GAMES TODAY.

Indianapolis at Minneapolis. Louisville at St. Paul. Toledo at Kansas City.

By O'Loughlin. Sievers pitched yesterday. Allah be praised! What he did to the gentles of Indianapolis was enough to make up for all of the rough house mashing of the Milwaukee and Kansas City visitations of last week.

It was a cold afternoon. Cold enough to freeze the tail of an Eskimo dog. The crowd was small and the sky overcast. It was just about such an afternoon as is usually chosen by the home team to play its most wonderful game of the year. They did so.

Sievers gave out his intention when the first man came up for Indianapolis. Sievers fanned him. The inning closed with the Indians getting one hit and a man to third base.

For Minneapolis, Sullivan got his eye on the pitcher and hit him. Sievers let it go by him as unheeded as a Salvation Army girl selling the War Cry. Sullivan reached second and McGill, the Indianapolis pitcher grandstand, he used two passes and forced Sullivan to third. He came across the plate on Fox's flyout to right field.

Doubled on Them. In the second inning the gentlemen from Indiana attempted to get a fast double. Sievers to the rough. Sievers then slammed Dickey in the ribs and the infield put the snuffers on McGill at first base.

Things progressed quietly without scoring for several innings. The millers were basting the

ball to the Indianapolis batters and they were getting some of them in the first five or six of a high joint and the Indianapolis outfield. Infield and two men on the benches started after it. Despite all of this attention, they stood around in a circle and let the ball plunk into the soil. Then one of them woke up and threw it into the diamond. For sheer dumbness it was the finest exhibition ever given on the field.

The millers got busy again in the seventh. Greninger singled and Oyster made a human offering of himself to send the ball into the air. The next third on Schmidt's out and came steaming into the diamond when Sievers torpedoned one of McGill's offerings. After McGill Watkins men behaved themselves and scored no more.

Sievers' Great Work. Sievers twice lifted himself out of a hole by taking hold of his garters and pulling himself out. In the sixth inning Farrell made a double, but was caught at third on McGill's bunt. Sievers lifted one into had territory and McGill reached third. Sievers going to second on the throw which didn't catch McGill. Things looked bad. Sievers was being put on the steam and the four-hand curvers around the necks of the hoop-pole harvesters and the best two were downed at first on bunts. Sievers doing the assisting in each case.

Again in the seventh Sievers showed baseball. After both was out Sievers made a bad throw to first to get McGill. Dickey had made a hit and reached third while the ball was being carried into throwing distance. McGill was on second. Things looked equally as a stiff single would have tied up the score. Sievers then put three whirlwinds thru the tepee of Big Chief Ernie and he sat down, saying things in the choicest of English. Farrell came up and, after splitting upon his hands, shoes, the bat and home plate, took three prodigious wallop at the mound and sat down. He may have been hitting at the flagpole in centerfield. He came as close to it as he did to the ball. That one ended the doing for the day.

GOPHERS READY FOR THE RELAY

Splendid Games in Prospect for Saturday on Northrop Field.

Gopher rooters will be in evidence at the relay carnival on Northrop field Saturday and the Minnesota fans who sent the Athletics out from Northwestern back to Illinois with a decided jolt in their hopes for intercollegiate honor will be back to see the relay competition. A mass meeting, the second of the year, will be held in the university chapel tomorrow, and the gopher track men will be the guests of honor. Moses La Strathern, captain of the 1904 football team, will preside. The band will be in evidence and there will be speeches by members of the faculty and students.

The gopher runners have been doing strenuous stunts on Northrop field in preparation for the meet and the relay men from the other western colleges will find that the gopher track men are to be considered in western track athletics hereafter.

The entry list is not yet completed, as many of the western colleges are still in the process of which will prevent their being present Saturday, but the interest shown in this, the first relay meet of the west, makes certain the most successful track event in the history of the gopher institution.

One thousand dollars' worth of banners, medals and gold watches will be presented to the winners at the meet, and should the entries from the other colleges make it impossible for Dr. Williams and his assistants to run off all the scheduled races of the day, the Minnesota men will compete as consolation prizes.

Unusual interest has been shown in the preparatory school and teams from all over the west are entered in the championship relay program. Hyde Park high school athletes, will send to Minneapolis and many of the high-school athletes from the west will arrive in Minneapolis for the Saturday games.

The meet will be called at 2:30 o'clock by the referee, Dr. Herman of Chicago, who has officiated at the majority of western intercollegiate conference meets.

SHOULD GET TOGETHER

North and South High Teams at Odds Over Playfield.

Managers of the South and North High teams have been unable to agree upon the place to play the game scheduled for Saturday afternoon for Friday afternoon, and as a result the contest cannot be held. The South team has the field of its own it naturally wants to play the game there, where it could be played without expense to either team, while the North team is playing at Minneapolis Park. Side agreement is willing to play the game at Minneapolis provided that South High assumes all the responsibility for the maintenance of the field, and is willing to give the South team the whole of the field. The North team has agreed to give North High expense money, but Manager Frank Bush of South High declines to accept this proposition, and as a result the two teams may not come together.

AUTO CLUB HAS NEW MONOGRAM

Will Be Attached to the Cars of the Club Members.

MONOGRAM ADOPTED BY MINNEAPOLIS AUTOMOBILE CLUB.

As the latest automobile models are not only built for speed, comfort and strength, but also to preserve an artistic line as possible, the Minneapolis Automobile club has spent some time in adopting a monogram which will in time be artistic and yet simple in design and easily recognized. The monogram presented to the club by A. E. Paegel and formally adopted has these requisites. It will be given to every club member. Bats will be furnished by which it may be attached to the front of the hood.

Attention has also been paid to the numbers carried. The best design seems to be script letters on patent leather. In the words of Harry Pence, "they can be seen a mile." Since the annual meeting of the Minneapolis Automobile club Tuesday night, seventy-five applications have been received for membership. It is expected that there will be at least 300 new members by the end of the month.

The dates of the meetings of the National Automobile association are: June 3, Brighton Beach, Philadelphia; June 6, Baltimore; June 10, Morris Park, New York; June 16, Hartford, June 21, Baltimore; June 24, Philadelphia (or Brighton Beach); June 28-29, Pittsburgh; July 3-4, A. A. A. meet, Grand Rapids; July 22, Empire City; Aug. 2, Grand Rapids, Mich.; Aug. 5, Detroit; Aug. 11-12, Cleveland; Aug. 18-19, Buffalo; Sept. 4, Boston, M. A. C.; Sept. 9, Providence; Sept. 23, Morris Park; Sept. 29, Poughkeepsie; Sept. 30, Empire City.

In order to become eligible for the championship series an entrant must obligate himself to compete at all circuit meets as long as his point score places him in first or second position in the championship list.

There will be added to the cost of a regular sanction \$25, and the entire amount obtained in this manner will be expended in the form of a special trophy, to go to the owner of the car scoring the greatest number of points during the circuit.

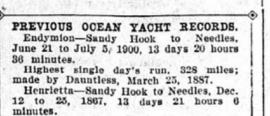

The free-for-all championship race will be open to machines of all recognized types and weights, with the first prize not less than \$100 in cash or plate at the option of the winner. The distance of the race shall not be less than five nor more than ten miles.

The winning car will be credited in the point scoring with four points, the second car with two points and the third car with one point.

MADE A HIGH SCORE. In a billiard game with a club amateur at the West hotel last night Frank Hillier surpassed the high run of 196 and 292, recently made by Bradley of St. Paul, and Charles Stearns of Minneapolis, running up a score of 207 points in one inning.
