Five republican councilmen and a republican president and one democratic councilman were elected, making the new city council stand seven republican and six democratic members.

TWO THOUSAND ARE IDLE

MINERS AND TRAMMERS OF THE OSCEOLA CONSOLIDATED DEMAND HIGHER WAGES.

Calumet, Mich., April 5.—Work at the North and South Kearsarge branches of the Osceola Consolidated mine was suspended today owing to the strike of miners and trammers, 2,000 men being idle.

The miners demand an increase in wages from \$55 to \$65 a month and elimination of the contract system. Trammers want a raise from \$56 to \$61.50.

There is a rumor of a general strike on Friday.

AUTO BOAT CROSSES SEA

Lewis Nixon's Yacht After \$10,000 Prize for Transatlantic Trip.

Ponta Delgada, Azore Islands, April 5.—The American gasoline automobile boat Gregory has arrived here. She will proceed tomorrow for Gibraltar and France.

It has repeatedly been asserted that the Gregory was built for the Russian government, but this has as frequently been denied by those interested in the boat, who insist that she is the private yacht of her constructor, Lewis Nixon, and that she is going to the Mediterranean at the present time for the purpose of winning the prize of \$10,000 offered by a European enthusiast for the first motor boat to cross under her own power.

If you had taken two of Carter's Little Liver Pills before retiring you would not have had that coated tongue or bad taste in the mouth this morning. Keep a vial with you for occasional use.

HARLAN LOSER AT CHICAGO'S POLLS

Dunne Elected Mayor by Big Lead and Traction Ownership Indorsed.

Chicago, April 5.—The republican party met defeat yesterday in a memorable effort to capture the mayoralty of Chicago. As a direct result the city is officially committed to the policy of the quickest possible cessation of the municipal franchises for public utilities. Municipal ownership is especially threatening streetcar lines, valued high up in the millions.

After winning successively four remarkable biennial fights of independents against the regular republican party organization, John Maynard Harlan, son of Associate Justice Harlan of the United States supreme court, was today loser as republican candidate for mayor. His defeat is attributed to an extraordinary whirl of causes, starting with political revenge and taking in a wide sweep embracing the most up-to-date socialism as a factor. The victor is Judge Edward F. Dunne, democrat.

Dunne Breaks Record.

Judge Dunne was elected by a plurality of 24,249 and received a majority of 945 of all the votes cast. He also had the distinction of receiving the greatest vote ever cast in Chicago for a candidate for the office of mayor. He was given 161,659 votes out of a total of 328,378. Mr. Harlan, the republican candidate, received 137,411; Collins, the socialist candidate, 20,323; and Stewart, prohibition, 2,980.

John F. Smulek, the republican candidate for city attorney, was re-elected over his democratic opponent by nearly 15,000 votes. The other candidates on the democratic city ticket were elected by pluralities somewhat smaller than Judge Dunne. Frederick W. Blocki was elected city treasurer and Adrian C. Anson city clerk.

The new city council will probably be republican.

Fight a Good One.

The republican candidate for mayor suffered heavily from campaign attacks charging that he was a political assassin. Alleged unworthy leaders of his own party, who had been thrust from office and power largely thru Harlan's aggressiveness in previous political campaigns, were conspicuously absent from his support. The result was painfully evident before the balloting had been in progress one hour. It was a raw, blustering day, gloomy and cold for the most part, until about an hour before the close of the voting. The sunburst then was not hailed joyfully by the republicans, who felt that even in the matter of weather the party had been unfavored.

Bogy Put Forth.

Appeals to fear of domination by corporate wealth appeared to sway many voters, and perhaps more than any other influence was incorrectly gauged by the republicans. Harlan had been savagely harassed during the campaign as the reputed representative of Wall street interests intent upon fastening burdensome franchise grates upon the city. The republicans, however, had figured that the voters susceptible to appeals of this kind would support the socialist candidate, Collins, and that losses, if any, to the republicans, would be more than made up by Harlan's old-time admirers among independent voters. Estimates, however, of 50,000 votes as the total for Collins

EARLY BREAKUP

Marquette Harbor Is Entirely Clear of Ice.

Special to The Journal.
Marquette, Mich., April 5.—Marquette harbor is entirely free from the winter's accumulation of ice. The soft weather of the past three weeks so honeycombed the ice that when a stiff nor'wester sprang up today the vast fields, both inside and without the breakwater, were broken up and carried out. Now only a few floating cakes are visible in the distance. The commercial fishing season will open at once.

FIRE AT BUTTE
Dor Block Almost Destroyed—Loss Will Aggregate \$25,000.
Special to The Journal.
Butte, Mont., April 5.—Spontaneous combustion of chemicals in the paint shop is believed to have been the cause of the disastrous fire that broke out in the basement of the Dor block yesterday afternoon. The blaze was most stubborn, and also seven streams of water played upon the burning building it was nearly destroyed. The loss will aggregate about \$25,000, partly covered by insurance. The Butte Paint

and Wall Paper company is the heaviest loser, its stock valued at \$16,000 being destroyed. Several firemen were overcome by the fumes of burning chemicals and narrowly escaped with their lives.
