BADGER WOMAN IN THE NET AGAIN

MRS. MOHR APES FINANCIAL METHODS OF MRS. CHADWICK.

Buy Right and Left on Claims of a Big Bank Account, Which It Has Been Shown Does Not Exist—Crosses the State Line and Operates in Minnesota.

Special to the Journal.

Cumberland, Wis., May 20.—That Wisconsin has a woman who has mastered the principles of finance made famous by the notorious Cassie L. Chadwick, is revealed in the manipulations of Mrs. Elizabeth Mohr, of this county, who is in the toils for the first time charged with illegal methods of obtaining money and property.

Buy Stock in Minnesota.

Only a short time ago Mrs. Mohr went to Wood Lake, Minn., and purchased a carload of registered blooded cattle, valued at \$3,000, and shipped them to her Barron county farm.

Becoming impatient at the delay the Minnesota stockmen came to Barron county, got the cattle and shipped them back home. While at Wood Lake she felt the want of ready cash in order to pay her expenses in her cattle deal, consequently, it is asserted, she applied at the bank of that place for a loan of \$100, and was accommodated upon the same representations that she made the farmers.

A short time ago Mrs. Mohr worked the same game in Rice Lake, where, it is alleged, she succeeded in procuring a loan of \$100 from one of the banks of that place, under the same representations that she was a well-to-do farmer, with plenty of personal or real collateral at her farm home, which she would deposit with the bank the next day.

District Attorney Soderberg will conduct the prosecution next Friday and is seeking every particle of evidence that may be of aid to him in cutting short the financial operations of the woman.

Sheriff Knutson, of Barron, was in this city yesterday in search of George Kremer, alias George Kent, charged with attempted criminal assault on the person of Mrs. William Block, living south of here. Mrs. Block was alone at the farmhouse when Kremer called, representing himself as a canvasser for a photo enlarging concern of Minneapolis.

DULUTH HAS CASE OF SPOTTED FEVER

LAMPINSKI'S DEATH TRACED TO THE DREAD DISEASE.

Hurried Private Interment as the Result of the Disclosures of a Post-Mortem Examination—Victim's Illness Began Two Days Ago, With Severe Pains in the Head.

Duluth, Minn., May 20.—What is believed by physicians to be a genuine case of spotted fever, or cerebro-spinal meningitis, terminated in the death, after intense suffering, of Felix Lampinski, a butcher, 32 years old. As the result of the disclosures brought about by a post-mortem examination Health Commissioner Murray issued a preliminary order for a private interment at the earliest possible moment.

Lampinski was seized two days ago with a severe headache, which nearly prostrated him. He did not consult a physician, intending if there was no improvement, to do so yesterday. The malady grew steadily worse, however, and he retired last night suffering in intense pain. Mrs. Lampinski heard him groaning at about midnight, but he made no reply to her question regarding his condition, and in an unconscious state he died about an hour later.

A post-mortem examination was made by Coroner McCuen, who expressed fears that Lampinski died of the disease which produced several hundred deaths in New York a few weeks ago, and for which physicians have thus far been unable to find a remedy.

The expense of a preliminary election will be avoided in the selection of three members of the board of education in Duluth this summer. Instead of the preliminary election for the purpose of placing candidates in nomination, the candidates will be brought out by petition.

How I Cure the Sick Give me a person broken down by dissipation, hard work or worry, from any cause which has sapped his strength. Let him follow my advice for three months and I will make him as vigorous in every respect as any person of his age. I will not promise to make a Hercules of a person who was never intended by nature to be strong and sturdy. Even those persons I can make better than they are; but the people who have been strong and have lost their strength I can make as good as they ever were. A person who is nervous, who is sick in brain or body, who sleeps badly, awakes more tired than when they went to bed, who is easily discouraged, inclined to brood over imaginary troubles, who has lost ambition and energy to tackle hard problems, lacks the animal electricity which the Dr. McLaughlin Electric Belt supplies. The whole force of vitality in your body is dependent upon your animal electricity. When you lose that in any manner my Belt will replace it, and will cure you. "Mr. Frank Ranch, Frankfort Station, Ill., writes: I wish to say that I have used your Belt for my Kidney and Indigestion and have been cured completely of these troubles." Letters like that tell a story which means a good deal to a sufferer. They are a beacon light to the person who has become discouraged from useless doctoring. I get such letters every day. My Belt has a wonderful influence upon tired, weak nerves. It traces and invigorates them and stirs up a great force of energy in a person. It makes the best electrical body appliance in the world, having devoted twenty years to perfecting it. I know my trade. My cures, after everything else has failed, are my best arguments. "Mr. G. Hoop, 3906 Parson, Ill., says: I used your Belt for Kidney and Back troubles. It cured me completely and permanently." Give me a person with pains in back, a dull ache in his muscles or joints, "Come-and-Go" pains in his shoulders, chest and sides, Sciatica in his hip, Lumbago, Rheumatism, or any aches or pain, and my Belt will pour the oil of life into his aching body and drive out every sign of pain. No pain can exist where my Belt is worn. Mr. Geo. Goetz, Beecher, Ill., writes: I am pleased to state that your Belt cured me of Rheumatism and Nervousness. They come every day from everywhere. There is not a town or hamlet in the country which has not cures by Dr. McLaughlin's Electric Belt. It is as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle, glowing heat from it constantly, but no stinging, no burning, as in old-style belts. Send for my beautiful book, full of the things a man likes to read if he wants to be a strong man. I send it sealed free. Send me this coupon: DR. M. J. McLAUGHLIN, 162 State St., Chicago, Ill.
