CONTRACT WHEAT GRADE Dakota Growers Deprecate Change Pro-

posed at Duluth. FARGO, N. D.—Grain men and wheat growers in this state feel that the boards of trade of Minneapolis and Duluth are making a mistake in the effort to change the grade of contract wheat from No. 1 northern to No. 2. The chief reason advanced against the change here is that the shorts will have a better opportunity to knock the prices down and the wheat raisers will suffer. The growers also note that when the contract grade was changed about fifteen years ago from No. 1 hard to No. 1 northern, the climination of actual No. 1 hard began and it has since practically disappeared from the market. The same fate is predicted for No. 1 northern if the proposed plan is adopted.

The farmers are firm in their belief that if Minneapolis and Duluth change the grades it will be a big boost for the new market to be established at Superior under the Wisconsin inspection.

the Indian.

FORT YATES, N. D.—"These are my last words to you." said the venerable Bishop Hare in closing a sermon to a vast congregation of Indians at St. Elizabeth's mission. The bishop spoke to them of the recent decision of the supreme court regarding liquor, and reminded them that while there would be no agency guardhouse and no federal officials to mete out punishment to them, still there were other punishments, both mental and physical, which resulted from overindulgence in liquor. The Indians hung upon the words of their loved bishop and discussed among themselves the duties of the citizenship soon to come to them.

Bishop Hare does not take as pessimistic a view of the future of the Indian as many do. While he believes the recent decision will be detrineental to the Indian, especially the weaker ones, he says the majority of the Sioux in South Dakota will not be tempted to drink to excess, but will continue to progress slowly, as they have in the pact.

Twenty-two at Red Wing.

RED WING, MINN.—The second day of the diocese convention opened with business relating to the church, its work and its interests. There was much discussion arising from proposed changes in the canon and a change which was suggested in the manner of voting for delegates to the general convention caused some animated cross-firing.

Delegates were appointed to the sixth missionary council, at Denver in October. All the old members were re-elected on the standing committee, and the members of the board of missions were chosen.

A committee of five was appointed to look after interests at the state university and provide for systematic church work at that institution.

The west important part of the convention was

EXTREME DEBILITY. Husband's Strength Had Been Waning for

Three Years, Wife a Sufferer from Female Weakness. "My strength had dwindled so that I couldn't apply myself to my business with any snap but was tired and listless

all the time," said Mr. Goldstein. "I went to bed completely used up by my day's work, and when I got up in the morning I didn't feel rested a bit. I had awful headaches too, and my kidneys got out of order and caused me to have severe pains in the back. At one time I became so feeble that I could not stir from bed for three weeks."

Mr. Goldstein is a young man and had then but recently established a home of his own. His anxieties were increased by the fact that his wife was far from being robust. Mrs. Goldstein says:

"For two years I had been ill most of the time. Sometimes I was confined to bed for weeks in succession under a physician's care. I had headaches, kidney trouble, pain about the heart and many more uncomfortable symptoms connected with that weakness to which my sex is peculiarly subject." Trouble had invaded this household

and settled in it in just the years that

ought to be the very happiest. Physicians could not tell them how to get rid of it. "I was utterly discouraged," said Mr. Goldstein. "Then the urgency of some friends led me to try a blood and nerve remedy which was said to be wonderfully successful. Within a month there were unmistakable signs of improvement in my condition, and within a year I was completely well. Through the use of Dr. Williams' Pink Pills I have now as good health as I ever had in my life.'

Mrs. Goldstein adds: "The wonderful effect that Dr. Williams' Pink Pills had in the case of my husband led me to try them and they helped me even more quickly than they did him. One box made me decidedly better and a few months' treatment cured me." Dr. Williams' Pink Pills are the best

tonic and regulator, they make pure, rich blood and when there is general weakness and disorder that is what the WEST CONCORD, MINN.—The annual memorial sermon will be delivered by Rev.
