Glasses for Children

I make a specialty of fitting glasses for the little ones. Much more care must be exercised in this branch than any other, on account of the tenderness of the child's eyes. This makes it all the more important that you use careful judgment in bringing your children to a responsible optician. Years of experience and my knowledge of their requirements.

No Knife Needed

Files can be cured by internal treatment. To get at the cause—that is the secret, and that is why Dr. Perrin's File Specific is so universally successful in its results. It increases the flow of digestive juices in the stomach, accretes the cells of the liver. With constipation of the liver removed and constipation relieved, the two chief and distinct causes of piles are reached and conquered.

Dr. Perrin's Pile Specific

The Internal Remedy
For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever benefited mankind.

Certain in its results, this remedy will cure the most obstinate case of Piles.

For that reason I shall not fall in the future to extend the use of this laudable preparation, not only in the treatment of other forms of the category of anemia or chlorosis, but also in cases of neurasthenia and the like."
