

SCHWAB SHOCKED ROCKEFELLER, JR.

Advised Oil King's Heir to Brace Up and Have a Good Time.

JOHN D. ROCKEFELLER, JR., For Whose Quest of Health C. M. Schwab Made Suggestions.

New York, May 23.—"You want to brace up, John. Have a good time. Let other people save their own souls for a time."

This greeting, accompanied by a hearty slap on the back, was made by Charles M. Schwab upon meeting John D. Rockefeller, jr., while abroad.

The pale face of the son of America's wealthiest man caused Mr. Schwab to advise him to abandon his hard work for a time and seek more recreation.

It was said that Mr. Schwab had been greatly shocked by young Mr. Rockefeller's changed appearance.

The latter returned from abroad recently, still suffering from the effects of illness, and looked thinner and paler than he was when he first went away.

It was this that caused Mr. Schwab to proffer the young millionaire the advice to "brace up," which, while made in a jovial manner, was really full of meaning.

Mr. Rockefeller has shaved off his Van Dyke beard.

KISS FOR HOBO WHO SAVED PRETTY GIRL

New York Sun Special Service.

Philadelphia, May 23.—A kiss was the reward demanded by a tramp who rescued Miss Blanche Farley, a pretty young member of the Belvidere Country club, one of Philadelphia's most exclusive suburban organizations, when her horse became unmanageable.

She was just preparing to jump when a man, shabbily dressed, stepped out of the woods grasped the bridle, and brought the animal to a sudden standstill.

Miss Farley was profuse in her thanks and produced her purse.

The hobo appeared offended. "No, thanks, lady. I don't want money. Your's is the first woman's face I've seen in two weeks. I've been fixin' to kiss you for a long time. You remind me of someone I knew out there. May I kiss you?"

Miss Farley was surprised and hesitated. Finally she acquiesced and held up her lips.

FEDERAL CONTROL OF INSURANCE BLOCKED

New York Sun Special Service.

Washington, May 23.—It has developed that Secretary Metcalf, of the department of commerce and labor, has made a careful inquiry into a question of federal control of the insurance companies.

The secretary is handicapped by the fact that insurance is not interstate commerce and even if it is not believed the courts would uphold the definition. The conclusion has been reached, consequently, that the states themselves must regulate insurance.

As a result of the view adopted by Metcalf it may be stated positively the president will not intervene in any way in the Equitable Life Assurance society scandal.

VETERAN KILLS HIMSELF

C. R. Crosby of Vinton, Iowa, Takes Morphine at Aberdeen.

Aberdeen, S. D., May 23.—C. R. Crosby, aged 58, of Vinton, Iowa, committed suicide at the European hotel here last night by taking morphine. He had a wife and children at Vinton, and was a veteran of the civil war. Despondency prompted the suicide.

DAME NATURE HINTS

When the Food Is Not Satisfied.

When Nature gives her signal that something is wrong it is generally with the food; the old dame is always faithful and one should act at once.

To put off the change is to risk that which may be irreparable. An Arizona man says: "I have gained twelve pounds in weight and feel better in every way. Grape-Nuts make a delicious as well as a nutritious dish, and I find that Postum coffee is easily digested and never produces dyspepsia symptoms."

Name given by Postum Co., Battle Creek, Mich. I have gained twelve pounds in weight and feel better in every way. Grape-Nuts make a delicious as well as a nutritious dish, and I find that Postum coffee is easily digested and never produces dyspepsia symptoms."

There's a reason. Get the little book, "The Road to Well-Being" in each package.

ASSEMBLY AGAINST RICH WOMEN TO BUILD FOR BABIES

Presbyterians Vote Down Proposal for a New Statement of Faith.

Winona Lake, Ind., May 23.—The general assembly of the Presbyterian church today voted down the proposition to substitute for the Westminster confession a brief statement of faith which would contain in the form of an overture by the Nassau, N. Y., presbytery.

The committee to which was referred the plan of Justice Martin of the supreme court of the United States for a Presbyterian cathedral by the commissioners at Washington, D. C., recommended that a special committee of nine be named to confer with the Washington presbytery and report next year.

CHURCH UNION STILL OPEN

Dissenters Hope That Plan May Yet Be Thwarted.

Winona Lake, Ind., May 23.—By the adoption in its entirety of the report of the special committee on the consolidation of the Presbyterian churches north and south, the Presbyterian general assembly yesterday ordered that the question as to now stands be referred to a committee on consolidation, the membership of which was increased to twenty-one, with the provision that it have power to confer with a committee from the northern body to the end that details of the consolidation may be worked out in a report to the next general assembly. The committee will consider the corporate and legal rights of both bodies, keeping the consolidation within the legal limits, thereby avoiding civil suits and injunctions.

DISSENTERS STILL HOPEFUL

The special committee in its report on the question of consolidation canvassed the vote of presbyteries, showing 144 yeas and 39 nays. Three presbyteries took no action, one gave conditional assent, and five made no report.

The dissenters from the east and south, who apparently made no concerted effort, outside of secret committee meetings to defeat consolidation, last night declared that the general assembly had ordered that the question be referred to a committee to work out the details of consolidation. It is intimated that the opposition will take the question back to the presbyteries of the Cumberland church and ask that it be reconsidered before the committee on co-operation makes its report in 1906. Several of the eastern dissenters declare that the action of the general assembly was perfectly in accord with the wishes of the opposition.

MARRIAGE RULES ADOPTED

The resolutions incorporated in the report of the committee on marriage and divorce, which among other things prohibit the remarriage of an innocent party to a divorce after one year has elapsed, were adopted.

SOUTHERNERS DEBATE PLAN

Cumberland Church Divided as to Admissibility of Union.

Fresno, Cal., May 23.—The Cumberland Presbyterian general assembly is in the midst of a warm debate on the union question. Two reports were presented yesterday.

A majority report signed by Doctors Templeton and Wigginton and Judge Board, gave a complete list of the presbyteries which had agreed to the union and declared that the union had been constitutionally agreed to by the Cumberland Presbyterian church and the basis adopted.

Elders McClelland and Young submitted a minority report. This agreed with the majority with reference to the facts of the vote, except one presbytery, but claimed that the church has no constitutional authority to unite with another church, and that therefore the union has not been constitutionally agreed to. It further affirms that the Presbyterian church is not compelled by the terms of agreement with reference to other presbyteries. At this point an official telegram was received announcing that the northern assembly had declared the union proposition carried in that church and all the conditions complied with. A member then read a personal telegram from Dr. W. Plumber Bryan of Chicago, contrasting the first and second reports and declaring that the Presbyterian assembly had indefinitely postponed the subject. Both messages were received with great applause.

BAPTISTS OPPOSED TO SMOOT

St. Louis, May 23.—Interest in last night's session of the American Baptist Publication society, as part of the National Baptist anniversary, centered in the report of the committee on resolutions, which submitted a strongly worded resolution denouncing Mormonism and asking for the expulsion of United States Senator Smoot.

The report was unanimously adopted without discussion, and copies were ordered sent to President Roosevelt, Vice President Fairbanks, Speaker Cannon of the house of representatives and Senator J. C. Burrows, chairman of the committee on elections.

CONVICT DOCTOR EARNS PARDON BY PRESIDENT

New York Sun Special Service.

Washington, May 23.—On President Roosevelt's order a telegram has been sent from the department of justice to the warden of the Federal prison at Fort Leavenworth, Kan., instructing that official to release Dr. John F. Tubbs, who has been serving a five-year sentence since January, 1903.

Mr. Tubbs was a resident of Timbo, Ark., and was known as an educated and refined man of more than ordinary professional attainments until the time of his conviction on the charge of counterfeiting.

About a year there was an unusual epidemic of pneumonia at Fort Leavenworth. Dr. Tubbs lost no opportunity to make himself useful, for a time he was practically in charge of the hospital. His devotion to his patients was remarkable. He contracted the dreaded disease and his life is now despaired of.

CUPID MADE MERRY WITH YASSAR SENIORS

New York Sun Special Service.

Poughkeepsie, N. Y., May 23.—When Cupid's roll is called at Yassar next month at least a score of the 194 girls in the graduating class will answer "guilty." There are those in the college who believe that from present indications that the number will reach forty or fifty. No previous class has ever held so many engaged girls.

The class dinner takes place every year on the evening of commencement day. It is held at the college and only members of the class are present. A time-honored custom of this dinner is the roll call. As the names are called in alphabetical order each girl is required to answer "guilty" if she has engaged to be married, and "not guilty" if she be "heart whole and fancy free."

A GRANDSON OF MOREAU

MEMORINEE, MICH., MAN A DIRECT DESCENDANT OF MARSHAL WHO FOUGHT FOR NAPOLEON.

Special to The Journal. Memominee, Mich., May 23.—Superintendent Joseph G. Moreau of the county poor farm here is a direct descendant of Marshal Moreau, who served under the first Napoleon in France. The humble and unassuming superintendent is a grandson of the great soldier.

Joseph G. Moreau is 84. His brother died here last summer, aged 92 years, and two sisters reached, respectively, 90 and 92 years. A sister still living is over 80.

He has been superintendent of the poor farm here for twenty-eight years. His wife died five years ago, and of eleven children six are still living.

The story of Marshal Moreau is identical with that of the great uprising of the French people. The marshal was born in 1731, and lived through stirring times. He lived in France until his retirement because of advanced age, when he came to America and settled in Quebec.

The first son born to him was Francis Moreau, the father of Joseph Moreau, who came to the United States in 1870, living in New York and Ohio. He came to Memominee in 1853. At outbreak of the civil war he enlisted in the Seventeenth Wisconsin infantry and retired with the rank of lieutenant.
