**SPORTS**  
**AUTO PARADE TO ECLIPSE RECORD**  
Longer Route Has Been Selected by Those Who Are in Charge.

Alto automobile magazines and the press throughout the country styled the Minneapolis automobile parade of May 27, 1904, the biggest and most successful ever held, the parade of this year, on June 1, will have that one "lashed to the mast." There were 300 cars last year. This year there will be at least 600 Minneapolis cars and about 150 from St. Paul.

The line of parade last year was found to be too short and some of the cars completed the route before the last car had started. J. S. Spargo will be the marshal in chief this year and he has laid out the following line: Park avenue, to Tenth street, to Nicollet, to Washington avenue, to Third avenue S., to Twenty-fourth street, to Blaisdell, to Twenty-eighth street, to Hennepin, to Tenth street, to Park avenue and disband.

The line will be headed by the police in small cars. They will be followed by The Journal Newsboys band. Behind the band will come the mayor and city council and city officers, Governor Johnson and state officers. The electric cars will come next, which will be followed by the large touring cars and the smaller cars. In order to have every car in the city out, there will be no decorating or advertisements allowed that time.

At a meeting of the St. Paul Automobile club last night it was decided to send two big machines to try the route selected for the carnival tour. The start will be made Wednesday, May 31. The course of the roads and the accommodations of the towns where night stops will be made will be investigated.

Also the club will not take part in the Minneapolis parade of June 1, given by the Retail Dealers' association, the members voted that as many as could possibly do so, would be present.

Winston & Walker have sold a thirty-five horse by the name of F. Wells. Warren Walker will use the car in the hill-climbing contest. If possible another car will be secured before that time.

The Chicago Automobile club is having trouble in holding its races. The town board of the village of Harlem has refused to allow the races there and the case has been taken to court. It is expected that the courts will grant the requests of the club.

**HARVARD AUTHORITIES INVESTIGATE MATTHEWS**

New York Sun Special Service.  
Boston, May 26.—Rumors are current at Cambridge that W. G. Matthews, the negro shortstop of the Harvard baseball team, who also played end on the football eleven, has signed a contract to play professional baseball with the Burlington (Vt.) team this summer. The reports are to the effect that Matthews intended to join the Burlington team immediately after the last Yale game. Matthews, while absolutely denying the report, acknowledges that he will play summer baseball after the summer year ends.

Because of the Clarkson case of last season the Harvard athletic authorities will probably trace the rumor carefully, and if it should prove to be true, Matthews will, in all probability, be debarred from the team. Last year, just before the Yale series, Clarkson, who was then captain of the team, signed with the New York American league. He was immediately declared to have made himself a professional by this act.

If Matthews has signed with the Burlington team he is also a professional, they claim, though it is doubtful if his expression of intention to play summer baseball will be sufficient to take him out of the amateur ranks.

**BROOKLYN CLUB WILL TEST SUNDAY LAW**

New York Sun Special Service.  
New York, May 26.—Ignoring the opinion of the corporation council that Sunday baseball is illegal, it is the intention of the management of the Brooklyn team to play another game Sunday at Washington park, Brooklyn. The Superbas will play New York.

Counsel for the Brooklyn management, Bernard J. York, does not think that the opinion of the corporation council has anything to do with the playing of the games where only score cards are sold, and there is no admission fee.

Deny the Commissioner of Public Safety said yesterday that he had formed no plans for dealing with the situation and could not say whether he would interfere Sunday if the teams play until he had opportunity to talk the matter over with Adam Cross, police inspector for Brooklyn and Queens.

**FRED GILBERT HIGH GUN IN ILLINOIS**

New York Sun Special Service.  
Chicago, May 26.—A heavy rain spoiled the last day of the Illinois state sportsmen's association tournament, which ended yesterday.

For the entire tournament Fred Gilbert is high gun among professionals and Bo second. Powers of Decatur is first among the amateurs, Dunsmuir second, Graham of Long Lake third, Mulford of Mason City fourth and Connors of Pekin fifth.

**NEBRASKANS PROMISE TO LIVE UP TO RULES**

New York Sun Special Service.  
Lincoln, Neb., May 26.—The University of Nebraska will enter a team of not more than ten men in the college conference meet at Chicago June 3. This was decided at a meeting of the university athletic board yesterday.

Late yesterday Dr. Clapp received word from the conference authorities asking that he certify to the fact that amateur rules enforced among conference universities are being put into effect at Nebraska.

Since the conference rules, or their equivalent, have been strictly enforced at the university for several years, this will be done at once and no further trouble is anticipated.

**WOMAN IS NERVY**

Drives Motor a Mile in Quick Time on the Track.

New York Sun Special Service.  
New York, May 26.—Mrs. Edward Griffith has driven around a track in an automobile at a faster rate than any other woman in the world.

Several days ago, when there were few motorists present, at Morris Park, Mrs. Griffith, in her twenty-horsepower car, covered the mile in 1 minute 24 seconds. She took the turn in a way that would have put some of the members of the Morris Park club on their mettle to beat her.

**WHISKEY IN HORSECOLLARS.**

Muskogee Correspondent in Topeka Capital.

The officers have just discovered a new method of smuggling liquor. A teamster working on a railroad grade devised the plan. He had two very large, lined, water-tight horse collars with him and bring them back full of whisky. Each collar would hold about two gallons of liquor. The man is under arrest.

**ALMOST AN INSULT.**

Detroit Tribune.

"Have you got your spring house-cleaning done?" asked Mrs. Neighbors. "The ideal!" exclaimed Mrs. Homer. "Why, I keep my house clean all the year round."

**PENT-UP ENERGY.**

Detroit Tribune.

Ida—So, that young man who has been calling on Molly for eight years popped the question last night.

May—Yes, but it was more than a pop. It sounded like a ten-inch gun.
