HAVE YOU DYSPEPSIA?

to Cure This 'American Disease.'

People who are so unfortunate as to suffer from dyspepsia and other stomach disorders are disgusted with the remedies which are offered as a cure for this disease. They have a good right to be. When we know that the numerous stomach bitters, all guaranteed to cure dyspepsia, are depending entirely upon the large amount of alsufferer into believing that stimula-tion is beneficial, and that all the dyspepsia tablets which are sold are debending upon dirty hog pepsin for the digestive principle, then we begin to get some idea why these nostrums fail.

Myers' Pa-pay-a Tablets are a real cure for dyspepsia, because they are made from a formula entirely upon the latest scientific principles. They will cure your stomach trouble because they will act perfectly in an acid, alkaline or neutral condition of the stomach. They tone and strengthen the stomach

Your Nerves It is your nerves that cause the heart to pulsate, the lungs to inhale the oxygen, the brain to direct the motion of every organ of the body, the stomach to digest food, the liver to secrete the bile, the kidneys to filter the blood, and the bowels to carry off the waste.

When the nerves of the stomach become weakened it results in stomach trouble, indigestion, constipation.

This is true of all the organs of the body, and proves that to cure disease you must strengthen the nerves.

Dr. Miles' Nervine will do it. It seldom fails to cure all nervous affections, Sleeplessness, Neuralgia, Headache, Backache, Epilepsy, Stomach, Liver and Kidney troubles.

"I was all broken down, nervous, worn out, and in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I took Dr. Miles' Nervine, and it made me strong and healthy; now weigh 170 pounds."
